Good Afternoon Krishan,

This email serves as official notification to conclude negotiations for the Coconut Creek Water Main Improvement project under the continuing services agreement RFQ 2025-004 Design Build Continuing Services.

A meeting with the project team, which included David Mancini & Sons and CMA members, was held on October 14, 2025, to discuss the scope of the project, City standards, and timeline. Following this meeting, no proposal has been received. In addition, no response or follow-up communication has been provided by the team regarding the request for proposal submission.

The City was expecting to issue a PO by the end of December 2025 to ensure this project could be completed within the timeline; for that reason, the decision was made to formally conclude the negotiations for the Coconut Creek Water Main Improvements project under the RFQ 2025-004 Design/Build Continuing Services.

Regards,

Paula A. Fonseca, P.E.
