1. **DEFINED TERMS:** Terms used in these Instructions to Bidders and the Notice Inviting Bids, which are defined in the General Conditions, have the meaning assigned to them in the General Conditions. The term “bidder” means one who submits a bid directly to City, as distinguished from a sub-bidder, who submits a bid to a bidder.
2. **COMPETENCY OF BIDDER:** In selecting the bid which best meets the interests of the City, consideration will be given not only to the financial standing, but also to the general competency of the bidder for the performance of the Work covered by the bid. To this end, each bid shall be supported by a statement of the bidder’s experience as of recent date on the form entitled “**Reference Sheet**” herein. A “NO BID” for the Work will be accepted from a contractor who does not hold a valid contractor’s license in the State and County where the Work is to be performed (if required by State or County) applicable to the type of Work bid upon at the time of opening bids.
3. **DISQUALIFICATION OF BIDDER:** More than one bid from an individual firm, partnership, corporation, or association under the same or different names will not be considered. If the City believes that any bidder is interested in more than one bid for the Work contemplated, all bids in which such bidder is interested will be rejected. If the City has reason to believe that collusion exists among the bidders, all bids will be rejected.
4. **BIDDER’S EXAMINATION OF BID DOCUMENTS AND SITE:**
 - 4.1 It is the responsibility of each bidder before submitting a bid, to:
 - (a) Examine the Bid Documents thoroughly,
 - (b) Visit the site to become familiar with local conditions that may affect cost, progress, or performance of Work,
 - (c) Consider federal, state and local laws and regulations that may affect cost, progress, or performance of Work,
 - (d) Study and carefully correlate the bidder’s observations with the Bid Documents, and,
 - (e) Notify the City or the City’s Representative of all conflicts, errors, or discrepancies in the Bid Documents.
 - 4.2 Information and data reflected in the Bid Documents with respect to underground utilities at or contiguous to the site is based upon information and data furnished to the City or the City’s Representative by the owners of such underground utilities or others, and the City does not assume responsibility for the accuracy or completeness thereof unless it is expressly provided otherwise in the Agreement or Bid Documents.
 - 4.3 Provisions concerning responsibilities for the adequacy of data furnished to prospective bidders on subsurface conditions, underground utilities, and other physical conditions, and possible changes in the Bid Documents due to differing conditions appear in the Agreement.
 - 4.4 Before submitting a bid, each bidder will, at bidder’s own expense, make or obtain any additional examinations, investigations, explorations, tests, and studies and obtain any additional information and data which pertain to the physical conditions (surface, sub-surface, and underground utilities) at or contiguous to the site or otherwise which may affect cost, progress of performance on the Work and which the bidder deems necessary to determine the bid for performing the Work in accordance with the time, price, and other terms and conditions of the Bid Documents.
 - 4.5 On request in advance, the City will provide each bidder access to the site to conduct such explorations and tests as each bidder deems necessary for submission of a bid. Bidder shall fill

all holes and shall clean up and restore the site to its former condition upon completion of such explorations.

All additional land and access thereto required for temporary construction facilities or storage of materials and equipment are to be provided by the Contractor. Easements for permanent structures or permanent changes in existing structures are to be obtained and paid for by the City unless otherwise provided in the Bid Documents.

4.7 The submission of a bid will constitute an incontrovertible representation by the bidder that the bidder has complied with every requirement of "Bidders Examination of Bid Documents and Site" contained herein, that without exception the bid is premised upon performing the Work required by the Bid Documents and such means, methods, techniques, sequences or procedures as may be indicated in or required by the Bid Documents, and that the Bid Documents are sufficient in scope and detail to indicate and convey understanding of all terms and conditions for performance of the Work.

Note: The requirements 4.1 through 4.7 are general bid examination requirements included in all Bid Documents. Only requirements that can be specifically applied to this solicitation shall be in force, at the City's discretion.

- 5. INTERPRETATIONS:** All questions about the meaning or intent of the Bid Documents are to be directed to the City or the City's Representative in writing. Interpretations or clarifications considered necessary in response to such questions will be issued by written Addenda to all parties recorded by the City or the City's Representative as having received the Bid Documents. Questions received less than seven (7) calendar days prior to the date for opening of bids may not be answered. Only questions answered by formal written addenda will be binding. Oral and other interpretations or clarifications will be without legal effect. It is the Contractor's responsibility to contact the City prior to the bid opening to determine if any addenda have been issued on the project.
- 6. BID SECURITY, BONDS:** Each bid (if required) shall be accompanied by a certified or cashier's check or approved Bid Bond in the amount stated in the Bid Documents. Said check or bond shall be made payable to the City and shall be given as guarantee that the bidder, if awarded the bid will enter into an Agreement with the City, and shall furnish the necessary insurance certificates, payment and performance Bonds (if required), each of said bonds to be in the amount stated in the Bid Documents or Agreement. The same shall apply to the use of the performance and payment bond forms.
- Pursuant to the requirements of s. 255.05(1)(a), Florida Statutes, it shall be the duty of the Contractor to record the aforesaid payment and performance bonds in the public records of Broward County, with the Contractor to pay all recording costs.
- 7. RETURN OF BID SECURITY:** Within 14 business days after award of the bid or Contract, the City will return the bid securities accompanying the bids not considered in making the award. - 9. SUBMISSION OF BIDS:** Refer to **NOTICE INVITING BIDS**.
- 10. DISCREPANCIES IN BIDS:** In the event there is more than one bid item in a bidding schedule, the bidder shall furnish a price for all bid items in the schedule, and failure to do so will render the

bid non-responsive and may cause its rejection. In the event there are unit price bid items in a bidding schedule and the "amount" indicated for a unit price bid item does not equal the product of the unit price and quantity, the unit price shall govern and the amount will be corrected accordingly, and the Contractor shall be bound by said correction. In the event there is more than one bid item in the bidding schedule and the total indicated for the schedule does not agree with the sum of the prices bid on the individual items, the prices bid on the individual items shall govern and the total for the schedule will be corrected accordingly, and the Contractor shall be bound by said correction.

11. **QUANTITIES OF WORK:** The quantities of Work or materials stated in unit price items of the bid are supplied only to give an indication of the general scope of the Work; the City does not expressly or by implication agree that the actual amount of Work or material will correspond therewith, and reserves the right after award to increase or decrease the amount of any unit price item of the Work by an amount up to and including 25 percent of any bid item, without a change in the unit price, and shall include the right to delete any bid item in its entirety, or to add additional bid items up to and including an aggregate total amount not to exceed 25 percent of the Contract Price.
12. **WITHDRAWAL OF BID:** The bid may be withdrawn by the bidder by means of a written request, signed by the bidder or its properly authorized representative. Such written request must be delivered to the place stipulated in the **NOTICE INVITING BIDS** for receipt of bids prior to the scheduled closing time for receipt of bids.
13. **MODIFICATIONS AND UNAUTHORIZED ALTERNATIVE BIDS:** Unauthorized conditions, limitations, or provisos attached to the bid will render it informal and may cause its rejection as being non-responsive. The completed bid forms shall be without interlineations, alterations, or erasure in the printed text. Alternative bids will not be considered unless called for. Oral, telegraphic, telephonic, faxed or electronically transmitted bid or modifications will not be considered.
14. **OR EQUAL: (Unless otherwise specified in the Bid Documents)** Manufacturer's name, brand name and model number are used in these specifications for the sole purpose of establishing minimum requirements of level of quality, standards of performance and design required and is in no way intended to prohibit the bidding of other manufacturer's items of equal material. Equal may be bid providing units bid are equal to or exceed the quality, standards of performance, design, etc. to the item specified.

Where equal is bid, proposals must be accompanied with factory information sheets (specifications, brochures, etc.) of unit bid as equal. The City shall be the sole judge of equality and our decision will be final in the City's best interest.

Any equipment delivered under this proposal will be new, the manufacturer's latest model, and carry the standard factory warranty.

15. **AWARD OF BID/CONTRACT:** Award of a bid/contract, if it be awarded, will be made to the bid which is deemed to be in the best interest of the City of Margate as determined in the sole discretion of the City. Unless otherwise specified, any such award will be made within the period stated in the **NOTICE INVITING BIDS** that the bids are to remain open. Unless otherwise indicated, a single award will be made for all the bid items in an individual bidding schedule. In the event the Work is contained in more than one bidding schedule, the City may award schedules individually or in combination. In the case of two (2) bidding schedules which are alternative to each other, only one (1) of such alternative schedule will be awarded. The City reserves the right to accept or reject any or all bids/parts of bids, to waive informalities in any bid, or to take any other action that is deemed to be in the best interest of the City.
16. **EXECUTION OF AGREEMENT:** The bidder to whom award is made shall execute a written agreement on the form of agreement provided, or by accepting City's purchase order and shall secure all insurance, and furnish all certificates and bonds required by the Bid Documents within

ten (10) calendar days after receipt of the agreement forms or purchase order from the City. Failure or refusal to enter into an agreement or accept City's purchase order as herein provided or to conform to any stipulated requirements in connection therewith shall be just cause for annulment of the award and forfeiture of the Bid Security. The contract attached as part of this bid document is in substantially executable form. City does not intend to allow or accept modifications to the general format. If the bidder who has been awarded the bid pursuant to Paragraph 15 refuses or fails to execute the agreement, the City may award the Contract to whichever bidder it determines next best serves its interest. On the failure or refusal of such second or third bidder (who was awarded the contract) to execute the agreement, each such bidder's bid security shall be likewise forfeited to the City.

The City of Margate Department of Environmental and Engineering Services (DEES) is soliciting sealed proposals from qualified contractors to provide hauling and disposal services for lime-stabilized sludge generated at its Water Treatment Plant, located at 980 NW 66 Avenue, Margate, FL 33063.

“Domestic Water Plant Lime Sludge” shall refer to sludge stockpiled in the City’s lime holding pond or dewatered lime sludge from a press.

The facility produces approximately 36 to 40 loads per month, with each load averaging 20 cubic yards (one trailer, one load) of dewatered lime sludge.

The contract will be awarded to the lowest responsive and responsible bidder that meets all requirements outlined in this BID, including demonstrated experience and full compliance with all applicable local, state, and federal regulations.

SCOPE OF WORK

This RFP covers services for lime-stabilized sludge generated at the City’s Water Treatment Plant (lime softening facility). The City will load lime sludge directly into trailers provided by the contractor and parked on-site.

The contractor shall provide all labor, equipment (trailers and transportation trucks), supervision, transportation, environmental fees, and permits necessary to:

- Haul and dispose of lime sludge at an approved disposal or beneficial reuse site.
- Supply a minimum of two (2) trailers to remain on-site at all times. City personnel will reposition and load the trailers using City-owned equipment.
- Provide an alternative disposal site to avoid disrupting normal disposal activities.
- Accept and haul non-hazardous lime sludge provided by the City.
- If an alternative disposal site is required, the City will pay the contractor a mutually agreed price to haul to the contractor’s permitted land application site, facility, or landfill.

Operating Hours and Frequency:

- The plant operates 24 hours a day, 7 days a week.
- The contractor must be available to service the site (5) five days a week, Monday thru Friday between 7:30 a.m. and 4:00 p.m. at the regular rates.
- The anticipated pickup schedule is Monday through Thursday, between 7:30 a.m. and 4:00 p.m.
- Any schedule changes may be communicated by phone or in writing with at least 48 hours notice.
- The contractor shall haul a minimum of 10 loads per week, Monday through Thursday, excluding City-observed holidays.
- Typical demand ranges from two (2) to three (3) trailer loads per day, based on production.

INSURANCE REQUIREMENTS

The contractor shall maintain the following insurance coverage:

- Commercial General Liability: \$2,000,000 per occurrence.
- Automobile Liability: \$1,000,000 combined single limit.
- Environmental/Pollution Liability: \$1,000,000 per occurrence.
- Workers' Compensation: Statutory limits.

The City of Margate must be named as Additional Insured on all applicable policies. Proof of insurance shall be provided prior to commencing work.

BID SUBMISSION REQUIREMENTS

Each proposal must include:

- A completed Schedule of Bid Prices, with pricing for hauling and disposal only (per cubic yard and per load).
- Emergency rate pricing for service requests made for a weekend (Saturday or Sunday) or requests made with less than 48 hours' notice and requiring a response within 24 hours.
- Proof of qualifications and relevant experience, including at least two (2) references from municipal or industrial clients.
- Certificates of insurance or a letter of intent from your insurer.
- Copies of any applicable state or federal licenses/certifications for lime sludge hauling and disposal.
- Bid Bond will be based on an annual average of 10,400 cubic yards

PRICE ADJUSTMENTS

All pricing submitted in response to this BID shall remain firm and fixed for the initial term of the contract. For renewal periods or during the contract term, the contractor may request one (1) price adjustment per year, subject to the following conditions:

- Requests must be submitted in writing at least 60 days prior to the requested effective date.
- Adjustments must be supported by verifiable documentation, such as disposal fee increases, fuel cost changes (e.g., fuel index data), or new regulatory requirements.
- Increases shall not exceed the annual change in the Consumer Price Index (CPI) for All Urban Consumers, U.S. City Average – Water, Sewer, and Trash Collection Services, or another mutually agreed index.

If fuel prices or operating costs decrease significantly, the contractor must provide documentation, and the City reserves the right to require a corresponding reduction in price.

All price adjustments are subject to review and approval by the City. The City reserves the right to reject any price increase it deems unreasonable and, if necessary, terminate the contract.

VOLUME-TO-WEIGHT CONVERSION

The City of Margate's lime-stabilized sludge is typically loaded at approximately 20 cubic yards per one trailer. Contractors are encouraged to provide certified weight tickets from the disposal facility or an approved certified scale with each invoice. If weight documentation is not available, the City reserves the right to calculate payment based on the estimated conversion rate (1 load \approx 20 cubic yards). This approach ensures consistency in billing while maintaining flexibility when certified weight data is not feasible.

EVALUATION AND AWARD

The City will award the contract to the lowest responsive and responsible bidder whose proposal best meets the requirements outlined herein.

The City reserves the right to:

- Reject any or all proposals.
- Waive minor informalities.
- Award the contract in the best interest of the City.

LEGAL AND COMPLIANCE

The contractor must comply with all applicable local, state, and federal regulations regarding the handling, hauling, and disposal of lime sludge.

The selected contractor must be enrolled in E-Verify and shall submit a Contractor Affidavit of Compliance prior to contract execution.

QUESTIONS & OPTIONAL SITE VISIT

Questions regarding this BID must be submitted in writing, questions received less than 7 days prior to Bid opening may not be answered.

Following the pre-Bid meeting there will be an optional site visit at the City of Margate Water Treatment Plant, 901 NW 66 Avenue, Margate, FL 33063, on Tuesday, August 5, 2025. Attendance is encouraged but not mandatory.

ADDENDUM NO. 2

BID NO. 2025-011

Monday, August 4, 2025

TO ALL BIDDERS:

Please incorporate the following information/clarifications, changes, additions, and/or deletions into the specification packet for the above-referenced project:

REMOVE/REPLACE:

1. **Remove:** Addendum No. 1, Answer for Question 1.
Replace: The City does not have knowledge of or maintain records of lime sludge disposal sites used by previous vendors. The Florida Department of Environmental Protection (FDEP) does not require utilities to track lime sludge disposal sites, as is the case with biosolids. Vendors are responsible for securing properly permitted disposal sites in compliance with all applicable local, state, and federal regulations.
Reason: The previous answer listed several disposal locations (5R Ranch, Circle Cross Ranch, Hayman 711 Ranch, Deer Park, Desert Ranch, Kenansville Kelley Ranch, and Bronson Cattle Ranch) as approved or historically used for lime sludge. This was incorrect. These locations are associated with biosolids disposal (BID 2025-012).
2. **Remove:** Page 32, Bid Bond
Replace: Page 32a, Bid Bond
Reason: Bid Bond should be not less than 5% of the total amount of the Bid, based on a yearly average of 10,400 cubic yards.

QUESTIONS/CLARIFICATIONS:

1. **Q:** Can we have the current contract copy?

A: Attached.

2. **Q:** Is prevailing wage included in this contract?

A: Prevailing wage requirements under the federal Davis-Bacon Act do not apply to this contract, as it is not federally funded. However, as a municipal government in the State of Florida, we are committed to fair labor practices. While Florida does not currently have a state-mandated prevailing wage law for local government projects, contractors are expected to comply with all applicable local, state, and federal labor laws.

3. Q: What is the Annual spent / last 3 invoices?

A: April 2025 Services – \$47,236.20

May 2025 Services – \$29,638.40

June 2025 Services – \$50,941.00

These monthly charges reflect variability based on operational conditions and sludge production.

4. Q: What is the budgetary number for the sludge removal and disposal service in 2024?

A: Based on recent billing trends, the estimated annual expenditure is approximately \$450,000, though this amount may fluctuate from year to year.

5. Q: What type of specific local or county licenses or permits required?

A: Lime sludge is not regulated by the Florida Department of Environmental Protection (DEP) in the same manner as biosolids, and therefore the City does not prescribe specific licensing or permitting requirements for lime sludge disposal. It is the responsibility of the vendor to conduct due diligence and ensure compliance with all applicable local, county, state, and federal requirements. However, based on general industry practices, the following documents may be applicable and are suggested for consideration:

- A valid Broward County Business Tax Receipt
- A Florida Department of Environmental Protection (FDEP) permit for sludge transportation and disposal (*if applicable to the proposed method of disposal*)
- A Solid Waste Transporter Registration, if transporting to offsite disposal or treatment locations
- All relevant driver and vehicle permits for transporting non-hazardous lime sludge under applicable DOT regulations

Again, vendors must ensure they meet all requirements based on their proposed hauling and disposal plan.

6. Q: Is it mandatory for bidder require a response within 24 hours after emergency service request made for weekend (Saturday or Sunday) or request made with less than 48 hours' notice? Is there a provision for flexibility and can be extended?

A: Yes, the contract requires response within 24 hours in emergency scenarios. However, **the City may consider reasonable flexibility on a case-by-case basis**, especially for weekend or off-hours if prior notice or justification is given.

7. Q: Please confirm the method of disposing current sludge waste.

A: The City currently disposes of lime sludge via **off-site land application and/or landfill disposal**, in accordance with all applicable environmental regulations.

8. Q: Can you elaborate more about the sludge, what are the solids percentage in lime sludge?

A: The lime sludge is a byproduct of lime softening water treatment. The typical **solids content ranges from 3% to 6%** but may vary depending on the treatment process and operational conditions.

9. Q: Please confirm payment bond and performance bond is applicable to the bid or not.

A: Performance and Payments Bonds are not required.

10. **Q:** Typical demand ranges from 2 or 3 trailer loads per day, could you please confirm the exact frequency of loads per day?

A: The average lime sludge production at the Water Treatment Plant equates to approximately 2 to 3 trailer loads per day. However, due to limited or no pick-up availability on Fridays, Saturdays, and Sundays, the anticipated haul schedule is typically Monday through Thursday. To accommodate production, vendors may be required to **haul 3 to 5 loads per day** during this four-day window. The exact number of daily loads may vary based on operational factors such as sludge accumulation, weather conditions, and disposal site distance or approval. The City does not guarantee a specific number of loads per day; vendors should expect fluctuations based on plant production and logistical constraints.

11. **Q:** What was the weekly frequency in the past for the sludge removal, per load?

A: Historically, 10 to 15 loads per week were typical, depending on operational flow and weather conditions.

2. Term: The term of this agreement shall commence on the date of acceptance by City and shall continue for a period of one year. City will have the option of (4) one-year renewals based upon mutual agreement between both parties.

However, should the City of Margate fail to refuse to budget funds for this or any similar item for any one fiscal year subsequent to the initial year of this agreement, then this agreement shall be deemed terminated and no duties and responsibilities shall flow from same, provided, however, that H&H shall have ninety (90) days notice before termination of this agreement, should this paragraph apply.

H&H agrees to the following:

A. Wastewater Treatment Plant Biosolids

1. H&H shall provide two (2) dump trailers for biosolids dewatering operation of the City so that 12% or better cake biosolids may be removed on a timely basis. Additional trailers will be available as necessary.
2. H&H shall dispose of the biosolids in an environmentally acceptable manner, at permitted site, in accordance with DEP FAC 62-640 procedures that are approved by State and local regulatory agencies.
3. Disposal operations by H&H shall be governed by specific conditions of the City permits which shall make them contingent on-site conditions such as weather, groundwater table, etc. H&H shall be bound by disposal regulatory restrictions.
4. H&H shall be responsible for preparation of DEP Biosolids Site Permits for disposal sites including their procurement and licensing for proper disposal of Biosolids. H&H shall provide the City with pertinent site data and site-specific information needed so that the City can meet the reporting requirements as part of the City's treatment plant operating permits.
5. Upon the breakdown of the City's dewatering process equipment, H&H agrees to accept and dispose liquid sludge at two hundred four dollars (\$204.00) per one thousand (1,000) gallons.

B. Water Treatment Plant Sludge

1. H&H will provide one (1) dump trailer for waste lime sludge removal. Additional trailers shall be available as needed for sludge removal.
2. Lime sludge shall be disposed of by Contractor in accordance with regulatory guidelines.
3. H&H will pick up a minimum of 10 loads of lime sludge per week, Monday-Friday, excluding holidays observed by the City.
4. H&H shall provide an alternative disposal site, so as not to disturb the normal activities of disposal of lime.

City shall provide as follows:

A. Wastewater Treatment Plant Biosolids

1. City on the faithful performance of this contract by Contractor shall pay H&H for the removal and disposal of wastewater biosolids forty-five dollars (\$45.00) per cubic yard or \$1,350.00 per load. This includes environmental fee charged by County.
2. City personnel shall load individual trailers to approximately thirty (30) cubic yard volumes for removal by H&H. Removal times are to be as required on a six day per week basis.
3. All biosolids to be supplied to Contractor shall be classified as Class B or land applicable biosolids in character, pursuant to criteria established by the State of Florida as outlined in FAC Chapter 62.640.
4. City shall provide H&H with monthly copies of all quality control reports provided to the Florida DEP which shall establish proof of biosolids class level to be transported by H&H.

B. Water Treatment Plant Sludge

1. City on the faithful performance of the contract by Contractor shall pay H&H for the removal of pond excavated sludge forty-five dollars (\$45.00) per cubic yard or \$900.00 per load. There will be approximately 20 cubic yards per load.
2. City will provide H&H with non-hazardous lime sludge for hauling and disposal.
3. If an alternative lime site has to be used for disposal, the City shall pay H&H a mutually agreed price to haul to an H&H land application site, its facility or landfill.

General Provisions

1. H&H shall at its own expense do the work required in this agreement and shall furnish all labor, materials, tools, and equipment necessary for execution of said work in strict conformance with this agreement.
2. H&H is responsible for procuring and licensing the Wastewater Treatment Plant Biosolids disposal sites.
3. H&H shall provide the City with a surety bond in the amount of Two Hundred Thousand dollars (\$200,000.00) securing the faithful performance of the terms and conditions set forth in this agreement. H&H may elect to provide the City with an irrevocable letter of credit in the same amount in lieu of the bond.
4. In the event that H&H is unable to perform this agreement obligations due to the liquid or dewatered biosolids or sludge produced by the City containing constituents which render the biosolids or sludge non-land applicable material, as

defined in Florida Administrative Code 62-640 and the Federal Clean Water Act. H&H shall not be held liable for such inability to perform under this agreement. Although City produced non-land applicable biosolids or sludge relieves H&H of his contractual obligations due to the inability to perform his responsibilities under the contract, it is nevertheless expected that H&H shall cooperate fully with the City's efforts to render the biosolids or sludge a land applicable material.

5. Impossibility of Performance: In the event that either through a documented act of God or a regulatory change of any applicable, federal, state, county, or municipal law renders compliance with this agreement impossible, then either City or H&H shall have the right, upon (90) days prior written notice to the other party, to open negotiations for modifications to this agreement to address the regulatory changes. Either party may terminate this agreement if such negotiations for a modification cannot be concluded within ninety (90) days.
6. H&H shall indemnify and defend the City from any and all Civil claims arising under this agreement, whether alleged to have arisen from the conduct of the City or employees, or not. Further, H&H shall indemnify and defend the City from any allegation of regulatory or governmental violation which may arise pursuant to this agreement, whether same was alleged to have arisen from the City or its employees, or not.
7. **INSURANCE – AT THE TIME OF EXECUTION OF THE CONTRACT, THE CONTRACTOR SHALL SUBMIT CERTIFICATE(S) OF INSURANCE EVIDENCING THE REQUIRED COVERAGE AND SPECIFICALLY PROVIDING THAT THE CITY OF MARGATE IS AN ADDITIONAL INSURED WITH RESPECT TO THE REQUIRED COVERAGE AND THE OPERATIONS OF THE CONTRACTOR UNDER THE CONTRACT.** Insurance Companies selected must be acceptable by the City. All of the policies of insurance so required to be purchased and maintained shall contain a provision or endorsement that the coverage afforded shall not be cancelled, materially changed or renewal refused until at least thirty (30) calendar days written notice has been given to the City by certified mail.

The CONTRACTOR shall procure and maintain at its own expense and keep in effect during the full term of the Contract a policy or policies of insurance which must include the following coverage and minimum limits of liability: **Additionally, any subcontractor hired by the Contractor for this project shall provide insurance coverage as stated herein.**

(a) Worker's Compensation Insurance for statutory obligations imposed by Worker's Compensation or Occupational Disease Laws, including, where applicable, the United States Longshoremen's and Harbor Worker's Act, the Federal Employer's Liability Act and the Homes Act. Employer's Liability Insurance shall be provided with a minimum of One Hundred Thousand and xx/100 dollars (\$100,000.00) per accident. Contractor shall agree to be responsible for the employment, conduct and control of its employees and for any injury sustained by such employees in the course of their employment.

(b) Comprehensive Automobile Liability Insurance for all owned; non-owned and hired automobiles and other vehicles used by the Contractor in the performance of the Work with the following minimum limits of liability:

\$1,000,000.00 Combined single Limit, Bodily Injury and Property Damage Liability, per occurrence

(c) Comprehensive General Liability with the following minimum limits of liability:

\$1,000,000.00 Combined Single Limit, Bodily Injury and Property Damage Liability, per occurrence

Coverage shall specifically include the following with minimum limits not less than those required for Bodily Injury Liability and Property Damage:

1. Premises and operations;
2. Independent Contractors;
3. Product and Completed Operations Liability;
4. Broad Form Property Damage;
5. Broad Form Contractual Coverage applicable to the Contract and specifically confirming the indemnification and hold harmless agreement in the Contract; and Personal Injury coverage with employment contractual exclusions removed and deleted.

7.1 The required insurance coverage shall be issued by an insurance company authorized and licensed to do business in the State of Florida, with the following minimum rating of B+ to A+, in accordance with the latest edition of A.M. Best's Insurance Guide.

7.2 All required insurance policies shall preclude any underwriter's rights of recovery or subrogation against City with the express intention of the parties being that the required insurance coverage protect both parties as the primary coverage for any and all losses covered by the above described insurance.

7.3 The Contractor shall ensure that any company issuing insurance to cover the requirements contained in this Contract agrees that they shall have no recourse against City for payment or assessments in any form on any policy of insurance.

7.4 The clauses "Other Insurance Provisions" and "Insurers Duties in the Event of an occurrence, Claim or Suit" as it appears in any policy of insurance in which City is named as an additional named insured shall not apply to City. City shall provide written notice of occurrence within a reasonable time of the actual notice of such an event.

7.5 The Contractor shall not commence performance of its obligations under this Agreement until after it has obtained all of the minimum insurance herein described and the same has been approved.

7.6 The Contractor agrees to perform the Work under the Contract as an independent Contractor, and not as a subcontractor, agent or employee of City.

7.7 Violation of the terms of this paragraph and its subparts shall constitute a breach of the Contract and City, at its sole discretion, may cancel the Contract and all rights, title and interest of the Contractor shall thereupon cease and terminate.

7.8 City's Liability and Insurance - City shall not be responsible for purchasing and maintaining any insurance to protect the interests of Contractor, subcontractors or others on the Work. City specifically reserves all statutory and common law rights and immunities and nothing herein is intended to limit or waive same including, but not limited to, the procedural and substantive provisions of Florida Statute 768.28 and Florida Statute 95.11.

7.9 Loss of Use Insurance - The City, at the City's option, may purchase and maintain such insurance as will insure the City against loss of use of the City's property due to fire or other hazards, however caused. The City waives all rights of action against the Contractor, and its contractors and their agents and employees, for loss of use of the City's property, including consequential losses due to fire or other hazards, however caused, to the extent covered by insurance under this Paragraph.

8. The above unit pricing shall remain firm during the course of this agreement except for an annual cost of living increase tied directly to the consumer price index and a fuel surcharge adjustment. Any increase of the consumer price index as published by the Department of Labor as applicable to the Southeastern United States, or if not available, then the consumer price index shall be based upon such other document or formula as agreed by the parties. Should the parties not be able to agree upon any document or formula, then this agreement shall be deemed terminated upon fifteen (15) days notice after the parties have failed to agree upon any additional documented or formula as above stated.
9. Adjustments in fuel costs will be allowed as a fuel surcharge after the initial ninety (90) day period and every three month period thereafter. Requests for fuel price increases must be made in writing to the "City" at least fifteen (15) days in advance. All requests for fuel price increases are subject for review and approval by the City (Environmental/Engineering Services). Increases in fuel prices shall be based on the US EIA Weekly Retail On-Highway Diesel Prices found on (<http://tonto.eia.doe.gov/oog/info/wohdp/diesel.asp>) increase in cost for the most recent three month period if the index changed more than 5%. The City will review fuel costs every three months to determine if costs decreased more than 5% to adjust pricing accordingly.
10. This agreement shall be governed by the laws of the State of Florida and venue for any action, at law or equity, to enforce or interpret this agreement or any provision thereof shall be in Broward County, Florida.
11. **Waiver of Jury Trial** - City and H&H hereby knowingly, irrevocably, voluntarily and intentionally waive any right either may have to a trial by jury in respect to any action, proceeding, lawsuit or counterclaim based upon the contract, arising out of, under, or in connection with the performance of the work, or any course of conduct, course of dealing, statements (whether verbal or written) or the actions or inactions of any party.

12. The relationship of H&H to the City shall be one of Independent Contractor and H&H shall not be deemed an agent, employee, nor servant of the City of Margate.
13. This agreement as of the day and year first written shall be in three (3) counterparts, each of which for all purposes, shall be deemed an original.
14. In the event of environmental, regulatory or choice of "City" desiring H&H to process the City biosolids from a Class "B" product to a Double "A" (AA) beneficial re-use product, and to relieve the City of any and all liability under Chapter 403, FS, Chapter 62-640, FAC, title 40 CFR, Parts 252 and 503 regulations. The City's cost shall be \$80.00 per cubic yard. By this agreement, H&H however, does not accept liability or responsibility for the City's Wastewater Treatment Plant operations.
15. This agreement represents the entire understanding of the parties as to the matters contained herein. No prior oral or written understanding shall be of any force and effect with respect to those matters covered hereunder. (10) Key Individuals

Steve Hacht– President

Tenure: 35 years

Mr. Hacht, son of Founding Partner Rick Hacht, has been with H&H since 1989. He began his career as a field operator, where he learned the technical and mechanical aspects of applying biosolids across pastures and orange groves in an environmentally safe manner. There he also built relationships with ranchers, many of whom still partner with H&H.

After Mr. Hacht mastered land application operations, he went on to receive compliance and safety training by D.O.T., as well as maintenance training by Great Dane and Fruehauf. Shortly after, he was promoted to Fleet Safety Director where he traveled statewide to inspect and coordinate maintenance on more than 250 field and road-certified units. After successfully managing H&H's fleet for several years, Mr. Hacht became a regional supervisor. In this role he managed two lime stabilization plants, a compost facility, and all land application sites on the west coast of Florida.

In 2003 he was promoted to General Manager where, for 15 years, he was responsible for all operations in the company's three regions, ensuring H&H's service obligations to cities, counties and land partners were consistently met. He also assisted H&H's previous president in projecting costs and operational requirements for both liquid and cake biosolids contracts ranging from low-volume liquid shuttles to weekly cake hauls of more than 1,500 wet tons.

Overseeing all aspects of H&H's operations, including hauling, land application and contracts, for 15 years allowed for the accumulation of knowledge and experience that uniquely qualified Mr. Hacht to become President of H&H. He is active in day-to-day business decisions and ambitiously pursues new business opportunities throughout the State of Florida.

Katie Hacht Matthews– Controller

Tenure: 23 years

Mrs. Matthews joined H&H in 2002 as a field supervisor and analyst. She holds a Bachelor of Science degree in Geology from Florida State University.

Since 2008 Mrs. Matthews has served as Controller, where she analyzes and audits financials, drafts and maintains contracts, maintains equipment and personnel compliance files, drafts, implements company policies, and is the liaison to external parties for all financial and insurance matters. Additionally, Mrs. Matthews facilitates the coordination with city and county purchasing departments, to provide contractual and bid documents, certificates of insurance, and other legal documents. She also oversees all invoicing and human resources matters.

Blake Hacht– Compliance Manager

Tenure: 12 years

Mr. Hacht joined H&H as a project manager and field supervisor in 2013 after working in external relations for four years. He holds a Bachelor of Science degree from the University of North Florida and is the liaison to all state, federal and local environmental regulatory agencies.
