I have reviewed the Paving and Drainage Plans associated with L2021-263 on behalf of Cocomar Water Control District. I have no objection to the proposed project.

The City has no objection in principal to this development discharging its stormwater run-off into the subject lake/canal, as it currently does, provided the development meets the Cocomar Drainage District's requirements for pre-treatment and obtains approval from Cocomar Drainage District and from Broward County Stormwater Management Division and an Engineering permit from the City of Margate.

Thank you,
