PROJECT TEAM

QUALIFICATIONS AND EXPERIENCE OF TEAM

Our Project Manager will be William Hall. His versatility of knowing the administrative needs of the projects as well as the in the field demands are essential to our project success. Mr. Hall completed his education as a Civil Engineer at FIU. He worked a few entry-level positions as a new grad in concrete and other hands-on firms as he grew his career as a Civil Engineer. He was fortunate to obtain a federal position with FEMA where he traveled around the country auditing projects. There, he gained massive amounts of experience with federal regulations and code from various states. After years of working on the federal level, Mr. Hall returned to South Florida to work as a program coordinator. He then ventured into more technical roles, where he learned innovative technology that he combined with his engineering experience. All these examples and more have brought him to where he is today, as a GC. He has taken his career to the next level. Thus, for all the reasons mentioned, Mr. Hall is an essential member of our team.

On the administrative side, we have Francia Torres. She comes from an education background, where she worked at an administrator for over ten years. There she learned the management side of the business, dealing with HR, payroll and contracting. Ms. Torres, also FIU alum, as an extensive background working with grants and contracts with government entities. Ms. Torres brings over ten years of management to the team. Her specialty is contracting and operational budgeting.

Attach brief resumes of all proposed project team members who will be involved in the management of the total package of services, as well as the delivery of specific services.

- William Hall EI: Project manager
- Francia Torres: Project Control

Subs: We work with a team of trade sub contractors that we work with to help complete our projects.

Project Management

Addressing the communication needs of a project team, decision-making processes, conflict resolution, coordination with external entities, and schedule and budget management are crucial aspects of effective project management. Here's a description of various project management approaches for each of these areas:

1. Communication Needs of the Team:

Regular Meetings: Schedule regular team meetings to discuss project progress, challenges, and updates. These can be daily stand-ups, weekly status meetings, or other periodic gatherings. **Communication Tools:** Utilize collaboration and communication tools like project management software, email, instant messaging, and video conferencing to facilitate information sharing among team members.

2. Key Decision-Making:

Consensus Decision-Making: Encourage collaborative decision-making, where team members collectively analyze options and agree on the best course of action. **Clear Decision Owners:** Assign decision owners who are responsible for making final decisions within their respective areas of expertise.

3. Conflict Resolution:

Conflict Resolution Protocols: Develop clear conflict resolution protocols that outline the steps to follow when disputes arise. These can include escalation procedures and mediation processes. **Open Dialogue:** Promote open and respectful communication to address conflicts as they arise, seeking constructive solutions.

4. Coordination with Other Entities:

Stakeholder Engagement: Identify and engage with relevant external entities, such as government agencies, utilities, or regulatory bodies, early in the project to establish effective lines of communication. **Collaborative Partnerships:** Build collaborative partnerships with external entities to ensure a smooth flow of information and resources.

5. Schedule Management:

Project Scheduling Tools: Utilize project scheduling software to create, monitor, and update project schedules. Tools like Gantt charts can help visualize timelines. **Critical Path Analysis:** Identify critical project activities and milestones to focus resources on ensuring on-time delivery. **Regular Monitoring:** Continuously monitor project progress against the schedule and make adjustments as necessary.

6. Budget Management:

Cost Estimation: Develop detailed cost estimates for the project, considering all expenses, including labor, materials, equipment, and contingencies.

Budget Tracking: Implement robust budget tracking and reporting mechanisms to monitor expenses and ensure they align with the approved budget.

Change Control: Establish a change control process to evaluate and approve any changes that may impact the budget.

Overall, successful project management requires a proactive approach to communication, decision-making, conflict resolution, coordination with external entities, and diligent management of schedules and budgets. Adhering to these approaches helps mitigate risks, enhance team productivity, and ensure project success.

DRUG-FREE WORKPLACE PROGRAM FORM

In accordance with Section 287.087, State of Florida Statutes, preference shall be given to businesses with Drug-free Workplace Programs. Whenever two or more bids which are equal with respect to price, quality, and service are received for the procurement of commodities or contractual service, a bid received from a business that certifies that it has implemented a Drug-free Workplace Program shall be given preference in the award process. In the event that none of the tied vendors have a Drug-free Workplace program in effect, the CITY reserves the right to make final Decisions in the CITY's best interest. In order to have a Drug-free Workplace Program, a business shall:

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.
2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.
3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in subsection (1).
4. In the statement specified in subsection (1), notify employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendens to, any violation of Chapter 893, Florida Statutes, or of any controlled substance law of the United States or any State, for a violation occurring in the workplace no later than five (5) days after such conviction.
5. Impose a sanction on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community by any employee who is convicted.
6. Make a good faith effort to continue to maintain a drug-free workplace through implementation.

If bidder's company has a Drug-free Workplace Program, so certify below:

AS THE PERSON AUTHORIZED TO SIGN THE STATEMENT, I CERTIFY THAT THIS FIRM COMPLIES FULLY WITH THE ABOVE REQUIREMENTS.

SIGNATURE OF BIDDER: W. A. J. **DATE:** 9/11/2023

**BYRD ANTI LOBBYING CERTIFICATION FOR CONTRACTS, GRANTS, LOANS,
AND COOPERATIVE AGREEMENTS**

To be submitted with each bid or offer exceeding \$100,000

The undersigned certifies, to the best of his or her knowledge and belief, that:

- (1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.
- (2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.
- (3) The undersigned shall require that the language of this certification be included in the award documents for all sub-awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans, and cooperative agreements) and that all sub-recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

The Contractor, HRT Construction, certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the Contractor understands and agrees that the provisions of 31 U.S.C. §3801 et seq. apply to this certification and disclosure, if any.
