NOW, THEREFORE, in consideration of the covenants and conditions herein contained and to be observed and performed by each of the parties hereto, each of the parties hereto covenants and agrees as follows:

1. Grant of Easements by Office Owner to Multifamily Owner.

a. Ingress, Egress and Access Easement. Office Owner does hereby grant, bargain, sell and convey unto Multifamily Owner, for the benefit of Multifamily Owner and Multifamily Owner's agents, contractors, employees, tenants, licensees, guests, invitees, successors and assigns (collectively, the "**MP Parties**"), the right, title and privilege of a permanent non-exclusive pedestrian and vehicular ingress, egress and access easement (the "**MP Access Easement**") (which MP Access Easement shall be appurtenant

Office Owner shall not, without the express written consent of Multifamily Owner, take or fail to take any action or do or fail to do anything which would, or have the effect of, impeding, obstructing or preventing Multifamily Owner or any of the MP Parties from their full and complete use and enjoyment of the MP Access Easement. Without limiting the generality of the foregoing, free and full access to, from and across the MP Access Easement Area shall not be blocked, obstructed or impeded. Office Owner reserves the right (at its sole cost and expense), upon at least ninety (90) days prior written notice to Multifamily Owner, to: (1) modify the location of the roadway running North/South through the middle of the Office Property and connecting to SW 7th Street (as depicted on **Exhibit C-1**) provided that such relocation shall not (a) terminate access from the Multifamily Property through the Office Property to SW 7th Street, and/or (b) materially and adversely affect the Multifamily Property and/or the multifamily residential project to be developed thereon; and (2) modify the SW 7th Street access point of the Office Property to be only a point of vehicular egress for the Office Property and Multifamily Property, provided that such modification will not cause either the Office Property or the Multifamily Property to be in violation of applicable laws.

b. General Utility Easement. Office Owner does hereby grant, bargain, sell and convey unto Multifamily Owner, for the benefit of Multifamily Owner and the MP Parties, the right, title and privilege of a permanent non-exclusive utility easement (the "**MP General Utility Easement**") (which MP General Utility Easement shall be appurtenant to the Multifamily Property) on, over and across that portion of the Office Property more particularly shown on **Exhibit C-2** attached hereto (the "**MP General Utility Easement Area**") for the purpose of the construction, installation, use, maintenance, repair, modification and replacement of general utilities serving the Multifamily Property, including without limitation, water, sanitary sewer, natural gas, cable data, communications, phone and electric utilities within the MP General Utility Easement Area for the purpose of tying said facilities into the utilities located within the MP General Utility Easement Area and/or on the Multifamily Property.

c. Drainage Easement. Office Owner does hereby grant, bargain, sell and convey unto Multifamily Owner, for the benefit of Multifamily Owner and the MP Parties, the right, title and privilege of a permanent non-exclusive drainage easement (the "**MP Drainage Easement**") (which MP Drainage Easement shall be appurtenant to the Multifamily Property) in, on, over, under, across and through those portions of the Office Property more particularly shown on **Exhibit C-3** attached hereto (the "**MP Drainage Easement Area**") for the purpose of (i) the installation, use, maintenance, repair, restoration, modification and replacement of certain drainage improvements serving the Multifamily Property, including, without limitation, pipes, culverts, conduits, outflows and retention ponds (the "**Drainage Facilities**"), (ii) tying said Drainage Facilities into the utilities located within the MP Drainage Easement Area, and (iii) the natural drainage, flowage and runoff of storm water from the Multifamily Property in and to the Preserve (as hereinafter defined). The Drainage Facilities shall drain into the Herman and Dorothy Shooster Nature Preserve (the "**Preserve**").

"**MP Temporary Construction Easement**") on, over, under and across those portions of the Office Property more particularly shown on **Exhibit C-4** attached hereto (the "**MP Temporary Construction Easement Area**") for the purpose of completing the construction of (i) the Shared Access Roadway and the roadway which runs through the middle of the Office Property to SW 7th Street, (ii) the Drainage Facilities, (iii) the utilities in the MP General Utility Easement Area, (iv) and related improvements, (collectively, the "**Construction**"). Multifamily Owner agrees that the Construction shall be performed in a manner that (i) will not unreasonably interfere with or impede Office Owner's use of or access to the Office Property, and (ii) that causes as little disturbance to the Office Owner Property as may be reasonably practicable under the circumstances. The MP Temporary Construction Easement shall terminate forever automatically sixty (60) days following the completion of the construction (as evidenced by the issuance of a final certificate of occupancy for all buildings to be constructed on the Multifamily Property) of the multifamily residential project on the Multifamily Property. Multifamily Owner shall not utilize the MP Temporary Construction Easement Area for the staging of materials, trailers, cranes or other construction materials.

2. Certain Definitions. The MP Access Easement Area, the MP General Utility Easement Area, and the MP Drainage Easement Area are hereinafter sometimes collectively referred to as the "**Easement Areas**".

3. Each Owner's Rights. Office Owner reserves the right to use the Easement Areas for any purpose which is not inconsistent with the easements granted herein, provided that Office Owner shall not improve or alter, or permit the improvement or alteration of the Easement Areas in any manner which would unreasonably interfere with or prohibit the use and enjoyment of the easements granted herein. Any modifications to the drainage facilities of a Property shall comply with all applicable laws, rules, regulations, ordinances, and codes and shall be subject to approval of the other Owner, such approval not to be unreasonably withheld, conditioned or delayed.

4. Maintenance Obligations.

a. Shared Access Roadway. Office Owner covenants at all times during the term hereof to operate and maintain or cause to be operated and maintained the Shared Access Roadway, all other paved drives, walkways and roadways constituting a part of the MP Access Easement Area in good order, condition and repair (the "**Shared Access Maintenance Areas**"). In the event of any damage to or destruction of all or a portion of the Shared Access Maintenance Areas on any Property, Office Owner shall, with due diligence repair, restore and rebuild such Shared Access Maintenance Areas to its condition prior to such damage or destruction (or with such changes as shall not conflict with this Agreement). Maintenance, repairs and replacement of the Shared Access Maintenance Areas shall be the responsibility of the Office Owner, but the Multifamily Owner shall be responsible to pay the "Maintenance Reimbursement" pursuant to the terms of that certain Master Parking Agreement of even date herewith by and between Office Owner and Multifamily Owner and recorded contemporaneously herewith in the Public Records of Broward County, Florida.

i. Material capital improvements ("**Capital Improvements**") to the Shared Access Roadway (including, without limitation, resurfacing of the Shared Access Roadway, updating and/or replacing Shared Access Roadway light standards, and major landscaping enhancements), the cost of such Capital

Improvements, and the vendor/contractor to be engaged to perform such Capital Improvements, shall be subject to the mutual prior written approval of Office Owner and Multifamily Owner (provided that neither Office Owner nor Multifamily Owner shall unreasonably withhold, condition or delay such approval). The costs of all approved Capital Improvements to the Shared Parking Area shall be shared equally (50% to be paid by Office Owner and 50% to be paid by Multifamily Owner) and paid contemporaneously by Office Owner and Multifamily Owner upon receipt of an invoice from the applicable vendor. Notwithstanding anything herein to the contrary, Capital Improvements to the Shared Access Roadway necessitated by redevelopment or other construction on a Property shall be at the sole cost and expense of the Owner of such Property (provided that such Capital Improvements shall be subject to the prior approval of the other Owner, such approval not to be unreasonably withheld, conditioned or delayed).

b. Drainage Facilities Maintenance. Each Owner of a Property covenants at all times during the term hereof to operate and maintain or cause to be operated and maintained at its expense all drainage facilities located on its Property in good order, condition and repair. Regular maintenance (but not repair, replacement or rebuilding costs) of the drainage facilities of each Property shall be the responsibility of the applicable Owner, but each Owner shall be responsible to contribute Fifty (50%) percent of the cost of such maintenance (provided that Office Owner acknowledges and agrees that Multifamily Owner's obligation to contribute such 50% with respect to maintenance relating to the Office Property is included within its Maintenance Reimbursement, such that Multifamily Owner shall not be obligated to make any monetary contribution under this Section 4.b. to Office Owner for maintenance of drainage facilities located on the Office Property). Multifamily Owner shall bill Office Owner on a monthly basis and shall supply all reasonable supporting documentation in connection with Office Owner's contribution obligations under this Section 4.b. relating to the maintenance by Multifamily Owner of drainage facilities located on the Multifamily Property. All charges shall be paid within thirty (30) days of receipt. Regular maintenance shall include keeping drainage facilities clear and free of trash and debris, a once-a-year annual preventative inspection performed by a national service provider mutually approved (acting reasonably) by each Owner, and any additional inspections required to keep any required operating permit with respect to the drainage facilities in good standing (such additional inspections also to be performed by a national service provider mutually approved (acting reasonably) by each Owner.

d. Default in Maintenance Obligations; Payment for Maintenance Obligations.

i. If either Owner fails in any of its obligations or duties set forth in this Section 4 (such party is referred to herein as a "**Defaulting Party**"), then the non-defaulting party (the "**Non-Defaulting Party**") may give the Defaulting Party written notice of such failure, and the Defaulting Party must within thirty (30) days after receiving such notice, perform the obligation or duty required, or if such violation is not capable of being cured within thirty (30) days, the Defaulting Party shall, within thirty (30) days after receiving such notice, commence diligent efforts to cure such violation and cure such violation

within ninety (90) days after receiving such notice. Notwithstanding the foregoing, in the case of an emergency, the Defaulting Party shall only be permitted ten (10) days (without extension) following receipt of notice to perform the obligation or duty required.

ii. If the Defaulting Party fails to fulfill this obligation or duty within such thirty (30) day period (or such ten (10) day period in the case of an emergency), then the Non-Defaulting Party, through its authorized agent or agents, shall have the right and power to enter onto the Property of the Defaulting Party and perform such obligation or duty without any liability for damages for wrongful entry, trespass or otherwise to any person or entity, except for the gross negligence or willful misconduct of the Non-Defaulting Party or any of its agents, employees, representatives or contractors.

iii. If a Non-Defaulting Party performs an obligation or duty required to be performed by a Defaulting Party pursuant to the terms of this Section, then the Defaulting Party shall be liable for the cost of such work and shall, within thirty (30) days after receipt of a statement for such work, reimburse the Non-Defaulting Party, as applicable, for such cost. If the Defaulting Party fails to reimburse the Non-Defaulting Party within thirty (30) days after receipt of a statement for such work from the Non-Defaulting Party, then such indebtedness shall (1) bear interest from the due date until the date paid at an annual interest rate equal to the maximum lawful rate, but in no event exceeding twelve percent (12%) per annum, and (2) include any reasonable and actual cost of collection of such indebtedness, including reasonable third party attorneys' fees. Such indebtedness shall be a debt of the Defaulting Party until paid in full.

iv. In the event any Defaulting Party fails to timely (after the expiration of any applicable notice and cure period) make payment to a Non-Defaulting Party under this Agreement, the Non-Defaulting Party shall be entitled to file a claim of lien, against that portion of the Property owned by the Defaulting Party designated on **Exhibit D1** attached hereto, for the amounts of such indebtedness, to foreclose such lien pursuant to applicable Florida law and collect reasonable attorneys' fees and costs for such enforcement and foreclosure. Any claim of lien filed pursuant to this Section 4(d)(iv) shall contain, at a minimum, the following information: (1) an itemized statement of all amounts due and payable, (2) a description sufficient to identify the Property of the Defaulting Party, (3) the name of the Non-Defaulting Party, and (4) the name and address of the Non-Defaulting Party filing the claim of lien. e. Mechanic Liens. If either Owner creates, causes or permits to be created a mechanic or materialman's lien (the "**Infringing Owner**") by work such Infringing Owner is performing or causing or permitting to be performed, to be filed or placed against the Property of the other Owner (the "**Affected Owner**"), the Infringing Owner shall and hereby covenants and agrees to cause such lien to be removed by bonding off or other method acceptable to the Affected Owner, at no cost or expense to the Affected Owner, within twenty (20) days after the Infringing Owner receives written notice from the Affected Owner of the existence of such lien. If the Infringing Owner does not remove such lien by bonding off or other method reasonably acceptable to the Affected Owner within such 20-day period, then the Affected Owner shall deliver to the Infringing Owner a second written notice of the existence of such lien, which written notice shall contain the following legend in bold and capital letters: "**THIS IS A SECOND WRITTEN NOTIFICATION OF THE EXISTENCE OF A MECHANIC OR MATERIALMAN'S LIEN CAUSED BY [THE INFRINGING OWNER] FILED AGAINST THE PROPERTY OF [THE AFFECTED OWNER]. FAILURE TO REMOVE SUCH LIEN BY BONDING OFF OR OTHER**

If the Infringing Owner does not remove such lien by bonding off or other method reasonably acceptable to the Affected Owner within such second 5-day period, then the Affected Owner may remove such mechanics or materialman's lien and the Infringing Owner shall promptly reimburse the Affected Owner for the cost and expense of such removal, and such indebtedness shall (1) bear interest from the due date until the date paid at an annual interest rate equal to the maximum lawful rate, but in no event exceeding twelve percent (12%) per annum, and (2) include any cost of collection of such indebtedness, including reasonable attorneys' fees.

5. Rights of Other Parties; No Rights in Public Generally.

Such insurance maintained by the Insuring Owner (and its agents and contractors) shall be in the amount of at least One Million Dollars ($1,000,000) per occurrence and an aggregated combined limit of Two Million Dollars ($2,000,000). The Insuring Owner shall provide to the other Owner a certificate of liability insurance naming the other Owner as an additional insured. The required limits may be satisfied through a combination of primary and excess liability policies.
