#### BID PROPOSAL FORM BID NO. 2026-004

BID TO: CITY COMMISSION CITY OF MARGATE

 The undersigned bidder proposes and agrees, if this bid is accepted, to enter into an Agreement with the City in the form included in the Contract Documents to perform the Work as specified or indicated in said Contract Documents entitled:

# AGGREGATES, TOP SOILS AND SAND (CO-OP BID) BID NO. 2026-004

- 2. Bidder accepts all of the terms and conditions of the Contract Documents, including without limitation those in the Notice Inviting Bids and Instructions to Bidders, dealing with the disposition of the Bid Security.
- 3. The bid will remain open for the period stated in the Notice Inviting Bids unless otherwise required by law. Bidder will enter into an Agreement within the time and in the manner required in the Notice Inviting Bids and the Instructions to Bidders, and will furnish the insurance certificates, payment bond, and performance bond required by the Contract Documents.
- **4.** It is the Contractor's responsibility to contact the City at (954) 935-5346 prior to the bid opening to determine if any addenda have been issued on the project. Bidder has examined copies of all the Contract Documents including the following addenda (receipt of all of which is acknowledged):

Number	Date	

- 5. Bidder has familiarized himself with the nature and extent of the Contract Documents, Work, site, locality where the Work is to be performed, the legal requirements (federal, state and local laws, ordinances, rules and regulations), and the conditions affecting cost, progress or performance of the Work and has made such independent investigations as Bidder deems necessary.
- 6. This bid is genuine and not made in the interest of or on behalf of any undisclosed person, firm, or corporation and is not submitted in conformity with any agreement or rules of any group, association, organization, or corporation. Bidder has not directly or indirectly induced or solicited any other bidder to submit a false or sham bid. Bidder has not solicited or induced any person, firm or corporation to refrain from bidding and bidder has not sought by collusion to obtain for itself any advantage over any other bidder or over the City.

To all the foregoing, and including all Bid Schedule(s) and Information Required of Bidder contained in this Bid Form, said bidder further agrees to complete the Work required under the Contract Documents within the Contract Time stipulated in said Contract Documents, and to accept in full payment thereof the Contract Price based on the Total Bid Price(s) named in the aforementioned Bidding Schedule(s).

## COMPLIANCE WITH OCCUPATIONAL SAFETY AND HEALTH ACT (O.S.H.A.) AGGREGATES, TOP SOILS AND SAND BID NO. 2026-004

Bidder certifies that all material, equipment, etc. contained in this bid meet all O.S.H.A. requirements. Bidder further certifies that if he/she is the successful bidder, and the material, equipment, etc., delivered is subsequently found to be deficient in any O.S.H.A. requirement in effect on date of delivery, all costs necessary to bring the material, equipment, etc. into compliance with the aforementioned requirements shall be borne by the bidder.

## OCCUPATIONAL HEALTH AND SAFETY DATA SHEET REQUIRED:

In compliance with Chapter 442, Florida Statutes, any item delivered from a contract resulting from this bid must be accompanied by a SAFETY DATA SHEET (SDS). The SDS must include the following information:

- A. The chemical name and the common name of the toxic substance.
- B. The hazards or other risks in the use of the toxic substances, including:
  - 1. The potential for fire, explosion, corrosivity and reactivity;
  - 2. The known acute and chronic health effects of risks from exposure, including the medical conditions which are generally recognized as being aggravated by exposure to the toxic substance; and
  - 3. The primary routes of entry and symptoms of overexposure.
- C. The proper precautions, handling practices, necessary personal protective equipment, and other safety precautions in the use of or exposure to the toxic substances, including appropriate emergency treatment in case of overexposure.
- D. The emergency procedure for spills, fire, disposal, and first aid.
- E. A description in lay terms of the known specific potential health risks posed by the toxic substances intended to alert any person reading this information.
- F. The year and month, if available, that the information was compiled and the name, address and emergency telephone number of the manufacturer responsible for preparing the information.

## DRUG-FREE WORKPLACE PROGRAM FORM AGGREGATES, TOP SOILS AND SAND BID NO. 2026-004

In accordance with Section 287.087, State of Florida Statutes, preference shall be given to businesses with Drug-free Workplace Programs. Whenever two or more bids which are equal with respect to price, quality, and service are received for the procurement of commodities or contractual service, a bid received from a business that certifies that it has implemented a Drug-free Workplace Program shall be given preference in the award process. In the event that none of the tied vendors has a Drug-free Workplace program in effect, the City reserves the right to make final Decisions in the City's best interest. In order to have a Drug-free Workplace Program, a business shall:

- 1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.
- 2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.
- 3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in subsection (1).
- 4. In the statement specified in subsection (1), notify employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contenders to, any violation of Chapter 893, Florida Statutes, or of any controlled substance law of the United States of any State, for a violation occurring in the workplace no later than five (5) days after such conviction.
- 5. Impose a sanction on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community by any employee who is convicted.
- 6. Make a good faith effort to continue to maintain a drug-free workplace through implementation. If bidder's company has a Drug-free Workplace Program, so certify below:

AS THE PERSON AUTHORIZED TO SIGN THE STATEMENT, I CERTIFY THAT THIS FIRM COMPLIES FULLY WITH THE ABOVE REQUIREMENTS.

SIGNATURE OF BIDDER: \_\_\_\_\_ DATE: 10/29/25

## SCRUTINIZED COMPANIES CERTIFICATION

I hereby swear or affirm that as of the date below this company is not listed on a Scrutinized Companies list created pursuant to 215.4725, 215.473, or 287.135, Florida Statutes. Pursuant to 287.135, Florida Statutes I further affirm that:

- This company is not participating in a boycott of Israel such that it is not refusing to deal, terminating business activities, or taking other actions to limit commercial relations with Israel, or persons or entities doing business in Israel or in Israeli-controlled territories, in a discriminatory manner.
- 2. This Company does not appear on the Scrutinized Companies with Activities in Sudan List where the State Board of Administration has established the following criteria:
  - a. Have a material business relationship with the government of Sudan or a government- created project involving oil related, mineral extraction, or power generation activities, or
  - b. Have a material business relationship involving the supply of military equipment, or
  - c. Impart minimal benefit to disadvantaged citizens that are typically located in the geographic periphery of Sudan, or
  - d. Have been complicit in the genocidal campaign in Darfur.
- 3. This Company does not appear on the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List where the State Board of Administration has established the following criteria:
  - a. Have a material business relationship with the government of Iran or a government- created project involving oil related or mineral extraction activities, or
  - b. Have made material investments with the effect of significantly enhancing Iran's petroleum sector.
- 4. This Company is not engaged in business operations in Cuba or Syria.

## ACKNOWLEDGEMENT

## CITY OF MARGATE E-VERIFY FORM

Project Name:	City of Margate - Aggregates, Top Soils, and Sand (Co-Op Bid)
Project No.:	Bid No. 2026-004

## Definitions:

"Contractor" means a person or entity that has entered or is attempting to enter into a contract with a public employer to provide labor, supplies, or services to such employer in exchange for salary, wages, or other remuneration.

"Subcontractor" means a person or entity that provides labor, supplies, or services to or for a contractor or another subcontractor in exchange for salary, wages, or other remuneration.

Effective January 1, 2021, public and private employers, contractors and subcontractors will begin required registration with, and use of the E-verify system in order to verify the work authorization status of all newly hired employees. Vendor/Consultant/Contractor acknowledges and agrees to utilize the U.S. Department of Homeland Security's E-Verify System to verify the employment eligibility of:

- a) All persons employed by Vendor/Consultant/Contractor to perform employment duties within Florida during the term of the contract; and
- b) All persons (including subvendors/subconsultants/subcontractors) assigned by Vendor/Consultant/Contractor to perform work pursuant to the contract with the Department. The Vendor/Consultant/Contractor acknowledges and agrees that use of the U.S. Department of Homeland Security's E-Verify System during the term of the contract is a condition of the contract with the City of Margate; and
- c) Should vendor become successful Contractor awarded for the above-named project, by entering into this Contract, the Contractor becomes obligated to comply with the provisions of Section 448.095, Fla. Stat., "Employment Eligibility," as amended from time to time. This includes but is not limited to utilization of the E-Verify System to verify the work authorization status of all newly hired employees, and requiring all subcontractors to provide an affidavit attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. The contractor shall maintain a copy of such affidavit for the duration of the contract. Failure to comply will lead to termination of this Contract, or if a subcontractor knowingly violates the statute, the subcontract must be terminated immediately. Any challenge to termination under this provision must be filed in the Circuit Court no later than 20 calendar days after the date of termination. If this contract is terminated for a violation of the statute by the Contractor, the Contractor may not be awarded a public contract for a period of 1 year after the date of termination and shall be liable for any additional costs incurred by the City as a result of the termination.

Tropical Sands, Inc. 16000 SW 200th Street Miami, Florida 33187

Reference: Soil samples - Arsenic

NTES Project Number: L - 250968

Dear Sirs,

On September 8, 2025, Nelco Testing & Engineering Services, Inc. completed a soil testing analysis of a sample delivered to our facility for Arsenic testing. Tests were performed in general accordance with test designation EPA Method 6010D (SW-846): Inductively Coupled Plasma - Atomic Emission Spectrometry. Test results have been tabulated and are presented below.

SAMPLE	MATERIAL DESCRIPTION	Arsenic (AS) (mg/Kg)
TrSa-1	Krome – 50/50	1.8
TrSa-2	WRN - 70/30	2.2
TrSa-3	WRN – Topsoil	2.8
TrSa-4	WRN - 50/50	1.4
TrSa-5	Krome – Topsoil	2.6

We appreciate this opportunity to assist you in this project. If you have any questions or comments, please call us at (305) 259-9779.

> Respectfully Submitted, NELCO Testing and Engineering Services, Inc.

> > VM.B. Venkatesan Professional, Engineer No. 63107

according to the federal final rule of hazard communication revised on 2024 (HazCom 2024)

Date of issue: 01/17/2025 Version: 1,0

SECTION 1: Identification Identification

Product form

1,1.

Substance

Trade name CAS No

: Limerock

: 1317-65-3

Use of the substance/mixture

: Component for road construction, asphalt pavement, and ready-mix concrete

White Rock Quarries 18300 NW 122nd Avenue Hialeah, Florida USA 33018

Phone: (305) 822-5322

Emergency telephone number 1.4.

Emergency number

: (305) 822-5322

## SECTION 2: Hazard(s) identification

2.1. Classification of the substance or mixture

**GHS-US** classification

Not classified

Label elements 2.2.

GHS-US labelling

No labelling applicable

2.3. Other hazards

other hazards which do not result in : Dust may cause mechanical irritation, classification

Unknown acute toxicity (GHS US) 2.4.

Not applicable

### SECTION 3: Composition/information on ingredients

### 3.1. Substance

Name	Product identifier	%	GHS-US classification
Limestone	(CAS No) 1317-65-3	100	Not classified
(Main constituent)			
i la companya de la companya del companya de la companya del companya de la compa		and the second s	

3.2. Mixture

### Not applicable

### SECTION 4: First aid measures

4.1.

Description of first aid measures First-aid measures after inhalation

: Remove person to fresh air and keep comfortable for breathing. Obtain medical attention if breathing difficulty persists.

: Wash skin with plenty of water. If skin irritation persists, seek medical attention.

First-aid measures after skin contact First-aid measures after eye contact

: Do not rub the skin and eyes after direct contact with the product. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: get medical advice/attention. Do not attempt to manually remove anything stuck to the eye(s).

First-aid measures after ingestion

: Call a poison center or a doctor if you feel unwell.

Symptoms/injuries after inhalation

: Not expected to present a significant inhalation hazard under anticipated conditions of normal use. Dust may cause mechanical irritation.

# Safety Data Sheet

according to the federal final rule of hazard communication revised on 2024(HazCom 2024)

Symptoms/injuries after skin contact

: Not expected to present a significant skin hazard under anticipated conditions of normal use. Dust may cause mechanical irritation.

Symptoms/injuries after eye contact

: Not expected to present a significant eye contact hazard under anticipated conditions of normal

use. Dusts are mechanical irritants.

01/17/2025

EN (English)

Page 1

Symptoms/injuries after ingestion Not expected to present a significant ingestion hazard under anticipated conditions of normal use. May cause gastric irritation. 4.3. Indication of any immediate medical attention and special treatment needed Treat symptomatically.

# SECTION 5: Firefighting measures

Extinguishing media

Suitable extinguishing media : Water spray. Dry powder. Foam. Use extinguishing media appropriate for surrounding fire. Unsuitable

extinguishing media : None known.

Special hazards arising from the substance or mixture

Fire hazard

: Does not burn or support combustion. In case of fire it can release. Calcium oxides. Carbon dioxide.

Explosion hazard

: No direct explosion hazard.

Reactivity

: The product is non-reactive under normal conditions of use, storage and transport.

5.3. Advice for firefighters

Firefighting instructions

: Fight fire from safe distance and protected location. Do not approach fire except upwind and

only with proper skin and respiratory protection (supplied air only). Avoid generation of dust.

Protective equipment for firefighters

: Do not attempt to take action without suitable protective equipment. Self-contained breathing apparatus.

Complete protective clothing.

Personal precautions, protective equipment and emergency procedures 6.1.

General measures

: Limit access only to the necessary cleaning personnel. Ensure adequate air ventilation.

6.1.1. For non-emergency personnel

Emergency procedures

: Evacuate unnecessary personnel. Avoid raising powdered materials into airborne dust.

6.1.2. For emergency responders

Protective equipment

: Do not attempt to take action without suitable protective equipment. For further information

refer to section 8: "Exposure controls/personal protection".

6.2. Environmental precautions

Avoid release to the environment.

For containment

: Stop leak, if possible without risk. Contain and collect as any solid.

Methods for cleaning up

: Recover the product mechanically. Use good housekeeping practices to avoid rendering dust

airborne.

Other information

: Dispose of materials or solid residues at an authorized site.

6.4. Reference to other sections

For further information refer to section 8: Exposure-controls/personal protection.

# SECTION 7: Handling and storage

Precautions for safe handling

Precautions for safe handling: Ensure good ventilation of the work station. Wear personal protective equipment. Avoid creating or spreading dust.

Hygiene measures

: Do not eat, drink or smoke when using this product. Always wash hands after handling the product. Handle in accordance with good industrial hygiene and safety practices. 7.2.

Storage conditions: Store in a well-ventilated place. Keep cool. Incompatible materials: Strong acids.

# SECTION 8: Exposure controls/personal protection

Control parameters 8.1.

01/17/2025

EN (English)

2/6

# Safety Data Sheet

\_according to the federal final rule of hazard communication revised on 2024(HazCom 2024)

 Limerock (1317-65-3)

 OSHA
 OSHA PEL (TWA) (mg/m³)
 15 mg/m³ (total dust)

 5 mg/m³ (respirable dust)
 5 mg/m³ (respirable dust)

8.2.

Exposure controls

Appropriate engineering controls : Ensure good ventilation of the work station. Provide adequate ventilation to minimize dust

concentrations.

Hand protection : Protective gloves.

Eye protection Safety glasses. In case of dust production: protective goggles.

Skin and body protection : Wear suitable protective clothing.

Respiratory protection : In case of insufficient ventilation, wear suitable respiratory equipment. Where excessive dust

may result, wear approved mask.

Environmental exposure controls : Avoid release to the environment.

# SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

Physical state : Solid

Color : Off-white to light beige

Odor : No data available

Odor threshold : No data available

pH : 7.8 aqueous

suspension

Melting point : No data available

Freezing point : Not applicable

Boiling point : No data available

Flash point : Not applicable

Relative evaporation rate (butyl acetate=1) : No data available

Flammability (solid, gas) : No data available

Explosive limits : Not applicable

Explosive properties : No data available

Oxidizing properties : No data available

Vapor pressure : No data available

Relative density : Not applicable

Relative vapor density at 20 °C : No data available

Density : 2.85

Solubility : Water: Insoluble

01/17/2025 EN (English) 3/6

# Safety Data Sheet

according to the federal final rule of hazard communication revised on 2024(HazCom 2024)

Log Pow

: No data available

Auto-ignition temperature

: Not applicable

Decomposition temperature

: No data available

**Viscosity** 

: No data available

Viscosity, kinematic

: Not applicable

Viscosity, dynamic

: No data available

92

Other information

No additional information available

# SECTION 10: Stability and reactivity

10.1. Reactivity

The product is non-reactive under normal conditions of use, storage and transport.

10.2. Chemical stability

Stable under normal conditions. Hazardous polymerization will not occur. Possibility

10.3. of hazardous reactions

No dangerous reactions known under normal conditions of use.

10.4. Conditions to avoid

None under recommended storage and handling conditions (see section 7).

10.5. Incompatible materials

Strong acids.

10.6. Hazardous decomposition products

Under normal conditions of storage and use, hazardous decomposition products should not be produced. Emits toxic fumes under fire conditions. Calcium oxides. Carbon dioxide.

# SECTION 11: Toxicological information

Information on toxicological effects

Likely routes of exposure

: Ingestion; Inhalation; Skin and eye contact

Acute toxicity

Not classified

(Based on available data, the classification criteria are not met)

Skin corrosion/irritation

: Not classified

(Based on available data, the classification criteria are not met)

pH: 7.8 aqueous suspension

Serious eye damage/irritation

: Not classified

(Based on available data, the classification criteria are not met)

pH: 7.8 aqueous suspension

Respiratory or skin sensitization

: Not classified

(Based on available data, the classification criteria are not met)

Germ cell mutagenicity

: Not classified

(Based on available data, the classification criteria are not met)

Carcinogenicity

: Not classified

(Based on available data, the classification criteria are not met)

Reproductive toxicity

: Not classified

(Based on available data, the classification criteria are not met)

Specific target organ toxicity (single exposure)

: Not classified

(Based on available data, the classification criteria are not met)

01/17/2025

EN (English)

exposure)

: Not classified

(Based on available data, the classification criteria are not met)

(Based on available data, the classification criteria are not met)

Aspiration hazard

: Not classified

Symptoms/injuries after inhalation

: Not expected to present a significant inhalation hazard under anticipated conditions of normal use.

Dust may cause mechanical irritation.

Symptoms/injuries after skin contact

: Not expected to present a significant skin hazard under anticipated conditions of normal use.

Dust may cause mechanical irritation.

Symptoms/injuries after eye contact

: Not expected to present a significant eye contact hazard under anticipated conditions of normal

Symptoms/injuries after ingestion

use. Dusts are mechanical irritants. : Not expected to present a significant ingestion hazard under anticipated conditions of normal use.

May cause gastric irritation.

# SECTION 12: Ecological information

### 12.1. Toxicity

Ecology - general : The product is not considered harmful to aquatic organisms or to cause long-term adverse effects in the environment. Persistence and degradability

No. additional information available

12.3. Bioaccumulative potential

No additional information available

12.4. Mobility in soil

No additional information available

12.5. Other adverse effects

No additional information available

# SECTION 13: Disposal considerations

### 13.1. Waste treatment methods

Waste treatment methods: Disposal must be done according to official regulations.

Department of Transportation (DOT)

In accordance with DOT

Not regulated for transport
