C-TRANSMITTAL LETTER/UNDERSTANDING THE PROJECT

LETTER OF INTEREST:

Westway Towing is pleased to submit its proposal for Towing and Wrecker Services in response to the City of Margate Purchasing Department Request for Proposals. For over thirty years, Westway Towing has consistently met the specifications set forth in the City of Margate RFP and has completed comparable RFPs for sixteen other Broward County municipalities that require identical specifications. Our experience encompasses emergency response coordination with law enforcement and fire department partners, and we understand the expectations and obligations of public safety towing, including incidents such as accidents, breakdowns, code enforcement actions, confiscations, traffic-related investigations, DUI incidents, and driver arrests. To date, Westway Towing has performed tens of thousands of tows of this nature.

Drawing on our extensive experience and the range of services we provide to residents, we are confident that our approach to the City of Margate RFP for "Towing Services" will deliver the most effective and advantageous outcomes for the City. Westway Towing is fully prepared to perform the services described herein in accordance with the contract terms.

During the contract term, Westway Towing will comply with all applicable equal employment opportunity requirements and will not discriminate against any employee or applicant for employment based on race, religion, color, sex, national origin, or other protected characteristics. Westway Towing is committed to affirmative action and to ensure fair treatment of all employees in accordance with applicable laws and contract requirements.

The following personnel will be authorized to make representations for the proposer:

Ernie Brett Holcombe, President. Baheavyhauler@gmail.com - 954-684-4858

Gunnar Holcombe, Executive Vice President/CFO. Gunnar@westwaytowing.com - 954-857-6142

Darren Wells, Vice President Operations. Darren@westwaytowing.com - 561-729-9869

Westway Towing thanks the City of Margate for the opportunity to submit a response to the Towing and Wrecker Services Request for Proposal. The undersigned hereby certifies that the information contained in this proposal, including all attachments and amendments, is true, accurate, and complete to the best of the proposer's knowledge. The undersigned further affirms that the proposer will comply with all terms and conditions of the RFP, as amended, and with applicable federal, state, and local laws and regulations. This proposal remains in effect for ninety (90) days.

Signature:  Pres.

Printed Name: Ernie Holcombe

Title: President

Date: 6/10/2020

Westway Towing Inc. Federal Tax Id # 650160421, Florida Registration # F650160421-002.

Westway Towing is uniquely qualified to address the needs of the City of Margate. We distinguish ourselves through a strong commitment to customer courtesy and customer satisfaction, as demonstrated by our proven Past Performance, our mission statement, and the distinctive capabilities we offer.

MISSION STATEMENT

Westway Towing is committed to providing professional, efficient, and courteous towing and recovery services to drivers and passengers whose vehicles are inoperable.

Westway Towing operates one of the largest and most technologically advanced towing and storage networks in South Florida. Our state-of-the-art fleet comprises more than fifty towing and recovery units, enabling us to deliver services beyond the bid specifications in the municipalities we serve. With over thirty years of service in Broward County, Westway Towing has supported numerous cities, including Tamarac, North Lauderdale, Sunrise, Lauderdale Lakes, Weston, and Parkland through the Broward Sheriff's Office, as well as Fort Lauderdale, Lauderdale Hill, Hillsboro Beach, Hallandale Beach, Pembroke Pines, Miramar, and related special units. Our capabilities also include highway support along Florida Turnpike, I-95, I-75, and 595, through collaborations with the Florida Highway Patrol & Florida Department of Transportation. Westway Towing has managed high-complexity recoveries, including aircraft incidents on Commercial Boulevard, tractor-trailer rollovers on I-95, and a loaded gasoline tanker rollover on the Florida Turnpike. Our experience spans tire changes, lockouts, complex code enforcement scenarios, traffic crashes, beach condo garage service, and driver arrests. We also provide heavy equipment for large-scale cleanups via our grapple and dumpster roll-off fleet, and we maintain ongoing relationships for specialized debris removal. Our dive-team program supports underwater recoveries, where Westway Towing handles the majority of dive calls in the cities we serve. We have made these recoveries for more than eighteen years, supported by dedicated equipment and extensive training, with an outstanding safety record (no divers injured in underwater operations to date).

To ensure around-the-clock readiness beyond the stated RFP requirements, Westway Towing will maintain strategically located units within city boundaries to support seven-day, 24-hour towing and recovery operations. We will provide continuous coverage, with additional units during peak workload periods to meet the required twenty-minute response time. If a unit is temporarily reassigned, dispatch will immediately replace it to maintain coverage.

As the owner, I personally oversee the daily and weekly scheduling in coordination with our operations and dispatch managers. Based on over thirty years of municipal towing experience, we recognize the importance of maintaining staffing levels to meet emergencies and 24/7 demand. We use historical towing schedules to optimize holiday staffing and employ overlapping scheduling to always ensure driver availability.

TRAFFIC HOMICIDE AND CRIME SCENES

Westway Towing has been approved by the Broward Sheriff's Office, Fort Lauderdale Police Department, Lauderhill, Wilton Manors, Sunrise, Miramar, Hallandale Beach, Pembroke Pines, and the Florida Highway Patrol to service potential Traffic Homicide incidents. Our staff are experienced in recovering and securing vehicles in strict compliance with the requirements of on-site traffic investigations and crime scenes. Over the past thirty years, Westway Towing has collaborated closely with law enforcement, fire department investigators, and other emergency governmental agencies, gaining extensive experience in complex recoveries involving police, fire, and emergency services.

Westway Towing recognizes the critical importance of the "Vehicle Hold" process for police and fire investigators. The specialized handling of vehicle storage related to crime scenes is essential to criminal, death, and accident investigations. All vehicles towed and stored in connection with a crime scene investigation will be handled with appropriate protective measures and standards (gloves, cloth, rubber, or leather as appropriate) by our wrecker operators.

If directed by police, fire, or dispatch to place a hold on a vehicle, Westway Towing's dispatch system will assign an indefinite "HOLD" status until the jurisdiction releases the vehicle. A red HOLD indicator will appear on the tow ticket to inform all relevant personnel not to release the vehicle until authorized by the controlling jurisdiction.

CODE ENFORCEMENT

Westway Towing has delivered the full range of Code Enforcement Services for all jurisdictions we exclusively serve. Our electronic vehicle notification system is integrated with Florida state statutes and operates in real time with the Florida Department of Highway Safety and Motor Vehicles (FLHSMV). This system enables immediate access to owner information and timely notification of vehicle locations. Our management system automatically generates and transmits the necessary certified letters and documentation to all parties involved. The Lien Processing Department maintains records dating back up to five years to provide complete history on vehicles disposed of under our management. The department maintains direct communication with the respective code enforcement divisions.

Patricia Woodward, who leads the Lien Processing Department, will be your primary point of contact. She can be reached at (954) 731-1115. Patricia has overseen more than 1,000,000 vehicle files and is well known among the auto task force agencies for her diligence and professionalism.

This collaborative approach minimizes complaints and potential lawsuits arising from residents or businesses not complying with code enforcement policies related to towed vehicles.

In-house Management, Billing, and Pricing

Our integrated management system handles all reporting and billing. Contract prices are entered into and recognized within the system, and, due to time-sensitive pricing structures, the system automatically applies the appropriate service details to produce accurate invoices. From dispatch through job completion, service data are recorded and transmitted to accounts receivable, or invoices are produced in accordance with the RFP specifications for payment.

- We recognize that state regulations govern allowable compensation for towing services. The City's stated position in the RFP (for example, up to 25% of the towing hookup) will be accommodated by the management software, which can generate reports showing the amounts collected for the City of Pompano at any time.

Licensing, Compliance, and Local Regulation

- We maintain current awareness of Broward County licensing requirements and the Broward County Consumer Affairs/Towing Division regulations. We were active participants in the development of Broward County towing rules and regulations, and any fees charged will be those adopted by the Broward County Consumer Affairs Towing Division, as applicable.
- The City of Margate will not be responsible for the collection or payment of any charges for Westway dispatch services under this contract. **There will also be no charges for towing or recovering city vehicles within the tri-county area, this will save the City of Margate Money Due to WestWay adding Miami-Dade & Palm Beach vs only Broward County being No Charge for City owned Vehicles.**

Scope of Services and Added Value

- In addition to core towing services, Westway Towing offers special features and capabilities designed to maximize service effectiveness and deliver benefits to the residents of Margate.

ON-CALL CUSTOMER SERVICE VEHICLE

Westway Towing offers complimentary transportation for residents in need at accident or breakdown scenes when Westway is engaged to provide towing services for the City of Margate. We recognize that families may be traveling together to events or activities, and typical towing equipment may not accommodate multiple passengers. To prevent residents from being stranded, Westway Towing will, at no additional cost, transport affected residents to their home, a local car rental agency, or our primary office, as appropriate.

Westway Towing will deploy its 2025 GMC 4-Door SUV, dedicated to this complimentary transportation service, when scene conditions require transport beyond standard towing. Upon request by law enforcement or dispatch to provide this transportation, the vehicle will be dispatched concurrently with the tow unit.

This service is designed to support public safety by allowing officers to remain on patrol and respond to incidents, while ensuring residents are safely transported to a suitable location. This complimentary transportation is limited to the scope described above and will be performed in accordance with all applicable laws, regulations, and City policy.

MARGATE RESIDENTS RELEASE OF VEHICLE

If a vehicle is towed by the Police Department, applicable law requires the registered owner to appear with valid identification to release the vehicle. In recognition of the impact on residents who own only one vehicle, Westway Towing will provide transportation for the residents to the release location when needed, at no additional cost, to facilitate retrieval of the vehicle.

Additionally, if a resident wishes to release the vehicle to a third party (e.g., a repair technician), Westway Towing will accept a notarized email or other acceptable documentation containing the requisite information to authorize release, at no additional cost, where permitted by law and City policy.

These supplemental services are designed to reduce transportation costs and time burdens for residents during towing events, while ensuring compliance with legal and custodial requirements. Westway Towing acknowledges the challenges residents face when a vehicle is towed and has developed these options to alleviate inconvenience.

POLICE AND FIRE RESCUE TRAINING AT WESTWAY TOWING STORAGE FACILITY

Westway Towing has supported emergency responders and public safety training for more than 30 years, including providing hundreds of vehicles for training and exercises. We are the principal sponsor of the annual Fire Training Expo in Broward County. Our facilities will provide a ready training environment for our emergency responders. Rescue units can stage and respond from this site, enabling closer proximity for emergencies and reducing the need for extended response distances. **WestWay Towing will donate 20 vehicles per year to the City of Margate Police & Fire Department for training at no charge to the city.**

We also support the training of canine units used in drug detection and other specialized operations, leveraging our yards and training resources to enhance responder readiness. Westway Towing has served municipalities for three decades without any violations of RFP specifications or procurement requirements. We are confident that our experience aligns with the City's Towing Services RFP, and we are prepared to perform at a level that meets and exceeds expectations.

In addition to core towing services, Westway Towing anticipates active involvement in community and public-safety events organized by the city, including Parks and Recreation activities, the Boys and Girls Club, Shop with a Cop, Night Out Against Crime, and other community initiatives. We are committed to supporting these events not only financially but also through active participation as requested by the city. **In the past, WestWay has been part of Margate Autism Event by bringing our own Autism Wrapped tow trucks for display and for the kids to play with.**

Operations and Capabilities Westway Towing maintains state-of-the-art, commercially manufactured recovery and towing equipment and a highly specialized team of certified operators. Our qualifications section will further substantiate our capability to support extensive emergency towing operations with minimal need for third-party specialized services.

Fleet and Equipment

- Westway Towing owns and operates a predominantly in-house fleet, with approximately 95% of vehicles owned. Fleet turnover is managed to keep equipment in optimal condition, with typical replacement cycles of three to four years for wreckers and flatbeds.
- Our fleet includes large-capacity recovery units and heavy equipment for scene cleanup, including a bobcat with attachments, a Volvo L120 loader with bucket and forks, and an emergency-response trailer stocked with road patch materials, absorbents, and waste containment supplies.
- For major incidents, we maintain readily available dumpsters 24/7 and have established partnerships for sand, as well as a fully licensed Environmental Recovery Company.
- We maintain a dedicated heavy-response capability, including an on-call heavy-loader with operator at no additional cost, available to support the City of Pompano during major emergencies.

Maintenance and Safety

- All vehicles are maintained and inspected daily. Drivers perform pre-shift vehicle checks, with any mechanical issues reported to dispatch immediately.
- Routine maintenance is conducted by a full-time ASE-certified mechanic, with service performed every 7,500 miles, covering hydraulics, brakes, fluids, and related systems.
- We emphasize operational safety and image, and have been recognized by industry publications for excellence in service.

Personnel

- Westway Towing employs forty-eight full-time drivers and a total of seventy staff. All drivers are vetted by our insurance provider prior to active duty.
- New drivers undergo comprehensive screening, including background checks and interviews with multiple managers. We provide ongoing training, including licensing upgrades at the company's expense when applicable.
- All drivers participate in a 4-hour Traffic Incident Management (TIM) training course, Light Duty Towing Training, and FEMA training.

Operational Procedures

- Our incident response program includes procedures to restore traffic flow rapidly, contain scene debris, and minimize liability. Our crews are trained to open roads quickly and perform thorough cleanup to prevent secondary incidents.
- For large incidents, we offer an on-site heavy-gear support option (subject to city needs and approvals) to assist with scene management and post-incident recovery.

Insurance and Compliance

- Westway Towing holds the necessary general liability, auto, and workers' compensation coverage appropriate for providing services under the City of Pompano Beach RFP. We can name the City of Margate as an additional insured where required.

Diversity of Services and Collaboration

- We are prepared to integrate with City operations across a broad range of incident types, including traffic incidents, road closures, and field investigations, while maintaining adherence to all applicable laws, regulations, and City policies.

FACILITIES TO BE USED WITH THIS RFP

- Primary storage and operations facility: 3681 West Oakland Park Boulevard, Lauderdale Lakes, FL 33309. This four-acre site is the largest towing and storage facility in West Broward County, operating 24/7 to ensure rapid response and secure handling of all vehicles.
- Security: Eight-foot perimeter wall with extensive outdoor storage capable of accommodating over 400 vehicles. An on-site indoor secured storage area can accommodate 40+ vehicles requiring specialized handling for Police, Criminal, Accident, and Death investigations.
- Surveillance: Real-time monitored video surveillance with recording capabilities to ensure safety and traceability of all assets.
- Power and resiliency: Fully equipped emergency generator system capable of powering the entire facility during inclement weather or power outages.
- Emergency training and crime-scene support: A designated area within the facility provides an investigative lift, enhanced lighting, and tools for vehicles held for Police Crime Scene investigations. This area supports forensic handling, documentation, and, when necessary, controlled teardown of vehicles for in-depth examination, all in compliance with applicable laws and evidentiary standards.
- On-site amenities for investigators include an air-conditioned private office space, conference room, desks, landline phones, computers, printers, high-speed secured internet, and locked personal property storage with labeling, tagging, and Westway Inventory documentation.
- Staffing and access: A dedicated yard technician with forklift experience serves the site, available Monday–Friday 7:00 AM–7:00 PM, Saturday 7:00 AM–7:00 PM. When the technician is unavailable, the office supervisor arranges after-hours assistance. The site maintains a staff presence to support investigators and ensure efficient vehicle release.

Canine and specialized training support

- Facility resources support the training of emergency canine units (e.g., drug detection) using our yards and training spaces to enhance responder readiness.

Environmental and regulatory compliance

- Waste Management: We maintain three 50-gallon containment containers for non-dumpable materials, with disposal conducted by a licensed waste vendor. We maintain manifests to ensure compliance with waste disposal laws and regulations.
- Scene preservation: Drivers capture pre-loading photography of interiors, exteriors, and personal property, uploading images to the live tow invoice for traceability and liability mitigation.

Operations and Personnel

- Staffing: Westway Towing maintains a robust team with the capacity to support complex recoveries, investigations, and releases. All drivers undergo extensive background checks and insurance-approval processes prior to active duty.
- Release and property handling: We provide a streamlined process for personal property, licenses, and other items removed from vehicles, ensuring expedited and compliant release to owners or authorized representatives.

Licensing and compliance

- The Proposer will provide copies of general towing and wrecker service licenses as part of the bid package. Westway Towing is fully licensed to perform the services described and complies with all applicable state statutes and local codes and ordinances. We will name the City of Margate as an additional insured where required and maintain appropriate insurance coverage per the RFP.

WESTWAY TOWING ROLE

Brett Holcombe is the President and CEO of Westway Towing, Inc. While overseeing all aspects of the day to day company operations and growing his fleet to over 50 trucks and other equipment, he maintains a close relationship with law enforcement and fire rescue in multiple cities. Brett believes his staff must uphold the same high level standards as he does focusing on customer service which has led Westway Towing to be awarded several municipal contracts.

EXPERIENCE

Brett has been in the towing and automotive industry for over 40 years. In 1983 he started his career in Florida with US Garage in Sunrise Florida where he drove a tow truck was an ASE Certified mechanic servicing all aspects of automotive repair. In 1996 he became a TRAA certified tow operator (Level I, II, III), received AAA Tow Operator Award 5 times and GM Service Award for Excellence. He has knowledge of operating all types of tow trucks including flat beds, wheel lifts, medium duty, heavy duty and rotators.

WHY WESTWAY TOWING?

- ✓ 24/7 Emergency Response
- ✓ State-of-the-Art Fleet
- ✓ Highly Trained & Certified Operators
- ✓ Commitment to Safety

PAGES 24-27 OF THE ORIGINAL DOCUMENT HAVE BEEN REDACTED FROM THIS COPY DUE TO CONTAINING CONFIDENTIAL DRIVER'S LICENSE INFORMATION.

F.S. 119.0712(a)(b)

(a) For purposes of this subsection, the term "motor vehicle record" means any record that pertains to a motor vehicle operator's permit, motor vehicle title, motor vehicle registration, or identification card issued by the Department of Highway Safety and Motor Vehicles.

(b) Personal information, including highly restricted personal information as defined in 18 U.S.C. s. 2725, contained in a motor vehicle record is confidential pursuant to the federal Driver's Privacy Protection Act of 1994, 18 U.S.C. ss. 2721 et seq. Such information may be released only as authorized by that act; however, information received pursuant to that act may not be used for mass commercial solicitation of clients for litigation against motor vehicle dealers.

February 20, 2013

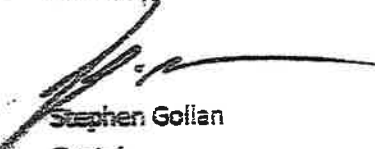

Mr. Darren Wells
WestWay Towing
3681 West Oakland Park Blvd
Lauderdale Lakes, FL 33311

Dear Sir;

Let me take this opportunity, on behalf of the Fort Lauderdale Fire Rescue Department, to thank you and your crew for your generosity. By granting us permission to train at your salvage yard, our newest firefighters were able gain tactile experiences that will ultimately help us to provide a superior service the citizens of Fort Lauderdale.

During our eight hour training session your crew went well out of their way to make sure that all of our needs were met. They provided us with four vehicles and staged them to simulate a realistic motor vehicle accident. This attention to detail allowed our new fire fighters to have hands-on training and demonstrate their ability to operate the tools in a proficient manner.

Sincerely,

Stephen Gollan

Darren Wells
Westway Towing
3681 West Oakland Park Blvd
Ft. Lauderdale, FL 33311

To Darren Wells and Westway Towing Staff,

On September 9th and 10th, 2014, the Fort Lauderdale Police Bomb Squad recently conducted monthly training at the War Memorial Auditorium in downtown Fort Lauderdale. The members of the Fort Lauderdale Police Bomb Squad continuously train as part of our commitment to keep the residents of the City of Fort Lauderdale safe and secure. The City of Fort Lauderdale and the Fort Lauderdale Police Bomb Squad would like to personally acknowledge your contribution and partnership to this successful training event. Thanks to your assistance, this training was a success. We appreciate your help in this endeavor and look forward to serving the City of Fort Lauderdale with you again.

Sincerely,

Lieutenant Patrick Hart
Bomb Squad Commander
Fort Lauderdale Police Department

FORT LAUDERDALE FIRE EXPO

December 11, 2014

Mr. Darren Wells
Westway Towing
3681 W. Oakland Park Blvd
Lauderdale Lakes, FL

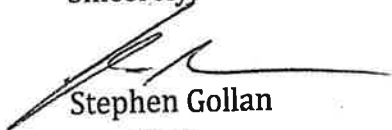

Mr. Wells;

On behalf of the Fort Lauderdale Fire Fighters Benevolent, I would like to take this opportunity to thank you and Westway Towing for your annual support of our Fort Lauderdale Fire Expo. This event is our annual event that is instrumental in raising funds to help firefighters that have been injured.

Over the last three years, your donation of over sixty cars has allowed us to continue this instrumental event. These donations have enabled us to train over 900 firefighters from across the state on tactile vehicle extrication. While supporting a great cause.

We look forward to a continued relationship with your agency.

Sincerely,

Stephen Gollan
Secretary

August 10, 2016

Westway Towing Broward Operations
3681 W. Oakland Park Blvd
Lauderdale Lakes, FL 33311

To Whom It May Concern:

On July 29th, 2016 a Mr. Gill was arrested by the Broward Sheriff's Office for an active warrant. Subsequent to his arrest, his vehicle was towed to Westway Towing for safekeeping. It was later learned that Mr. Gill was arrested on a warrant in which he already served months prior but the clerk of courts had not removed the "active warrant status" from the computer system. This caused a great financial hardship on Mr. Gill who now could not afford to pay the tow and storage fees.

On August 2, 2016 Sgt. Phillips reached out to Darren Wells from Westway Towing and explained to him the predicament Mr. Gill was in. Darren Wells was extremely understanding to Mr. Gills situation and on behalf of Westway Towing, was kind enough to forgive the storage and tow fees accumulated by Mr. Gills situation and released his vehicle.

On behalf of the Broward Sheriff's Office and the Tamarac District, I would like to thank Darren and Westway Towing for their generosity and expression of good will as we continue with our partnership in serving our citizens of Broward County.

Sincerely,

A handwritten signature in black ink, appearing to read "Neal Glassman", written over a horizontal line.

Captain Neal Glassman

FORT LAUDERDALE FIRE EXPO

November 15th, 2016

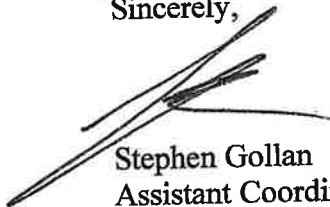

Dear WestWay Towing:

On behalf of the Executive Board of the Fort Lauderdale Firefighters Benevolent Association and all the members of the Fort Lauderdale Fire Department, I would like to personally thank you for sponsoring the 8th Annual Fire Training Expo.

With your support, the Fire Expo was a complete success! This years Expo attracted over 250 firefighters with many traveling from as far away as Argentina to attend. The training you helped provide, will assist firefighters from around the world, by providing them the opportunity to have hands on training that is often hard to facilitate.

We look forward to a long and prosperous relationship with you and your company. If there is anything the Fort Lauderdale Firefighters Benevolent can do for you, please do not hesitate to call.

Sincerely,

Stephen Gollan
Assistant Coordinator
Fort Lauderdale Fire Training Expo

To Whom It May Concern:

July 31st, 2017

It is my pleasure to write this letter of recommendation for Westway Towing. For many years this great company has worked hand in hand with the firefighters of Fort Lauderdale.

This company offers much more than what their title suggests. Under the awesome leadership of Craig and Darren, Westway has become a staple in the community. These men have ensured that their company is a prevalent force in the many fundraisers that accompany the Firefighters Union, Firefighters Benevolent, Fire Training Expo and the Firefighters Sick & Injured Fund.

On a professional note, our officers rely on and trust every hard working member that responds from Westway Towing. There is not an incident, emergency or situation that Westway can't handle. Our chief officers often lean on Westway's field supervisors when unique situations present while operating on our emergency scenes. The company is highly trained in many areas, which include dive emergencies, vehicle extrication, high angle rescues, trench & confined space emergencies and incidents where heavy rigging and large wreckers are needed. Again, there is not an emergency scene where Westway is not willing and able to provide assistance, an expert opinion or a special piece of equipment.

Most importantly, this company has become much more than a tow company. Craig and Darren have become our family and a part of the fabric of the Fire Service. Firefighters often use the word "brotherhood". Only a select few have the honor of being in this fraternity and these men and this company have proved to be a huge part of it.

For any additional info, feel free to contact me at anytime!

Sincerely,

Michael C. Salzano

WILTON MANORS

Paul O'Connell, Chief of Police

2020 Wilton Drive
Wilton Manors, FL 33305

April 13, 2017

To Whom It May Concern,

On January 1, 2015 Westway Towing began their professional partnership with the City of Wilton Manors and the Wilton Manors Police Department for towing services. Throughout the City's "Request for Proposals" process Westway Towing President Craig Goldstein and his team provided written and verbal commitment to provide professional and responsive towing services to our Agency and to be actively involved in our community. Mr. Goldstein and his team have fulfilled and continue to fulfill that promise in both routine and challenging circumstances. We have requested Westway Towing conduct some very challenging assignments and they have succeeded in handling these situations using specialized equipment, resources and highly trained personnel to accomplish these missions in a safe and thorough manner. In addition to the towing services provided, Westway Towing is an active member in our community by partnering with us in a D.U.I. prevention campaign, assisting during our special events, being involved in our youth mentoring programs and other community directed tasks and communications. We have found that through Mr. Goldstein's leadership his team remains committed to fulfilling our needs and the needs of our residents and visitors.

It is because of Mr. Goldstein's commitment to serving our agency and community and the trust and respect he and his team have earned during the first two (2) plus years of our partnership that I provide this recommendation to you. Should you have any questions please do not hesitate to contact me at (954) 390-2185 or gblocker@wmpd.org. Thank you!

Sincerely,

Gary Blocker

Lauderdale Lakes

FROM THE DESK OF MAYOR HAZELLE ROGERS

April 10, 2017

To Whom It May Concern:

With confidence, I am writing to provide a letter of reference for services of Westway Towing in the City of Lauderdale Lakes. During the past two decades, Westway Towing has handled emergency situations as the third leg of the emergency responders (Police, Fire and Towing Recovery). This is a monumental responsibility and has been executed with professionalism and consistency over time.

To my knowledge, Westway Towing has promptly responded to over 17,000 towing and recovery tasks and never once had to discuss any lack of performance. It is my belief that this level of service could not be matched by any other towing company and I am very proud of the service that Westway Towing has provided over the years.

I support and strongly recommend the services of this company.

Sincerely,

Hazelle P. Rogers

Dear Darren,

On behalf of the NTSB and my entire team, I would like to thank you for all your assistance in our investigation of the Tesla crash. I realize how much of an imposition we were to you and your staff but still everyone was so accommodating. Please accept this as a small token of our esteem. I know my team will be in good hands when they return in June. I enjoyed meeting and working with you. Thank you.

Fort Lauderdale, FL 33311

Dear Darren,

On behalf of the Broward Sheriff's Office, North Lauderdale District 15, I would like to personally thank you and your staff for assisting with the National Night Out event on August 2, 2017. This event is certainly a joint effort between our agency, the City, and the community. With your collaboration, we know this event will be highly successful and one our community will enjoy being a part of.

This year's event will include many members of the community, including civic groups business owners, neighborhood organizations, city staff, and elected officials; most importantly the youth of our community.

It makes me proud to see the joint effort of the City of North Lauderdale and the community coming together to send a message to criminals; that we are standing together as a community to fight crime and drugs.

Thank you again for all of the efforts by your establishment to ensure that another successful joint venture benefits our community. Please send my sincere gratitude to all of those involved in making our National Night Out a successful event.

Sincerely,

Darren S Wells
Broward Operations
West Way Towing Inc.

Dear Mr. Wells,

I wanted to take a moment to share with you our gratitude for your organization's professionalism and support of Fort Lauderdale Fire Rescue Operations. West Way Towing was instrumental during a coordinated 4-week training class between the Regional Technical Rescue Teams and Towing with Rotator. West Way Towing has been extremely generous with providing an unlimited number of cars used during monthly training sessions involving extrication. Our Technical Rescue Team also had the opportunity to participate in a joint training with West Way Towing and Tesla at the Tesla location. This training has proven to be valuable to our members as we have had several incidents involving accidents with Tesla vehicles. Your organization has made available for our use the 60-ton Rotator during any TRT emergency. The company has always gone above and beyond the scope of responsibility and assisted with our annual fire training at our Fire Expo. Darren, we appreciate you committing your time as one of our coordinators for the Fire Expo. You and your organization have proven to be a reliable member of our vital training at the annual Fire Expo.

In closing, we greatly appreciate everything that you and your organization have done to build positive relationships with Fort Lauderdale Fire Rescue. This team approach and collaboration has helped enhance our services that we provide to our residence and visitors. Thank you for your professionalism and continued support. If I can provide any further assistance, do not hesitate to contact me at 954-828-6864 or cbotting@fortlauderdale.gov.

Sincerely,

Chantal Botting

West Way Towing

3681 West Oakland Park Boulevard

Oakland Park, FL 33311

To whom it may concern:

As Major of the Fort Lauderdale Police Department Patrol Division, I have watched our relationship with West Way Towing grow stronger with each passing year. Your company's commitment to this Agency's mission, day in and day out, demonstrates the true essence of public/private partnerships. Whether your employees are responding to the scene of an accident, or standing by to tow illegally parked cars from the roadway, we can always count on a timely and professional response. Your commitment instills the confidence that regardless of the time of day, or nature of the request, your men and women are always quick to answer the call.

One of the key reasons for this success is the relationships forged by Darren Wells. Darren and I have spoken on dozens of occasions to discuss issues surrounding the officers' thoroughness of reports and ways to correct it. Darren has always responded to my requests in a timely and professional manner and his discussions with other members of my staff were concise and to the point. Darren has been a pleasure to work with, and I look forward to dealing with him and West Way Towing in the future.

Dear Mr. Wells,

On behalf of the Wilton Manors Police Department and the City of Wilton Manors, I would like to thank you for the assistance provided to us by Westway Towing.

On January 24th, 2019, WMPD had our annual "Touch-A-Truck" event at the Wilton Manors Elementary School. We received feedback from the children, teachers and parents who were quite impressed. I want to extend my personal and professional thanks to you for helping us make our 2019 "Touch-A-Truck" event a success. The children especially loved interacting with all personnel and seeing all the equipment used to serve and protect on a daily basis. Without your volunteered participation this educational and community building event would not have been such a success.

Our Sincerest thanks to Westway Towing!

Dear Mr. Wells,

It is my distinct honor to write this letter of recommendation for WestWay Towing. The City of Sunrise has been using WestWay Towing since approximately 2005 for the city's light, medium, heavy, and all emergency situations regarding towing and recovery for city vehicles.

In addition to WestWay Towing conducting business with the City of Sunrise, it has been my pleasure to have known the heads of the organization for over 15 years. I am quite comfortable and confident in endorsing WestWay Towing for any community.

I am happy to recommend WestWay Towing for any other municipality or private company as they are in good standing with the City of Sunrise and have no deficiency notices on file with the city.

Please feel free to contact me directly for anything further.

Sincerely,

Joseph A. Scuotto
City of Sunrise, Commissioner

Dear Westway Towing,

On behalf of the Broward Sheriff's Office, North Lauderdale District 15, I would like to personally thank you for the use of your facility.

Recently you allowed employees of the Broward Sheriff's Office and the City Of North Lauderdale to come to your salvage yard to film a crime prevention video. You further allowed us to break a window of a salvage vehicle to use as an example for a vehicle burglary. Your cooperation and commitment to help keep our community educated and safe is commendable!

Thank you again for all of your efforts and please send my sincere gratitude to all of those involved!

Sincerely,

2020 WILTON DRIVE WILTON MANORS • NON-EMERGENCY DISPATCH 954-764-4357 (HELP) • INFORMATION 954-390-2150

August 17, 2021

To Whom It May Concern,

Westway Towing began providing services to our city January 1, 2015. Considering the terms of the contract, our City is very satisfied with the prompt and professional services they have provided us. Westway has been very responsive to our needs and they have always communicated information to us in a thorough and expeditious manner. When talking about their commitment to issues outside the parameters of their contract, Westway has been heavily involved in our community events, and they have supported us with matters they are not necessarily responsible for.

In total, our City appreciates everything Westway has provided us during our business relationship and we look forward to continuing this partnership.

To Whom It May Concern:

Please accept this letter of recommendation for Westway Towing. For the past fifteen years, Westway Towing has partnered with the City of Fort Lauderdale, providing exceptional and dedicated service to the community we serve. From ordinary motor vehicle accidents to assisting with complex technical rescues, Westway and their remarkably trained staff are only a call away when needed.

When considering the level of service provided by this company, I would strongly recommend their service to anyone that was inquiring. Should you require any additional information please feel free to contact me directly at SGollan@fortlauderdale.gov.

Respectfully,

Dear Darren,

On behalf of the Broward County Black Chamber of Commerce, we would like to thank you for renewing your membership with the Chamber.

The Broward County Black Chamber of Commerce is a premier membership organization comprised of professionals and business owners, who own and operate companies in the tri-county area. We are Broward County's leading advocate for black businesses and organizations.

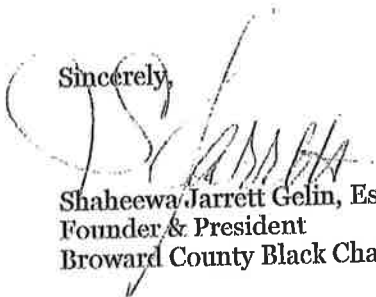

The Chamber's mission is to increase the revenue and wealth of its member organizations and companies primarily through advocacy and education. Over the years, we have added benefits, grants, and programs for you.

We have a monthly referral group meeting, Executive Mentor Program, online directory listing, help with access to capital as well as legal services, and we have added an HR helpline for members. Please take advantage of the benefits.

We also have committees in which you can participate to make a difference in your community and/or industry. The Advocacy, Community Service, Membership, Business Development committees are waiting for you. We also have special councils, including the Tourism & Creative Economy Council, Health Equity Council, and Women in Business Council, and our NonProfit Council. Lastly, we started a Young Professionals Roundtable. Get involved!

As always, be sure to let us know how we can help. We are here for you. Don't hesitate to reach out.

Sincerely,

March 05, 2023

To Whom It May Concern:

Ref: West Way Towing Inc.

Dear Sir or Madam:

This letter serves to verify that we contracted West Way Towing Incorporated on December 25, 2022, as well as provide a recommendation based on our experience to date. West Way is the official towing company for the City of Miramar and Miramar Police Department. Further, we want you to know that we are very pleased with the connection that we have formed with Darren Wells, Brett Holcombe, and West Way staff and we look forward to our continued business relationship.

Over the past several months, since contracting West Way Towing, we have received very positive feedback from our officers and residents regarding the top-notch customer service and quick turn-around that is being provided. West Way shows sensitivity to the needs of our Agency and provides accurate and comprehensive monthly Activity reports and Release reports. The monthly Activity reports records accidents, recovery, stolen, traffic, relocation, arrest, disabled vehicle, investigation, confiscation, etc. Additionally, the Release report provides the name of the vehicle owner and pertinent information including car license/tag, vin number and releasee's name.

It gives me great pleasure to write this recommendation on behalf of West Way Towing Inc.

Should you have any questions or need further information please do not hesitate to call me at cell: 954-534-1641.

Sincerely,

Italia S. Thurston

March 3, 2023

To Whom It May Concern,

Since January 1, 2015, Westway Towing has been providing services to our community. Our City and Police Department are beyond satisfied with the prompt and professional service they have provided. Westway has been very responsive in fulfilling our needs, and the needs of our residents and visitors, and they have always communicated information to us in a thorough and expeditious manner.

Additionally, they continue to fulfill their obligations in both routine and challenging circumstances. We have requested Westway Towing to conduct some very challenging assignments, and they have succeeded in handling these assignments using specialized equipment, resources, and highly trained personnel, in a safe and thorough manner.

Beyond their professional and responsive towing, Westway Towing is actively involved in our community, and they have partnered with us in D.U.I. prevention campaigns, assisted with special events, supported our youth mentoring programs, and graciously donated to our Shop-with-a-Cop events.

It is because of Westway Towing's commitment to serving our agency and community, and the trust and respect their team has earned, I provide this recommendation to you.

Fort Lauderdale, FL 33311

Westway Towing
Attn: Darren Wells
3681 W. Oakland Park Blvd
Fort Lauderdale, FL 33311

March 16, 2024

Dear Darren,

I hope this communication finds you doing well. On behalf of the Board of Directors of the Dr. Martin Luther King, Jr. Celebration Committee, (MLKCC), I want to sincerely thank you for supporting our 2024 MLKCC events. As you know, or may not know, this year's programs and activities were very successful, in part, due to your generous support. We are still receiving accolades from members of the Fort Lauderdale community expressing their satisfaction for a "job well done!"

Our 2024 MLK celebration began on Monday, January 8th with our annual "Day of Service" Project which invited local high schools to implement service projects to enhance their respective communities; on Wednesday, January 10th, our annual birthday party for kids to celebrate Dr. King's birthday, was held at the African American Research Library and Cultural Center; our Teen Summit convened on Saturday, January 13th, at the African American Research Library and Cultural Center. The Summit addressed various topics pertinent to personal growth and leadership development; On Monday, January 15th, the Parade and Unity March took place and ended with a Multicultural Festival at Carter Park. It was noted that the 2024 attendance was record breaking; this year's MLK celebration culminated with a Gospel Explosion in Lincoln Park. Members of the community were treated to "spirit lifting" performances to brighten their day. It was indeed a memorable and inspiring King Holiday celebration made possible by your generous support.

Please be advised that the Board is currently making plans for our 2025 MLKCC events that will be even bigger and better. As we do so, we will keep you posted with hopes that you will continue to lend your support as we work together to make Dr. King's dream a reality.

In the interim, please feel free to contact us if you have any questions or need additional information.

Best Regards,

Joy Veasy

Fort Lauderdale, FL 33311

Dear Community Partner,

Once again, I would like to personally extend a sincere thank you for your support of our Annual Pink Up Lauderhill events.

Your generosity over the past years have allowed us to award \$30,000 in grants to cancer survivors. Words cannot express how grateful the recipients were. Their stories about their journey with cancer have strengthened my commitment to continue to bring attention to it and support to cancer survivors. This year's survivors were presented with their awards in late March and I wanted to take a moment to share the enclosed picture of some of them with you.

As we look ahead, plans are already underway for Pink Up Lauderhill 2024 activities on October 4th and 6th. Further information can be found at <https://www.lauderhill-fl.gov/news-events/breast-cancer-awareness-month>.

Once again, on behalf of the awards' recipients, my sincere thanks for your kind generosity!

Yours truly,

Lawrence "Jabbow" Martin
Vice Mayor

FORT LAUDERDALE FIRE RESCUE

OFFICE OF THE FIRE CHIEF

3/29/2025

To Mr. Darren Wells and Westway Towing,

On behalf of the Fort Lauderdale Emergency Management Bureau and the Community Emergency Response Teams (CERT) of Region 10, I would like to extend our deepest appreciation for your continued support of our emergency preparedness initiatives. On February 28th, during our first annual Countywide Regional CERT Exercise, Westway Towing—through the generous coordination of Mr. Darren Wells—provided a delicious and much-needed meal for the 80+ CERT volunteers who participated in this important event. Your contribution not only nourished our team but also significantly boosted morale during a full day of hands-on training and operational activity.

This regional exercise, hosted by the Fort Lauderdale Emergency Management Bureau, brought together volunteers from across the state to participate in real-world simulations, including setting up Points of Distribution (PODs), engaging in mock disaster scenarios, and applying newly learned skills through structured training modules. Support from community partners like Westway Towing reinforces the critical role of public-private collaboration in emergency response. Your commitment to standing behind first responders and volunteer teams is a testament to the spirit of resilience and unity that makes our preparedness efforts stronger and more meaningful.

Your generosity did not go unnoticed. Every participant expressed sincere appreciation for the thoughtful gesture and for the recognition of the hard work and dedication required to build a more resilient community.

Thank you once again for being a valued partner in our shared mission of public safety and emergency readiness.

With sincere gratitude,

Jermaine Frazier, MA-CEM

Mr. Darren Wells
Westway Towing Company
2340 S. State Road 7
Miramar, FL 33023

Dear Mr. Wells,

On behalf of the City of Miramar, I would like to extend our sincere gratitude and appreciation for the outstanding partnership and unwavering support that Westway Towing Company has provided throughout the years.

Your generosity and commitment to our community have played a significant role in the success of many City initiatives and employee recognition programs. We are especially grateful for your continued support of our quarterly Miramar Proud Employee Recognition Ceremonies, where your contributions have helped us celebrate and acknowledge the hard work and dedication of our employees.

In addition, we would like to thank you for the many raffle prizes and donations you have generously provided for several important City events, including the Miramar Police Unity Tour, the Santa Breakfast, and most recently, your remarkable contribution of \$1,000 in gas cards for the Miramar Proud employee raffle program. Your generosity created tremendous excitement among our employees and served as a meaningful gesture of appreciation for their service to our community.

What makes your partnership particularly special is your consistent willingness to assist whenever called upon. Whether supporting employee recognition efforts, community events, or charitable initiatives, Westway Towing Company has continually demonstrated a genuine commitment to enhancing the quality of life for the residents and employees of Miramar.

We deeply value our relationship with you and your organization and are truly thankful for your ongoing support, generosity, and dedication to our City. Partnerships such as yours help make Miramar a stronger, more connected, and more vibrant community.

Thank you again for your continued friendship and commitment to the City of Miramar. We look forward to many more years of working together to make a positive impact throughout our community.

Sincerely,

Italia S. Thurston

Dear Mr. Wells:

On behalf of Wilton Manors Police Department, I would like to personally thank you and the staff of Westway Towing for your participation in the Somerset Academy Village Schol Career Day held on May 21, 2026, Wilton Manors.

Your willingness to provide onsite tow trucks and engage with the students helped make the event both meaningful and memorable for the students and faculty. The opportunity for students to see your equipment up close, ask questions, and learn more about the services your company provides creates a lasting impression and adds greatly to the success of the event.

Westway Towing continues to demonstrate a strong commitment to our community through its ongoing support and partnership. The professionalism, enthusiasm and kindness shown by your staff were sincerely appreciated. Their efforts helped make the day both meaningful and memorable for everyone involved.

Please extend my sincere gratitude to everyone who participated. We are grateful for your continued support of the Wilton Manors community and look forward to working together again in the future.

DIVE TRAILER

Dive Life-Support Equipment

- SCUBA tanks (multiple sizes)
- Spare air / pony bottles
- Portable or trailer-mounted air compressor
- Cascade air storage system
- Regulator sets (primary and backup)
- Dive computers and gauges

Dive PPE

- Dry suits (multiple sizes)
- Wet suits
- Undergarments
- Hoods, gloves, boots
- Full-face masks with communication
- Standard dive masks
- Fins and weight systems

Communications & Tethering

- Hard-wire diver communication system
- Wireless communication backups
- Tether lines and reels

- Line markers and tags
- Diver recall system

Search, Recovery & Evidence

- Lift bags / airbags
- Evidence bags and containers
- Underwater writing slates
- Marker buoys and floats
- Drag lines and grappling hooks
- Body recovery bags

Tools & Cutting Equipment

- Dive knives
- Line cutters and shears
- Pry bars
- Bolt cutters
- Underwater hydraulic tools

Lighting & Visibility

- Primary and backup dive lights
- Helmet-mounted lights
- Portable LED scene lighting
- Submersible strobes

Trailer Infrastructure

- Climate-controlled storage
- Drying racks
- Equipment lockers
- Non-slip flooring
- Exterior scene lighting
- Stabilizing jacks

MOT TRUCK WITH BOBCAT ATTACHMENTS, AND FUEL PUMP REMOVAL FOR SPILLS

162	2012	Freightliner	M2	1FVACWDT6CDBK4412	P4306B	OWNED	MOT TRUCK/BOBCAT
-----	------	--------------	----	-------------------	--------	-------	------------------

1. Traffic control gear (60 cones, barriers, signage)
2. Lighting equipment for night operations
3. Repair tools and equipment
4. Spill kits and absorbents (1 pallet of oil dry)

5. Fuel pump or vacuum system for hazardous spills up to 350 gallons

6. Personal protective equipment (PPE)

7. First aid kits

8. Airbags and lift bags

9. Dive bags

10. Cribbing for stabilization

11. Towing equipment (chains, binders, straps)

12. 3500-watt Generator

13. Asphalt Cold Patch

14. K-12 Saw, Cutting torch

G-HOME OFFICE/STORAGE

PRIMARY STORAGE AND OPERATIONS FACILITY
Westway's Lauderdale Lakes
3681 West Oakland Park Boulevard, Lauderdale Lakes, FL 33309

**WestWay Towing Facility is exactly 5 miles to the Margate City
Line at Southgate & State Road 7**

H-24 HOUR DISPATCH

Westway Towing Dispatch Operations and Technology
Dispatch capability and centralized operations

- Westway Towing maintains a state-of-the-art dispatch infrastructure that enables real-time visibility and control from any operating location. Our yard provides live access to the central dispatch board, ensuring 24/7 coverage and seamless coordination across locations.
- Our primary dispatch, storage yard and call center is located at 3681 West Oakland Park Boulevard, Lauderdale Lakes, FL 33309, where centralized oversight and scheduling are coordinated.

Leadership and scheduling

- As owner, I personally oversee daily and weekly scheduling in collaboration with our General Manager and dispatch managers. Based on thirty years of municipal towing experience, we employ an overstaffing approach for police and fire service to anticipate demand and maintain readiness.
- We use historical data and overlapping shift scheduling to ensure driver availability at all times, including holidays and peak periods.

Reporting and compliance

- Our management system automatically generates the reporting required to fulfill the RFP. Reports are produced daily and can be reviewed at any time for performance assessments, semi-annual reviews, or as requested by the city.
- All locations are equipped with dispatch screens and call-taking capabilities. Our advanced voice over IP (VoIP) telephony and backup T1 lines ensure high availability and reliability. We maintain redundant communications, including two hard lines for backup.
- Calls can be routed between regional offices as needed, ensuring uninterrupted service for the city.

Dispatch technology and workflow

- Westway employs one of the most technologically advanced dispatch platforms in the towing industry. Our system accepts digital data directly from dispatch centers, enabling real-time transmission to drivers.
- Real-time GPS tracking provides precise location, ETA, and status updates. When a driver accepts a call, it is timestamped and displayed on the dispatcher screen.
- On-scene data capture is streamlined: mileage, vehicle identification numbers (VINs), and other critical data are entered once and transmitted automatically to the system.
- Invoicing is integrated into the dispatch workflow. Contract rates are pre-programmed, and once appropriate on-scene times are recorded, the system automatically calculates the invoice, reducing pricing disputes and ensuring consistency.

Safety and monitoring

- Vehicles are equipped with camera and sensor systems to monitor behavior such as speeding, distracted driving, or use of electronic devices. If any prohibited behavior is detected, a notification is sent to the General Manager for prompt action.

- Westway conducts mandatory quarterly safety meetings with a certified safety consultant to minimize liability and losses.
- We maintain an in-house ASE-certified master diesel mechanic to perform routine maintenance, helping control costs and uptime.

Westway Towing uses cameras and sensors in each truck that can determine speeding, reckless driving, eating or smoking in the trucks. If this occurs a text is sent directly to the GM to address immediately. These cameras help with the pricing of our Captive insurance program. Westway conducts mandatory quarterly safety meetings with our safety consultant. This helps keep our insurance liability and losses to a minimum. We also have our own staffed ASE certified master diesel mechanic. This keeps truck maintenance bills to a minimum.

TOWING DISPATCH & DRIVER SOFTWARE

WestWay Towing utilizes Tracker Management Systems as a daily operational platform for both dispatchers and drivers. This integrated software system enhances transparency, compliance, and efficiency in all towing operations.

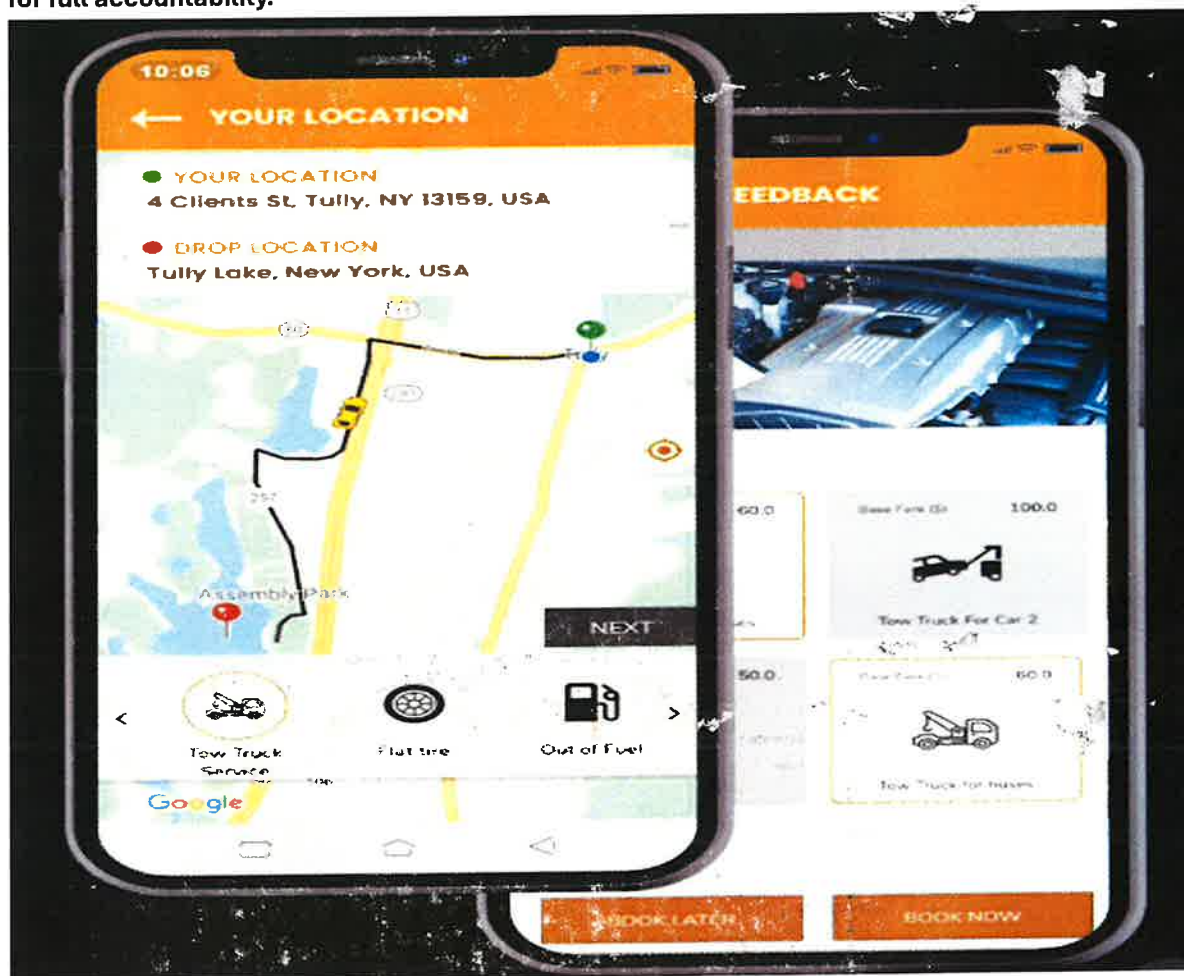

Key Daily Uses

1. Dispatch Operations

- Dispatchers assign calls digitally, track driver locations via GPS, and manage status updates in real time.
- Each action is time-stamped automatically, ensuring accurate records for audits and compliance.

2. Driver Mobile Integration

- Drivers use a mobile app to receive calls, update statuses, and upload photos (vehicle condition, VIN, license plate). All photos and updates are time-stamped and geo-tagged for full accountability.

3. Comprehensive Record-Keeping

- The system tags each call with detailed identifiers (call number, truck, driver, time, and location).
- This creates a reliable chain of custody and simplifies dispute resolution and compliance checks.

Daily Impact

- **Efficiency:** Streamlines communication between dispatch and drivers.
- **Transparency:** Ensures every step is documented and accessible. - **Compliance:** Meets municipal and contractual requirements with reliable digital records.

Tracker Management Systems is integral to WestWay Towing's daily operations, providing a single source of truth and safeguarding the company through detailed, automated documentation.

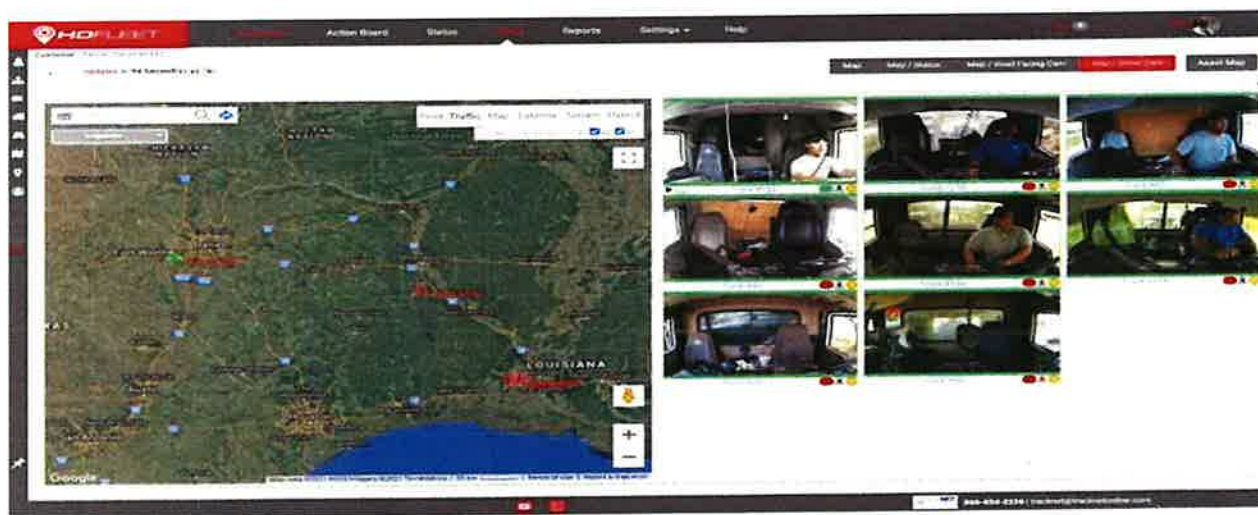

All WestWay Towing vehicles are equipped with high-definition (HD) fleet camera systems and GPS tracking software, which are used on a daily basis across our fleet. These systems are active during vehicle operation and serve multiple important purposes, including:

- Enhancing driver safety and accountability
- Monitoring driving behavior and vehicle operation
- Providing accurate trip, location, and time-stamp data
- Supporting incident review, dispute resolution, and training
- Ensuring compliance with contractual, municipal, and company policies

The HD fleet camera systems capture clear video footage of vehicle operation, roadway conditions, and driver activity, allowing management to review events objectively when necessary. The GPS software provides real-time and historical tracking of vehicle locations, routes, speeds, and stops, ensuring transparency and operational oversight at all times.

These technologies are an integral part of WestWay Towing's commitment to professionalism, safety, and responsible service. They allow us to maintain high standards of performance while protecting our drivers, the public, and our clients.

Scrutinized Company Certification

I hereby swear or affirm that as of the date below this company is not listed on a Scrutinized Companies list created pursuant to 215.4725, 215.473, or 287.135, Florida Statutes. Pursuant to 287.135, Florida Statutes I further affirm that:

- (1) This company is not participating in a boycott of Israel such that it is not refusing to deal, terminating business activities, or taking other actions to limit commercial relations with Israel, or persons or entities doing business in Israel or in Israeli-controlled territories, in a discriminatory manner.
- (2) This Company does not appear on the Scrutinized Companies with Activities in Sudan List where the State Board of Administration has established the following criteria:
 - Have a material business relationship with the government of Sudan or a government- created project involving oil related, mineral extraction, or power generation activities, or
 - Have a material business relationship involving the supply of military equipment, or
 - Impart minimal benefit to disadvantaged citizens that are typically located in the geographic periphery of Sudan, or
 - Have been complicit in the genocidal campaign in Darfur.
- (3) This Company does not appear on the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List where the State Board of Administration has established the following criteria:
 - Have a material business relationship with the government of Iran or a government- created project involving oil related or mineral extraction activities, or
 - Have made material investments with the effect of significantly enhancing Iran's petroleum sector.
- (4) This Company is not engaged in business operations in Cuba or Syria.

DRUG-FREE WORKPLACE PROGRAM FORM

In accordance with Section 287.087, State of Florida Statutes, preference shall be given to businesses with Drug-free Workplace Programs. Whenever two or more bids which are equal with respect to price, quality, and service are received for the procurement of commodities or contractual service, a bid received from a business that certifies that it has implemented a Drug-free Workplace Program shall be given preference in the award process. In the event that none of the tied vendors have a Drug-free Workplace program in effect, the City reserves the right to make final Decisions in the City's best interest. In order to have a Drug-free Workplace Program, a business shall:

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.
2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.
3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in subsection (1).
4. In the statement specified in subsection (1), notify employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893, Florida Statutes, or of any controlled substance law of the United States of any State, for a violation occurring in the workplace no later than five (5) days after such conviction.
5. Impose a sanction on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community by any employee who is convicted.
6. Make a good faith effort to continue to maintain a drug-free workplace through implementation.

If bidder's company has a Drug-free Workplace Program, so certify below:

AS THE PERSON AUTHORIZED TO SIGN THE STATEMENT, I CERTIFY THAT THIS FIRM COMPLIES FULLY WITH THE ABOVE REQUIREMENTS.

SIGNATURE OF BIDDER:

CITY OF MARGATE E-VERIFY FORM

Project Name:	TOWING SERVICES
Project No.:	2026-007

ACKNOWLEDGEMENT

Definitions:

"Contractor" means a person or entity that has entered or is attempting to enter into a contract with a public employer to provide labor, supplies, or services to such employer in exchange for salary, wages, or other remuneration.

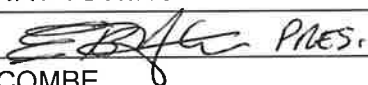

"Subcontractor" means a person or entity that provides labor, supplies, or services to or for a contractor or another subcontractor in exchange for salary, wages, or other remuneration.

Effective January 1, 2021, public and private employers, contractors and subcontractors will begin required registration with, and use of the E-verify system in order to verify the work authorization status of all newly hired employees. Vendor/Consultant/Contractor acknowledges and agrees to utilize the U.S. Department of Homeland Security's E-Verify System to verify the employment eligibility of:

- All persons employed by Vendor/Consultant/Contractor to perform employment duties within Florida during the term of the contract; and
- All persons (including subvendors/subconsultants/subcontractors) assigned by Vendor/Consultant/Contractor to perform work pursuant to the contract with the Department. The Vendor/Consultant/Contractor acknowledges and agrees that use of the U.S. Department of Homeland Security's E-Verify System during the term of the contract is a condition of the contract with the City of Margate; and
- Should vendor become successful Contractor awarded for the above-named project, by entering into this Contract, the Contractor becomes obligated to comply with the provisions of Section 448.095, Fla. Stat., "Employment Eligibility," as amended from time to time. This includes but is not limited to utilization of the E-Verify System to verify the work authorization status of all newly hired employees, and requiring all subcontractors to provide an affidavit attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. The contractor shall maintain a copy of such affidavit for the duration of the contract. Failure to comply will lead to termination of this Contract, or if a subcontractor knowingly violates the statute, the subcontract must be terminated immediately. Any challenge to termination under this provision must be filed in the Circuit Court no later than 20 calendar days after the date of termination. If this contract is terminated for a violation of the statute by the Contractor, the Contractor may not be awarded a public contract for a period of 1 year after the date of termination and shall be liable for any additional costs incurred by the City as a result of the termination.*

Email Address: BAHEAVYHAULER@GMAIL.COM

As a nongovernmental entity executing, renewing, or extending a contract with a government entity, **Vendor** is required to provide an affidavit under penalty of perjury attesting that **Vendor** does not use coercion for labor or services in accordance with Section 787.06, Florida Statutes.

As defined in Section 787.06(2)(a), coercion means:

1. Using or threatening to use physical force against any person;
2. Restraining, isolating, or confining or threatening to restrain, isolate, or confine any person without lawful authority and against her or his will;
3. Using lending or other credit methods to establish a debt by any person when labor or services are pledged as a security for the debt, if the value of the labor or services as reasonably assessed is not applied toward the liquidation of the debt, the length and nature of the labor or service are not respectively limited and defined;
4. Destroying, concealing, removing, confiscating, withholding, or possessing any actual or purported passport, visa, or other immigration document, or any other actual or purported government identification document, of any person;
5. Causing or threatening to cause financial harm to any person;
6. Enticing or luring any person by fraud or deceit; or
7. Providing a controlled substance as outlined in Schedule I or Schedule II of Section 893.03 to any person for the purpose of exploitation of that person.

As a person authorized to sign on behalf of **Vendor**, I certify that **Vendor** does not use coercion for labor or services in accordance with Section 787.06.

Written Declaration

Under penalties of perjury, I declare that I have read the foregoing Affidavit and that the facts stated in it are true.

**AFFIDAVIT REGARDING PROHIBITION ON CONTRACTING WITH
ENTITIES OF FOREIGN COUNTRIES OF CONCERN**

Pursuant to Section 287.138, Florida Statutes (which is expressly incorporated herein by reference), the City may not knowingly enter into a contract with an entity which would give access to an individual's personal identifying information if (a) the entity is owned by the government of a foreign country of concern; (b) the government of a foreign country of concern has a controlling interest in the entity; or (c) the entity is organized under the laws of or has its principal place of business in a foreign country of concern.

This affidavit must be completed by an officer or representative of an entity submitting a bid, proposal, or reply to, or entering into, renewing, or extending, a contract with the City which would grant the entity access to an individual's personal identifying information.

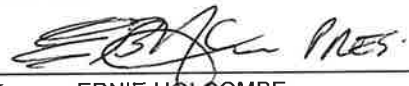

1. WESTWAY TOWING INC ("entity") does not meet any of the criteria in paragraphs (2)(a)-(c) of Section 287.138, F.S.

In the presence of:

**Under penalties of perjury, I declare that I
have read the foregoing and the facts stated
in it are true:**

MISCELLANEOUS FEE PROVISIONS

- 1) If the towed vehicle is retrieved within the first six (6) hours of arriving at the storage facility, the person retrieving the vehicle may not be charged a Storage Fee.
- 2) An Administrative Fee may not be charged if the vehicle owner is identified within twenty-four (24) hours of the vehicle arriving at the storage facility.
- 3) The person retrieving the vehicle may pay a \$5.50 voluntary fee to expedite vehicle ownership verification.
- 4) The rates for Other Tows do not apply to tows conducted on behalf of a government agency pursuant to a contract between the government agency and a licensed tow company if such contract provides a different rate structure.
- 5) Research Fees may be charged only when the tow company providing the service must actually perform research to determine ownership of a vehicle to notify the vehicle owner, lien-holders, and insurance companies. Written documentation of the efforts undertaken to ascertain ownership of the vehicle must be made available for inspection by the County upon request. Costs shall mean actual fees charged for obtaining ownership information and shall include the cost of actual postage fees, advertising fees (if more than a single vehicle is advertised in the same advertisement, then the cost of the advertisement shall be prorated per vehicle), and title search for out-of-state vehicles. Proof of all costs incurred by the tow company must be made available for inspection by the County upon request.
- 6) If requested by a government or law enforcement agency, persons providing nonconsent towing services must remove any hazardous materials, substances, or debris from the location where the vehicle is being towed. The operator may recover actual costs for disposal of any hazardous materials, substances, or debris; provided, however, that any nontoxic materials, substances, or debris that can fit within a five (5) gallon bucket and can be disposed of as part of traditional household waste, shall be discarded at no additional cost.
