Cale Curtis

Interim City Attorney

Weiss Serota Helfman Cole &
Bierman, P.L.

City Clerk

Jennifer M. Johnson

Dear Mr. Darmanin;

The City of Margate Department of Environmental and Engineering Services (DEES) shares an interest in fostering a collaborative Regional Biosolids Solutions Study led by Broward County Water and Wastewater Services (BCWWS).

The City of Margate supports regional efforts of long-range planning and examination of the treatment, transportation, and cost-effective disposal methods for handling of biosolids. Please note that this letter of support does not commit the City to any course of action, but simply allows BCWWS to proceed with its proposed Regional Biosolids Solutions Study. Should this study be solicited and funded, the City of Margate's participation and cost share will be presented to City Commission and executed under a separate interlocal agreement.

We hereby acknowledge the importance of regional biosolids solution and look forward to a productive collaboration with the County on this matter.

Sincerely,

Curt Keyser, P.E.
DEES Director

CC: Cale Curtis, City Manager
Marta Reczko, DEES Assistant Director – Utilities
