RE: Best and Final Offer Price Sheet and Clarifications

To whom it may concern:

Please see the below clarification items as requested in your email:

- 1) All business licenses were included with the RFP. Additional copies are attached for your convenience.
- 2) Prestige Property Maintenance proposes to use specialized crews for each task. For example, a four man mowing crew taking four to five days will complete the mowing cycles based on the current contract specifications. A five man trim crew will take 9-10 days to complete the hedge and tree trimming cycles. Two man chemical crews, taking three to four days, will provide general herbicide applications and Integrated Pest Control services. These crews will provide additional days for fertilization and additional chemical treatments. Additionally, two man specialized irrigation technicians will take 3 days to perform wet checks and irrigation system adjustments.
- 3) Prestige has based the daily litter crew on a 5-6 hour time frame using a pick up truck to service the complete CRA specified areas
- 4) The best and final offer price sheets are included with this package

If you have any further questions, please do not hesitate to contact me.

Sincerely,

Tom Jacob  
Director of Operations
