TRANSMITTAL LETTER

July 7, 2026

City of Margate
Purchasing Division
5790 Margate Blvd.
Margate, FL 33063

The management and staff of Emerald Transportation Corporation are pleased to submit this response to the City of Margate's Request for Proposal for Towing Services (RFP 2026-007).

Emerald Transportation Corporation has proudly served the South Florida community for more than six decades. In 1965, James Jennings Sr. opened Jim's Shell Service Center and Jennings Towing Service to serve the City of Boca Raton. In 1994, James Jennings Jr. assumed leadership of the company, and Emerald Transportation Corporation was formally established. Since that time, Emerald has provided professional towing, storage, and recovery services to municipal, county, state, and federal law enforcement agencies, commercial partners, and the residents and visitors of the State of Florida.

Emerald has been the trusted service provider for numerous cities since 1965. Throughout this long-standing relationship, Emerald has consistently delivered reliable and professional service to the cities of Pompano Beach, Coral Springs, Coconut Creek, Deerfield Beach, Parkland, Lighthouse Point and Boca Raton. We also provide towing services for the Broward Sheriff's Office, Palm Beach County Sheriff Office, the Florida Highway Patrol, FAU Police Department, Florida Department of Transportation and the Florida Turnpike Authority. Emerald fully understands and meets the requirements outlined in RFP 2026-007 and is uniquely qualified to provide these services based on its 60 years of experience.

Emerald currently operates a diversified fleet of more than 30 pieces of towing and recovery equipment, consisting of Class A, B, C, and D equipment, along with incident management units, extraction and specialized recovery equipment, tanker truck recovery capabilities, and comprehensive traffic safety and support resources. The average age of our fleet is less than five years, and all equipment is maintained by in-house ASE-certified technicians. Equipment is continuously updated to meet contractual requirements, with safety and operational reliability as top priorities.

Emerald Transportation Corporation is a Florida C Corporation (FEIN 65-0463240). Our facility is located at 4000 N. Powerline Road, Pompano Beach, Florida 33073, and can be reached by phone at (954) 917-4747. This location is well within the RFP's required boundaries and 3 miles from Margate's city limits. The facility serves as our corporate headquarters, dispatch center, dedicated fleet base for City operations, and home storage facility, encompassing approximately three acres.

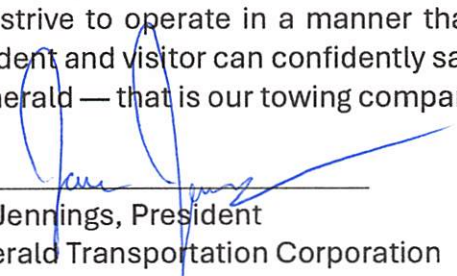

Emerald Transportation Corporation exceeds the minimum equipment requirements set forth in RFP 2026-007.

Emerald Transportation Corporation is a division of Guardian Fleet Services, the nation's largest towing, storage, recovery, and specialized transportation organization. With 28 locations throughout the State of Florida, more than 800 assets, and over 1,000 employees nationwide, Emerald has the ability to rapidly deploy additional resources in the event of hurricanes or other natural disasters. This includes immediate access to facilities and assets in all surrounding counties to support the City of Margate's emergency and recovery efforts.

This proposal remains in effect for a minimum of 90 days up to 120 days from submission, as requested in the RFP.

Although Emerald Transportation Corporation is part of Guardian Fleet Services, we continue to operate as a locally managed company with local leadership, local employees, and local decision-making. Jim Jennings and Sean Loscalzo remain directly involved in the day-to-day operations, customer relationships, and community partnerships that have made Emerald a trusted hometown business for decades.

Above all, Emerald is committed to providing professional, courteous, and reliable service. We strive to operate in a manner that reflects positively on the City, ensuring that every resident and visitor can confidently say, "Emerald — that is our towing company."

Jim Jennings, President
Emerald Transportation Corporation

Scrutinized Company Certification

I hereby swear or affirm that as of the date below this company is not listed on a Scrutinized Companies list created pursuant to 215.4725, 215.473, or 287.135, Florida Statutes. Pursuant to 287.135, Florida Statutes I further affirm that:

- (1) This company is not participating in a boycott of Israel such that it is not refusing to deal, terminating business activities, or taking other actions to limit commercial relations with Israel, or persons or entities doing business in Israel or in Israeli-controlled territories, in a discriminatory manner.
- (2) This Company does not appear on the Scrutinized Companies with Activities in Sudan List where the State Board of Administration has established the following criteria:
 - Have a material business relationship with the government of Sudan or a government- created project involving oil related, mineral extraction, or power generation activities, or
 - Have a material business relationship involving the supply of military equipment, or
 - Impart minimal benefit to disadvantaged citizens that are typically located in the geographic periphery of Sudan, or
 - Have been complicit in the genocidal campaign in Darfur.
- (3) This Company does not appear on the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List where the State Board of Administration has established the following criteria:
 - Have a material business relationship with the government of Iran or a government- created project involving oil related or mineral extraction activities, or
 - Have made material investments with the effect of significantly enhancing Iran's petroleum sector.
- (4) This Company is not engaged in business operations in Cuba or Syria.

DRUG-FREE WORKPLACE PROGRAM FORM

In accordance with Section 287.087, State of Florida Statutes, preference shall be given to businesses with Drug-free Workplace Programs. Whenever two or more bids which are equal with respect to price, quality, and service are received for the procurement of commodities or contractual service, a bid received from a business that certifies that it has implemented a Drug-free Workplace Program shall be given preference in the award process. In the event that none of the tied vendors have a Drug-free Workplace program in effect, the City reserves the right to make final Decisions in the City's best interest. In order to have a Drug-free Workplace Program, a business shall:

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.
2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.
3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in subsection (1).
4. In the statement specified in subsection (1), notify employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893, Florida Statutes, or of any controlled substance law of the United States or any State, for a violation occurring in the workplace no later than five (5) days after such conviction.
5. Impose a sanction on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community by any employee who is convicted.
6. Make a good faith effort to continue to maintain a drug-free workplace through implementation.

If bidder's company has a Drug-free Workplace Program, so certify below:

AS THE PERSON AUTHORIZED TO SIGN THE STATEMENT, I CERTIFY THAT THIS FIRM COMPLIES FULLY WITH THE ABOVE REQUIREMENTS.

SIGNATURE OF BIDDER:  DATE: 7/3/2026

CITY OF MARGATE E-VERIFY FORM

Project Name:	TOWING SERVICES
Project No.:	RFP NO. 2026-007

ACKNOWLEDGEMENT

Definitions:

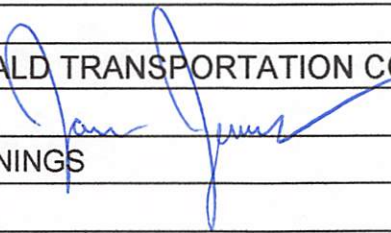

"Contractor" means a person or entity that has entered or is attempting to enter into a contract with a public employer to provide labor, supplies, or services to such employer in exchange for salary, wages, or other remuneration.

"Subcontractor" means a person or entity that provides labor, supplies, or services to or for a contractor or another subcontractor in exchange for salary, wages, or other remuneration.

Effective January 1, 2021, public and private employers, contractors and subcontractors will begin required registration with, and use of the E-verify system in order to verify the work authorization status of all newly hired employees. Vendor/Consultant/Contractor acknowledges and agrees to utilize the U.S. Department of Homeland Security's E-Verify System to verify the employment eligibility of:

- a) All persons employed by Vendor/Consultant/Contractor to perform employment duties within Florida during the term of the contract; and
- b) All persons (including subvendors/subconsultants/subcontractors) assigned by Vendor/Consultant/Contractor to perform work pursuant to the contract with the Department. The Vendor/Consultant/Contractor acknowledges and agrees that use of the U.S. Department of Homeland Security's E-Verify System during the term of the contract is a condition of the contract with the City of Margate; and
- c) *Should vendor become successful Contractor awarded for the above-named project, by entering into this Contract, the Contractor becomes obligated to comply with the provisions of Section 448.095, Fla. Stat., "Employment Eligibility," as amended from time to time. This includes but is not limited to utilization of the E-Verify System to verify the work authorization status of all newly hired employees, and requiring all subcontractors to provide an affidavit attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. The contractor shall maintain a copy of such affidavit for the duration of the contract. Failure to comply will lead to termination of this Contract, or if a subcontractor knowingly violates the statute, the subcontract must be terminated immediately. Any challenge to termination under this provision must be filed in the Circuit Court no later than 20 calendar days after the date of termination. If this contract is terminated for a violation of the statute by the Contractor, the Contractor may not be awarded a public contract for a period of 1 year after the date of termination and shall be liable for any additional costs incurred by the City as a result of the termination.*

Email Address: JIM@EMERALDTOWING.COM

As a nongovernmental entity executing, renewing, or extending a contract with a government entity, **Vendor** is required to provide an affidavit under penalty of perjury attesting that **Vendor** does not use coercion for labor or services in accordance with Section 787.06, Florida Statutes.

As defined in Section 787.06(2)(a), coercion means:

1. Using or threatening to use physical force against any person;
2. Restraining, isolating, or confining or threatening to restrain, isolate, or confine any person without lawful authority and against her or his will;
3. Using lending or other credit methods to establish a debt by any person when labor or services are pledged as a security for the debt, if the value of the labor or services as reasonably assessed is not applied toward the liquidation of the debt, the length and nature of the labor or service are not respectively limited and defined;
4. Destroying, concealing, removing, confiscating, withholding, or possessing any actual or purported passport, visa, or other immigration document, or any other actual or purported government identification document, of any person;
5. Causing or threatening to cause financial harm to any person;
6. Enticing or luring any person by fraud or deceit; or
7. Providing a controlled substance as outlined in Schedule I or Schedule II of Section 893.03 to any person for the purpose of exploitation of that person.

As a person authorized to sign on behalf of **Vendor**, I certify that **Vendor** does not use coercion for labor or services in accordance with Section 787.06.

UNDERSTANDING OF THE PROJECT

Understanding of Project

Emerald Transportation Corporation was founded in Boca Raton in 1965 by James J. Jennings, first as Jims Shell Service Center and Jennings Towing Service. In 1994, James M Jennings took over the company that it is today, Emerald Transportation Corporation, which operates a fleet of over 30 pieces of equipment from two facilities in Broward County. Our facilities are home base to a staff of over 35 highly trained professionals.

Emerald Transportation Corporation has over 60 years' experience providing municipal contract towing and storage services to many South Florida Cities. Emerald has the experience, knowledge and understands the complexities of responding to calls from the police department 24 hours a day 365 days a year for any type of incident that may arise.

Emerald Transportation Corporation provides services to the surrounding communities of Boca Raton for over 35 years, Lighthouse Point for 20 years, Coral Springs for 20 years, Parkland for 20 years, Deerfield Beach for over 20 years, Pompano Beach for over 15 years and Coconut Creek for over 10 years, We also provide service to the Florida Highway Patrol since 1967, Florida Turnpike Enterprise STARR & RISC Towing Programs over 18 years, and the Broward Sheriff's Office for 20 years.

Our facility and fleet, located at 4000 North Powerline Road, are fully dedicated to serving the City of Margate. No other provider offers the same level of dedicated service as Emerald Transportation Corporation.

Emerald Transportation Corporation is a subsidiary of Guardian Fleet Services, the largest towing, storage, recovery and specialized transportation company in the Nation. Guardian Fleet Services has over 50 terminals in seven states with a combined fleet of over 1,200 pieces of equipment and over 1,000 employees. Guardian Fleet Services operates two additional companies, A Superior Towing Co and Kauff's Group of Companies, both of which are flanked north and south of the City of Margate respectively. Together Emerald Transportation Corporation and Guardian Fleet Services provide contractual and incident management services to over 150 municipalities, law enforcement and government agencies within the State of Florida, Georgia, Ohio, Texas, Tennessee, Kentucky and Indiana.

We have learned to "Expect the Unexpected", whether it be the location of an incident, the serviceability of a specific truck, or the availability of an operator. Our access to the largest number of qualifying trucks and operators for this RFP enables us to successfully meet our obligations and requirements under the terms of this RFP. This unparalleled access makes our team an extraordinary fit for the inclusion of this RFP. As a team we are dedicated to education and certification of our staff and more importantly to serving the community that we have all lived in. We are available twenty-four hours a day, seven days a week, 365 days

a year. We all take pride in our job and the profession we have chosen; our reputation speaks for itself amongst local agencies.

Emerald Transportation Corporation has an extensive variety of towing equipment to handle any situation. Our equipment ranges from light duty wreckers, low-profile self-loaders, flatbeds, medium duty wreckers, heavy duty recovery wreckers and heavy-duty rotators, Landoll-Lowboy trailers along with paired tractors, street clean up equipment, as well as a fully equipped Maintenance of Traffic Vehicle (MOT) which holds low pressure and high pressure air bags. All this equipment allows us to recover and tow anything from a small job like a moped to a large job like a fire truck or rolled over gasoline tanker tractor trailer.

Jim Jennings and Sean Loscalzo are highly trained and certified in bulk tanker recovery, including gasoline, high-pressure CNG, and propane tankers. These specialized recoveries require precise, methodical procedures developed through advanced training and extensive hands-on experience. Their proven track record includes the successful recovery of numerous fully loaded fuel tankers, demonstrating a high level of technical expertise, safety awareness, and operational capability. Both individuals hold advanced

certifications that are uncommon in the towing and recovery industry. Jim Jennings is certified by Safety Systems in Emergency Response and Tanker Truck Recovery. Sean Loscalzo is a Towing and Recovery Association of America (TRAA) Level III Ultra Heavy Specialist and has completed BP (British Petroleum) LPG Operations and Emergency Response training.

Emerald Transportation Corporation has the capacity to handle light, medium, heavy duty, ultra heavy duty, road service and recovery services. Emerald has numerous municipal and rotation contractual towing service agreements which all include towing and storage for accident, arrest, felony, and fatality on-hold vehicles. We continue to invest in equipment, facilities,

staff, and training to continue to meet the expectations of the citizens we are all charged to serve and protect. Each department or division has one priority: **to safely maintain traffic flow in the City of Margate in an efficient and timely manner.**

Since our inception in 1965 we have always volunteered to be involved in community service for the betterment of our communities that we service. For over 40-years Emerald Transportation Corporation has been involved in Fire Rescue Extrication Training with the municipalities that we serve and other neighboring fire rescue departments. We have received numerous awards for our participation with this training to help enhance the capabilities of our team working with the members of Fire Rescue and these departments.

Emerald Transportation Corporation will supply vehicles to the City of Margate Fire Rescue for extrication training purposes on an as needed basis.

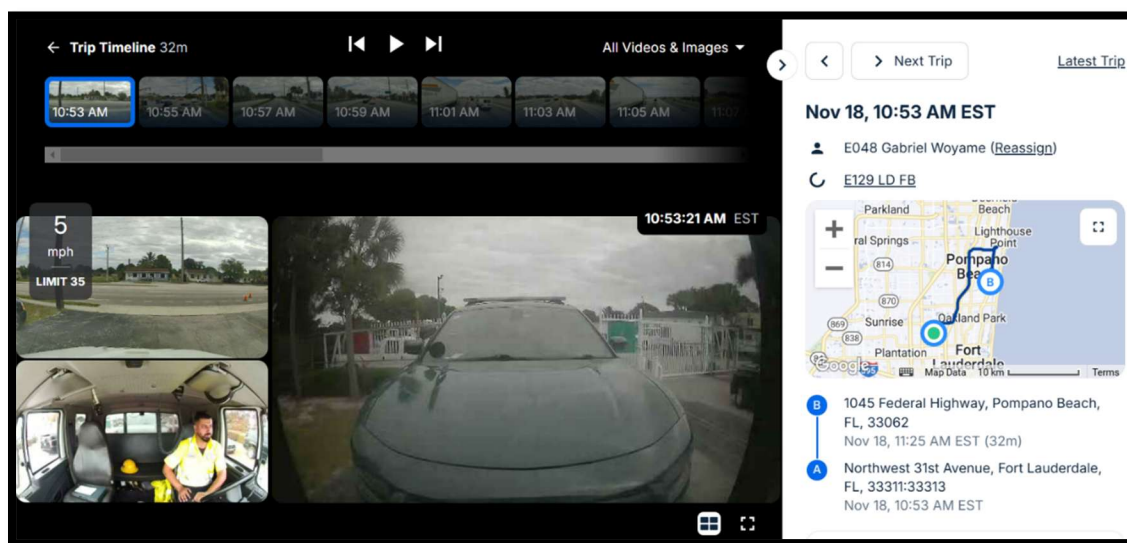

Customer service at Emerald Transportation Corporation means providing prompt, empathetic, and professional assistance to customers in stressful situations, usually involving a broken down or accident vehicle, by clearly communicating details, dispatching our equipment quickly, and handling inquiries with patience and understanding, ultimately aiming to minimize inconvenience and build customer trust.

At Emerald Transportation Corporation we are ready 24 hours a day 7 days a week 365 days a year. Our team strives to address any concerns with a helpful attitude.

While we strive for 100% customer satisfaction, we recognize that issues can occasionally arise. In such cases, our management team takes immediate, direct action. Authorized managers will work directly with the customer to resolve any claims of missing property or vehicle damage, ensuring swift resolution without unnecessary delays. To resolve damage complaints, we review photos taken by our operators at both the scene and our storage facility. If we are responsible, we will collaborate with the customer and their insurance provider to guarantee the vehicle is repaired to their satisfaction.

Our staff is thoroughly trained, our phone lines are recorded, we implement customer service surveys, and we use technology through a dispatch system to assist us in providing our operators with the quickest route to the customer.

Emerald's entire fleet is equipped with cameras from all angles including the front hood, rear of vehicle, and in the cab. This allows our in-house safety department to handle the incident and review the footage. This footage is also used for training purposes as well.

At Emerald Transportation Corporation, we recognize the critical importance of swift and reliable towing services in times of need. Emerald Transportation Corporation has been the choice for towing and storage service provider for many municipalities since 1965 and our commitment to City Staff, Law Enforcement, Fire Rescue and its residents has never failed. We understand the scope of this RFP and will continue to meet and exceed the City's expectations.

For over 60 years, our commitment to excellence has made us a trusted name in the towing and recovery industry across South Florida. Whether dealing with an unexpected breakdown, an accident, or the need for specialized transportation, our team stands ready to respond with efficiency and professionalism 24/7.

While Emerald Transportation Corporation benefits from the resources and support of Guardian Fleet Services, we have maintained our local identity, leadership, and commitment to serving our communities. Decisions are made locally by leaders who live and work in the communities we serve, ensuring responsive service and strong local accountability.

The first interaction with a towing company can set the tone for the entire experience. Good customer service turns a stressful situation into a manageable one. However, customer service is more than just answering calls. It's about being responsive, understanding, and reliable.

At Emerald Transportation Corporation we communicate clearly and are willing to go the extra mile for our customers and the cities we serve. In an industry where emergencies are the norm, exceptional customer service sets towing services apart from the rest. It's the difference between a one-time service and a lifelong customer.

Any customer whose vehicle is towed at the request of the City of Margate and who requires transportation will be provided with a complimentary Uber ride up to 25 miles if needed. We recognize that vehicle accidents are unplanned events and that customers may not have immediate access to alternative transportation. This service is one of the ways Emerald Transportation Corporation goes above and beyond to support its customers.

When a call is made into Emerald Transportation Corporation our trained dispatch team will obtain all pertinent information. That information is then entered into our dispatch program and a trained operator is then dispatched out to the incident. Our operators are clean and groomed with ANSI Level 3 High Visibility uniforms. All operators have their name badge on their uniform along with company name to identify themselves.

Operating 24/7/365 from our 4000 North Powerline Road facility, we are dedicated to supporting the City of Margate. Our three-shift operator schedule ensures continuous, round-the-clock assistance, including full coverage during peak traffic hours.

Emerald Transportation Corporation strives on great quality customer service. We have internal incentive programs for our staff and operators. If one of our team members gets a 5 star or good review on Google or Facebook we provide them with a gift card of their choice we believe in providing a professional service and as a company we hope that every resident and customer is proud to say “Emerald, that is our towing company”.

A LOCAL NAME YOU CAN COUNT ON

CUSTOMER REVIEWS REFLECTING OUR COMMITMENT TO SAFE, RELIABLE SERVICE.

Austin B

“I’ve been using Emerald both professionally and personally for more than 6 years now. I’ve been due to leave a review. I’ve towed hundreds of vehicles with them over the years. They’ve always consistently provided excellent service and are the best with time. Today my girlfriend’s car broke down, so I called them up. Tow operator Jarvis arrived in under an hour, collected her car and got it safely to the repair shop with no issues. I’ve also locked myself out of my car a couple dozen times in the past and they’ve been able to save me every time.”

Kugan Langham

“I stopped on to help my friend and left my lights and hazards on and killed the battery. Thankfully Alex was there and gave me a jump start and made sure I was okay to drive. He was super kind and courteous. Thanks again Alex”

Marissa Smith

“I was stuck in a parking lot with a dead battery and Emerald Towing came to the rescue! I was overwhelmed and I may not have their names right...but I was back up and running in minutes and the two guys, Erik and Andy, were so kind and helpful. They were on their lunch break and didn’t hesitate to help. Not only did they jump the car, but they gave me advice how to prevent it from happening again. There are still good people out there and Emerald Towing has 2 on their staff! Thanks!”

Deniz Alpaslan

“I would like to share the experience with Anthony Sean-Paul who did an amazing job getting our vehicle home. The time that was expected for pick up was about 45min- an hour and with surprise 6 mins he arrived! Anthony was very pleasant and fast with the service. I would definitely recommend Emerald if you need any services. Thank you again!”

Gabriel Aburto

“Jarris was very kind and helped me a lot. He’s a great worker. I wish many companies had someone like him.”

Athena Loucas

“My driver was Steven, and he was very polite and most accommodating. Not only with me, but with the other drivers on the road. If I have to be towed again, I would hope it would be someone like Steven.”

Luxe Lifestyle

“Cassandra & Romie were so sweet and thorough. After a nerve racking ordeal with the police & getting my car towed. They really made the last piece of this nightmare so smooth & easy. It’s such a breath of fresh air to be greeted with warmness & cared for especially in today’s times where most businesses treat you like a number. Thank you both, ladies 🥰💖”

Nicole Santiago

“I was at a car accident picking up my friend that had just crashed and I accidentally locked my keys in my car. Thankfully Alex was there to help unlock my car for free during this stressful time. I couldn’t thank him enough 🌟👍”

Cb (THE SMOKIN BARREL)

“The equipment van popped a tire on the turnpike and unfortunately I didn’t have a spare I guess it was absent on flat tire day!! lol Called emerald and spoke to Mike in dispatch he got us picked up by a driver named Eddie and man was I impressed you could eat off the floor in his truck it was immaculate I and he was there to pick me up in what felt like 7 minutes after I hung up with Mike! I will only call emerald from now on thank you Emerald!!!”

Neil Duffy

“I’ve had to use Emerald Towing two times now. I’ve got these old 1940s trucks I’m trying to save and they have been a huge help relocating these trucks. They were able to drop them on the side of my house between a small gate and a fence and weave between other vehicles. The drivers Luke and Eddie were awesome and professional. Thank you guys for all the help.”

Emerald Transportation Corporation is committed to supporting the City of Margate's efforts to encourage local students to pursue higher education and careers in public service, civic leadership, and government. As part of that commitment, Guardian Fleet Services and Emerald Transportation will establish, in partnership with the City of Margate, an Academic Scholarship Program. If awarded the contract as the sole towing provider, we will contribute **\$5,000** annually to the scholarship program. If the contract is awarded to multiple vendors, we will contribute **\$2,500** annually.

As a locally managed company, Emerald Transportation Corporation is dedicated to being a responsible community partner. We take great pride in investing in the communities we serve by supporting educational opportunities, developing future leaders, and making a lasting, positive impact beyond the services we provide

In 2012, we formed "Towers with a Heart Charities" to raise funds and awareness of the Move Over Law in Florida after one of our fellow employees was struck and killed on I-95 by an out of control driver while he was assisting FHP on a traffic stop. We have raised enough funds with this program to promote Slow Down, Move Over! messaging on dozens of billboards and Broward County transit buses throughout the state of Florida over the past 14 years.

We are very involved in the local Chambers of Commerce, The Broward League of Cities, numerous charitable organizations, and local school and sporting events. We are sponsors of the athletics departments of many local schools and Florida Atlantic University. We also support groups such as E. Pat Larkin Center, Annual Christmas Event for Children and Families, Unity in The Community, Cody's Angels Charity Golf Tournament, First Baptist Church of Collier City, Pompano Beach Rotary Club and Annual Golf Tournament, Beverly Perkins Christmas Ham for Families Drive, The 100 Club of South Florida Supporting Law Enforcement, Thanksgiving Turkey Giveaway, MADD of Broward, Towers with a Heart Annual Move Over Law Golf Tournament, Pompano Beach Municipal

Golf Club, Caring 4 Kids-Backpacks and Supplies for Underprivileged Children, and Recognized by Major Wayne Adkins-Pompano Beach District 11 BSO for Community Support and Charitable Contributions. It is in our culture to support the communities that we service and to the residents of the City of Margate.

EQUIPMENT AND FACILITIES

Equipment and Facilities

Emerald Transportation Corporation will operate all equipment listed in this RFP from its Pompano Beach location. All equipment is owned and operated by Emerald Transportation or by Guardian Fleet Services, our parent company. Our fleet includes light-duty tow trucks, medium-duty flatbeds which are a core component of our operations as well as heavy-duty and ultra-heavy rotator tow trucks. All of these units are based at our Pompano Beach facility.

In addition to the equipment operated by Emerald Transportation Corporation, Guardian maintains approximately 20 trucks equipped with additional Traffic Incident Management (TIM) resources at our Davie facility under the A Superior Towing Co. brand. Located just 16 miles from Margate City Hall, this facility provides immediate geographic redundancy and surge capacity.

Guardian also operates three Kauff's Companies locations in Palm Beach County, with the nearest facility located approximately 23 miles north of Margate City Hall. These locations can provide additional support during severe weather events, large-scale incidents, or periods of increased service demand. All applicable units from these facilities are included in this proposal.

We take great pride in our fleet, which is meticulously maintained and equipped to handle the full spectrum of towing and recovery needs from, specialty transportation of overweight and oversized vehicles and equipment, to routine towing of small passenger vehicles and municipal assets. Emerald does not subcontract outside of the Guardian Fleet umbrella for any services outlined in this RFP. We possess the equipment, personnel, and expertise to safely and efficiently handle every request, from the largest fire apparatus operated by the City of Margate to the smallest golf carts.

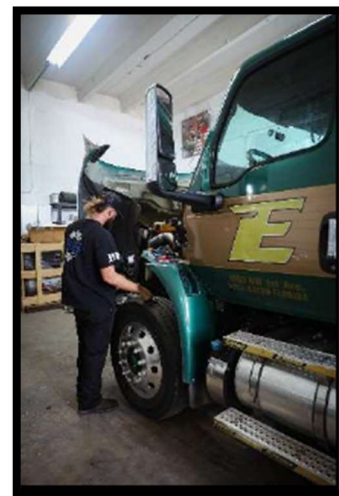

Guardian Fleet Services owns and operates more than 1,200 trucks company wide. If operational needs are required, additional units can be quickly deployed or transferred to increase fleet capacity with minimal notice. Emerald Transportation Corporation will dedicate and stage equipment within city limits as needed, actively monitoring call volume to ensure rapid response and optimal equipment placement throughout the city.

Every truck operated within the Guardian Fleet is equipped with advanced global positioning and fleet management technology. This system provides real-time vehicle location and also manages daily pre-trip inspections, monitors driver behavior including harsh braking, harsh steering, speeding, and collisions and supports overall fleet safety and accountability. Each vehicle is equipped with a 360-degree camera system that automatically records and preserves critical footage when an event occurs. In such cases, the system captures video data and immediately notifies management via email.

Dispatch personnel can access live camera feeds when necessary, allowing them to observe vehicle activity in real time. This capability is especially valuable during complex recoveries or multi-unit responses, enabling dispatch to remain fully informed without unnecessary radio traffic. This technology has proven to be an invaluable tool in promoting safe operations, improving driver performance, and ensuring the highest level of service delivery.

All vehicles owned by Emerald Transportation Corporation and Guardian Fleet Services are insured under one policy through National Interstate Insurance Company with a three million dollar liability policy that is attached in this proposal. Although the RFP requires a minimum of **\$1,000,000** in commercial general liability coverage, Emerald Transportation Corporation maintains a standard liability policy with limits of **\$3,000,000**. This level of coverage significantly exceeds the City's minimum requirement and demonstrates our commitment to protecting the City, its residents, and our employees. Our higher coverage limits provide an added measure of financial security and risk protection that exceeds the minimum standards required under this solicitation and to the best of our knowledge, exceeds that maintained by most towing service providers competing for this contract.

Emerald Transportation Corporation is self-sufficient in maintaining our fleet of trucks. We have ASE certified truck technicians on staff with the ability and equipment to repair everything onsite. Our facilities include heavy duty truck lifts and an overhead crane at our location for any heavy repair that is needed. We also have the ability to use any of the 30 plus Guardian Fleet locations in Florida for additional repairs if needed, this minimizes the downtime for our fleet.

Our vehicle replacement plan is combined around our maintenance plan and usage, this allows us to keep our equipment as up to date as possible. The light duty trucks are replaced between 5 and 8 years depending on mileage, crisis maintenance and resale value. Our medium duty, heavy duty, ultra heavy duty and rotators can be in service for up to 10 years. Once we see trucks constantly in the crisis maintenance category whether they are at their life expectancy or not that vehicle is rotated out of the fleet because the down time is more expensive than replacement due to the loss of revenue for that vehicle. It also affects the serviceability to the customers we serve.

When replacing any of the tow trucks we utilize for our business we purchase mostly Miller products that are built in Chattanooga Tennessee. We have been purchasing the same brand of tow trucks for over twenty years. The familiarity of purchasing the same kind of tow trucks allows our in-house technicians to identify mechanical issues quicker and repair them faster because of the experience they have with the same brand over the years.

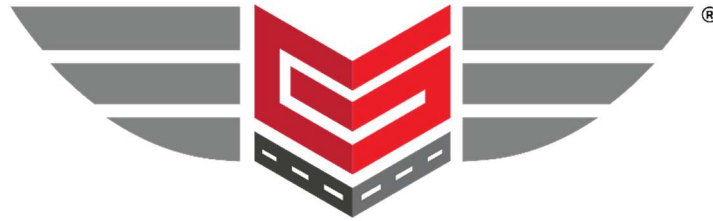

Emerald Transportation Corporation owns all our trucks and equipment outright and does not need to finance or lease when purchasing trucks. We self-fund and purchase all our trucks and equipment on our dedicated replacement cycle or if needed to immediately add assets to our Pompano Beach facility.

At Emerald Transportation Corporation, we thoroughly grasp the need for our business to have a Hurricane Plan in place in the event of a hurricane striking The City of Margate. Should a hurricane threaten the City of Margate along with our own fleet and Incident Management equipment we can tap into our fleet of over 800 pieces of equipment. This equipment includes towing and heavy transport equipment, storage, heavy duty recovery units, road clearing equipment, skid loaders, roll off containers and emergency disaster response. At Emerald Transportation Corporation our team has been through many hurricanes since 1965, and we stand ready to respond to the City of Margate during any future storms.

We firmly believe that Emerald Transportation Corporation is the best choice for the City of Margate.

Emerald Transportation Corporation is equipped with a Maintenance of Traffic Vehicle (MOT). This vehicle is set up with the following equipment to assist with any incident.

- 1 ea. High Pressure air cushion (24"x24" or equivalent) with control module and hose
- 1 ea. Mat Jack Mega-H Low pressure air cushions lift bag set, 120,000# capacity
- 2 ea. Mat Jack landing bag set (Catch Bags)
- 60 ea. Thirty-six (36) inch, 12lb. reflectorized traffic cones stamped with the FDOT certified
- Timbers/cribbing/chocks/2x4 lumber, load binders, transport chains and cheater pipe
- 1 ea. Gas powered cut-off saw
- 2 ea. 500-watt Auxiliary flood lights w/stands
- 1 ea. Minimum 3,500 watt generator
- 1 ea. Portable air compressor or truck supplied compressed air
- 1 ea. Air impact wrench with sockets
- 1 ea. Air powered metal chisel
- 1 ea. Acetylene/Oxygen cutting torch
- 1 ea. Bolt cutters (36")
- 4 ea. Long handle shovels (flat blade) / 2 ea. Long handle shovels (round blade)
- 2 ea. Aluminum or plastic coal or grain shovels
- 4 ea. Street brooms
- 1 ea. Refrigerator dolly / Hand trucks / Pallet puller / Dock plate with clamps / Hydraulic jack
- 2 ea. Large Tarps / 4 Rolls of duct tape
- 6 dozen 30-minute Highway flares
- 200 lbs. or 50 gals. of oil dry or approved absorbent
- 1 Roll of rubber floor runner (36" wide)
- 2 Rolls of heavy duty (80 gauge) stretch wrap with dispenser
- 4 load binders and securement chain for a 30-ton load
- 1 Case of heavy duty, 55 gallon trash bags / 2 ea. Large capacity trash cans
- 1 Roll of heavy gauge visqueen plastic sheeting
- 1 ea. Complete first-aid kit
- 1 ea. BC Fire extinguisher (10lbs.)
- 2 ea. Sewer drain or inlet covers (mud flaps acceptable)
- 120 lbs. or 30 gal. of oil dry or approved absorbent
- 1 ea. Complete brake release kit
- 1 ea. Crow bar (36" min.), Pike bar (5 ft. min.), Sledge hammer (10 lbs. min.)
- 1 ea. Vehicle spill kit (putty/pads/poly socks)

Emerald Transportation Corporation
4000 North Powerline Road Pompano Beach

Emerald Transportation Corporation is located at 4000 North Powerline Road in Pompano Beach. The storage facility is secured by perimeter fencing topped with three-strand barbed wire and is monitored by a 24/7 video surveillance system that provides comprehensive coverage of both indoor and outdoor storage areas. Surveillance feeds are accessible to our dispatch center and management team through computers and mobile devices, enabling continuous monitoring. High-intensity overhead lighting throughout the property enhances security and supports the safe storage of vehicles.

The facility maintains robust security measures, including secure perimeter fencing, strategically placed yard lighting, and multi-angle video surveillance covering storage areas, warehouse space, and office areas.

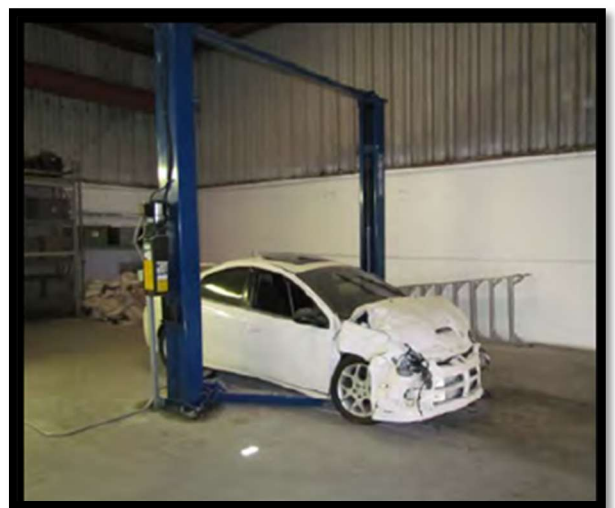

The storage facility at 4000 North Powerline Road in Pompano Beach spans three acres and provides capacity for over 300 vehicles outdoors, as well as 14,300 square feet of secure indoor warehouse storage for approximately 60 vehicles, depending on vehicle size.

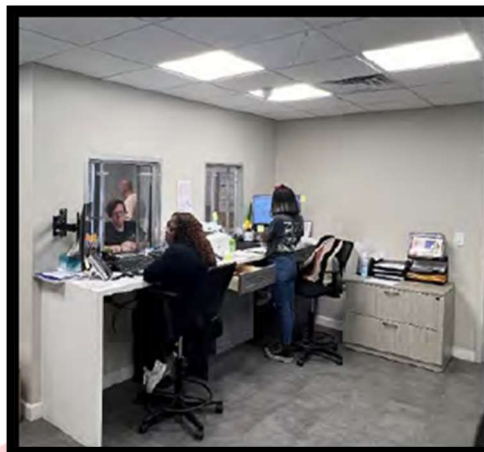

With more than five decades of service supporting law enforcement, we fully understand the critical importance of securing on-hold vehicles for THI or criminal felony investigations. Throughout our employee hiring process and ongoing driver safety meetings, we consistently emphasize the responsibility to safeguard these vehicles and to restrict access to the vehicles and storage facilities exclusively to authorized law enforcement personnel.

Our facility also includes 2 automobile lift stations that will lift a vehicle up to 10,000 pounds for the City of Margate to use for any THI or criminal investigation. Should we need to obtain the weight of any vehicle, including a passenger automobile or a tractor-trailer, we have arranged with a local secure in-ground scale which is less than 1 mile away to obtain the weight for investigative purposes. They will supply us with a certified weight receipt on the vehicle.

Our facility maintains strict security protocols. Access to the secure impound yard is limited to vehicle owners or their authorized agents and is permitted only when accompanied by a storage yard attendant, following check-in at the office reception area. Customers are received in a climate-controlled vehicle release area featuring two service windows designed to ensure the safe and secure release of personal property and vehicles. All offices and restrooms are fully ADA compliant and designed to accommodate the comfort of all visitors and guests.

Emerald Transportation Corporation has high definition 24/7 video surveillance system was installed with strategic placement of cameras throughout the property for full coverage of all vehicles. Our video equipment is managed by our in-house IT department providing twenty-four-hour repair and replacement of any equipment. This system is monitored by our dispatch personnel at all times of the day or night. Our office has real-time access to camera viewing via televisions located within our office. Parking lot lighting is throughout the property to not only enhance the cameras display abilities but discourage anyone from unauthorized entry. Our surveillance footage is recorded and stored for 30 days.

Emerald Transportation Corporation is aware of the unique fire risks posed by damaged electric vehicles (EVs). We have invested in specialized training for our employees, equipment, and storage solutions known as bunkers to mitigate the risk of a thermal runaway such as a battery meltdown. This is due to the high-voltage lithium-ion batteries' that have a tendency to reignite hours or weeks after the initial incident. Emerald Transportation Corporation currently has 3 of these EV bunkers.

Our main facility includes a dedicated office space designated for use by the Police Department. This office is available at all times for officers conducting vehicle-related investigations at Emerald Transportation Corporation.

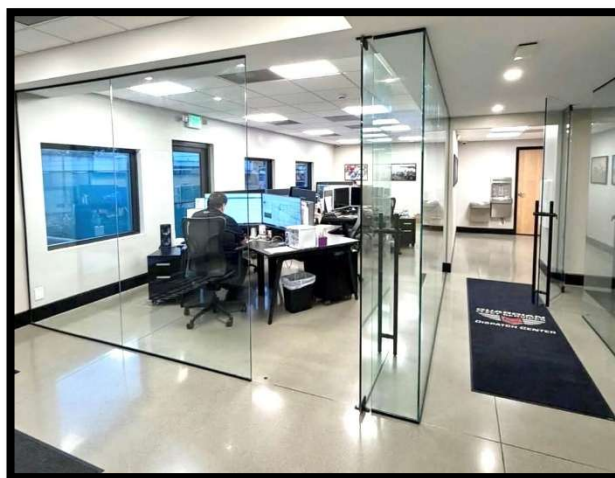

Emerald Transportation Corporation
2040 NW 40th Court Pompano Beach

Our secondary storage facility at 2040 NW 40th Court in Pompano Beach, located on the same street as the primary storage site, encompasses approximately one acre and offers outdoor capacity for over 100 vehicles, as well as 10,000 square feet of locked, secure indoor storage for up to 50 vehicles.

Emerald Transportation Corporation's primary dispatch center is a brand-new, state-of-the-art facility equipped with the latest technology to monitor and manage our fleet in real time. Utilizing the Samsara fleet management platform, Emerald can locate, monitor, and record truck activity nationwide. This facility is located at 2385 SW 66 Terrace, Davie, Florida.

In addition, Emerald maintains a fully redundant dispatch capability and periodically operates dispatch functions from its Pompano Beach location. This redundancy provides significant operational value during major weather events or in the event of internet or power outages. Emerald will always maintain the ability to receive incoming dispatches and continue uninterrupted operations should any single dispatch center experience a loss of power or connectivity.

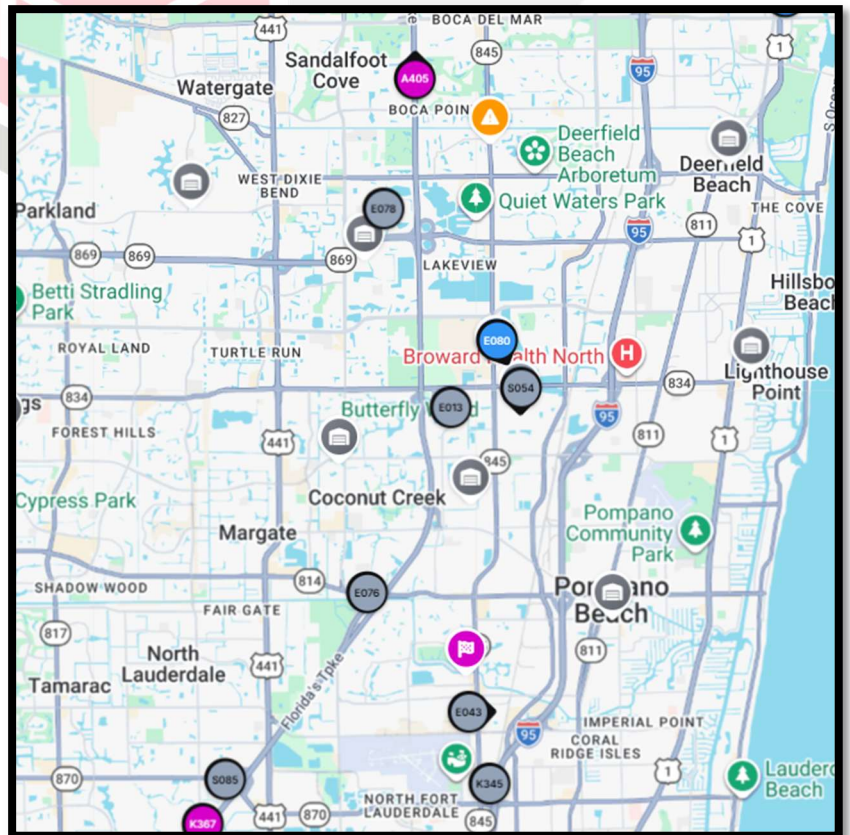

In the event of a widespread emergency affecting Broward County and resulting in extensive utility outages, Emerald has the capability to immediately relocate dispatch operations to any of its other facilities throughout the State of Florida, ensuring continuous service with no disruption to operations. Emerald Transportation Corporation is also equipped with a mobile Starlink Satellite System to restore full internet service communications to our terminals in 1 hours or less.

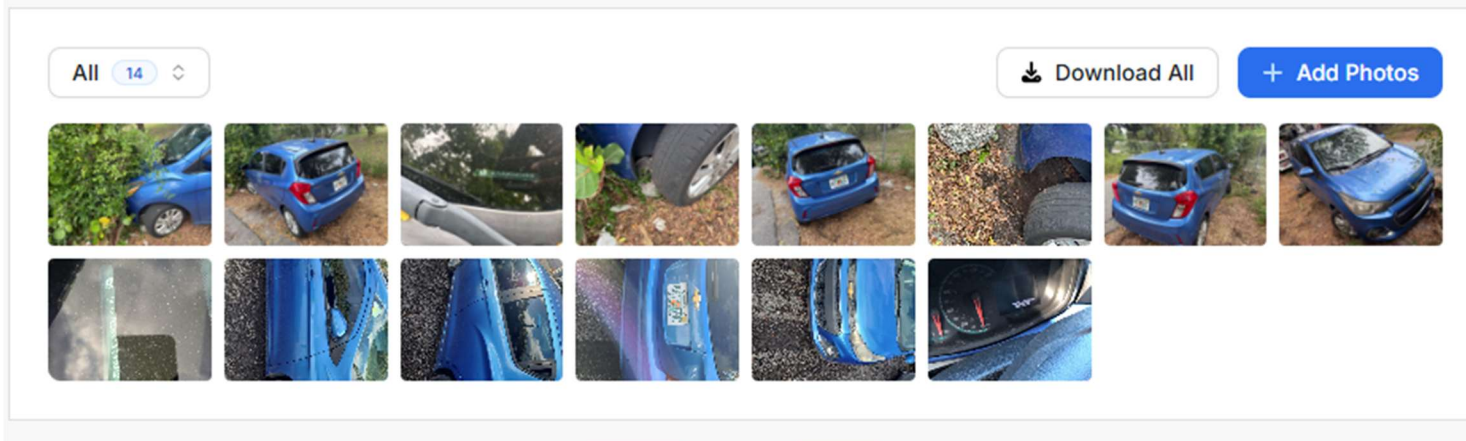

Emerald Transportation Corporation has utilized Towbook Management Systems for many years. Towbook is the industry's leading towing dispatch, inventory, and reporting platform. This comprehensive towing software is widely recognized within the industry and is used to manage all dispatch operations as well as the intake and tracking of vehicles in our impound facilities. Invoices, photographs, and all supporting documentation associated with each job are fully digitized and can be securely accessed for years with just a few keystrokes. The system also allows us to accurately categorize and report services such as tire changes, jumpstarts, accidents, arrests, investigations, and vehicle abandonments.

Each service call is assigned a unique call number within the system, allowing the job to be easily tracked, searched, and referenced through multiple searchable fields for complete accountability and record-keeping. Once a service call is entered by our dispatch team, it is instantly transmitted to the assigned driver through their company-issued tablet, allowing for fast and accurate communication. The dispatch details include the incident location and real-time routing information, enabling our team to efficiently navigate traffic conditions and consistently meet our 23-minute response time.

Upon the arrival of the incident, our operator takes photos of the vehicle at the incident scene and then again at the time of drop-off either at our secure storage facility or the customer's designated address. These photos are stored in our towing software and are attached to each invoice for proof of the condition of the vehicle both before and after towing. These pictures would be available to the City of Margate upon request.

Photos/Videos

Upon the arrival at our secure storage facility one of our impound staff members checks in the vehicle. At this time, the staff member ensures that the vehicle's VIN numbers are verified against the photographs taken by the operator. There will be additional photos taken of the vehicle if necessary. A paper file is then created, mirroring the electronic file, to ensure comprehensive and accurate documentation.

All copies of invoices, owner information, and all reports required by the ordinance are available in our dispatch system and custom reports can be generated upon request. For customer convenience vehicles in storage can be found by registered owner, date of tow, last four of the VIN number, tag number, make, model, color, police agency case number or reason towed. Please see below for an example of the Towing Activity Report and Vehicle Release Report.

At Emerald Transportation Corporation, we ensure compliance with all local and state regulations through our enterprise management software system. This system allows us to establish a dedicated account specifically for the Margate Police Department, with all Broward County-approved towing and storage rates programmed directly into the account.

To maintain accuracy and compliance, these rates are locked within the system and cannot be modified or altered by Emerald staff. This safeguard ensures that every invoice is generated using the correct approved rates, providing consistency, transparency, and confidence that the Margate Police Department and its residents are billed accurately every time.

Furthermore, Emerald Transportation Corporation will adhere to the Broward County towing rate structure in its entirety, including any amendments, adjustments, or revisions adopted by Broward County from time to time. The only change will be the items on the rate sheet we agreed to no charge or bill at a reduced rate.

As requested in this RFP Emerald Transportation Corporation will tow all city vehicles for free. Anything outside the city limits will be negotiated at a reasonable fee prior to the tow.

Once a call is entered into our system it will calculate mileage based off of Google Maps and will start calculating storage by using the time that the vehicle was dropped at our secure storage facility.

Emerald Transportation Corporation delivers 24/7 service by maintaining a rotating three-shift schedule for operators and dispatchers, strategically positioning tow trucks throughout the City of Margate, and utilizing our advanced dispatch software to manage calls efficiently. With 60 years of experience in Broward County, we adapt staffing levels to meet peak demand and adjust schedules as needed for storms, special events, or traffic emergencies. Our facility is staffed 24 hours a day, seven days a week, ensuring continuous service to the City.

Emerald Transportation Corporation fleet is equipped with Samsara Software. This fleet management platform can help with tracking our trucks in real time and maintaining our fleet. This program has many features that assist Emerald with 24/7 service by reducing downtime of our trucks through their maintenance tools and also in allowing our dispatchers to provide our customers with the most accurate etas.

Emerald's management team will communicate directly with the different departments to understand what their expectations are for the next five-year term. We will facilitate any new needs these departments require within the scope of the agreement. Emerald agrees to perform with the same standard of service as we have for many years during our other municipal contracts; we will continue to be successful in fulfilling the benchmarks that are not only required but show a continuance of our current performance techniques and commitment.

We prepare for two weather events that happen daily: sunrise and sunset – thus, morning rush hours and evening rush hours. Emerald always anticipates inclement weather conditions, keeping The Weather Channel open on the computer in our offices, as well as road construction and traffic inhibitors by watching the various highway circuit cameras and utilizing our GPS Samsara mapping software for the county showing our trucks live feed and the traffic pattern slowdowns in their area. It has become a familiar practice of Emerald to improvise and adapt to the ever-changing roadway environment, and the use of the tools of technology surrounding us to improve our response times that we must do on a daily basis.

Emerald Transportation Corporation complies with Florida Statute 166.04465, which requires a fee equal to 25% of the applicable tow charge to be collected on vehicles towed on behalf of the Margate Police Department and released to the owner or responsible party upon payment. Emerald will assess this fee on all applicable tows performed under the contract and remit the required amount to the City.

Emerald currently administers and remits the City Fee for five municipalities and has established procedures in place to ensure full compliance with statutory and local requirements.

EXPERIENCE AND QUALIFICATIONS

Experience and Qualifications

James Jennings and Sean Loscalzo, two of our officers, have been at the forefront of all regulatory compliance at the county level working with Broward County Consumer Affairs on the current towing ordinance and at the State level in Tallahassee working on the most recent Florida State Statute 713.78, 323.001, 323.002 that became effective on July 1, 2024. James Jennings is the Past President of the Sunshine State Towing Association as well as a current board member of the Towing Recovery Association of America and the International Towing and Recovery Museum in Chattanooga Tennessee. These organizations are well versed in the needs of the towing professional and the safety of their members and customers that they serve. At Emerald we train our staff and operators and educate them on City, County, State and Federal regulations to ensure that we will continually remain compliant with the City of Margate. We are well versed in the Broward County Towing Ordinance and the Florida State Statute 713.78 that governs our industry.

With Emerald Transportation Corporation, and its management team having a total of over 200 years in the Towing, Recovery, Storage and Specialized Transportation Industry, we have the knowledge and experience to facilitate this RFP. Below you will find the specific personnel who will be assigned to this contract.

As a subsidiary of Guardian Fleet Services, Emerald Transportation Corporation, benefits from a fully staffed safety division dedicated to upholding the highest standards. This specialized team oversees comprehensive programs including training, accident reviews, driver's license verification, and random drug testing. To manage our operators effectively, we utilize a robust software system called Embark Management Systems. This innovative program provides real-time monitoring of all operators' licenses, ensuring we are immediately aware of upcoming expirations, suspensions, or any other issues that might affect an operator's eligibility to operate a motor vehicle.

Emerald Transportation Corporation, rewards safe driving behavior through several incentive programs for drivers who achieve high safety scores each month. We track performance across seven key risk factors: crashes, harsh driving, distracted driving, collision risk, traffic signs & signals compliance, speeding, and policy violations. The goal of these initiatives is to proactively prevent accidents, moving violations, damage to customer vehicles or equipment, and Department of Transportation (DOT) citations. To support this, we hold monthly safety meetings for all operators and managers to address any emerging issues and promote continuous improvement.

Emerald Transportation Corporation offers online defensive driver training sessions through the Smith System Program. This online based platform provides training classes on different informative materials and educational videos that our operators are able to use on a day-to-day basis on the roadway.

The rapid pace of technological change in motor vehicles necessitates continuing education to ensure safer and more efficient towing practices. If you have ever used Apple, Google or Waze mapping to arrive to your destination timely, you should have started to notice messages of disabled vehicles or vehicle crashes ahead. We have taken advantage of this new technology installing a device in each of our vehicles providing a service which activates when the emergency vehicle lights are activated sending out a message to inform the motoring public to slow down and move over for emergency vehicles with Emerald working in the roadway. It will display in the map and send out an audible message. This new technology, called Haas Alert, assists in everyone's safety: the motoring public, and especially all the vulnerable emergency responders in the roadway including tow operators, law enforcement and fire/rescue.

Our trucks are equipped with Electronic Logging Devices (ELDs) and utilize video from multiple on-board cameras to monitor hours of service and track each driver's progress on their requested routes. As technology continues to grow within our industry we will continue to grow and advance. There can and always be room for improvement and we plan to stay on the forefront of newly developed technology.

For over 65 years, Emerald Transportation Corporation has proudly supported local and state fire rescue departments with specialized extrication and tanker recovery training. Recognized with numerous awards for our dedication to cross-training, we provide vehicles and facility access to fire rescue personnel from Miami to West Palm Beach. Our team facilitates realistic, supervised, live-action training scenarios using our equipment to ensure emergency responders are prepared for real-world incidents.

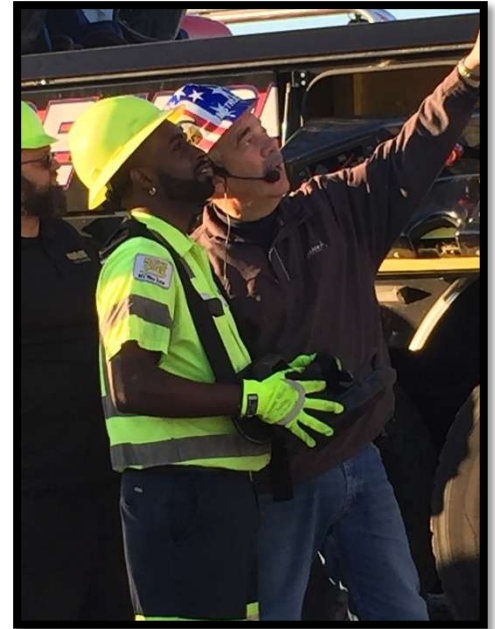

Emerald Transportation Corporation integrates comprehensive safety and customer service training into every stage of employment, starting from the initial job interview. Prospective applicants learn that these principles are core responsibilities for all staff. Whether joining as a driver, dispatcher, or office team member, training is continuous.

Our company employee and driver training process will be unique to the City of Margate in that all key staff will be versed in the towing agreement and in the Broward County Towing Ordinance. While training and certifying our drivers to operate the equipment is a fundamental part of their training, they will also understand how critically important details such as safety, response times, crime scene protocol, On-Hold vehicle handling procedures, fatality accident protocol, confiscation vehicles, evidence securement, storage requirements, personal property securement, site clean-up, towing rates and storage, radio and GPS communication, and customer service with respect to vehicle owners and City employees.

Our training and certifications include: SSTA Light, Medium-Heavy, Ultra Heavy, TRAA Level 1, 2 and 3 Certification, Federal Highway Traffic Incident Management, SHARP 2 TIM Certifications, OSHA required Personal Protective Equipment (PPE) Training, ANSI Class 3, OSHA Hazard Communication Standard, OSHA Blood Borne Pathogen Training & HEP-B Vaccinations, MUTCD Part 6-I Maintenance of Traffic (MOT) for First Responders, Electric Vehicle Training-ESA Certification, Forklift Certification, OSHA Standard, Fire Safety Awareness, Fire Extinguisher Training, OSHA Required Standard, State of

Florida Traffic Incident Management for Emergency Responder Course, I-95 Corridor Coalition Core Competency, Traffic Incident Management, and continuing education through TRAA, SSTA, Miller Rotator School, OSHA Heavy Rigging, SSTA-Tom Luciano Ultra Heavy Duty Rotator Recovery School, Florida Turnpike, Safety and Operations for First Responder Supervisors: FMCSR 49CFR Part 382.603 Controlled Substance Awareness, OSHA Fall Protection Training.

At Emerald Transportation Corporation we are committed to Safety and Training and to being fully compliant with all City, County, State, and Federal regulatory agencies.

Emerald Transportation Corporation has consistently renewed contracts or been re-awarded contracts with its client agencies, in many cases for decades at a time. Emerald has never been denied a contract renewal. On the contrary, once engaged by an agency, Emerald is routinely invited to continue providing its award-winning services.

At no time has Emerald Transportation Corporation lost a contract or had a contract terminated for cause or for convenience anywhere within the State of Florida.

Mr. Jim Jennings, Jr.
President, Emerald Towing
4400 North Powerline Road
Deerfield Beach, Florida 33073

January 12th, 2026

Dear Jim,

I am delighted to provide this recommendation letter to you as part of the current Request For Proposal (RFP) process for the City of Pompano Beach's "VEHICLE TOWING AND WRECKER SERVICES" contract.

As you are aware, and for the benefit of others, I was on the selection committee for a similar RFP in 2010. In my role as Executive Captain for the Broward Sheriff's Office, Pompano Beach District, and with my experience as a Traffic Homicide Investigator and former supervisor of the Police Department's Traffic Enforcement, I conducted on-site visits and inspections of the three bidders, including Emerald Towing. Your company scored the highest among the companies, including one that had contracted with the City for decades. The professionalism of Emerald Towing Corporation, as observed in 2010, was top-notch across all categories scored. The equipment, experience, and training were and remain exemplary. Additionally, you, your family, and your employees demonstrated professionalism beyond reproach.

After the RFP process was concluded, in which Emerald Towing was ranked 1st, the City Commission approved the results and directed City personnel to negotiate a contract with your company. Again, I was tasked with assisting the City Attorney's Office with language for the future contract. I cannot

stress enough the importance of not only having this contract detailing the company's towing responsibilities, but also of fulfilling these obligations and adhering to it. Once the contract was ratified, I was responsible for monitoring compliance. I found your company compliant with the contract, with personnel performing their duties professionally, and Emerald Towing engaging with the Pompano Beach community. Any issues that arose were addressed swiftly and, in most cases, in the customer's favor. Events such as BSO's Christmas Extravaganza and Truck-or-Treat, along with other City and Fire Department events, demonstrate your interest in being part of this City's fabric. In addition, I worked with your Company as a liaison with BSO's Fleet Services, particularly their Fleet Manager, Mr. Scott Barnett. Once again, you and your company's ability to work well within the scope of the contract, but most importantly, with key partners, is a standard others can only strive for. In other words, Emerald Towing has set a very high bar for others to follow.

In January of 2024, I retired from the Broward Sheriff's Office after 47 years of both military and civilian law enforcement experience. Emerald Towing was there to wish me well on my new adventure, for which I will be forever grateful.

To whom it may concern, I wholeheartedly recommend and would ask you to consider Emerald Towing as the City's contracted towing company once again. The past 10 years have been a keen partnership that should continue. If I can be of any assistance to the committee or if you wish to reach out to me, I am available at any time.

Sincerely,

Robert "Wayne" Adkins Sr.

Emerald Towing
4000 N Powerline Rd
Pompano Beach, FL 33073

Dear Emerald Towing Team,

On behalf of the Broward Sheriff's Office Department of Fire Rescue, I would like to extend our sincere appreciation for your continued support of our vehicle extrication training operations.

Your team has consistently demonstrated excellent communication, professionalism, and a genuine willingness to accommodate our training needs. The variety of vehicles you provide allows our personnel to train on multiple extrication techniques in realistic conditions, significantly enhancing the quality and value of our training.

We are especially grateful for your flexibility in relocating vehicles and adjusting orientations to support specific training objectives. Your facility provides a safe, practical environment that supports effective hands-on instruction and skill development.

Your partnership plays an important role in strengthening firefighter readiness and safety, and we truly value the relationship we have built with Emerald Towing. Thank you for your continued support and collaboration.

Respectfully,

A handwritten signature in black ink, appearing to read "Michael Dominguez".

Mr. James Jennings
Emerald Towing
1980 NW 1st Ave.
Boca Raton, FL 33432

Dear Mr. Jennings:

Please accept sincere thanks from the 100 Club of South Palm Beach County. Your many years of ongoing assistance to the Boca Raton Police, Boca Raton Fire Services, PBSO and Florida Highway Patrol in supporting the 100 Club has been wonderful

Please know we are thankful for contributors like you in assistance to those who serve us in public safety-Hats off to all at Emerald!

Thanks for all that you do!

Best regards,

Paul, M Lawless – President.

ANTHONY RIZZOSM
FAMILY FOUNDATION

November 15, 2015

Emerald Transportation
4000 Powerline Rd.
Pompano Beach, FL 33073

From all of us at the Anthony Rizzo Family Foundation, thank you for your in kind sponsorship to the Anthony Rizzo Family Foundation. The event raised \$200,000 for cancer research and support.

The Anthony Rizzo Family Foundation is a non-profit 501 (c)(3) organization founded by Chicago Cubs First Baseman, Anthony Rizzo. Anthony realized during his own battle with cancer that no matter how difficult fighting cancer was, it was even more difficult for his family. Anthony believes that an individual does not battle cancer alone, but that the whole family does. The mission of the Anthony Rizzo Family Foundation is to raise money for cancer research and to provide support to children and their families battling the disease. Every family deserves a fighting chance.

All sponsorships from the event were processed by the Anthony Rizzo Family Foundation, a non-profit organization, federal tax identification number is 45-5636633, and this letter constitutes your receipt. This letter also acknowledges that the fair market value of the goods and services you received is \$ \$0.

Thank you again for all of your support of our efforts. Together we can knock Cancer out of the park!

Sincerely,

Laurie Rizzo
President

Pride in Service with Integrity

May 16th, 2012

Emerald Towing
4000 North Powerline Road
Pompano Beach, FL 33073

Dear Mr. James Jennings:

I am writing to express my appreciation for your contribution of transportation of the golf carts for the Fallen Heroes Golf Tournament which occurred on January 28th, 2012.

Thank you for your assistance in this matter.

Sincerely,

A handwritten signature in blue ink, appearing to read "Neal Glassman", is written over the word "Sincerely,".

Lt. Neal Glassman
Deerfield Beach District

Sheriff Scott Israel

LETTER OF COMMENDATION

TO WHOM IT MAY CONCERN:

I WOULD LIKE TO RECOGNIZE THREE EMPLOYEES OF EMERALD'S TOWING FOR THEIR OUTSTANDING SKILLS AND PERFORMANCE OF THEIR DUTIES. ON SUNDAY, AUGUST 26, 2018, THE BROWARD SHERIFF'S OFFICE WAS INVESTIGATING A DEATH OF A PERSON THAT WAS LOCATED IN A SUBMERGED VEHICLE. THE VEHICLE WAS IN 15 FEET DEEP OF WATER AND AT LEAST A HUNDRED FEET FROM THE SHORELINE. THREE EMPLOYEES FROM EMERALD'S TOWING, ADAM MARCUS, CESAR RODRIGUEZ, AND BRIEN BACHAN, ARRIVED ON SCENE TO HANDLE THIS COLOSSAL TASK. USING THEIR KNOWLEDGE, SKILLS, AND INOVATION, THEY WERE ABLE TO RECOVER THE VEHICLE IN A SAFE AND EFFICIENT MANOR, ALL WHILE TO PRESERVE THE EVIDENCE THAT THE VEHICLE CONTAINED. ON SEVERAL OCCASIONS DURING THIS MISSION, THESE EMPLOYEES WERE TASKED WITH SEVERAL CHALLENGES IN WHICH THEY ANSWERED THE CALL EACH TIME WITH PROFESSIONALISM AND ENTHUSIASM. ADAM MARCUS, CESAR RODRIGUEZ, AND BRIEN BACHAN ARE CLEARLY ASSETS TO YOUR COMPANY AND THE BROWARD SHERIFF'S OFFICE IS PROUD TO WORK WITH EMPLOYEES WITH SUCH DEDICATION TO THE JOB.

SINCERELY: DETECTIVE DAN KRSTYAN / BROWARD SHERIFF'S OFFICE

**CRIME SCENE UNIT 954-831-6412
danny_krystyan@sheriff.org**

To whom it concern:

I am writing this letter on behalf of the Deerfield Beach Fire/Rescue Extrication Team. I would first like to say how it has been a pleasure to work with Emerald Towing over the past seven years. Their commitment to the Fire Department Extrication Team has been paramount to our success in competitions and training. Prior to competing we train five to six times in the weeks leading up to the competition. Emerald donates multiple cars and a wrecker for the day so we go through different scenarios. They assist us with lifting cars, stacking cars, smashing cars and then removing them when we are finished. This support is necessary for our team to perform at a high level which has allowed us to place in the top three in the county in extrication competitions multiple times. I cannot thank Emerald enough for their time and partnership that they have showed to us and the Fire Department of Deerfield Beach.

We have had other towing companies in the past which have provided us with towing services, but never has there been a company as active or progressive as Emerald. I have no doubt the support of Emerald towing has led to an improvement in our extrication techniques which is no doubt improved our ability to help our citizens. Due to the relationship we have formed with Emerald I look forward to working with them for years to come.

Sincerely,

A handwritten signature in black ink that reads "Kyle Van Buskirk". The signature is written in a cursive, slightly slanted style.

Patrick, On behalf of the Broward County Sheriff's Office, I would like to thank Emerald Towing for their contribution to this year's Uniting Broward Event in Deerfield Beach. Because of your generous donation the citizens of Broward County were able to see demonstrations done by the Broward County Fire Rescue. Your support helps us continue in our mission and to assist those in our community. The generous support from individuals like you make it possible for our community events to exist and to make the community a great place to live. Thank you again for your support.

Thank you,

Subject: RE: Retrieval of Honda CR-V

Hi Christine,

I hope you're doing well. First, I want to thank you for all that you do for us. I know at times it's difficult to store all of our vehicles and I want you to know it really is appreciated. In regards to picking up the vehicle in Bradenton tomorrow, I believe Amber has made arrangements for the vehicle to be moved to our storage facility on Friday. If she hasn't already notified you, you may want to give her a call. So we would only have to store it at your facility overnight. If you need anything please let me know.

Again, thank you for all your hard work,

Bobby

Top 5 Reasons to Award Emerald Transportation Corporation

1. Experience:

We bring decades of highly experienced trained operators, administrative staff and a stellar management team providing top-tier service for the City of Margate and numerous government agencies in South Florida. You can have all the equipment in the world, but there is no substitute for experience. James Jennings is a Founding Member of the Sunshine State Towing Association and is a past President of the association. Currently Jim sits on the board of the International Towing and Recovery Hall of Fame and Museum in Chattanooga TN and is 1st Vice President of the Towing and Recovery Association of America located in Washington DC. Jim also holds certifications in all classes of towing operations including tank truck recovery, air cushion recovery systems, ultra-heavy duty rotator training and is a past instructor for both the SSTA Ultra Heavy Duty-Rotator Training Class and Ex-Team Heavy Rescue Training and is an instructor for the Federal Highway Administration TIM-SHRP 2 Traffic Incident Management Training Program. Jim's awards from the industry and partners include those from FDOT, American Towman, Florida Turnpike Enterprise, TRAA and numerous recognition awards from local Fire rescue agencies for assistance in vehicle extrication training.

2. Education:

All our operators are certified for the type of equipment they are operating. These certifications are nationally recognized training programs in towing and recovery for Class A, B and C Class towing equipment including Class D for Ultra Heavy-Duty Recovery and Rotator wreckers. Our certifications will be provided in this proposal. All our operators will be pre-approved to work for the City of Margate under this contract, including vigorous background checks, criminal history background checks, drug testing and operational awareness. Our interview process, evaluations, background checks and testing of all our employees through our experience will bring immediate value to the City of Margate.

3. Award Winning Performance:

Our Vice-President Sean Loscalzo is the founder of the Sunshine State Towing Association and current President. Sean has been awarded the American Towman Order of Towman Award three times over the decades; this award is only given to the top twenty operators nationwide annually. This nomination for the Order comes strictly from Law Enforcement and selected by peers in the industry. Sean also received the Responder of the Quarter twice by the State of Florida for outstanding performance in traffic clearance and the Outstanding Achievement Award for tireless dedication to the Broward County Traffic Incident Management Team. He has also been awarded as a Patriotic Employer by the Office of the Secretary of Defense for contributing to the national security and protecting Liberty and freedom by supporting employee participation in Americas National Guard. Sean was also recognized by the Florida Highway Patrol with the Troop Commanders Award for help in the recovery efforts of Hurricanes having impacted the State of Florida.

4. Arsenal of Equipment:

As a Guardian owned company, no one company has the arsenal of equipment that Emerald Transportation Corporation and Guardian Fleet Services has available from small wreckers and flatbeds to Ultra Heavy-Duty rotating wreckers. We have more heavy equipment than any other provider with 7 Ultra Heavy Rotating Wreckers all within the South Florida market.

5. Location:

Access to our 4-acre facility is easy as we are located on Powerline Road adjacent to Sample Road within all boundaries of the RFP and within easy access to I-95, the Florida Turnpike and the Sawgrass Expressway for any customers that live outside of the City of Margate and need to travel to our facilities.

Re: Emerald Towing

To Whom It May Concern:

We are pleased to have the opportunity to write a letter of recommendation on behalf of our client Emerald Towing. We consider Emerald Towing. as one of our outstanding and most valued clients, in whom we have the highest confidence. Through the years this company has, in our opinion, remained properly financed, well equipped and capably managed.

Arch Insurance Company is listed on the U.S. Treasury Departments list of acceptable sureties and is rated A+ XV by A.M. Best and is currently providing payment and performance bonds for Emerald Towing with single project limits up to \$100,000 and an aggregate uncompleted backlog up to \$100,000. This; however, is not considered their maximum bonding capacity. Accordingly, we would anticipate no difficulty in providing the customary performance and payment bonds on behalf of Emerald Towing, if they are awarded a contract within those parameters.

Please note that the decision to issue performance and payment bonds is a matter between Arch Insurance Company and Emerald Towing and will be subject to the standard underwriting practices and policies in effect at the end of the final bond request, which will include but not limited to the acceptability of the contract documents, bond forms, and financing. We assume no liability to third parties or to you if for any reason we do not execute said bonds.

Sincerely,

Tara Smith,
Surety Administrator
