RFP - 2018-016 DISASTER DEBRIS MANAGEMENT SERVICES
ALL INCLUSIVE SERVICES

The Contractor will provide all services and expenses necessary for the debris pickup and hauling, processing of debris at the Temporary Debris Management Site (TDMS), and final disposal within 46 miles of the TDMS or applicable pick-up location if a TDMS is not utilized, for a fixed unit, as noted below, but excluding management of debris designated as hazardous waste. This cost is inclusive of all related expenses including, but not limited to, contract administration, technical assistance to the City, personnel training and certification, TDMS management, services for security, safety, and traffic management, and associated actions necessary for implementation of debris management operations by the Contractor as defined in the agreement. **NOTE: All inclusive rates are to be inclusive of all necessary operations and services to deliver the debris to final disposal with the exception of tipping fees. Tipping fees shall be submitted to the City as a pass through cost with no markup. Contractor shall submit to the City any and all supporting documents required for reimbursement.**
