

# Margate Police Department

ACCREDITED LAW ENFORCEMENT AGENCY

## MEMORANDUM

TO: Kevin Stransky, Major

FROM: Mary Crabtree, Sergeant

DATE: January 14<sup>th</sup>, 2025

SUBJECT: Trimble Laser Scanning System with Accessories and Software

I am requesting the purchase of a Trimble Laser Scanning System, including accessories and software. Due to recent changes in towing laws, the ASA requires that the involved vehicles be scanned within the first 30 days of being held. Currently, we rely on other agencies to borrow their scanners, which has caused problems for several of our investigations. These agencies often do not respond with the necessary urgency.

Additionally, our department lacks an updated laser measuring system for scene mapping. The Trimble Laser Scanning System would address both of these needs. The quoted price for the system is \$74,651, which includes a two-week training course for up to five people to ensure we can utilize the equipment effectively.
