Re: RFQ 2018-020 Design/Build Criteria Package for City of Margate Dog Park Project

MBR Construction, Inc. requests your consideration of our firm to provide Design Build Services for the Margate Dog Park Project.

Our proximity to the project is less than 8 miles from the proposed Project Site.

MBR Construction has engaged highly qualified and responsive team of Professionals with extensive experience in the construction of recreational facilities, led by Michael R. Boss. The MBR team has successfully completed or is in the process of completing numerous Design-Build projects exemplifying excellent team track record. Amongst the Design Build projects completed by this team are Long Key Nature Center, Tree Tops Park, Sunview Park, Quiet Waters Park Improvements, Tradewinds Park Improvements, North Broward Park Renovations and Deerfield Island Park Boardwalk for Broward County Parks and Recreation Division; Juvenile Assessment Center Renovation, BSO Headquarters Building Renovation, North Broward Jail Renovation, Cooper City BSO Sub-Station Interior Renovations and DT Training Center Renovation for the Broward County Sheriff's Office; Richardson Historic Park, City Hall and Police Station, Island City Park Preserve Emergency Generator and Community Center Addition, Mickel Park Improvements for the City of Wilton Manors; NE 250 Engineering Building for the City of Oakland Park.

MBR Construction, Inc. is a company recognized for performance and dedication to client service. MBR enjoys an excellent relationship with all the clients we have worked with in the past and continue to work for in the course of our business.

MBR Construction would like to present Michael R. Boss as the primary contact for this project. Federica Douaihi would be the alternate contact for this project. Below please find the contact information for both our associates on this project

MBR is qualified to work with you on this project and welcomes the opportunity to work for the City of Margate.

Dear Mr. Zackria:

The Palm Beach County Office of Small Business Assistance has completed its review of the documents you submitted for certification and is pleased to announce that your firm has been certified for **91815** Architectural Consulting; **9060705** Architectural Services, Professional as a Small/Minority Business Enterprise (S/MBE) for three (3) years, **expiring on August 1, 2019**. We are now using NIGP coding that is specific to the scope of work prescribed. You will not receive SBE consideration if you bid in another area.

Your firm shall be subject to the provisions of the Palm Beach County Purchasing Ordinance and all State and Federal laws relating to the transaction of business.

This certification entitles you to participate in contracting opportunities when the products and services offered by your firm are being considered for bid. As an additional service to your firm, you will be included in the Palm Beach County Directory of certified SBE firms. If you wish to have your firm's services changed, please contact our office at (561) 616-6840 for an application to amend your certification.

Your company's certification is subject to periodic review to verify your continued eligibility. Any changes to your business must be reported to OSBA. Your company name and vendor code must be the same in both Purchasing and OSBA. Failure to maintain your firm in accordance with SBE requirements contained in the Palm Beach County Code or failure to report changes in the status of your firm may result in your firm being decertified. Remember, whenever you respond to a County bid you must do so under the name of **Walters Zackria Associates PLLC** with vendor code **VS0000004953**.

Sincerely,

Pamela Hart Frazier

CGA's Firm Qualifications

Calvin, Giordano & Associates, Inc. (CGA) is a well-established multidisciplinary firm with offices located in West Palm Beach, Fort Lauderdale, Tampa/Clearwater, Estero, and Port St. Lucie. For over 80 years, our firm has been providing consulting services to both public and private sector clients.

From the beginning, much of our reputation was built on repeat business with clients from the public and private sectors. Our success is reflected in the quality of work we consistently provide and also in the personal approach we take with each client. The winning combination is affirmed by our large number of repeat/long-term municipal clients. Because of our diversity, CGA can control the entire process, offering a host of professional services as a one-source partner, or efficiently tackle time-sensitive individual projects, providing customized solutions with handpicked teams of highly experienced professionals. Custom building Exceptional Solutions is the core of our business.

Taking advantage of our diversified staff's experience and knowledge is what distinguishes CGA as a professional consultant and what allows our team to repeatedly complete projects on-time, under budget and exceed expectations while doing so. CGA has served as professional consultants to over 60 municipalities throughout Florida including the Towns of Lake Park, Mangonia Park, Palm Beach, Davie, Surfside, Medley, Bay Harbor Islands, and Jupiter and, the cities of Weston, Cooper City, Pembroke Pines, Dania Beach, Hollywood, Hallandale Beach, Fort Lauderdale, North Lauderdale, Lauderhill, Sunny Isles Beach, Oakland Park, Tamarac, Miramar, Miami Beach, Miami Gardens, Homestead, Marathon, Key West, Boca Raton, Delray Beach, Delray Beach CRA, West Palm Beach, many of which have been repeat clients for more than 20 years.

CGA strategically provides a broad range of services to meet our clients' needs. Our professional services include:

- Building Code Services
- Civil Engineering/Roadway & Highway Design
- Coastal Engineering
- Code Compliance
- Construction Engineering & Inspection (CEI)
- Construction Services
- Data Technologies & Development
- Electrical Engineering
- Engineering
- Environmental Services
- Facilities Management
- Geographic Information Systems (GIS)
- Governmental Services
- Landscape Architecture
- Planning
- Project Management
- Redevelopment & Urban Design
- Surveying & Mapping
- Traffic Engineering
- Transportation Planning
- Water/Utilities Engineering
- Website Development

Project Experience

CGA has extensive experience in the tri-county area in the following:

- Experience in designing waterfront parks;
- Experience with activating passive parks;
- Use of well-articulated and inspirational architecture for public engagement, public open space, or event space;
- Experience with handling urban social issues in passive parks;
- Experience in working with community/surrounding neighborhood;
- Experience with review boards and Community Redevelopment Agency (CRA) projects; and
- Experience of municipal projects.

The MBR Construction, Inc. and Walters Zackria Associates Design-Build Team provides a powerful combination of knowledge, talent and skill to their clients, based on the principle of dedication to unmatched client service and integrity to the entire design build process, including the frank and honest disclosure of project costs, and a fresh approach to construction projects through the design-build process.

The firm structure revolves around the core team concept to work directly and continuously with each client regardless of what stage the project may be through completion. Staff members are assigned based on their specific relevant experience. Each project approach is tailored to client's objectives.

MBR Construction proposes personnel with the experience needed to meet and exceed the requirements to complete your project successfully and they are **ready and available** to work with the City of Margate.

Michael R. Boss, GC, Principal in Charge, brings the team his comprehensive experience with construction and business management gained in South Florida in the past twenty eight years. After graduating from college, Michael worked for his father's construction company working on public works construction, which benefited greatly from the addition of his strong technical and management skills.

Although Michael oversees a team of very highly qualified project managers, he has always been a "hands on" owner and will be the Principal in Charge and point of contact on this contract. Among his many qualifications, it is relevant to mention his extensive experience in leading our team in the coordination and completion of numerous Design Build Projects and Construction Management at Risk programs.

Michael has a proven talent for working through the many levels of details necessary for a construction project's success, and gives all clients of MBR Construction an unswerving dedication to service and honesty. In addition the best part of his experience has been gained by building parks throughout Broward County.

Michael has completed OSHA 30 Hour Supervisor S&H Responsibilities V6 Course

Walters Zackria Associates, PLLC brings forth over 1,000 South Florida projects and thirty two years of local experience. The firm is located downtown Ft. Lauderdale. WZA specializes in parks and recreational building projects. The firm's designs provide fresh and exciting solutions to the user's needs and their clients take pride in the facilities they have designed.

Abbas Zackria, AIA licensed architect, LEED PA and Principal Architect, grew up in Karachi, Pakistan, got his professional education in the United States and has since then twelve years experience as an architect, designing municipal, recreational, commercial, and institutional projects. As the principal architect he is the primary client liaison, performs all construction document quality control checks, prepares project specifications and bid documents, and thorough consultant coordination.

Alan Fertel, LEED PA and Project Architect, grew up in Philadelphia, got his professional education and lots of fun experiences in New Orleans and have since then sixteen years experience as an architect, designing municipal, recreational, commercial, and institutional

projects. As the project architect he designs, ensures code compliance, and produces all construction documents, Alan is very schedule driven.

For the Dog Park project we propose Vilma Rodriguez as Project Manager,

Vilma Rodriguez has twenty five years experience as a project manager, 15 of them with MBR Construction, Inc. As a Project Manager she has overseen municipal, recreational, commercial, and institutional projects. She has also worked for a residential building developer for 10 years as a Resident Project Engineer. She holds a Civil Engineering Degree. As the project manager she is the primary client liaison, will be part of the design reviews and during the permitting phase of your project will ensure the process moves without a glitch, carefully reviewing documents before submittal. Vilma is very experienced with the permitting process and agency reviews.

Once the Sub-contracts are issued she is responsible for managing all the subcontractor's contracts, the flow of all payment applications from sub-contractors, sub-consultants and client, gathering the required documentation for the project and reviews its compliance.

During the construction phase, she will be responsible for keeping a file and maintaining the flow of all project records, including as-builts, construction testing reports, inspection logs, and weekly reports, and ensuring that they are kept up to date by the Project Superintendent. Vilma is also responsible for schedule controls by maintaining schedules up to date, ensuring timeliness of the shop drawings submittal process, keeping all logs and meeting minutes updated, managing the flow of all RFI's, and correspondence between MBR Construction and client, subcontractors and sub-consultants.

During the final stage of the project he will be responsible for putting together a complete close out package that includes all projects operational and maintenance manuals, warranties, Architectural and Civil As-builts, Final survey, final inspection reports, certificate of occupancy and any other documentation required.

Vilma has completed three dog park projects with MBR Construction, Inc.; for Plantation the Happy Tails Dog Park, for Coconut Creek the renovations of Windmill Park which included small and large dog play areas and for Broward County Parks and Recreation the Quiet Water Dog park which included a splash pad for dogs.

Yairis Bolano, PMP, Assitant Project Manager

Mrs. Bolano has worked for MBR Construction for the last 5 years as assistant project manager and a project manager apprentice under Vilma Rodriguez's tutelage.

For this project Yairis will assist Vilma Rodriguez in all phases of the project, she will be part of the design reviews and during the permitting phase prepare permit applications, various documents for submittal.

Once the permits are obtained she will assist in processing all the subcontractor's contracts, gathering their insurance, bonds and any documents necessary to comply with City of Miami Garden's requirements, following up that their payment applications are submitted on time, gathering the required documentation for the project.

During the construction phase, she will assist in keeping project files and maintaining the flow of all project records, including as-builts, construction testing reports, inspection logs, and weekly reports, update shop drawings, RFI's and Change order logs, meeting minutes; Also ensuring that Project Superintendent has the latest up to date information.

During the final stage of the project she will assist in gathering all documentation to put together a complete close out package that includes all projects operational and maintenance manuals, warranties, Architectural and Civil As-builts, Final survey, final inspection reports, certificate of occupancy and any other documentation required; also scheduling any maintenance training seminars necessary to train City employees.

Federica Douaihi, Assistant Estimator/Value Engineering Specialist/Purchasing Agent, brings diversified professional experience to the team; gained through twenty five years of experience in the construction and architectural fields which include ten years as Project Manager with an architectural firm, working on municipal, recreational and institutional projects for Thaddeus Cohen Architect, and in the past fifteen years has been with MBR Construction and has gained added experience in project cost estimation, value engineering, and contract negotiations for projects at ranging from \$50,000 to \$10,000,000.00. She will manage the value engineering and estimating at all stages of the project to ensure the project schedules and budgets are met. During the Design phase she will review of all drawings for compliance with scope. Once a permit is issued, she will handle the bidding using already pre-qualified subcontractors; Also in coordination with Richard Pesta, Vilma Rodriguez the Project Manager and Yairis Bolano the Assistant Project Manager they will review all bids for completeness of scope and perform detail analyses to compare and determine the competitiveness of the bids. Once completed, these analyses they are presented to the client with recommendations in the detailed reports and they are reviewed with the client representative(s) in a meeting where decisions are made of which subcontractors are best qualified to perform the work and meet the project budget.

Ed Broccoli, Head Estimator, Will oversee the value engineering and estimating at all stages of the project to ensure the project schedules and budgets are met. During the Design phase he will review all drawings. Once a permit is issued, he will oversee the bidding; also will lead coordination meetings with the project team to review all bids for completeness of scope and perform detail analyses to compare and determine the competitiveness of the bids. Once completed, these analyses are reviewed with the client and a decision is made of which subcontractors are best qualified to perform the work and meet the project budget.

Richard Pesta, Estimator / IT Manager,

Richard joined the MBR Construction Team in 2004 and since then he has created a very successful IT system for MBR Construction. The system enables the MBR Construction, Inc. Team to utilize the network for Accounting, Estimating, Project Management, Marketing and Purchasing. Our team has developed tools in house to customize the information technology to enhance every role and position at MBR Construction. We have taken the time to research, develop and implement our tools to be both industries compatible and capable of customization based on our clients' needs. The MBR Construction network has the ability and strength to grow in any direction that our Team feels will benefit both us and our clients.

Jay Bergstresser, Project Superintendent is one of our most valued Construction Managers and he will be ready and available to work with on any of these projects. He has an extensive background in construction with over 35 years of experience, 15 years of it in South Florida and 9 years working for MBR Construction, Inc.

The bulk of his experience with MBR Construction has been building Park projects, most of them delivered as Design Build Services and his skills, his hands on approach and his firsthand knowledge of construction have made all his project successful ones.

Mr. Bergstresser takes pride in his ability to control the quality of the work in addition to a high priority on the project schedule, and safety aspects of the projects. Jay's professionalism is demonstrated in the cleanliness of his job sites.

The project team is able to interact comfortably and has good relationships with a variety of specialty consultants selected based in their expert experience as required for each specific project.

(Complete one Section E for each key person.)

12 NAME TAMMY COOK, ASLA, RLA, LEED AP	13 ROLE IN THIS CONTRACT LANDSCAPE ARCHITECT	14. YEARS EXPERIENCE	
		a TOTAL 30	b WITH CURRENT FIRM 19
15 FIRM NAME AND LOCATION <i>(City and State)</i> CALVIN, GIORDANO & ASSOCIATES, INC. - FORT LAUDERDALE, FLORIDA			
16 EDUCATION <i>(DEGREE AND SPECIALIZATION)</i> B.S. LANDSCAPE ARCHITECTURE, TEXAS A&M UNIVERSITY COLLEGE STATION, 1987		17 CURRENT PROFESSIONAL REGISTRATION <i>(STATE AND DISCIPLINE)</i> REGISTERED PROFESSIONAL LANDSCAPE ARCHITECT, FLORIDA NO. 0001328	
18 OTHER PROFESSIONAL QUALIFICATIONS <i>(Publications, Organizations, Training, Awards, etc.)</i>			

Ms. Cook-Weedon leads the Landscape Architectural staff, has over 30 years of landscape architectural experience with demonstrated strengths in creative design, graphic presentations, and planting design. She has successfully completed numerous large-scale projects, which encompassed design studies, planting designs, natural area development and the various inter-related professions and tasks necessary to manage the projects through to completion. Ms. Cook-Weedon manages a staff of eleven at CGA where she provides scheduling, addresses CAD staffing and directs design issues as well as monitors budgets and serves on the Executive Management team.

19. RELEVANT PROJECTS

	(1) TITLE AND LOCATION <i>(City and State)</i> Mills Pond Park: Soccer/Lacrosse Fields Fort Lauderdale, Florida	(2) YEAR COMPLETED	
		PROFESSIONAL SERVICES 2014	CONSTRUCTION <i>(if applicable)</i> Ongoing
a.	(3) BRIEF DESCRIPTION <i>(Brief scope, size, cost, etc.)</i> AND SPECIFIC ROLE Developed a plan to build 3 new synthetic turf soccer and lacrosse fields at Mills Pond Park, including coordinating surveying, civil engineering, electrical engineering, site planning, landscape architecture, and all of the sub-consultants on the project. The design of the new fields will include drainage, lighting, and irrigation as well as associated parking, walkways, and landscape improvements. Construction cost is estimated at \$3.3 million, with completion scheduled for December, 2016. CGA's fees: \$379,000.	Check if project performed with current firm	
	(1) TITLE AND LOCATION <i>(City and State)</i> Soccer Field Conversion at Weston Regional Park Weston, Florida	(2) YEAR COMPLETED	
		PROFESSIONAL SERVICES 2014	CONSTRUCTION <i>(if applicable)</i>
b.	(3) BRIEF DESCRIPTION <i>(Brief scope, size, cost, etc.)</i> AND SPECIFIC ROLE Ms. Cook-Weedon managed staff of the landscape architecture department to convert four of the City's existing grass soccer fields to synthetic turf fields. These conversions will be the first of two park field conversions in the city. The selected synthetic turf option uses an organic infill material rather than the standard black rubber material. Early test results indicated players raving about the playing surface. Services included Civil Engineering as well. Cost: \$350,000.00	Check if project performed with current firm	
	(1) TITLE AND LOCATION <i>(City and State)</i> Vista Park Weston, Florida	(2) YEAR COMPLETED	
		PROFESSIONAL SERVICES 2009	CONSTRUCTION <i>(if applicable)</i>
c.	(3) BRIEF DESCRIPTION <i>(Brief scope, size, cost, etc.)</i> AND SPECIFIC ROLE CGA developed the master plan for Vista Park which is adjacent to Cypress Bay High School. With four soccer fields and four baseball fields, this park is well utilized by Weston residents as well as the high school. Special detailing of the edges of the fields were designed to address the clay and sod areas by creating header curbs to separate those areas. The design, construction documents and construction administration was provided by CGA. Cost: \$5.5 million	Check if project performed with current firm	
	(1) TITLE AND LOCATION <i>(City and State)</i> Delray Beach Fire Rescue Headquarters Plaza Delray Beach, Florida	(2) YEAR COMPLETED	
		PROFESSIONAL SERVICES 2015	CONSTRUCTION <i>(if applicable)</i>
d.			

	(3) BRIEF DESCRIPTION (<i>Briefscope, size, cost, etc.</i>) AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm Senior Landscape Architect. Designing and permitting improvements to pedestrian at the SE corner of the Fire Rescues Headquarters Building for the City of Delray Beach and the CRA. Project includes on the creation of a pedestrian plaza which will feature public art. A detention area will be resized to accommodate the plaza requiring the creation of retaining and seat wall to replace the lost water quality volume. Ms. Cook-Weedon provided assistant during the project construction. She addressed shop drawing reviews, RFI's and provided frequent site visits to address issues with the contractor . Cost: \$800,000.00		
	(1) TITLE AND LOCATION (<i>City and State</i>) Chaminade Catholic High School Hollywood, FL	(2) YEAR COMPLETED	
		PROFESSIONAL SERVICES 2004	CONSTRUCTION (if applicable)
e.	(3) BRIEF DESCRIPTION (<i>Briefscope, size, cost, etc.</i>) AND SPECIFIC ROLE <input type="checkbox"/> Check if project performed with current firm CGA redesigned and updated the existing playing fields of this coed high school and introduced synthetic turf during a time where synthetic turf was not the norm. The result has been outstanding as the special drainage system designed into the layout quickly removes water and allows for play to resume at a much faster rate than standard grass fields. Landscape Architect: Responsible for the oversight of the synthetic turf details, hardscape and planting and irrigation. Cost: \$85,000.00		
	(1) TITLE AND LOCATION (<i>City and State</i>) Deering Estate at Old Cutler Palmetto Bay, Florida	(2) YEAR COMPLETED	
		PROFESSIONAL SERVICES 2003	CONSTRUCTION (if applicable)
f.	(3) BRIEF DESCRIPTION (<i>Briefscope, size, cost, etc.</i>) AND SPECIFIC ROLE <input type="checkbox"/> Check if project performed with current firm Historical restoration and landscape design to repair the damaged areas of the estate following Hurricane Andrews devastation of the property, including detailed archeological planting design, habitat restoration and planting design for a new visitors' facility. Cost: \$2.8 million		
	(1) TITLE AND LOCATION (<i>City and State</i>) Hickory Point Recreational Facilities Tavares, Florida	(2) YEAR COMPLETED	
		PROFESSIONAL SERVICES 1992	CONSTRUCTION (if applicable)
g.	(3) BRIEF DESCRIPTION (<i>Briefscope, size, cost, etc.</i>) AND SPECIFIC ROLE <input type="checkbox"/> Check if project performed with current firm Landscape Architect. The project consisted of the site design of a waterfront park that included marinas, boat ramps, wetland educational boardwalks, environmental signage, fishing stations and a communal pavilion. Cost: \$2.5 million		
	(1) TITLE AND LOCATION (<i>City and State</i>) Joe DiMaggio Children's Hospital Visitor's Clubhouse Hollywood, Florida	(2) YEAR COMPLETED	
		PROFESSIONAL SERVICES 1995	CONSTRUCTION (if applicable)
h.	(3) BRIEF DESCRIPTION (<i>Briefscope, size, cost, etc.</i>) AND SPECIFIC ROLE <input type="checkbox"/> Check if project performed with current firm Prepared the site and landscape design for a restorative garden with a playground area specifically for the use by children users of the Joe DiMaggio facility. Cost: \$2.5 Million		
	(1) TITLE AND LOCATION (<i>City and State</i>) Delray Beach SW 2nd Street Delray Beach, Florida	(2) YEAR COMPLETED	
		PROFESSIONAL SERVICES 2014	CONSTRUCTION (if applicable)
i.	(3) BRIEF DESCRIPTION (<i>Briefscope, size, cost, etc.</i>) AND SPECIFIC ROLE <input type="checkbox"/> Check if project performed with current firm As a subconsultant to Wantman Engineering, CGA coordinated the bulb-out locations with the Civil Engineer. Roundabouts were developed for Traffic Calming. Landscape Streetscape enhancements provided beautification in the South West neighborhood. The project extended from Swinton to SW 15 th Avenue. Construction Cost: \$408,000		
	(1) TITLE AND LOCATION (<i>City and State</i>) Delray Beach NE 2nd Avenue Delray Beach, Florida	(2) YEAR COMPLETED	
		PROFESSIONAL SERVICES 2016	CONSTRUCTION (if applicable)
j.	(3) BRIEF DESCRIPTION (<i>Briefscope, size, cost, etc.</i>) AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm As a subconsultant to Wantman Engineering, CGA provided professional services for Landscape Architecture and Electrical Engineering Streetscape enhancements were provided from Lake Ida Rd. to George Bush Blvd. Decorative street lighting as well as date palms were designed to complement the historic neighborhood of Delray Beach.		

E. RESUMES OF KEY PERSONNEL PROPOSED FOR THIS CONTRACT

(Complete one Section E for each key person.)

12 NAME MICHAEL CONNER, ASLA, RLA	13 ROLE IN THIS CONTRACT LANDSCAPE ARCHITECTURE	14. YEARS EXPERIENCE	
		a TOTAL 30	b WITH CURRENT FIRM 12
15 FIRM NAME AND LOCATION <i>(City and State)</i> CALVIN, GIORDANO & ASSOCIATES, INC. – FORT LAUDERDALE, FLORIDA			
16 EDUCATION <i>(DEGREE AND SPECIALIZATION)</i> Bachelor Landscape Architecture Ball State University, Indiana B.S., Environmental Design, Ball State University, Indiana		17 CURRENT PROFESSIONAL REGISTRATION <i>(STATE AND DISCIPLINE)</i> Registered Landscape Architect FL No. LA0001181 ISA Certified Arborist, FL, No. FL0777	
18 OTHER PROFESSIONAL QUALIFICATIONS <i>(Publications, Organizations, Training, Awards, etc.)</i>			

Mr. Conner has more than 30 years of combined experience in municipal, commercial, and private sector work. As a Registered Landscape Architect and a Certified Arborist, he is also knowledgeable in all aspects of urban and community forestry planning and tree inventory and appraisal – particularly in built-out environments in the South Florida area. His expertise lies in site planning, hardscape and landscape design. He also has successful experience in public space creation and planning, environmental mitigation, contract administration, site inspections, and grant writing. He will contribute his expertise in native planting, arborist services, and landscape construction administration for landscape projects.

19. RELEVANT PROJECTS

a.	(1) TITLE AND LOCATION <i>(City and State)</i> Joe DiMaggio Children's Hospital/35th Avenue Streetscape Hollywood, Florida	(2) YEAR COMPLETED	
		PROFESSIONAL SERVICES 2010	CONSTRUCTION (if applicable) 2011
	(3) BRIEF DESCRIPTION <i>(Briefscope, size, cost, etc.)</i> AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm Provided detailed hardscape and landscape design, as well as irrigation design for the new hospital. Coordinated with the Project Architect and CGA's traffic, electrical and civil engineering departments to provide design and construction administration services for the project. The project included streetscape improvements on N. 35 th Avenue, new custom bus shelters, the relocation of over 100 trees, new decorative LED light poles, an irrigation system using reclaimed water, and has received LEED accreditation at the Silver level. CGA's fees: \$375,000.		
b.	(1) TITLE AND LOCATION <i>(City and State)</i> Rolling Oaks Park Miami Gardens, Florida	(2) YEAR COMPLETED	
		PROFESSIONAL SERVICES 2012	CONSTRUCTION (if applicable) 2014
	(3) BRIEF DESCRIPTION <i>(Briefscope, size, cost, etc.)</i> AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm Designed a 1.5 mile long pedestrian trail through Rolling Oaks Park. The trail included new L.E.D. site lighting, fitness equipment, and benches. A custom-designed way-finding signage program was developed for all of the trailhead signs, directional signs, and mileage markers. The design of the trail was carefully laid out so as to not disturb the hundreds of existing like oak trees on the site. CGA's fees: \$140,000.		
c.	(1) TITLE AND LOCATION <i>(City and State)</i> Lake at Royal Palm Park-Best Management Practices Oakland Park, Florida	(2) YEAR COMPLETED	
		PROFESSIONAL SERVICES 2014	CONSTRUCTION (if applicable) 2015
	(3) BRIEF DESCRIPTION <i>(Briefscope, size, cost, etc.)</i> AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm Prepared a study and report on the best management practices for the maintenance of a large lake adjacent to Royal Palm Park. The lake has several edge conditions, including being bordered by residential homes both with seawalls and without seawalls. The report included recommendations for future lake maintenance activities, improved communication between the City, contractor and residents, and new lake bank plantings. CGA's fees: \$7,500.		
d.	(1) TITLE AND LOCATION <i>(City and State)</i> Tree Planting Master Plan Oakland Park, Florida	(2) YEAR COMPLETED	
		PROFESSIONAL SERVICES 2015	CONSTRUCTION (if applicable) 2016
	(3) BRIEF DESCRIPTION <i>(Briefscope, size, cost, etc.)</i> AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm Developed a master plan that identified all of the tree planting sites in the city on public lands and roadways. The plan has become the basis for budgeting in future years for tree planting. In addition, the city is requesting tree canopy trust funding from Broward County to implement Phase One of the project. The development of this plan has also led to the creation of new landscape standards for the branding of the entire city. CGA's fees: \$325,000.		

	(1) TITLE AND LOCATION (<i>City and State</i>) SR A1A/ SE 17th Street Causeway Fort Lauderdale, Florida	(2) YEAR COMPLETED	
		PROFESSIONAL SERVICES 2012	CONSTRUCTION (if applicable) 2014
e.	(3) BRIEF DESCRIPTION (<i>Brief scope, size, cost, etc.</i>) AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm Prepared detailed landscape plans to implement a F.D.O.T. Broward Highway Beautification Grant to enhance the existing medians on SR A1A/ SE 17 th Street Causeway. The 1.6 mile long project included planting of specimen palms, modifications to the existing irrigation system, and extensive maintenance of traffic plans. CGA's fees: \$18,000.		
	(1) TITLE AND LOCATION (<i>City and State</i>) Mills Pond Park: Soccer/Lacrosse Fields Fort Lauderdale, Florida	(2) YEAR COMPLETED	
		PROFESSIONAL SERVICES 2014	CONSTRUCTION (if applicable) Ongoing
f.	(3) BRIEF DESCRIPTION (<i>Brief scope, size, cost, etc.</i>) AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm Developed a plan to build 3 new synthetic turf soccer and lacrosse fields at Mills Pond Park, including coordinating surveying, civil engineering, electrical engineering, site planning, landscape architecture, and all of the sub-consultants on the project. The design of the new fields will include drainage, lighting, and irrigation as well as associated parking, walkways, and landscape improvements. Construction cost is estimated at \$3.3 million, with completion scheduled for December, 2016. CGA's fees: \$379,000.		
	(1) TITLE AND LOCATION (<i>City and State</i>) NW 183rd Street – Phase II Beautification Project Miami Gardens, Florida	(2) YEAR COMPLETED	
		PROFESSIONAL SERVICES 2011	CONSTRUCTION (if applicable) 2012
g.	(3) BRIEF DESCRIPTION (<i>Brief scope, size, cost, etc.</i>) AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm Prepared landscape and irrigation design plans for 1.78 miles of medians and frontage road swale areas along NW 183 rd Street. The project required coordination with multiple agencies and F.D.O.T. for the installation of a new irrigation system and plant material. The city received grant funding from Miami Dade County for the improvements, and the project received the "Project of the Year" award from the American Public Works Association-South Florida Chapter. CGA's fees: \$45,000		

E. RESUMES OF KEY PERSONNEL PROPOSED FOR THIS CONTRACT

(Complete one Section E for each key person.)

12 NAME GIANNO FEOLI	13 ROLE IN THIS CONTRACT LANDSCAPE URBANIST	14. YEARS EXPERIENCE	
		a TOTAL 23	b WITH CURRENT FIRM 15

15 FIRM NAME AND LOCATION *(City and State)*
CALVIN, GIORDANO & ASSOCIATES, INC. – FORT LAUDERDALE, FLORIDA

16 EDUCATION <i>(DEGREE AND SPECIALIZATION)</i> Master of Landscape Architecture, Florida International University, School of Architecture, Miami, Florida B.A., Architectural Studies, Florida International University, School of Architecture, Miami, Florida	17 CURRENT PROFESSIONAL REGISTRATION <i>(STATE AND DISCIPLINE)</i>
--	--

18 OTHER PROFESSIONAL QUALIFICATIONS *(Publications, Organizations, Training, Awards, etc.)*
Mr. Feoli leads the Landscape Department in creative design strategies for urban environments with specialties including urban design, contextual analysis and branding. He will contribute his experience in providing detailed site design, large-scale redevelopment planning, and graphic communication services. His experience has encompassed a wide array of project-types, and his strengths lie in park design, streetscapes and urban redevelopment, and form-based urban designs and planning strategies.

19. RELEVANT PROJECTS

	(1) TITLE AND LOCATION <i>(City and State)</i>	(2) YEAR COMPLETED	
		PROFESSIONAL SERVICES	CONSTRUCTION (if applicable)
a.	Middle Beach Recreational Corridor Miami Beach, FL	2012	Ongoing
	(3) BRIEF DESCRIPTION <i>(Brief scope, size, cost, etc.)</i> AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm Lead Designer: responsible for coordinating all engineering and environmental efforts associated this 2-mile long linear multi-use trail project on State- owned lands, as well as responsible for all planting and hardscape design and public outreach. Conducted one-on-one meetings with over 39 condominium properties to gather support for the project, responded to residents' concerns, and addressed design restrictions set forth in the Florida Administrative Code and balance those against resident's expectations. Responsible for coordinating with all State and local permitting agencies CGA's fees: \$534,000.		
b.	Oakland Park Station Oakland Park, FL	2012	2014
	(3) BRIEF DESCRIPTION <i>(Brief scope, size, cost, etc.)</i> AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm Responsible for all conceptual design, site, design and construction detailing of a public plaza at the terminus of the City's culinary district. The design effectively created flexible public environment that could be used as event spaces and could accommodate the needs of the City in continuing its adopted branding through the use of elements, furnishings, paver palettes and landscape lighting. The project's challenging shallow dimensions required innovative solutions to address ADA access to adjacent buildings while maximizing opportunities for the use of space, addressed through the creation of large stage settings that served as landings and allowed for public engagement and interaction. CGA's fees: \$25,000.		
c.	98th Street Park Bay Harbor Islands, Florida	2014	2014
	(3) BRIEF DESCRIPTION <i>(Brief scope, size, cost, etc.)</i> AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm Responsible for all public outreach, site design, construction detailing, and planting design of a neighborhood passive park. The park includes a small dog park area, flexible open space, children's play areas, an interactive water feature and a restroom facility. Designed the splash pad, play areas, and landscaping. Coordinated the design of the restroom facility and facilitated all necessary public outreach through both the Parks and Recreation Committee and the Town Council. CGA's fees: \$42,000.		
d.	Lloyds Estate Pocket Park Project Oakland Park, Florida	2014	Ongoing
	(3) BRIEF DESCRIPTION <i>(Brief scope, size, cost, etc.)</i> AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm Responsible for the programming and design of the project site, conducting the necessary public outreach to gather Commission approval and coordinating important aesthetic and sustainable improvements with engineering needs of the project. Also responsible for the conceptual design of all material selections and palette, retaining walls, fences, lighting, branding elements, and planting. CGA's fees: \$65,000		

e.	(1) TITLE AND LOCATION (<i>City and State</i>) Doral Boulevard Beautification Master Plan Doral, Florida	(2) YEAR COMPLETED	
		PROFESSIONAL SERVICES 2007	CONSTRUCTION (if applicable) Ongoing
	(3) BRIEF DESCRIPTION (<i>Brief scope, size, cost, etc.</i>) AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm Lead Designer responsible for crafting a streetscape and urban design master plan for Doral Boulevard envisioned as the primary emblem of the City. Responsible for designing all landscape and planning components of the project, which created distinct planning 'character' zones that would impact relationships of the built environment with the resultant quality of spaces being generated, the creation of dedicated public realm components and design standards for each, access management design recommendations, signage and gateway features, and identifying architectural relationships to improved sidewalk design and parking design recommendations. This document and its vision has been the guiding document for all areas abutting the Boulevard and has been used by the City as a contributing guide for the development of Downtown Doral, focused on safe, pedestrian-friendly, high-quality environments. CGA's fees: \$150,000.		
f.	(1) TITLE AND LOCATION (<i>City and State</i>) 92nd Street Park, Bay Harbor Islands, Florida	(2) YEAR COMPLETED	
		PROFESSIONAL SERVICES 2012	CONSTRUCTION (if applicable)
	(3) BRIEF DESCRIPTION (<i>Brief scope, size, cost, etc.</i>) AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm Lead Designer responsible for all public outreach, site design, construction detailing, and planting design of a 2-acre urban community passive park. The park includes a small dog park area, flexible open space, outdoor exercise areas, ample shaded seating, parking, furnishings, and urban plaza and solar- powered security lighting. This project was designed, engineered, detailed and constructed on a fast-track to meet very restrictive deadlines of grant funding that had been previously secured by the Town. CGA's fees: \$40,000.		
g.	(1) TITLE AND LOCATION (<i>City and State</i>) Beachwalk Master Plan Surfside, Florida	(2) YEAR COMPLETED	
		PROFESSIONAL SERVICES 2008	CONSTRUCTION (if applicable) Ongoing
	(3) BRIEF DESCRIPTION (<i>Brief scope, size, cost, etc.</i>) AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm Lead Designer responsible for the conceptualization and master plan of a 1-mile linear park as a erosion control strategy and connecting all street-end plaza components with access to the beach. This project included dune and turtle habitat restoration, branding sculptures, salt-tolerant plantings, public art branding components, and specialty paving design. Also responsible for all public outreach associated with the project. CGA's fees: \$60,000.		
h.	(1) TITLE AND LOCATION (<i>City and State</i>) Rolling Oaks Park Wayfinding Sign Package Miami Gardens, Florida	(2) YEAR COMPLETED	
		PROFESSIONAL SERVICES 2013	CONSTRUCTION (if applicable) 2014
	(3) BRIEF DESCRIPTION (<i>Brief scope, size, cost, etc.</i>) AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm Developed a signage and wayfinding package to provide identification and orientation to users. The signage package was developed as an interchangeable modular system that could be easily customized to meet the unique needs of other park and public amenity areas and that could be placed on project sites as well as within the public ROW. The design was heavily influenced by concerns of safety and its ability to withstand graffiti and vandalism. CGA's fees: \$140,000.		
i.	(1) TITLE AND LOCATION (<i>City and State</i>) Dania Cove Park Narrative Signage Dania Beach, Florida	(2) YEAR COMPLETED	
		PROFESSIONAL SERVICES 2011	CONSTRUCTION (if applicable) 2012
	(3) BRIEF DESCRIPTION (<i>Brief scope, size, cost, etc.</i>) AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm Developed a series of narrative signs for inclusion in the park design to celebrate the history of the City and the planting selection as a tool to provide an educational component informing park users on the importance of the flora, fauna and natural environment's contributions to the City's identity. CGA's fees: \$100,000.

19. RELEVANT PROJECTS

a.	(1) TITLE AND LOCATION <i>(City and State)</i> Mills Pond Park: Soccer/Lacrosse Fields Fort Lauderdale, Florida	(2) YEAR COMPLETED	
		PROFESSIONAL SERVICES 2014	CONSTRUCTION (if applicable) Ongoing
	(3) BRIEF DESCRIPTION <i>(Briefscope, size, cost, etc.)</i> AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm Developed a plan to build 3 new synthetic turf soccer and lacrosse fields at Mills Pond Park, including coordinating surveying, civil engineering, electrical engineering, site planning, landscape architecture, and all of the sub-consultants on the project. The design of the new fields will include drainage, lighting, and irrigation as well as associated parking, walkways, and landscape improvements. Construction cost is estimated at \$3.3 million, with completion scheduled for December, 2016. CGA's fees: \$379,000.		
b.	(1) TITLE AND LOCATION <i>(City and State)</i> Soccer Field Conversion at Weston Regional Park Weston, Florida	(2) YEAR COMPLETED	
		PROFESSIONAL SERVICES 2016	CONSTRUCTION (if applicable)
	(3) BRIEF DESCRIPTION <i>(Briefscope, size, cost, etc.)</i> AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm The city of Weston will be converting two soccer fields to synthetic turf, these conversions will be the first of two park field conversions in the city. The selected synthetic turf option uses an organic infill material rather than the standard black rubber material. These fields will be cooled down with the use of long range rotors specifically designed for synthetic turf cooling & cleaning. Services included Civil Engineering as well. CGA's fees: \$350,000.00.		
c.	(1) TITLE AND LOCATION <i>(City and State)</i> Football Field Conversion at Cypress Bay High School Weston, Florida	(2) YEAR COMPLETED	
		PROFESSIONAL SERVICES 2015	CONSTRUCTION (if applicable)
	(3) BRIEF DESCRIPTION <i>(Briefscope, size, cost, etc.)</i> AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm Prepared detailed site plans and irrigation plans for the conversion of an existing turf football field park to synthetic turf. The selected turf option is to use an organic fill material rather than the standard black rubber material. This required a cooling system and for cost saving a specialized booster pump with 4 custom ports where created in order to use a self-reeling watering wheel system. Services included Civil Engineering as well. CGA Fees: \$100,000.		
d.	(1) TITLE AND LOCATION <i>(City and State)</i> Vista Park Weston, Florida	(2) YEAR COMPLETED	
		PROFESSIONAL SERVICES 2002	CONSTRUCTION (if applicable) 2006
	(3) BRIEF DESCRIPTION <i>(Briefscope, size, cost, etc.)</i> AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm CGA developed the master plan for Vista Park which is adjacent to Cypress Bay High School. With four soccer fields and four baseball fields, this park is well utilized by Weston residents as well as the high school. Special detailing of the edges of the fields were designed to address the clay and sod areas by creating header curbs to separate those areas. The design, construction documents and construction administration was provided by CGA. Cost: \$5.5 million		
e.	(1) TITLE AND LOCATION <i>(City and State)</i> MIDDLE BEACH RECREATIONAL CORRIDOR MIAMI BEACH, FL	(0) YEAR COMPLETED	
		PROFESSIONAL SERVICES 2012	CONSTRUCTION (if applicable) Ongoing
	(3) BRIEF DESCRIPTION <i>(Briefscope, size, cost, etc.)</i> AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm Responsible for all irrigation design for a 2-mile long multi-use trail linear park to be constructed on State lands. The irrigation design is consistent with the City's standards for product selection, specification and maintenance. The system was designed for water conservation strategies and minimal impacts to the environment. CGA's fees: \$534,000.

24. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT *(Include scope, size, and cost)*

Calvin, Giordano & Associates, Inc. was contracted by the City of Miami Beach to design and permit an on-grade, ADA-accessible pathway that will support the use of bicycles, Walking, and other non-motorized means of transportation. The MDRC project is a part of the greater Atlantic Greenway Network, which is a system of bicycle facilities throughout the City of Miami Beach. The MDRC will connect to the existing Miami Beach Boardwalk at Indian Beach Park on the south and the North Beach Recreational Trail at Allison Park on the north with a 2-mile paver walkway, continuing the City's unique branding qualities. The path will be permitted in accordance with the Florida Dept. of Environmental Protection's and the Florida Fish and Wildlife Conservation Commission's regulations, as the entirety of the project lies within Stat-owned lands. The scope of work includes extensive public outreach, branding and site design, coastal engineering, dune planting plans, lighting design, and bidding and construction administration. The project will connect business districts, cultural/tourism centers, parks, residential neighborhoods and the beaches. The MBRC will complete a major portion of the essential north-south connector of the AGN and further facilitate pedestrian and non-motorized transportation throughout the City. Construction is being phased and is anticipated to be completed by the end of 2018.

23. PROJECT OWNER'S INFORMATION

a. PROJECT OWNER City of Miami Beach	b. POINT OF CONTACT NAME David Gomez	c. POINT OF CONTACT TELEPHONE NUMBER 305-673-6071 ext 6732
--	--	--

24. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT
(Include scope, size, and cost)

North Shore Oceanview Park has been conceived as an expression and celebration of the botanic qualities of the barrier island of Miami Beach. The design, developed in concert with West 8, seeks to creatively balance on-site needs of safety and ease of maintenance with design issues of expression and branding. The driving force for the design was the creation of habitat areas, shaped as pods, that monumentalizes the fact that the project site has one of the few, large areas remaining on a barrier island within Miami-Dade County. Currently the core of the park is filled with a monoculture of mature seagrape trees. The objective is to develop a framework and conservation plan where, once created, the pods' plantings can be divested with a diverse make-up of plants typical of a maritime hammock. This goal is in line with the City's leading effort to integrate sustainability and resilience into every opportunity that exists in the City. The park will also include the creation of an iconic branding strategy through the creation of pre-fabricated concrete gateways and critical branding strategies, all intended on celebrating the botanic qualities of the site. Generally, park improvements include new pathways, a new beach walk, beach showers, furnishings, exercise equipment, a new playground, upgrades to the existing restroom facilities and pavilions, new gateway features, upgrading turtle-friendly lighting, integrates security systems, the installation of silva cells for passive Low Impact Development drainage, planting, and dune restorations. Because this project is adjacent to and, at times, extends beyond the Erosion Control Line, CGA is also responsible for processing all required permits through FDEP.

21. TITLE AND LOCATION <i>(City and State)</i> Civic Park - 530 Crandon Blvd Key Biscayne, Florida		22. YEAR COMPLETED PROFESSIONAL SERVICES 2016-Ongoing CONSTRUCTION <i>(If applicable)</i>

23. PROJECT OWNER'S INFORMATION

a. PROJECT OWNER Village of Key Biscayne	b. POINT OF CONTACT NAME Todd Hofferberth	c. POINT OF CONTACT TELEPHONE NUMBER 305-365-8947
--	---	---

24. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT *(Include scope, size, and cost)*

The Civic Park at 530 Crandon Blvd has been conceived as a neighborhood passive park that will support the civic character and programming of the immediate hub with a concentration of Village uses, including Village Hall, the Fire Station, and the Community Center. The objective for the design was to create a space that could be flexible, yet was highly branded so it communicated the ideals of civic engagement, high quality, and history of the Village. As an activator, the design includes the incorporation of an embedded pump track detailed in a way so it looks like it's been carved out of the landscape. The majority of the improvements are on the street-side perimeters of the property. There a historical walk has been proposed with embedded brass plaques that provide a notation and historical facts about the history of the Key and its journey to become a self-governing Village. The components of the park will include various seating options, designed in a way to make reference to the natural qualities of Key Biscayne and the lush verdure so characteristic of the Village. Continuing in the tradition of the Village, art is an integral component of the project, including a floor medallion designed by the artist Jose Bedia Vales and iconic landscape sculptural elements designed by CGA. An important component

of the project is the sub-surface tree root system being installed. There are existing street trees that were installed over a decade ago which are currently root-bound. They are up-rooting the pavers that are surrounding them and creating tripping hazards for pedestrians. The project includes the elimination of all compacted soils around the existing trees, conducting proper root pruning, and installing Strata Vaults so the trees can have adequate, uncompacted solid to root through.

24. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT *(Include scope, size, and cost)*

Calvin, Giordano & Associates, Inc. (CGA) provided construction management for the new City of Weston City Hall which was built on a 3½-acre site located at 17200 Royal Palm Boulevard. This one-story, 14,000-square-foot building includes offices, meeting rooms and a Commission Chamber with stadium seating for 156 people. The exterior of the building is predominantly stone while the interior finish is a mixture of stone and wood. The project also includes a fully integrated back-up generator system, associated parking, landscaping, entry spaces, site drainage, utilities, sidewalks, curbing and paving.

The site is nestled immediately adjacent to the current Midtown Athletic Club (tennis courts) which remained active during the duration of the project construction. CGA monitored the construction in regards to minimizing off-site impacts.

24. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT *(Include scope, size, and cost)*

CGA developed a waterfront park design on an archeologically significant site in the City of Dania with a scenic mangrove cove, using the site's history as an opportunity to showcase its historical value and ecological importance. The park features waterfront elements, including a fishing dock and platform, a picnic pavilion and an exercise path for the park users. Xeriscape, native planting was utilized to minimize the park's dependence on irrigation, and plants were selected for their educational opportunities in highlighting their butterfly attracting varieties and towering Oak trees. The park contains a historic Indian midden, which serves as an opportunity for

historical education. The scope included a phased approach to obtain grant funding for the City, while phase II is envisioned to include a second scenic overlook area and a bridge to provide a continuous path to loop around the cove's feature.

--	--	---

24. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT *(Include scope, size, and cost)*

Calvin, Giordano & Associates, Inc. was contracted by the City of Miami Gardens to design a pedestrian trail within Rolling Oaks Park and to provide a safe route through the surrounding neighborhood to connect the new trail in the park to an existing walking trail in the Dolphin Center Park located three quarters of mile away. The design for the trail included new outdoor fitness stations, seating areas, and LED site lighting. A study was conducted by CGA to determine the best route for the walkway through the neighborhood and what improvements would be needed. New crosswalks are being added along with a solar powered, on-demand pedestrian crossing signal where the trail leaves the park. A custom-designed way-finding signage program was developed for all of the trailhead signs, directional signs, and mile markers. This afforded the City of Miami Gardens a unique opportunity for branding within the community. Besides determining the best route through the neighborhood, the CGA team had to carefully plan the route for the trail through the park so as to not disturb the hundreds of existing Live Oak trees on the site. Using GPS technology, the CGA team worked out the best route for the trail in the field, and then returned to the office to translate those points into the final alignment for the pathway. In addition, the existing drainage permit for the site had to be modified for the trail improvements. These new drainage facilities also had to be carefully planned to avoid removing any trees.

--	--	---

24. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT (Include scope, size, and cost)

CGA was retained by the City of Sunny Isles Beach to survey, design, permit, and administer the construction of the North Bay Road Bridge, spanning a canal between 174th St. and 172nd St. along North Bay Road. The principal function of the bridge is to provide pedestrian access across the canal. The proposed 263' span will also provide access across the canal to emergency vehicles as a bypass to Collins Ave. during periods of heavy traffic congestion.

The project included several work efforts adjacent to the bridge, including the construction of an observation deck in Town Center Park,

located at the eastern end of the canal, and a boardwalk connecting the deck to the North Bay Road bridge. Associated drainage, roadway, utility, and hardscape improvements were made along 174th St. and 172nd St. to account for the increased drainage and other impacts to the surrounding infrastructure.

The project involved intensive coordination with regulatory agencies, utilities, government entities, and local stakeholders. The CGA team was able to procure all necessary permits to conduct the work on schedule.

24. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT (Include scope, size, and cost)

CGA was contracted by the City of Oakland Park to design a public plaza at a prominent location within the City's Culinary District. The public plaza is the linchpin to the newly established District's catalyst for redevelopment, serving as a connective means and threshold to a brewery being proposed in a presently vacant industrial building. The goal of the plaza's design was to meet the goals of the District's master plan in contributing spaces of value for social, public use to increase the pedestrian experiences being lent by the District. Additionally, the plaza provides ample areas and infrastructure to serve as the designated location for future street markets – this includes ample electrical connection stations, a flexible elevated area that can be used as a stage area, and ample outdoor seating opportunities through the use of elevated planters with seat walls. The design of the plaza required very close attention to detail design to ensure that the quality of the space was of a high architectural quality, consistent with the initial branding strategies already embarked by the City. Lastly, the project was conceived, design and developed through a cooperative process with the assigned City officials, the developers and adjacent property owner, lease and their contractor, and finally with the City-selected contractor contracted to build the plaza project. This coordination was a highlight of the project which ensured that the design ideas were clearly communicated and translated into the implementation phase, that all in-building needs were met and scheduled so as to not conflict with the plaza's tight construction schedule, and that the continuity and balance of design elements was achieved between the public space and the improvements proposed by the adjacent building in terms of design treatments, color, signage and motifs.

24. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT *(Include scope, size, and cost)*

As an important component to the Boulevard Beautification Master Plan for NW 36/41st Street prepared by Calvin, Giordano & Associates, CGA is currently developing detail construction plans for Iconic Entry Features to mark the entrance and welcome visitors to the City of Doral as an important component to the City's branding. The design for the Iconic Entry Feature seeks to communicate the City's vibrancy, modernism and optimism as a desirable place to "Live, Work, Learn and Play". The 26-foot tall elements will be set at the gateway entrances off of the Palmetto 826 Expressway in a lushly planted scene, highlighting the high-end quality environment that the City of Doral has come to be known for. The structure is being fabricated out of metal with a stainless steel embossed mesh and will include changeable lettering and embedded LED lighting for subtle color-kinetics. The design for the entry feature is was prepared by CGA with the purpose of continuing the goals and objectives first set out in the master plan and to serve as a new landmark for the City. The scope of work included design, preparation of photo-realistic computer renderings, creating physical scaled models, and conducting the necessary presentations to City Council for approval.

---	---	---

24. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT *(Include scope, size, and cost)*

The master plan design for the Peacemound Park Master Plan consisted of rebranding and re-programming the existing park site with a design solution that better utilized the site to establish a forward-looking extension of the Weston identity, while incorporating a narrative component that revealed the site's historical and archaeological value. The master plan provides for the park's connection and legibility to and from the surrounding suburban roadways contrasted by an intricate balance of walking paths scaled and orchestrated for the pedestrian experience. It also includes a new monument to celebrate the existing Tequesta burial mound and to poise the design within an elaborate context of spaces and conceptualized environments that immerses the park visitor into a reinterpreted version of Florida's native environment. Contrasted against the detailed memorialized environment to the south, the park provides a celebratory environment to the north, linked by a waterfront promenade and a series of boardwalks on a softened edge of native grasses and controlled vistas. The northern portion houses a children's play area, a stage area and a reading area. Both segments incorporate the use of artistic and sculptural manipulations of topography, careful detailing of materials and minute detail to cost of construction to arrive at a master plan design that could be implementable through design development with little to no modification.

SIMILAR EXPERIENCE

The following is a list of Proposer's similar experience as Prime General Contractor on projects of comparable nature, scope, complexity and duration along with evidence of satisfactory completion, time and within budget.

1. PEACE MOUND PARK - (June 2014)

Scope of Work: Construction services for improvements to Peace Mound park which included new parking area, demolition of existing walks and construction on new walkways adorned with decorative pavers and bronze imbedded plaques, construction of new playground, two new gazebos, fishing pier and elevated boardwalk areas, installation of new site furnishings and new site/parking lot lighting.

Client: City of Weston

Contact: Karl C. Thompson, Director of Public Works
(954) 385-2600/kthompson@westonfl.org

Contract Amount: \$ 1,911,263.00

2. PALM AIRE PARK AKA GEORGE BRUMMER PARK

Scope of Work: Construction of a new neighborhood park, work includes: two playgrounds, exercise areas, six tennis courts, two bocce ball courts, two full hands ball courts, full basketball court, sand volleyball court, restroom building, site utilities, site lighting, sidewalks, landscape, irrigation, parking lot, site furnishings, an entrance park sign, lightning warning system.

Contract Amount: \$ 1,624,102.00

SIMILAR EXPERIENCE

Name of Firm or Agency: City of Pompano Beach
Contact: Alessandra Delfico, PE, City Engineer (954) 786-4144 / alessandra.delfico@copbfl.com

3. CYPRESS PRESERVE AND OAK HAMMOCK PASSIVE PARK - (August 2015)

Scope of Work: Construction services to build two new passive park sites. Construction included a disc golf course, pedestrian trail system, 3 restroom buildings, and 6 picnic pavilions. Site work included site

preparation, earthwork, site utilities, sidewalks, elevated boardwalk thru wetland, parking lots, perimeter aluminum state fencing with masonry columns, dumpster area, park signs, site furniture, native landscaping, irrigation and modifications to littoral area include dredging and plaintive all native plants to create a wetland ecosystem.

Contract Amount: \$ 4,115,249.00

Client: City of Sunrise

Contact: David Abderhalden, Project Manager (954) 572-2264/dabderhalden@sunrisefl.gov

4. DESIGN BUILD SERVICES FOR MIRAMAR PINELANDS NATURAL AREA – (Dec 2012)

Scope of Work: Design, Permit and develop a 157 acre park site, new maintenance/restroom building, storage building, three picnic shelters, dumpster structure, new playground to include surface and shade structure, splash pad playground area, park entrance to include new park sign, entrance gate and new guardhouse, park access roads, parking areas, concrete trails, elevated board walks, site utilities, native landscaping and temporary irrigation system.

Contract Amount: \$ 2,900,000.00

Client: Broward County Parks and Recreation,

Contact: Martin Gross, PE, (954) 370-3810 / mgross@broward.org

SIMILAR EXPERIENCE

5. DESIGN BUILD SERVICES FOR DISTRICT 2 PARK IMPROVEMENTS – (May 2011)

Tradewinds Park: New gatehouse, a new stand alone restroom bldg., 3000 SF playground, 4 field softball fields complex included a 1200 SF concession building, sports lighting, dugouts, bleachers, athletic equipment.

3 soccer fields complex included 1200 SF concession building, new sports lighting for all fields, drainage, fencing, irrigation, and athletic equipment.

Quiet Waters Park: New Entrance roadway, gatehouse & ticket booth, new 10,000 SF maintenance building, new restroom building, renovations to existing pool area include new interactive play feature, resurfacing existing Pool deck, equipment upgrades, resurfacing and restriping existing parking lot, ADA improvements to parking pool access.

North Broward Park: work included re-grading, re-sodding multipurpose field, irrigation & new sports lighting and at Deerfield Island Park: New boardwalk & refurbishing of existing ones.

Contract Amount: \$9,080,000.00

Contact: Broward County Parks and Recreation, Martin Gross, PE, (954) 370-3810 / mgross@broward.org

6. DESIGN BUILD SERVICES FOR RICHARDSON HISTORIC PARK – (Jan 2008)

Scope of Work: A new parking lot, entrance and exit driveways, park signs estate fencing, Site lighting, site drainage, install new, site water and sewer systems, main water service, fire hydrant, two drinking fountains. New concrete walks, dock area, elevated walks and natural trail, observation deck, boat ramp & restroom bldg. This Site is considered environmentally sensitive and the scope of work includes designing and building boardwalks throughout wetlands amongst mangroves, building docks, ramps, overlooks and walks on the banks of a canal and designing and erecting structures over mucky.

Client: City of Wilton Manors

Contact: Patrick Cann, Director of Leisure Services, (954) 390-2130 / pcann@wiltonmanors.com

Contract Amount: \$ 1,627,150.00

7. VISTA VIEW PARK EXPANSION— (Jan 2009)

Scope of Work: The construction consisted of developing a 60 acres expansion to the existing Vista View Park, work included clearing of the site, grading, drainage system, installation of new water and sewer services, construction of new access roads, parking areas, 15,000 LF of 8' multipurpose trails, 11,000 LF of asphalt equestrian trails, equestrian corral and wash areas, 2 basketball courts, exercise stations, **two fishing piers** and a **9,000 SF ADA Playground**.

Also the construction of a 3,000 SF new Administration, and a 1,500 SF new maintenance buildings, and two restroom buildings, 6 shelters that vary in sizes, installation of perimeter fencing, landscaping and irrigation.
Contract Amount: \$ 6,890,000.00

Client: Broward County Parks and Recreation

Contact: Martin Gross, PE, Engineer IV (954) 370-3810 / mgross@broward.org

8. DESIGN BUILD SERVICES FOR THE LONG KEY NATURAL AREA – (Feb 2008)

Scope of Work: This construction site consisted of 157 acres; this site is one of the largest of the natural areas currently managed by the Broward County Parks and Recreation Division. The Long Key Nature Center and Natural Area is located in the Town of Davie just west of Flamingo Road between Griffin Road and I-595.

The scope of the Long Key Natural area included the design, permitting and construction of a nature center, which cantilevered over an environmentally sensitive marsh area and located amidst archeological sites, a bridge spanning 180 feet over a restored wetland to connect the nature center to a pedestrian nature trail, a 2,000 sq. ft. maintenance building and the construction of the Long Key Island Garden designed by artist Lorna Jordan as part of the Broward County art in public places component of the project.

The Long Key Island Garden includes rusticated color terrazzo sidewalks and benches, a water feature with a vortex fountain and a terrazzo runnel, a metal trellis in an intricate spiral shape, native landscaping, irrigation and lighting.

Contract Amount: \$ 6,737,113.00

Client: Broward County Parks and Recreation

Contact: Martin Gross, PE, Engineer IV

(954) 370-3810 Email: mgross@broward.org

9. SUNRISE CIVIC CENTER FAMILY POOL

Scope of Work: Relocation/removal of existing landscape material, removal of existing perimeter wall and fencing.

New 4,000 SF family instructional pools, water wall fountain/water slide tower, water slide, pool deck, ramps and stairs, decorative masonry/aluminum perimeter wall, precast concrete wall alongside the street perimeter.

Included also as part of the project were the site lighting, site utilities, landscaping, irrigation, and supplying and installing site furnishings.

Name of Firm or Agency: City of Sunrise
Contact: Robert Romeo, Senior Project Manager

City of Margate
Parks and Recreation
Firefighters Park
Dog Park Improvements
DESIGN NARRATIVE

Long key Nature Center –MBR / WZA design build collaboration – Completed in 2008

IMAGINE A VIBRANT, ACTIVE DOG PARK IN THE HEART OF THE CITY OF MARGATE THAT IS AS INVITING AS IT IS SECURE. THE NEW COMMUNITY GATHERING SPACE; A PARK PROVIDING REFUGE FOR DOGS OF ALL AGES, TYPES, AND SIZES AND A CONDUIT FOR POSITIVE SOCIAL ENGAGEMENT FOR THEIR HUMAN FAMILIES. WE INTEND TO TURN THOSE DREAMS INTO A REALITY ...

In accordance with the design / build criteria package, the team of MBR Construction and Walters Zackria Associates will design and construct a dog park located within Firefighters Park at 2500 Rock Island Road – Margate, Florida 33063 and within an existing passive park area immediately south of Firefighters Park. Placing the dog park in this location is the best use of the site. We propose the development of additional parking, walkways, and site amenities to bring visitors to this park in support of the stated objectives of the City’s Comprehensive Plan. City of Margate Comprehensive Plan 1989 Element IV Recreation and Open Space states:

“The Florida Power and Light Company has an easement running through the city, generally in a north-south direction. This easement totals nearly 125 acres and ranges in width from 180 to 285 feet. This corridor does contain overhead electric cables, but is free from pavement for the most part. The easement prevents the cross flow of local traffic and in other ways serves as a greenbelt separating residential areas of different densities. This plan seeks to make the best use of the easement by enhancing its utilization as a greenbelt. The development of structures is prohibited by the easement rights of Florida Power and Light as well as by limitations placed upon it by the Future Land Use Element and the city’s zoning regulations. Other regulations require that the land be kept free of debris and high weeds. The city has deliberately located our recent park acquisitions adjacent to the easement. This greenbelt will serve to link major park sites via bikeways and walking trails.”

Design concepts recommended in ‘Crime Prevention Through Environmental Design’ are utilized to provide a safe facility for visitors. The CPTED concepts include: access control, natural surveillance, and territorial reinforcement. Visual control and monitoring throughout the site and no hidden corners or places for people to hide and other specific strategies are implemented.

SITE CONSIDERATIONS

As stated in the design / build criteria, a summary of the proposed elements to be incorporated into the proposed City of Margate Dog Park Project is listed below.

- Convert the existing passive park area into dual small and large dog parks with the installation of new fencing with double lock gate systems, new shade pavilion structures, and new site furnishing, which will include benches, trash/recycle bins, drinking fountains, dog wash stations, and waste bag stations.
- Maintain existing concrete pedestrian pathways with installation of new pedestrian interconnections.
- Maintain existing landscaping with supplemental landscaping and irrigation improvements
- Convert existing drainage ditch on north side of dog park into new underground stormwater culvert(s).
- Install new pedestrian pathways connecting the new dog park area directly to Firefighters Park and Rock Island Road.
- Install new asphalt parking lot in FPL easement adjacent to Firefighters Park
- Relocate maintenance boat launch from canal bank along dog park area to canal bank along Firefighters Park

CIVIL ENGINEERING DESIGN

Drainage System

New Storm Water Drainage System will be designed to tie into the existing park infrastructure. New inlet boxes, catch basins, pipes, and swales area will be provided to improve the existing park drainage and to accommodate proposed improvements. A culvert will be provided over the existing drainage ditch.

Storm water improvement design will be in compliance with EPD and SFWMD standards. Permits for the will be obtained from EPD / SFWMD and City of Margate Engineering Department.

Water Service

New Water Service extension to the dog park will be designed to be in compliance with City of Margate Engineering Department standards. New 1" water service lines will be connected existing domestic water main.

Electrical Service

Electrical service will be provided to support the lighting system within the proposed parking lot, which will include all light fixtures, lighting elements, poles, footers, wiring, conduit, controls, and associated components necessary to operate the proposed lighting system. All proposed light fixtures will be LED.

Traffic and Roadways

The site design provides for efficient ingress and egress from existing site circulation and parking lot. The handicap accessible parking is located closest to the dog park entrance with an accessible route connecting the public sidewalks, walking trail, parking. Pedestrian walkway connection will be provided to Rock Island Road.

On-site permits will be obtained from City of Margate Engineering Department.

LANDSCAPE AND IRRIGATION DESIGN

Landscape Design

The landscape design will utilize the concepts of naturescaping and xeriscaping. The landscape areas throughout the site will be filled with native and drought tolerant plant species compatible with the local environment. The plants will include shade trees and flowering trees. No exotic or invasive plant species will be installed. Bermuda Grass will be installed within the dog park fence and Saint Augustine Floratam Sod will be provided to restore landscape areas outside the dog park boundary.

Site furnishings, such as benches, trash/recycling receptacles, dog waste stations, dog wash stations, drinking fountains, and bicycle racks will be provided.

Irrigation Design

The irrigation system design utilizes existing irrigation system tie-in. This system utilizes existing irrigation pump to irrigate various zone. Existing pipes, head locations, valves, and controls will be modified to provide the required irrigation coverage for all landscape areas within the scope of work.

ARCHITECTURE / PLAZA DESIGN

The main entrance for each Dog Park area will create a focal point on the site and promote visually directed circulation through the site. Security and access control will be provided at the each entrance with a double gate feature.

Pre-fabricated pavilions will be provided as designated in the design criteria. Roof for the pavilions will be standing seam metal.

ART INCORPORATED WITHIN THE DESIGN

Above the entry areas will include fences and gates which can be used for metal artwork in support of local art in public place program. Imprints in concrete can display leaves, animals, coral, etc. Metal medallions also displaying various plants, birds, and animals can be mounted along the pathways in the park.

General Approach: We understand the importance of providing a single point of contact to achieve a clear communication channel with our client and ensure the success of the project. Our Project Manager will be reachable at any time by phone or electronic mail.

Before MBR Construction, Inc. starts a Guaranteed Maximum Price has already been determined. All team members will be coordinated by the lead Project Manager. On a weekly basis, the Project Manager and team members review the project development against the plan presented at the beginning of the project. The technical quality of the work is reviewed at three intervals. The emphasis of these reviews is to insure the construction documents adhere to the contract documents, stay within the budget price, and to coordinate with the associated disciplines to satisfy the program requirements. The team's cost estimator reviews the documents with emphasis on clarity of details and drawing comprehensiveness. In addition, they make recommendations on construction techniques utilizing proven cost effective systems to maintain the GPM established originally.

Pre-Design Phase

Scheduling

The most important tool for the success of a Project is the Job schedule.

MBR uses Microsoft Projects to generate schedules on all projects. At the start of the project the Owner, architect and MBR will determine the level of scheduling detail that is necessary for the project. Our Project Manager will be responsible for up-dating the schedule in a timely manner.

The main objective of a schedule is to develop a well defined, realistic flow of work activities

Design Phase

During this phase MBR will play a key role in assisting the design team to achieve a cost effective, high quality design that will meet the Client's program. This goal is achieved thru design reviews at various stages. Also during this phase MBR will provide estimating, scheduling, and will identify long lead items to prevent delays.

MBR will develop a Guaranteed Maximum Price based on a complete set of design documents

Coordination of Team Members/Subcontractors

All team members will be coordinated by the lead Project Manager. On a weekly basis, the Project Manager and team members review the project development against the plan presented at the beginning of the project. The technical quality of the work is reviewed at three intervals. The emphasis of these reviews is to insure the construction documents adhere to the contract documents, stay within the budget price, and to coordinate with the associated disciplines to satisfy the program requirements. The team's cost estimator reviews the documents with emphasis on clarity of details and drawing comprehensiveness. In addition, they make recommendations on construction techniques utilizing proven cost effective systems

Project meetings

During the design phase, MBR will conduct progress meetings and generate reports of these meetings to ensure that critical design submittals dates are met.

Cost Estimating

MBR uses a customized estimating program, our estimating team is lead by one of MBR's Principals Ronald R. Boss with over 30 years experience to provide you with a complete and accurate GMP and we will allocate Federica Douaihi to working specifically on your project and she will be directly responsible for preparing, testing in the market place, explaining, and defending the estimates.

MBR performs take-offs from drawings, analyses bids and consults with knowledgeable subcontractors and develop estimates at various design phases. These will include system analysis and an examination of the relationship between elements.

This process is an open book to be reviewed by the Owner, Architect and Contractor's team.

Value Engineering

Value Engineering can be defined as the process of relating the functions, the quality, and the costs of the project in the determination of optimum solutions for the project.

Typically we apply the procedures of value engineering during the Design Development phases by a multidisciplinary study team that:

- ✓ Gathers information
- ✓ Performs Function analysis
- ✓ Develops Fast diagrams
- ✓ Generates ideas
- ✓ Evaluate ideas
- ✓ Chose best idea

At a presentation meeting attended by VE team and owner and/or owner's representative we:

- Present idea

A building project and its costs are determined by a number of factors. Including its functions and purposes, its aesthetic appeal, its profitability, the owner's needs, the performance specifications of its architectural and engineering systems, the construction method and completion time, and its maintenance.

In applying value engineering to a building project, the multidisciplinary team obtains a solution that emphasizes the functions of the project and the best judgment of the team in making final choices, and which results in a cost-effective design for the project.

The factors that determine a building project and its costs can be separated into two groups: one consisting of factors related to specific engineering systems and the other of factors that are general in character and relate to whole building.

Bidding and Award Phase

The following are steps followed before awarding all contracts:

- ✓ Select from our list of Pre-qualified sub-contractors includes Small Disadvantaged Businesses to bid each portion of the project
- ✓ Advertise to Local Businesses, Small Disadvantaged Businesses and Minority Businesses.
- ✓ Prepare bid packages for each function
- ✓ Schedule pre-bid conferences as required
- ✓ Obtain bids
- ✓ Analyze bids
- ✓ Meet with client to present our findings and obtain their approvals

- ✓ Negotiate Sub-Contract terms and Project Site rules
- ✓ Obtain bonds from all major subcontractors
- ✓ Obtain copies of all up to date licenses and insurances.
- ✓ Award Contracts

Construction Phase

Construction Scheduling

The Principal objective of construction scheduling is to efficiently manage the resources used in the construction process. These resources include labor and supervision, material and supplies, equipment, general condition or jobsite overhead support items, and subcontractors (including material suppliers). The objective of the management effort is to effectively use the resources so as to accomplish the project and its individual activities within the budgeted cost.

The Construction schedule provides the principal measuring tool for evaluating progress. Circumstances and situations encountered in the construction process will affect the work that remains. An accurate updated schedule allows the contractor to identify and evaluate alternative plans in responding to the changes in project conditions that will result in the best project decision.

Shop Drawing Process

The timeliness of shop drawing submittal and the follow-up of timely approvals is critical for the scheduling flow. The goal is to ensure that all materials and equipment are available when the work for which their required is schedule to happen.

At the start of the Project MBR produces a list of shop drawings which require approval.

For each item we take into consideration the following:

- ✓ How long it takes the subcontractor to prepare shop drawings
- ✓ Delivery dates required for the item
- ✓ How long will the architect need to review the shop drawing
- ✓ What is the lead time

Once this information is gathered we prepare a shop drawing schedule. Each subcontractor is required by contract to adhere to the shop drawing schedule.

Monitoring and reporting

Monitoring the progress of individual activities according to the construction schedule and promptly adjusting to changing conditions means maximum savings for the owner.

MBR is capable of making good decisions because the project manager will have good and timely information available. This system of reviewing and recording the cost and production of individual activities and chains of activities usually results in good control of construction time and costs.

Project close-out and transition to occupancy

In this phase MBR is responsible for the Project Quality control, Cost control, Communications with subcontractor, Budget and schedule control, Project communications, Construction document maintenance, Punchlist preparation and Project closeout

Warranties

In this phase MBR obtain and review all warranties, operations and maintenance manuals and any other such documents, have them corrected as required.

Warranty Phase

The duration of this phase is one year from date of owner occupancy.

During this phase MBR will:

- ✓ Coordinate and supervise the completion of all warranty work
- ✓ Conduct warranty inspections and provide reports at 6th and 11th month of occupancy
- ✓ Provide Owner with As-built drawings
- ✓ Provide owner all warranties and guaranties

Substantiation

- Project meetings: During design stage there will be meetings with the client after every submittal stage to review their comments and the construction phase, MBR will conduct weekly progress meetings and generate written reports of these meetings
- Design Stage Meeting Minutes: These reports will specify date of the meeting, list of attendees and a record of items discussed during the meeting to be noted or resolved. These Issues will be addressed and incorporated in the next submittal.
- Construction Stage Meeting Minutes: These reports will specify date of the meeting, list of attendees and a record of items discussed during the meeting to be noted or resolved. Items to be resolved remain in the meeting minutes as old Business until resolved.
- RFI: All requests for information will be issued to the client's rep in writing even those asked during project meetings will be followed up in writing.
- Logs are a solution to keep a record of:
- Shop drawing submittals enabling us to monitor and prevent any delays of long lead items and also allows the client to review and determine that the requirements are met.
- Change orders requested by the client if additional work is required.
- RFI specifying which RFI's have been answered and which are pending. Date issued and date responded.

OFFEROR'S CERTIFICATION

WHEN OFFEROR IS A CORPORATION

IN WITNESS WHEREOF, the Offeror hereto has executed this Proposal Form this 7th day of August, 2018.

MBR Construction, Inc.

Printed Name of Corporation

Florida

Printed State of Incorporation

By: [Signature]
Signature of President or other authorized officer

Michael R. Boss

Printed Name of President or other authorized officer

1020 NW 51st Street

Address of Corporation

Fort Lauderdale FL 33309

City/State/Zip

954-486-8404

Business Phone Number

ATTEST:

By: [Signature]
Secretary

State of Florida

County of Broward

The foregoing instrument was acknowledged before me this 7th day of August, 2018, by Michael R. Boss (Name), President (Title) of MBR Construction, Inc. (Company Name) on behalf of the corporation, who is personally known to me or who has produced as identification and who did (did not) take an oath.

WITNESS my hand and official seal.

[Signature]
NOTARY PUBLIC

(Name of Notary Public: Print, Stamp, or type as Commissioned)

**OFFEROR'S
QUALIFICATION STATEMENT**

The undersigned certifies under oath the truth and correctness of all statements and of all answers to questions made hereinafter:

SUBMITTED TO: City of Margate (Purchasing Division)

ADDRESS: 5790 Margate Boulevard
Margate, Florida 33063

CIRCLE ONE

SUBMITTED BY: MBR Construction, Inc.	<u>Corporation</u>
NAME: Michael R. Boss	Partnership
ADDRESS: 1020 NW 51st Street, Ft. Lauderdale FL 33309	Individual
PRINCIPAL OFFICE: Same	Other

1. State the true, exact, correct and complete name of the partnership, corporation, trade or fictitious name under which you do business and the address of the place of business.

The correct name of the Offeror is: MBR Construction, Inc.

The address of the principal place of business is: 1020 NW 51st Street
Fort Lauderdale FL 33309

2. If Offeror is a corporation, answer the following:

- a. Date of Incorporation: November 10, 1992
- b. State of Incorporation: Florida
- c. President's name: Michael R. Boss
- d. Vice President's name: -----
- e. Secretary's name: Wendy S. Cole-Broccoli
- f. Treasurer's name: -----
- g. Name and address of Resident Agent: Michael R. Boss
1020 NW 51st Street, Fort Lauderdale FL 33309

If Offeror is an individual or a partnership, answer the following:

- a. Date of organization: NA

 - b. Name, address and ownership units of all partners: NA

 - c. State whether general or limited partnership: NA
-
-
- 4. If Offeror is other than an individual, corporation or partnership, describe the organization and give the name and address of principals: NA
-
-
-
-
-
-
-
-
-
-
- 5. If Offeror is operating under a fictitious name, submit evidence of compliance with the Florida Fictitious Name Statute. NA

6. How many years has your organization been in business under its present business name? 26 Years

a. Under what other former names has your organization operated? NA

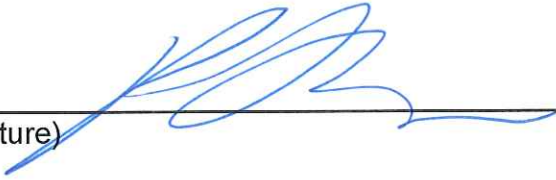

7. Indicate registration, license numbers or certificate numbers for the businesses or professions which are the subject of this RFQ. Please attach certificate of competency and/or state registration.

Ronald R. Boss CGCA08949

Michael R. Boss CGC1512261

8. Have you ever failed to complete any work awarded to you? If so, state when, where and why? No.

THE OFFEROR ACKNOWLEDGES AND UNDERSTANDS THAT THE INFORMATION CONTAINED IN RESPONSE TO THIS QUALIFICATIONS STATEMENT SHALL BE RELIED UPON BY OWNER IN AWARDING THE CONTRACT AND SUCH INFORMATION IS WARRANTED BY OFFEROR TO BE TRUE. THE DISCOVERY OF ANY OMISSION OR MISSTATEMENT THAT MATERIALLY AFFECTS THE OFFEROR'S QUALIFICATIONS TO PERFORM UNDER THE CONTRACT SHALL CAUSE THE OWNER TO REJECT THE PROPOSAL, AND IF AFTER THE AWARD TO CANCEL AND TERMINATE THE AWARD AND/OR CONTRACT.

NOTARY PUBLIC

(Name of Notary Public: Print, Stamp, or Type as Commissioned)

DRUG-FREE WORKPLACE PROGRAM FORM RFQ NO 2018-020

In accordance with Section 287.087, State of Florida Statutes, preference shall be given to businesses with Drug-free Workplace Programs. Whenever two or more bids which are equal with respect to price, quality and service are received for the procurement of commodities or contractual service, a bid received from a business that certifies that it has implemented a Drug-free Workplace Program shall be given preference in the award process. In the event that none of the tied vendors have a Drug-free Workplace program in effect the City reserves the right to make final Decisions in the City's best interest. In order to have a Drug-free Workplace Program, a business shall:

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the Workplace and specifying the actions that will be taken against employees for violations of such prohibition.
2. Inform employees about the dangers of drug abuse in the Workplace, the business's policy of maintaining a drug-free Workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.
3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in subsection (1).
4. In the statement specified in subsection (1), notify employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendens to, any violation of Chapter 893 or of any controlled substance law of the United States of any State, for a violation occurring in the Workplace no later than five (5) days after such conviction.
5. Impose a sanction on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community by any employee who is convicted.
6. Make a good faith effort to continue to maintain a drug-free Workplace through implementation. If bidder's company has a Drug-free Workplace Program, so certify below:

AS THE PERSON AUTHORIZED TO SIGN THE STATEMENT, I CERTIFY THAT THIS FIRM COMPLIES FULLY WITH THE ABOVE REQUIREMENTS.

SIGNATURE OF BIDDER:  DATE: 8/7/2018

COMPLIANCE WITH OCCUPATIONAL SAFETY AND HEALTH ACT

Bidder certifies that all material, equipment, etc. contained in this bid meets all O.S.H.A. requirements. Bidder further certifies that if he/she is the successful bidder, and the material, equipment, etc., delivered is subsequently found to be deficient in any O.S.H.A. requirement in effect on date of delivery, all costs necessary to bring the material, equipment, etc. into compliance with the aforementioned requirements shall be borne by the bidder.

OCCUPATIONAL HEALTH AND SAFETY - SAFETY DATA SHEET REQUIRED:

In compliance with Chapter 442, Florida Statutes, any item delivered from a contract resulting from this bid must be accompanied by a SAFETY DATA SHEET (SDS). The SDS must include the following information:

- A. The chemical name and the common name of the toxic substance.
- B. The hazards or other risks in the use of the toxic substances, including:
 - 1. The potential for fire, explosion, corrosivity and reactivity;
 - 2. The known acute and chronic health effects of risks from exposure, including the medical conditions which are generally recognized as being aggravated by exposure to the toxic substance; and
 - 3. The primary routes of entry and symptoms of overexposure.
- C. The proper precautions, handling practices, necessary personal protective equipment, and other safety precautions in the use of or exposure to the toxic substances, including appropriate emergency treatment in case of overexposure.
- D. The emergency procedure for spills, fire, disposal and first aid.
- E. A description in lay terms of the known specific potential health risks posed by the toxic substances intended to alert any person reading this information.
- F. The year and month, if available, that the information was compiled and the name, address and emergency telephone number of the manufacturer responsible for preparing the information.

NON-COLLUSIVE AFFIDAVIT FOR RFQ NO. 2018-020

State of Florida)

County of Broward)

Michael R. Boss being first duly sworn, deposes and says that:

He/she is the President, (Owner, Partner, Officer, Representative or Agent) of MBR Construction, Inc., the Offeror that has submitted the attached Proposal;

He/she is fully informed regarding the preparation and contents of the attached Proposal and of all pertinent circumstances regarding such Proposal;

Such Proposal is genuine and is not a collusive or sham Proposal;

Neither the said Offeror nor any of its officers, partners, owners, agents, representatives, employees or parties in interest, including this affiant, have in any way colluded, conspired, connived or agreed, directly or indirectly, with any other Offeror, firm, or person to submit a collusive or sham Proposal in connection with the Work for which the attached Proposal has been submitted; or to refrain from bidding in connection with such Work; or have in any manner, directly or indirectly, sought by agreement or collusion, or communication, or conference with any Offeror, firm, or person to fix the price or prices in the attached Proposal or of any other Offeror, or to fix any overhead, profit, or cost elements of the Proposal price or the Proposal price of any other Offeror, or to secure through any collusion, conspiracy, connivance, or unlawful agreement any advantage against (Recipient), or any person interested in the proposed Work;

The price or prices quoted in the attached Proposal are fair and proper and are not tainted by any collusion, conspiracy, connivance, or unlawful agreement on the part of the Offeror or any other of its agents, representatives, owners, employees or parties in interest, including this affiant.

ADDENDUM NO. 1

RFQ NO. 2018-020 DESIGN/BUILD – CITY OF MARGATE DOG PARK PROJECT

July 25, 2018

TO ALL PROPOSERS:

Please incorporate the following clarifications, amendments, deletions, revisions and modifications into the specification packet for the above referenced project. Clarifications, amendments, deletions, revisions, and modifications form part of the Contract Documents and change the original documents only in the manner and extent stated.

CLARIFICATIONS

1. Can the CADD files of the concept site plans (both of them) be provided?

Response:

Attached and associated with this addendum is the CADD file of the conceptual layout for the proposed dog park area at Firefighters Park.

2. Can the pavilions specified on the design/build criteria be pre-fabricated?

Response:

They need to meet Florida Building Code, and they need to be commercial grade. A specific manufacturer was not specified to allow for full creative control from the design build team.

3. Understanding the City indicates that the City is responsible for site planning fees; is it possible to conduct all site planning review as a part of the building department process?

Response:

No. The site plan shall go through the DRC process, which is a separate process from the building department. A site plan will need to be prepared.

4. Does the City have an example of the entry plaza feature?

Response:

No. Creative control for this feature and any other element not specifically addressed with a design characteristic in the design/build criteria package rests with the design build team.

5. Does the City have any information that can be shared (as a part of the RFP) of the existing park improvements such as geotechnical reports, permits, design drawings, PDF & CAD files?

Response:

The City is providing an attached boundary survey in PDF format. In response to question No. 2 a CADD file of the conceptual layout for the proposed dog park area has also been provided.

Spencer L. Shambray

Spencer Shambray, CPPB
Purchasing Manager
07/25/2018

Due to the above clarifications, the RFP submission deadline has been extended one week. The new submission date and time is now Tuesday, August 7, 2018 at 2:00 P.M. local time.

Please sign and return the acknowledgment page of this addendum by email or by fax. The original acknowledgement page is to be included with your bid proposal.

ACKNOWLEDGEMENT FORM
