How to Customize and Order:

Each link above takes you directly to the product customization page. From there:

- If you have a custom design, you may upload it in Step 1 under "Custom Mockup."

- If not, you can select from our available design templates and customize them to your liking.
- Complete all the steps to submit your order.

You can choose “See Design – Pay Later” as your payment method during checkout. This option allows you to submit your order without paying upfront. After submitting, you will receive a digital proof/mockup via email within 1 hour. You can then approve or request changes to your design at no obligation.

This payment method simply submits your order for proofing — you are not required to make any payment until you approve the final design.

You will find the “See Design – Pay Later” option on the Checkout page after entering your shipping and billing information.

Please note: Upgrades to printing, fabric, neckline styles, and custom sizing may result in a price increase. You may apply the code **FIREWORKS20** for a 20% off.

Sincerely,
