GENERAL CONDITIONS

INSTRUCTIONS TO BIDDERS

- 1. DEFINED TERMS:** Terms used in these "Instructions to Bidders" and the "Notice Inviting Bids", which are defined in the General Conditions have the meanings assigned to them in the General Conditions. The term "bidder" means one who submits a bid directly to Owner, as distinguished from a sub-bidder, who submits a bid to a bidder.
- 2. COMPETENCY OF BIDDERS:** In selecting the bid, deemed to be in the best interest of the Margate Community Redevelopment Agency (MCRA), consideration will be given not only to the financial standing but also to the general competency of the bidder for the performance of the Work covered by the bid. To this end, each bid shall be supported by a statement of the bidder's experience as of recent date on the form entitled "Information Required of Bidder," bound herein. A "No Bid" for the Work will be accepted from a contractor who does not hold a valid contractor's license in the State and County where the Work is to be performed (if required by the State and County) applicable to the type of Work bid upon at the time of opening bids.
- 3. DISQUALIFICATION OF BIDDERS:** More than one bid from an individual, firm, partnership, corporation, or association under the same or different names will not be considered. If the Owner believes that any bidder is interested in more than one bid for the Work contemplated, all bids in which such bidder is interested will be rejected. If the Owner has reason to believe that collusion exists among the bidders, all bids will be rejected.
- 4. BIDDER'S EXAMINATION OF CONTRACT DOCUMENTS AND SITE**
 - 4.1** It is the responsibility of each bidder before submitting a bid, to:
 - (a)** Examine the Contract Documents thoroughly,

 - (e)** Notify the Engineer and/or Owner Rep of any conflicts, errors, or discrepancies it notices or identifies in the Contract Documents.
 - 4.2 Not Used**
 - 4.3 Not Used**
 - 4.4** Information and data reflected in the Contract Documents with respect to underground utilities at or contiguous to the site is based upon information and data furnished to the Owner and/or the Engineer by the owners of such underground utilities or others, and the Owner does not assume responsibility for the accuracy or completeness thereof, unless it is expressly provided otherwise in the Agreement or Contract Documents.

4.5 Provisions appearing in the Agreement concerning responsibilities for the adequacy of data furnished to prospective bidders on subsurface conditions, underground utilities, and other physical conditions, and possible changes in the Contract Documents due to differing conditions appear in the Agreement.

4.6 Before submitting a bid, each bidder will, at bidder's own expense, make or obtain any additional examinations, investigations, explorations, tests, and studies and obtain any additional information and data which pertain to the physical conditions (surface, subsurface, and underground utilities) at or contiguous to the site or otherwise which may affect cost, progress or performance of the Work and which the bidder deems necessary to determine its bid for performing the Work in accordance with the time, price, and other terms and conditions of the Contract Documents.

4.7 On request in advance, the Owner will provide each bidder access to the site to conduct such explorations and tests as each bidder deems necessary for submission of a bid. Bidder shall fill all holes and shall clean up and restore the site to its former condition upon completion of such explorations.

4.8 The lands upon which the Work is to be performed, rights-of-way and easements for access thereto, and other lands designated for use by the Contractor in performing the Work are identified in the Contract Documents. All additional lands and access thereto required for temporary construction facilities or storage of materials and equipment are to be provided by the Contractor. Easements for permanent structures or permanent changes in existing structures are to be obtained and paid for by the Owner, unless otherwise provided in the Contract Documents.

4.9 The submission of a bid will constitute an incontrovertible representation by the bidder that the bidder has complied with every requirement of "Bidder's Examination of Contract Documents and Site" contained herein, that without exception, the bid is premised upon performing the Work required by the Contract Documents and such means, methods, techniques, sequences, or procedures of construction as may be indicated in or required by the Contract Documents, and that the Contract Documents are sufficient in scope and detail to indicate and convey understanding of all terms and conditions for performance of the Work.

5. INTERPRETATIONS: All questions about the meaning or intent of the Contract Documents are to be directed to the Engineer and/or Owner in writing. Interpretations or clarifications considered necessary by the Engineer and/or Owner in response to such questions will be issued by addenda, mailed or delivered, to all parties recorded by the Engineer and/or Owner as having received the Contract Documents. **Questions received less than 7 business days prior to the date for opening of bids may not be answered.** Only questions answered by formal written addenda will be binding. Oral and other interpretations or clarifications will be without legal effect. It is the Contractor's responsibility to contact the Owner prior to the bid opening to determine if any addenda have been issued on the project.

6. BID SECURITY, BONDS: Each bid shall be accompanied by a certified or cashier's check or approved bid bond in the amount stated in the "Notice Inviting Bids". Said check or bond shall be made payable to the Owner and shall be given as guarantee that the bidder, if awarded the Work will enter into an Agreement with the Owner, and shall furnish the necessary insurance certificates, payment and performance bonds, each of said bonds to be in the amount stated in the Agreement. In case of refusal or failure to enter into said Agreement, the check or bid bond, as the case maybe, shall be forfeited to the Owner. If

the bidder elected to furnish a bid bond as its bid security, the bidder shall use the bid bond form contained herein, or one conforming substantially to it in form.

7. **RETURN OF BID SECURITY:** Within 14 business days after award of the Agreement, The Owner will return the bid securities accompanying the bids not considered in making the award. All other bid securities will be held until the Agreement has been finally executed. They will then be returned to the respective bidders whose bids they accompany.

9. **SUBMISSION OF BIDS:** Refer to **Notice Inviting Bids**.
10. **DISCREPANCIES IN BIDS:** In the event there is more than one bid item in a bidding schedule, the bidder shall furnish a price for all bid items in the schedule, and failure to do so will render the bid non-responsive and may cause its rejection. In the event there are unit price bid items in a bidding schedule and the "amount" indicated for a unit price bid item does not equal the product of the unit price and quantity, the unit price shall govern and the amount will be corrected accordingly, and the Contractor shall be bound by said correction. 11. **QUANTITIES OF WORK:** The quantities of work or material stated in unit price items of the bid are supplied only to give an indication of the general scope of the Work; the Owner does not expressly or by implication agree that the actual amount of work or material will correspond therewith, and reserves the right after award to increase or decrease the amount of any unit price item of the Work by an amount up to and including 25 percent of any bid item, without a change in the unit price, and shall include the right to delete any bid item in its entirety, or to add additional bid items up to and including an aggregate total amount not to exceed 25 percent of the Contract Price.
12. **WITHDRAWAL OF BID:** The bid may be withdrawn by the bidder by means of a written request, signed by the bidder or its properly authorized representative. Such written request must be delivered to the place stipulated in the "Notice Inviting Bids", for receipt of bids prior to the scheduled closing time for receipt of bids.
13. **MODIFICATIONS AND UNAUTHORIZED ALTERNATIVE BIDS.** Unauthorized conditions, limitations, or provisos attached to the bid will render it informal and may cause its rejection as being non-responsive. The completed bid forms shall be without interlineations, alterations, or erasures in the printed text. Alternative bids will not be considered unless called for. An oral, telegraphic, telephonic, or electronically transmitted bid or modification will not be considered.
14. **SUBSTITUTE OR "OR EQUAL" ITEMS:** Whenever materials or equipment are specified or described in the Contract Documents by using the name of a proprietary item or the name of a particular supplier and the name is followed by the words "or-equal", the bidder may write the name of the substitute supplier (which the bidder considers as an "or-equal") in the "Proposed Substitute Equipment/Material Supplier List", in the bid form. Unless otherwise indicated, a single award will be made for all the bid items in an individual bidding schedule. In the event the Work is contained in more than one bidding schedule, the Owner may award schedules individually or in combination. In the case of 2 bidding schedules which are alternative to each other, only one of such alternative schedules will be awarded.
- 16. EXECUTION OF AGREEMENT:** The bidder to whom award is made shall execute a written agreement with the Owner on the form of agreement provided, shall secure all insurance, and shall furnish all certificates and bonds required by the Contract Documents within 14 calendar days after receipt of the Agreement forms from the Owner. Failure or refusal to enter into an Agreement as herein provided or to conform to any stipulated requirements in connection therewith shall be just cause for annulment of the award and forfeiture of the Bid Security. The agreement as attached as Part II of this bid document is in substantially executable form. Owner does not intend to allow or accept modifications to the general format. If the bidder who has been awarded the bid pursuant to paragraph 15, refuses or fails to execute the Agreement, the Owner may award the Agreement to whichever bidder it determines next best serves its interest. (5) copies of all shop drawings for all equipment, apparatus, machinery, fixtures, piping, wiring, fabricated structures and manufactured articles. The purpose of the shop drawing is to show the suitability, efficiency, technique-of-manufacture, installation requirements, details of the item, and evidence of compliance with the Contract Documents. The data shown on the shop drawings will be complete with respect to quantities, dimensions, specified performance and design criteria, materials and similar data to enable ENGINEER and/or OWNER to review the information as required.

2.4.4 At the time of each submission, CONTRACTOR shall give ENGINEER and/or OWNER specific written notice of each variation that the shop drawings or samples may have from the requirements of the Contract Documents, and, in addition, shall cause a specific notation to be made on each shop drawing submitted to ENGINEER and/or OWNER for review and approval of each such variation. Failure to point out such departures shall not relieve CONTRACTOR from their responsibility to comply with the Contract Documents.

OWNER shall advise CONTRACTOR, in writing, of any proposed person or entity to which OWNER has a reasonable objection. Failure of OWNER to reply promptly shall constitute notice of no reasonable objection. CONTRACTOR shall not contract with a proposed person or entity to whom OWNER has made a reasonable and timely objection. CONTRACTOR shall not change a subcontractor, person or entity previously selected, if OWNER makes reasonable objection to such change.

Should any

claim be made against OWNER by any such owner or occupant because of the performance of the WORK, CONTRACTOR shall promptly attempt to settle with such other party by Agreement or otherwise resolve the claim. The general indemnification provided elsewhere in this Contract specifically applies to claims arising out of CONTRACTOR'S use of the premises.

2.15.2 During the progress of the WORK, CONTRACTOR shall keep the premises free from accumulations of waste materials, rubbish, and other debris resulting from the WORK. At the completion of the WORK, CONTRACTOR shall remove all waste materials, rubbish and debris from and about the premises as well as all tools, appliances, equipment and machinery, and surplus materials, and shall leave the site clean and ready for occupancy by OWNER. The limitation for such indemnification shall be \$1,000,000 per occurrence, or 100% of the Contractor's total Bid price, whichever is higher. Nothing contained in the foregoing indemnification shall be construed to be a waiver of any immunity or limitation of liability the MCRA may have under the doctrine of sovereign immunity or Section 768.28, Florida Statutes.

2.19 SURVIVAL OF OBLIGATIONS:

All representations, indemnifications, warranties and guarantees made in, required by, or given in accordance with this Agreement, as well as all continuing obligations indicated in the Contract

ARTICLE 3

OWNER'S AND ENGINEER'S RESPONSIBILITIES

3.1 The OWNER shall designate a representative authorized to act on the OWNER'S behalf with respect to the Project. The OWNER or such authorized representative shall examine documents submitted by the CONTRACTOR and shall promptly render decisions pertaining thereto to avoid delay in the orderly progress of the WORK.

3.2 The OWNER may appoint an on-site Project representative to observe the WORK and to have such other responsibilities as the OWNER and CONTRACTOR agree in writing prior to execution of this Agreement.

3.3 The OWNER shall cooperate with the CONTRACTOR in securing building and other permits, licenses and inspections, and shall pay the fees for such permits, licenses, and inspections if the cost of such fees is not identified as being included in the CONTRACTOR's proposal.

3.4 If the OWNER observes or otherwise becomes aware of a fault or defect in the WORK or nonconformity with the design or construction documents, the OWNER shall give prompt written notice thereof to the ENGINEER and/or CONTRACTOR.

3.5 The OWNER shall furnish required information and services and shall promptly render decisions pertaining thereto to avoid delay in the orderly progress of the design and construction.

3.6 The OWNER shall communicate with subcontractors only through the CONTRACTOR.

3.7 OWNER shall furnish data required of OWNER under the Contract Documents promptly.

3.8 Except for permits and fees, which are the responsibility of CONTRACTOR, OWNER shall secure and pay for necessary approvals, easements, assessments and charges required for construction, use or occupancy of permanent structures or permanent changes in existing facilities.

3.9 If the WORK is defective, or CONTRACTOR fails to supply sufficient skilled workers or suitable materials or equipment, or fails to furnish or perform the WORK in such a way that the completed WORK will conform to the Contract Documents, OWNER may order CONTRACTOR to stop the WORK, or any portion thereof, until the cause for such order has been eliminated; however, this right of OWNER to stop the WORK shall not give rise to any duty on the part of OWNER to exercise this right for the benefit of CONTRACTOR or any other party.

3.10 ENGINEER'S RESPONSIBILITIES:

3.10.1 ENGINEER will be OWNER'S representative during the construction period and until final payment is due.

3.10.2 Visits to Site:

ENGINEER will make visits to the site at intervals appropriate to the various stages of construction to observe the progress and quality of the executed WORK and to determine, in general, if the WORK is proceeding in accordance with the Contract Documents. ENGINEER'S efforts will be directed toward providing for OWNER a greater degree of confidence that the completed WORK will conform to the Contract Documents. On the basis of such visits and on-site inspections, ENGINEER shall keep

OWNER informed of the progress of the WORK and shall endeavor to guard OWNER against defects and deficiencies in the WORK.

3.10.3 Technical Clarifications and Interpretations:

ENGINEER will issue, with reasonable promptness, such written clarifications or interpretations of the technical requirements of the Contract Documents as ENGINEER may determine necessary, which shall be consistent with or reasonably inferable from the overall intent of the Contract Documents. Should CONTRACTOR fail to request interpretation of questionable items in the Contract Documents, neither OWNER nor ENGINEER will thereafter entertain any excuse for failure to execute the WORK in a satisfactory manner.

3.10.4 ENGINEER will interpret and decide matters concerning performance under the requirements of the Contract Documents upon written request of either OWNER or CONTRACTOR. ENGINEER will make initial decisions on all claims, disputes, or other matters in question between OWNER and CONTRACTOR. Written notice of each such claim, dispute or other matter will be delivered by claimant to ENGINEER and the other party but in no event later than three (3) calendar days after the occurrence of the event giving rise thereto and written supporting data will be submitted to the ENGINEER and other party within five (5) calendar days after such occurrence. All written decisions of the ENGINEER on any claim, dispute or other matter will be final and binding upon OWNER and CONTRACTOR unless a written notice of intention to appeal from ENGINEER'S written decision is delivered within five (5) calendar days after the date of such decisions and a formal proceeding is instituted by the appealing party in a forum of competent jurisdiction within thirty (30) calendar days of the date of such decision. The rendering of a decision by ENGINEER with respect to any such claim, dispute, or matter (except any which have been waived by the making or acceptance of final payment) is a condition precedent to any exercise by OWNER or CONTRACTOR of such rights or remedies existing under the Contract Documents or by law.

3.10.5 Authorized Variations in WORK:

ENGINEER may authorize minor variations in the WORK from the technical requirements of the Contract Documents which do not involve an adjustment in the Contract Price or the Contract Time and are consistent with the overall intent of the Contract Documents. These may be accomplished by a field order and will be binding on OWNER, and also on CONTRACTOR who shall perform the WORK involved promptly.

3.10.6 Rejecting Defective WORK:

ENGINEER will have the authority to disapprove or reject WORK which ENGINEER believes to be defective, and will also have authority to require special inspections or testing of the WORK whether or not the WORK is fabricated, installed or completed.

ARTICLE 4

TIME

4.1 TIME IS OF THE ESSENCE OF THIS CONTRACT. The WORK to be performed under this Contract shall be commenced upon the date of Contract Commencement specified in the Notice to Proceed and, subject to authorized adjustments, shall be complete within **240 calendar days** from Notice to Proceed. Failure to achieve timely, substantial, and/or final completion shall be regarded as a breach of this Contract and subject to appropriate remedies including but not limited to liability for liquidated damages in accordance with Paragraph 4.8 herein.

4.2 The CONTRACTOR shall provide services as expeditiously as is consistent with reasonable skill and care and the orderly progress of design and construction.

4.3 Time limits stated in the Contract Documents are of the essence of this Agreement. The WORK to be performed under this Agreement shall commence upon execution of a Notice to Proceed unless otherwise agreed and, subject to authorized modifications, substantial completion shall be achieved as indicated in Article 14.

4.4 The date of substantial completion of the WORK or an agreed upon portion thereof is the date when construction or an agreed upon portion thereof is sufficiently complete so the OWNER can occupy and utilize the WORK or agreed upon portion thereof for its intended use. Established date of substantial completion for this project shall be **180 calendar days** after the commencement date stated in the Notice to Proceed.

4.5 The schedule provided in the CONTRACTOR's proposal shall include a construction schedule consistent with Paragraph 4.2 above.

4.6 If the CONTRACTOR is delayed in the progress of the Project by acts or neglect of the OWNER, OWNER'S employees, separate contractors employed by the OWNER, changes ordered in the WORK not caused by the fault of the CONTRACTOR, labor disputes, fire, unusual delay in transportation, adverse weather conditions not reasonably anticipatable, unavoidable casualties, or other causes beyond the CONTRACTOR'S control, or by delay authorized by the OWNER'S pending arbitration or another cause which the OWNER and CONTRACTOR agree is justifiable, the Contract Time shall be reasonably extended by Change Order.

4.7 CHANGE OF CONTRACT TIME:

ALL TIME LIMITS STATED IN THE CONTRACT DOCUMENTS ARE OF THE ESSENCE OF THE AGREEMENT. NO CLAIM FOR DAMAGES OR ANY CLAIM OTHER THAN FOR AN EXTENSION OF TIME SHALL BE MADE OR ASSERTED AGAINST THE OWNER BY REASON OF ANY DELAYS. CONTRACTOR shall not be entitled to an increase in the Contract Price or payment or compensation of any kind from OWNER for direct, indirect, consequential, impact or other costs, expenses or damages including but not limited to costs of acceleration or inefficiency, arising because of delay, disruption, interference or hindrance from any cause whatsoever, whether such delay, disruption, interference be reasonable or unreasonable, foreseeable or unforeseeable, or avoidable or unavoidable; provided, however, that this provision shall not preclude recovery of damages by CONTRACTOR for hindrances or delays due solely to fraud, bad faith or active interference on the part of OWNER or its agents. Otherwise, CONTRACTOR shall be entitled only to extensions of the Contract Time as the sole and exclusive remedy for such resulting delay, in accordance with and to that extent specifically provided above. No extension of time shall be granted for delays resulting from normal weather conditions prevailing in the area as defined by the average of the last ten (10) years of weather

data as recorded by the United States Department of Commerce, National Oceanic and Atmospheric Administration at the Fort Lauderdale Weather Station.

4.8 NO RECOVERY FOR EARLY COMPLETION:

If the CONTRACTOR submits a schedule or expresses an intention to complete the WORK earlier than any required milestone or completion date, the OWNER shall not be liable to the CONTRACTOR for any costs incurred because of delay or hindrance should the CONTRACTOR be unable to complete the WORK before such milestone or completion date. The duties, obligations, and warranties of the OWNER to the CONTRACTOR shall be consistent with and applicable only to the completion of the WORK and completion dates set forth in this Agreement.

4.9 LIQUIDATED DAMAGES:

Upon failure of the CONTRACTOR to complete the WORK within the time specified for completion, (plus approved extensions if any) CONTRACTOR shall pay to OWNER the sum of five hundred and xx/100 dollars (\$500.00) for each calendar day excluding Sundays that the completion of the WORK is delayed beyond the time specified in the Contract for completion, as fixed and agreed liquidated damages and not as a penalty. Liquidated damages are hereby fixed and agreed upon between the parties, recognizing the impossibility of precisely ascertaining the amount of damages that will be sustained by OWNER as a consequence of such delay and both parties desiring to obviate any question of dispute concerning the amount of said damages and the cost and effect of the failure of CONTRACTOR to complete the Contract on time. Regardless of whether or not a single contract is involved, the above-stated liquidated damages shall apply separately to each portion of the WORK for which a time of completion is given. OWNER shall have the right to deduct from and retain out of monies which may be then due or which may become due and payable to CONTRACTOR, the amount of such liquidated damages and if the amount retained by OWNER is insufficient to pay in full such liquidated damages, the CONTRACTOR shall pay in full such liquidated damages. CONTRACTOR shall be responsible for reimbursing OWNER, in addition to liquidated damages or other per day damages for delay, for all costs of engineering, and inspection and other costs incurred in administering the construction of the Project beyond the completion date specified or beyond an approved extension of time granted to CONTRACTOR whichever is later.

The remainder of the page is intended to be blank.

ARTICLE 5

PAYMENTS

5.1 CONTRACT PRICE:

OWNER shall pay CONTRACTOR in current funds as full compensation for the performance of all the WORK subject to additions and deductions by Change Order as provided in this Agreement, the Contract Price of _____

5.2 PROGRESS PAYMENTS:

5.2.1 The CONTRACTOR shall deliver to the OWNER itemized Application for Payment in such detail as indicated in Article 14. CONTRACTOR may requisition payments for WORK completed during the Project at intervals of not more than once a month. The CONTRACTOR'S requisition shall show a complete breakdown of the Project components, the quantities completed and the amount due, together with a certification by the CONTRACTOR that the CONTRACTOR has disbursed to all subcontractors and suppliers their pro-rata shares of the payment out of previous progress payments received by the CONTRACTOR for all WORK completed and materials furnished in the previous period or properly executed releases of liens by all subcontractors, suppliers and materialmen who were included in the CONTRACTOR'S previous applications for payment, and any other supporting documentation as may be required by the ENGINEER or Contract Documents. Each requisition shall be submitted in triplicate to the ENGINEER for approval. The OWNER shall make payment to the CONTRACTOR within thirty (30) calendar days after approval by the ENGINEER of the CONTRACTOR'S requisition for payment.

5.2.2 Within thirty (30) days of the OWNER'S receipt of a properly submitted and correct application for payment, the OWNER shall make payment to the CONTRACTOR.

5.2.3 Five percent (5%) of all monies earned by the CONTRACTOR shall be retained by the MCRA until the WORK is totally completed as specified, and accepted by the MCRA unless, at some point during the construction period, a retainage reduction is required to comply with Section 218.735(8), Florida Statutes.

5.3 The application for payment shall constitute a representation by the CONTRACTOR to the OWNER that, to the best of the CONTRACTOR's knowledge, information and belief, the design and construction have progressed to the point indicated; the quality of the WORK covered by the application is in accordance with the Contract Documents; and the CONTRACTOR is entitled to payment in the amount requested.

5.4 The CONTRACTOR shall pay each subcontractor, upon receipt of payment from the OWNER, out of the amount paid to the CONTRACTOR on account of such subcontractor's WORK, the amount to which said subcontractor is entitled in accordance with the terms of the CONTRACTOR'S contract with such subcontractor. The CONTRACTOR shall, by appropriate Agreement with each subcontractor, require each subcontractor to make payments to sub-subcontractors in similar manner.

5.5 The OWNER shall have no obligation to pay or to be responsible in any way for payment to a subcontractor of the CONTRACTOR except as may otherwise be required by law.

5.6 No progress payment or partial or entire use or occupancy of the Project by the OWNER shall constitute an acceptance of WORK not in accordance with the Contract Documents.

5.7 The CONTRACTOR warrants that: (1) title to WORK, materials and equipment covered by an application for payment will pass to the OWNER either by incorporation in construction or upon receipt of payment by the CONTRACTOR, whichever occurs first; (2) WORK, materials and equipment covered by previous applications for payment are free and clear of liens, claims, security interests or encumbrances, hereinafter referred to as "liens"; and (3) no WORK, materials or equipment covered by an application for payment will have been acquired by the CONTRACTOR, or any other person performing Work at the site or furnishing materials or equipment for the Project, subject to an Agreement under which an interest therein or an encumbrance thereon is retained by the seller or otherwise imposed by the CONTRACTOR or such other person.

5.8 If the Agreement provides for retainage, within 30 calendar days after reaching the earlier of substantial completion or beneficial occupancy, the OWNER and the contractor will inspect the work and develop a punch list covering those items required to render complete, satisfactory, and acceptable the construction services purchased by the OWNER. The punch list will include a schedule of values that provides the estimated cost to complete each item on the punch list. If the OWNER and CONTRACTOR are unable to agree on an item or value, the OWNER has final discretion whether to include an item and the amount for valuation of the cost to complete each item on the punch list. Within 20 business days after the creation of the punch list, the remaining contract balance, including retainage, will be paid to the contractor less an amount equal to 150 percent of the cost to complete the items on the punch list. Upon reaching final acceptance for an item or all items, the 150 percent withheld for each item will be released with final payment. For projects valued at \$10 million or more, the 30 calendar day period may be extended to 45 days.

5.9 FINAL INSPECTION:

Upon written notice from CONTRACTOR that the entire WORK or an agreed portion thereof is complete, OWNER and ENGINEER will make a final inspection and will notify CONTRACTOR in writing of all particulars in which this inspection reveals that the WORK is incomplete or defective. CONTRACTOR shall immediately take such measures as are necessary to remedy such deficiencies.

5.10 FINAL APPLICATION FOR PAYMENT:

After CONTRACTOR has completed all such corrections to the satisfaction of OWNER and ENGINEER, and delivered all maintenance and operating instructions, schedules, guarantees, bonds, certificates of inspection, marked up record documents and other documents required by the Contract Documents, and after ENGINEER has indicated that the WORK is acceptable, CONTRACTOR may make application for final payment. The final application for payment shall be accompanied by (1) complete and legally effective releases or waivers of all liens arising out of or filed in connection with the WORK; or (2) CONTRACTOR'S receipts in full covering all labor, materials and equipment for which a lien could be filed; or (3) a final affidavit stating that all laborers, materialmen, suppliers and subcontractors who Worked for CONTRACTOR under this Contract have been paid in full or if the fact be otherwise, identifying the name of each lienor who has not been paid in full and the amount due or to become due each for labor, services or materials furnished. If any subcontractor or supplier fails to furnish a release or receipt in full, CONTRACTOR may furnish a bond satisfactory to OWNER to indemnify OWNER against any lien.

In addition, CONTRACTOR shall also submit with the final application for payment, the completed set of "As-Built" drawings for review and approval. The "As-Built" drawings shall be prepared, sealed, and certified by a professional registered land surveyor licensed by the State of Florida. Final payment to CONTRACTOR shall not be made until said drawings have been

reviewed and approved by ENGINEER and OWNER. Prior to approval, if necessary, the drawings may be returned to CONTRACTOR for changes or modifications if in the opinion of ENGINEER or OWNER, they do not represent correct or accurate "As-Built" drawings.

5.11 FINAL PAYMENT AND ACCEPTANCE:

5.11.1 If, on the basis of ENGINEER'S (if applicable) observation of the WORK during construction and final inspection, and ENGINEER'S review of the final application for payment and accompanying documentation, ENGINEER is satisfied that the WORK has been completed and CONTRACTOR'S other obligations under the Contract Documents have been fulfilled, ENGINEER will, within ten (10) calendar days after receipt of the final application for payment, indicate in writing ENGINEER'S recommendation of payment and present the application to OWNER for payment. Thereupon ENGINEER will give written notice to OWNER and CONTRACTOR that the WORK is acceptable. Otherwise, ENGINEER will return the application to CONTRACTOR, indicating in writing the reasons for refusing to recommend final payment, in which case CONTRACTOR shall make the necessary corrections and resubmit the application. Thirty (30) calendar days after presentation to OWNER of the application and accompanying documentation, in appropriate form and substance, and with ENGINEER'S recommendation and notice of acceptability, the amount recommended by ENGINEER will become due and will be paid by OWNER to CONTRACTOR.

5.11.2 If, through no fault of CONTRACTOR, final completion of the WORK is significantly delayed and if ENGINEER so confirms, OWNER shall, upon receipt of CONTRACTOR'S final application for payment and recommendation of ENGINEER, and without terminating the Agreement, make payment of the balance due for that portion of the WORK fully completed and accepted. If the remaining balance to be held by OWNER for WORK not fully completed or corrected is less than the retainage stipulated in the Agreement, and if bonds have been furnished as required, the written consent of the surety to the payment of the balance due for that portion of the WORK fully completed and accepted shall be submitted by CONTRACTOR to ENGINEER with the application for such payment. Such payment shall be made under the terms and conditions governing final payment, except that it shall not constitute a waiver of claims.

5.11.3 Final payment, constituting the entire unpaid balance of the Contract Price, shall be paid by the OWNER to the CONTRACTOR when the WORK has been completed, the Contract fully performed, and a final certificate for payment has been issued by the ENGINEER. The making of final payment shall constitute a waiver of claims by OWNER except those arising from:

- .1 Liens, claims, security interests or encumbrances arising out of this Agreement and unsettled,
- .2 Faulty or defective WORK and latent defects discovered after acceptance,

The OWNER may withhold in whole or in part, final payment or any progress payment to such extent as may be necessary to protect itself from loss on account of:

If a CONTRACTOR refuses to furnish a release or waiver required by the OWNER, the CONTRACTOR may furnish a bond satisfactory to the OWNER to indemnify the OWNER against such lien. If such lien remains unsatisfied after payments are made, the CONTRACTOR shall reimburse the OWNER for monies the latter may be compelled to pay in discharging such lien, including all costs and reasonable attorneys' fees.

5.13.2 Final payment constituting the entire unpaid balance due shall be paid by the OWNER to the CONTRACTOR upon the OWNER'S receipt of the CONTRACTOR'S final application for payment when the WORK has been completed and the Contract fully performed except for those responsibilities of the CONTRACTOR which survive final payment.

5.13.3 The making of final payment shall constitute a waiver of all claims by the OWNER except those arising from:

7.5 INSURANCE:

7.5.1 AT THE TIME OF EXECUTION OF THE CONTRACT, THE CONTRACTOR SHALL SUBMIT CERTIFICATE(S) OF INSURANCE EVIDENCING THE REQUIRED COVERAGES AND SPECIFICALLY PROVIDING THAT THE CITY OF MARGATE AND THE MARGATE COMMUNITY REDEVELOPMENT AGENCY ARE AN ADDITIONAL NAMED INSURED WITH RESPECT TO THE REQUIRED COVERAGE AND THE OPERATIONS OF THE CONTRACTOR UNDER THE CONTRACT. minimum rating of B+ to A+, in accordance with the latest edition of A.M. Best's Insurance Guide.

7.5.3 All required insurance policies shall preclude any underwriter's rights of recovery or subrogation against OWNER or CITY with the express intention of the parties being that the required insurance coverage protect both parties as the primary coverage for any and all losses covered by the above described insurance.

7.5.4 The CONTRACTOR shall ensure that any company issuing insurance to cover the requirements contained in this Contract agrees that they shall have no recourse against OWNER or CITY for payment or assessments in any form on any policy of insurance.

7.5.5 The clauses "Other Insurance Provisions" and "Insurers Duties in the event of an occurrence, claim or suit" as it appears in any policy of insurance in which OWNER or CITY is named as an additional named insured shall not apply to OWNER or CITY. OWNER shall provide written notice of occurrence within a reasonable time of the actual notice of such an event.

ARTICLE 8

CHANGES IN THE WORK

8.1 CHANGES IN THE WORK:

8.1.1 OWNER, without invalidating this Agreement, may order additions, deletions, or revisions to the WORK. Such additions, deletions, or revisions shall be authorized by a written amendment, Change Order or Work Directive Change.

8.1.2 All Change Orders which, individually or when cumulatively added to amounts authorized pursuant to prior Change Orders for this Project, increase the cost of the WORK to OWNER or which extend the time for completion, must be formally authorized and approved by the OWNER'S Board prior to their issuance and before WORK may begin. No claim against OWNER for extra WORK in furtherance of such Change Order shall be allowed unless prior approval has been obtained.

Notwithstanding the above paragraph, Change Orders, which individually or when cumulatively added to amounts authorized, pursuant to prior Change Orders for this Project, increase the cost of the WORK to the OWNER not in excess of ten percent (10%) or \$25,000 (whichever is lesser) may be approved by signed approval of the Chairperson of the Board of Commissioners of the Margate Community Redevelopment Agency or their designee.

No claim against OWNER for extra WORK in furtherance of a Change Order shall be allowed unless prior approval pursuant to this section has been obtained.

8.1.3 The Contract Price and Contract Time shall be changed only by a Change Order or written amendment.

8.1.4 Proposed Change Orders shall be prepared by the ENGINEER (if applicable) on forms provided by OWNER. When submitted for approval, they shall carry the signature of the ENGINEER and the CONTRACTOR.

8.1.5 If OWNER and CONTRACTOR are unable to agree as to the extent, if any, of an adjustment in the Contract Price or an adjustment of the Contract Time that should be allowed as a result of a Work change directive, a claim may be made therefore.

8.1.6 CONTRACTOR shall not be entitled to an increase in the Contract Price or an extension of the Contract Time with respect to any WORK performed that is not required by the Contract Documents as amended, modified, and supplemented.

8.1.7 If notice of any change affecting the general scope of the WORK or the provisions of the Contract Documents is required by the provisions of any bond to be given to a surety, the giving of any such notice will be CONTRACTOR'S responsibility and the amount of each applicable bond shall be adjusted accordingly.

8.1.8 Any claim for adjustment in the Contract Price or Time shall be based upon written notice delivered by the party making the claim to the other parties and to ENGINEER not later than three (3) calendar days after the occurrence or event giving rise to the claims and stating the general nature of the claim. No claim for an adjustment in the Contract Price or an extension of the Contract Time will be valid if not submitted in accordance with this Paragraph.

8.1.9 The cost or credit to OWNER from a change in the WORK shall be determined by mutual agreement.

8.2 CHANGE ORDERS:

8.2.1 A Change Order is a written order signed by the OWNER and CONTRACTOR, and issued after execution of this Agreement, authorizing a change in the WORK or adjustment in the Contract Price or Contract Time. The Contract Price and Contract Time may be changed only by a Change Order.

8.2.2 Cost or credit to the OWNER resulting from a change in the WORK shall be determined in one or more of the following ways:

- .1 by mutual acceptance of a lump sum properly itemized and supported by sufficient substantiating data to permit evaluation;
- .2 by unit prices stated in the Contract Documents or subsequently agreed upon;
- .3 by cost to be determined in a manner agreed upon by the parties and a mutually acceptable fixed or percentage fee; or
- .4 by the method provided below.

8.2.3 If none of the methods set forth in clauses 8.2.2.1, 8.2.2.2 or 8.2.2.3 is agreed upon, the CONTRACTOR, provided a written order signed by the OWNER is received, shall promptly proceed with the WORK involved. The cost of such WORK shall then be determined on the basis of reasonable expenditures and savings of those performing the WORK attributable to the change, including the expenditures for design services and revisions to the Contract Documents. In case of an increase in the Contract Price, the cost shall include a reasonable allowance for overhead and profit. Unless otherwise provided in the Contract Documents, cost shall be limited to the following: cost of materials, including sales tax and cost of delivery; cost of labor, including social security, old age and unemployment insurance, and fringe benefits required by agreement or custom; Workers' or Workmen's compensation insurance; bond premiums; rental value of equipment and machinery; additional costs of supervision and field office personnel directly attributable to the change, and fees paid to architects, engineers and other professionals. Pending final determination of cost to the OWNER, payments on account shall be made on the application for payment. The amount of credit to be allowed by the CONTRACTOR to the OWNER for deletion or change which results in a net decrease in the Contract Price will be actual net cost. When both additions and credits covering related WORK or substitutions are involved in a change, the allowance for overhead and profit shall be figured on the basis of the net increase, if any, with respect to that change.

8.2.4 If unit prices are stated in the Contract Documents or subsequently agreed upon, and if quantities originally contemplated are so changed in a proposed Change Order that application of agreed unit prices to quantities proposed will cause substantial inequity to the OWNER or CONTRACTOR, applicable unit prices shall be equitably adjusted.

8.3 CONCEALED CONDITIONS:

By execution of this Agreement, CONTRACTOR has satisfied itself as to all conditions necessary to fulfill this Contract. No Contract adjustments shall be allowed for concealed conditions nor different site conditions than anticipated.

8.4 REGULATORY CHANGES:

The CONTRACTOR shall be compensated for changes in the WORK necessitated by the enactment or revision of codes, laws, or regulations subsequent to the submission of the CONTRACTOR'S proposal.

If CONTRACTOR does not promptly comply with the terms of such instructions, or in an emergency where delay would cause serious risk of loss or damage, OWNER may have the defective Workmanship corrected or the rejected WORK removed and replaced, and all direct, indirect and consequential costs of such removal and replacement (including but not limited to fees and charges of engineers, ENGINEER'S, attorneys and other professionals) will be paid by CONTRACTOR.

9.4.1 Where defective WORK (and damage to other WORK resulting therefrom) has been corrected, removed or replaced under this Paragraph, the correction period hereunder with respect to such WORK will be extended for an additional period of one (1) year after such correction or removal and replacement has been satisfactorily completed.

9.4.2 Nothing contained in this Article shall be construed to establish a period of limitation with respect to other obligations which CONTRACTOR might have under the Contract Documents. Establishment of the time period of one (1) year as described in Paragraph 9.4.1 relates only to the specific obligation of the CONTRACTOR to correct the WORK, and has no relationship to the time within which the obligation to comply with the Contract Documents may be sought to be enforced, nor to the time within which

proceedings may be commenced to establish CONTRACTOR'S liability with respect to the CONTRACTOR' S obligation other than specifically to correct the WORK.

9.5 CONTRACTOR warrants to the OWNER that it will comply with all applicable federal, state and local laws, regulations and orders in carrying out its obligations under the Contract.

9.6 CONTRACTOR warrants to the OWNER that it is not insolvent, it is not in bankruptcy proceedings or receivership, nor is it engaged in or threatened with any litigation, arbitration or other legal or administrative proceedings or investigations of any kind which would have an adverse effect on its ability to perform its obligations under the Contract.

9.8 CONTRACTOR warrants that there has been no violation of copyrights of patent rights either in the United States of America or in foreign countries in connection with the WORK of the Contract.

9.9 No warranty, either express or implied, may be modified, excluded or disclaimed in any way by CONTRACTOR. All warranties shall remain in full force and effect, notwithstanding acceptance and payment by OWNER.

9.10 TESTS AND INSPECTIONS:

9.10.1 CONTRACTOR shall give OWNER timely notice of readiness of the WORK for all required inspections, tests, or approvals. CONTRACTOR shall assume full responsibility, pay all costs in connection therewith and furnish OWNER the required certificates of inspection, testing or approval for all materials, equipment or the WORK or any part thereof unless otherwise specified herein.

9.10.2 Inspectors shall have no authority to permit deviations from nor to relax any of the provisions of the Contract Documents, nor to delay the Agreement by failure to inspect the materials and WORK with reasonable promptness.

9.10.3 The payment of any compensation whatever may be its character or form, or the giving of any gratuity or the granting of any favor by the CONTRACTOR to any inspectors, directly or indirectly is strictly prohibited and any such action on the part of the CONTRACTOR will constitute a breach of this Agreement.

9.11 The CONTRACTOR shall promptly correct WORK rejected by the OWNER or known by the CONTRACTOR to be defective or failing to conform to the construction documents, whether observed before or after substantial completion and whether or not fabricated, installed or completed, and shall correct WORK under this Agreement found to be defective or nonconforming within a period of one year from the date of substantial completion of the WORK or designated portion thereof, or within such longer period provided by any applicable special warranty in the Contract Documents

9.12 Nothing contained in this Article 9 shall be construed to establish a period of limitation with respect to other obligations of the CONTRACTOR under this Agreement. Paragraph 9.11 relates only to the specific obligation of the CONTRACTOR to correct the WORK and has no relationship to the time within which the obligation to comply with the Contract Documents may be sought to be enforced, nor to the time within which proceedings may be commenced to

establish the CONTRACTOR'S liability with respect to the CONTRACTOR'S obligations other than correction of the WORK.

9.13 If the CONTRACTOR fails to correct the defective WORK as required or persistently fails to carry out the WORK in accordance with the Contract Documents, the OWNER, by written order signed personally or by an agent specifically so empowered by the OWNER in writing, may stop the WORK, or any portion thereof, until the cause for such order has been eliminated; however the OWNER'S right to stop the WORK shall not give rise to a duty on the part of the OWNER to exercise the right for benefit of the CONTRACTOR or other persons or entities.

9.14 If the CONTRACTOR defaults or neglects to carry out the WORK in accordance with the Contract Documents and fails within seven days after receipt of written notice from the OWNER to commence and continue correction of such default or neglect with diligence and promptness, the OWNER may give a second written notice to the CONTRACTOR and seven days following receipt by the CONTRACTOR of that second notice and without prejudice to other remedies the OWNER may correct such deficiencies. In such case, an appropriate Change Order shall be issued deducting from payments then or thereafter due the CONTRACTOR costs of correcting such deficiencies. If the payments then or thereafter due the CONTRACTOR are not sufficient to cover the amount of the deduction, the CONTRACTOR shall pay the difference to the OWNER.
