3.5 The CITY shall furnish required information and services and shall promptly render decisions pertaining thereto to avoid delay in the orderly progress of the construction.

3.6 The CITY shall communicate with subcontractors only through the DESIGN BUILDER.

3.7 CITY shall furnish data required of CITY under the Contract Documents promptly.

3.8 Except for permits and fees which are the responsibility of DESIGN BUILDER, CITY shall secure and pay for necessary approvals, easements, assessments and charges required for construction, use or occupancy of permanent structures or permanent changes in existing facilities.

3.9 If the WORK is defective, or DESIGN BUILDER fails to supply sufficient skilled workers or suitable materials or equipment, or fails to furnish or perform the WORK in such a way that the completed WORK will conform to the Contract Documents, CITY may order DESIGN BUILDER to stop the WORK, or any portion thereof, until the cause for such order has been eliminated; however, this right of CITY to stop the WORK shall not give rise to any duty on the part of CITY to exercise this right for the benefit of DESIGN BUILDER or any other party.

3.10 ENGINEER'S RESPONSIBILITIES:

3.10.1 ENGINEER will be CITY'S representative during the construction period and until final payment is due.

3.10.2 Visits to Site:

ENGINEER will make visits to the site at intervals appropriate to the various stages of construction to observe the progress and quality of the executed WORK and to determine, in general, if the WORK is proceeding in accordance with the Contract Documents. ENGINEER'S efforts will be directed toward providing for CITY a greater degree of confidence that the completed WORK will conform to the Contract Documents. On the basis of such visits and on-site inspections, ENGINEER shall keep CITY informed of the progress of the WORK and shall endeavor to guard CITY against defects and deficiencies in the WORK.

3.10.3 Technical Clarifications and Interpretations:

ENGINEER will issue, with reasonable promptness, such written clarifications or interpretations of the technical requirements of the Contract Documents as ENGINEER may determine necessary, which shall be consistent with or reasonably inferable from the overall intent of the Contract Documents. Should DESIGN BUILDER fail to request interpretation of questionable items in the Contract Documents, neither CITY nor ENGINEER will thereafter entertain any excuse for failure to execute the WORK in a satisfactory manner.

3.10.4 ENGINEER will interpret and decide matters concerning performance under the requirements of the Contract Documents upon written request of either CITY or DESIGN BUILDER. ENGINEER will make initial decisions on all claims, disputes, or other matters in question between CITY and DESIGN BUILDER. All written decisions of the ENGINEER on any claim, dispute or other matter will be final and binding upon CITY and DESIGN BUILDER unless a written notice of intention to appeal from ENGINEER'S written decision is delivered within five (5) business days after the date of such decisions and a formal proceeding is instituted by the appealing party in a forum of competent jurisdiction within thirty (30) business days of the date of such decision. The rendering of a decision by ENGINEER with respect to any such claim, dispute, or matter (except any which have been waived by the making or acceptance of final payment) is a condition precedent to any exercise by CITY or DESIGN BUILDER of such rights or remedies existing under the Contract Documents or by law.

3.10.5 Authorized Variations in WORK:

ENGINEER may authorize minor variations in the WORK from the technical requirements of the Contract Documents which do not involve an adjustment in the Contract Price or the Contract Time and are consistent with the overall intent of the Contract Documents. These may be accomplished by a field order and will be binding on CITY, and also on DESIGN BUILDER who shall perform the WORK involved promptly.

3.10.6 Rejecting Defective WORK:

ENGINEER will have the authority to disapprove or reject WORK which ENGINEER believes to be defective, and will also have authority to require special inspections or testing of the WORK whether or not the WORK is fabricated, installed or completed.

ARTICLE 4

TIME

4.1 TIME IS OF THE ESSENCE OF THIS AGREEMENT. The WORK to be performed under this Agreement shall be commenced upon the date of Agreement Commencement specified in the Notice to Proceed and, subject to authorized adjustments, shall be completed by the time stipulated in the Notice to Proceed. Failure to achieve timely, substantial, and/or final completion shall be regarded as a breach of this Agreement and subject to appropriate remedies including but not limited to liability for liquidated damages in accordance with Section 4.9 herein.

4.2 The DESIGN BUILDER shall provide services as expeditiously as is consistent with reasonable skill and care and the orderly progress of construction.

4.3 Time limits stated in the Contract Documents are of the essence of this Agreement. The WORK to be performed under this Agreement shall commence upon execution of a notice to proceed unless otherwise agreed and, subject to authorized Modifications, Substantial Completion shall be achieved as indicated in Article 4.4, below.

4.4 The Date of Substantial Completion of the WORK or an agreed upon portion thereof is the date when construction or an agreed upon portion thereof is sufficiently complete so the CITY can occupy and utilize the WORK or agreed upon portion thereof for its intended use.

4.5 The schedule provided in the DESIGN BUILDER's Proposal shall include a construction schedule consistent with Section 4.2 above.

4.6 If the DESIGN BUILDER is delayed in the progress of the Project by acts or neglect of the CITY, CITY'S employees, separate contractors employed by the CITY, changes ordered in the WORK not caused by the fault of the DESIGN BUILDER, labor disputes, fire, unusual delay in transportation, adverse weather conditions not reasonably anticipatable, unavoidable casualties, or other causes beyond the DESIGN BUILDER's control, or by delay authorized by the CITY'S pending arbitration or another cause which the CITY and DESIGN BUILDER agree is justifiable, the Agreement Time shall be reasonably extended by Change Order.

4.7 CHANGE OF AGREEMENT TIME:

ALL TIME LIMITS STATED IN THE CONTRACT DOCUMENTS ARE OF THE ESSENCE OF THE AGREEMENT. NO CLAIM FOR DAMAGES OR ANY CLAIM OTHER THAN FOR AN EXTENSION OF TIME SHALL BE MADE OR ASSERTED AGAINST THE CITY BY REASON OF ANY DELAYS. DESIGN BUILDER shall not be entitled to an increase in the Agreement Price or payment or compensation of any kind from CITY for direct, indirect, consequential, impact or other costs, expenses or damages including but not limited to costs of acceleration or inefficiency, arising because of delay, disruption, interference or hindrance from any cause whatsoever, whether such delay, disruption, interference be reasonable or unreasonable, foreseeable or unforeseeable, or avoidable or unavoidable; provided, however, that this provision shall not preclude recovery of damages by DESIGN BUILDER for hindrances or delays due solely to fraud, bad faith or active interference on the part of CITY or its agents. Otherwise, DESIGN BUILDER shall be entitled only to extensions of the Agreement Time as the sole and exclusive remedy for such resulting delay, in accordance with and to that extent specifically provided above. No extension of time shall be granted for delays resulting from normal weather conditions prevailing in the area as defined by the average of the last ten (10) years of weather data as recorded by the United States Department of Commerce, National Oceanic and Atmospheric Administration at the Fort Lauderdale Weather Station.

4.8 NO RECOVERY FOR EARLY COMPLETION:

If the DESIGN BUILDER submits a schedule or expresses an intention to complete the WORK earlier than any required milestone or completion date, the CITY shall not be liable to the DESIGN BUILDER for any costs incurred because of delay or hindrance should the DESIGN BUILDER be unable to complete the WORK before such milestone or completion date. The duties, obligations and warranties of the CITY to the DESIGN BUILDER shall be consistent with and applicable only to the completion of the WORK and completion dates set forth in this Agreement.

4.9 LIQUIDATED DAMAGES:

Upon failure of the DESIGN BUILDER to complete the WORK within the time specified for completion, (plus approved extensions if any) DESIGN BUILDER shall pay to CITY the sum of five hundred and xx/100 dollars (\$500.00) for each calendar day excluding Sundays that the completion of the WORK is delayed beyond the time specified in the Agreement for completion, as fixed and agreed liquidated damages and not as a penalty. Liquidated damages are hereby fixed and agreed upon between the parties, recognizing the impossibility of precisely ascertaining the amount of damages that will be sustained by CITY as a consequence of such delay and both parties desiring to obviate any question of dispute concerning the amount of said damages and the cost and effect of the failure of DESIGN BUILDER to complete the Agreement on time. Regardless of whether or not a single Agreement is involved, the above-stated liquidated damages shall apply separately to each portion of the WORK for which a time of completion is given. CITY shall have the right to deduct from and retain out of monies which may be then due or which may become due and payable to DESIGN BUILDER, the amount of such liquidated damages and if the amount retained by CITY is insufficient to pay in full such liquidated damages, the DESIGN BUILDER shall pay in full such liquidated damages. DESIGN BUILDER shall be responsible for reimbursing CITY, in addition to liquidated damages or other per day damages for delay, for all costs of engineering, and inspection and other costs incurred in administering the construction of the Project beyond the completion date specified or beyond an approved extension of time granted to DESIGN BUILDER whichever is later.

ARTICLE 5

PAYMENTS

5.1 AGREEMENT SUM:

CITY shall pay DESIGN BUILDER in current funds as full compensation for the performance of all the WORK subject to additions and deductions by Change Order as provided in this Agreement. Amounts billed for services shall be in accordance with proposals for each project and based upon DESIGN BUILDER'S scheduled rates for Design Build services as submitted for RFQ 2025-004; which are attached as Attachment A.

Note: Labor rates for permit acquisition services shall not exceed the Helper Labor Rate.

5.2 PROGRESS PAYMENTS:

5.2.1 The DESIGN BUILDER shall deliver to the CITY an itemized Application for Payment in such detail as indicated in the CITY approved Schedule of Values. DESIGN BUILDER may requisition payments for WORK completed during the Project at intervals of not more than once a month. The DESIGN BUILDER'S requisition shall show a complete breakdown of the Project components, the quantities completed and the amount due, together with a certification by the DESIGN BUILDER that the DESIGN BUILDER has disbursed to all subcontractors and suppliers their pro-rata shares of the payment out of previous progress payments received by the DESIGN BUILDER for all WORK completed and materials furnished in the previous period or properly executed releases of liens by all subcontractors, suppliers and materialmen who were included in the DESIGN BUILDER'S previous applications for payment, and any other supporting documentation as may be required by the ENGINEER or Contract Documents. Each requisition shall be submitted in triplicate to the ENGINEER for approval. The CITY shall make payment to the DESIGN BUILDER within thirty (30) business days after approval by the ENGINEER of the DESIGN BUILDER's requisition for payment.

5.2.2 Five percent (5%) of all monies earned by the DESIGN BUILDER shall be retained by the CITY until the WORK is totally completed as specified, and accepted by the CITY unless, at some point during the construction period, a retainage reduction is required to comply with Florida Statute 218.735(8).

5.3 The Application for Payment shall constitute a representation by the DESIGN BUILDER to the CITY that, to the best of the DESIGN BUILDER's knowledge, information and belief, the construction have progressed to the point indicated; the quality of the WORK covered by the application is in accordance with the Contract Documents; and the DESIGN BUILDER is entitled to payment in the amount requested.

5.4 The DESIGN BUILDER shall pay each subcontractor, upon receipt of payment from the CITY, out of the amount paid to the DESIGN BUILDER on account of such subcontractor's WORK, the amount to which said subcontractor is entitled in accordance with the terms of the DESIGN BUILDER'S contract with such subcontractor. The DESIGN BUILDER shall, by appropriate agreement with each subcontractor, require each subcontractor to make payments to sub-subcontractors in similar manner.

5.5 The CITY shall have no obligation to pay or to be responsible in any way for payment to a subcontractor of the DESIGN BUILDER except as may otherwise be required by law.

5.6 No progress payment or partial or entire use or occupancy of the Project by the CITY shall constitute an acceptance of WORK not in accordance with the Contract Documents.

5.7 The DESIGN BUILDER warrants that: (1) title to WORK, materials and equipment covered by an Application for Payment will pass to the CITY either by incorporation in construction or upon receipt of payment by the DESIGN BUILDER, whichever occurs first; (2) WORK, materials and equipment covered by previous Applications for Payment are free and clear of liens, claims, security interests or encumbrances, hereinafter referred to as "liens"; and (3) no WORK, materials or equipment covered by an Application for Payment will have been acquired by the DESIGN BUILDER, or any other person performing work at the site or furnishing materials or equipment for the Project, subject to an Agreement under which an interest therein or an encumbrance thereon is retained by the seller or otherwise imposed by the DESIGN BUILDER or such other person.

5.8 If the Agreement provides for retainage, within 30 calendar days after reaching the earlier of substantial completion or beneficial occupancy, the CITY and the contractor will inspect the work and develop a punch list covering those items required to render complete, satisfactory, and acceptable the construction services purchased by the CITY. The punch list will include a schedule of values that provides the estimated cost to complete each item on the punch list. If the CITY and DESIGN BUILDER are unable to agree on an item or value, the CITY has final discretion whether to include an item and the amount for valuation of the cost to complete each item on the punch list. Within 20 business days after the creation of the punch list, the remaining contract balance, including retainage, will be paid to the contractor less an amount equal to 150 percent of the cost to complete the items on the punch list. Upon reaching final acceptance for an item or all items, the 150 percent withheld for each item will be released with final payment. For projects valued at \$10 million or more, the 30 calendar day period may be extended to 45 days.

5.9 FINAL INSPECTION:

Upon written notice from DESIGN BUILDER that the entire WORK or an agreed portion thereof is complete, CITY and ENGINEER will make a final inspection and will notify DESIGN BUILDER in writing of all particulars in which this inspection reveals that the WORK is incomplete or defective. DESIGN BUILDER shall immediately take such measures as are necessary to remedy such deficiencies.

5.10 FINAL APPLICATION FOR PAYMENT:

After DESIGN BUILDER has completed all such corrections to the satisfaction of CITY and ENGINEER and delivered all maintenance and operating instructions, schedules, guarantees, bonds, certificates of inspection, marked up record documents and other documents required by the Contract Documents, and after ENGINEER has indicated that the WORK is acceptable, DESIGN BUILDER may make application for final payment. The final application for payment shall be accompanied by (1) complete and legally effective releases or waivers of all liens arising out of or filed in connection with the WORK; or (2) DESIGN BUILDER's receipts in full covering all labor, materials and equipment for which a lien could be filed; or (3) a final affidavit stating that all laborers, materialmen, suppliers and subcontractors who worked for DESIGN BUILDER under this Agreement have been paid in full or if the fact be otherwise, identifying the name of each lienor who has not been paid in full and the amount due or to become due each for labor, services or materials furnished. If any subcontractor or supplier fails to furnish a release or receipt in full, DESIGN BUILDER may furnish a bond satisfactory to CITY to indemnify CITY against any lien.

In addition, DESIGN BUILDER shall also submit with the final application for payment, the completed set of "As-Built" drawings for review and approval. The "As-Built" drawings shall be prepared, sealed and certified by a professional registered land surveyor licensed by the State of Florida. Final payment to DESIGN BUILDER shall not be made until said drawings have been reviewed and approved by ENGINEER. Prior to approval, if necessary, the drawings may

be returned to DESIGN BUILDER for changes or modifications if in the opinion of ENGINEER they do not represent correct or accurate "As-built" drawings.

5.11 FINAL PAYMENT AND ACCEPTANCE:

5.11.1 If, on the basis of ENGINEER'S observation of the WORK during construction and final inspection, and ENGINEER'S review of the final Application for Payment and accompanying documentation, ENGINEER is satisfied that the WORK has been completed and DESIGN BUILDER's other obligations under the Contract Documents have been fulfilled, ENGINEER will, within ten (10) business days after receipt of the final Application for Payment, indicate in writing ENGINEER's recommendation of payment and present the Application to CITY for payment. Thereupon, ENGINEER will give written notice to CITY and DESIGN BUILDER that the WORK is acceptable. Otherwise, ENGINEER will return the Application to DESIGN BUILDER, indicating in writing the reasons for refusing to recommend final payment, in which case DESIGN BUILDER shall make the necessary corrections and resubmit the Application. Thirty (30) business days after presentation to CITY of the Application and accompanying documentation, in appropriate form and substance, and with ENGINEER'S recommendation and notice of acceptability, the amount recommended by ENGINEER will become due and will be paid by CITY to DESIGN BUILDER.

5.11.2 If, through no fault of DESIGN BUILDER, final completion of the WORK is significantly delayed and if ENGINEER so confirms, CITY shall, upon receipt of DESIGN BUILDER'S final Application for Payment and recommendation of ENGINEER, and without terminating the Agreement, make payment of the balance due for that portion of the WORK fully completed and accepted. If the remaining balance to be held by CITY for WORK not fully completed or corrected is less than the retainage stipulated in the Agreement, and if bonds have been furnished as required, the written consent of the surety to the payment of the balance due for that portion of the WORK fully completed and accepted shall be submitted by DESIGN BUILDER to ENGINEER with the Application for such payment. Such payment shall be made under the terms and conditions governing final payment, except that it shall not constitute a waiver of claims.

5.11.3 Final payment, constituting the entire unpaid balance of the Agreement Sum, shall be paid by the CITY to the DESIGN BUILDER when the WORK has been completed, the Agreement fully performed, and a final certificate for payment has been issued by the ENGINEER. The making of final payment shall constitute a waiver of claims by CITY except those arising from:

- .1** Liens, claims, security interests or encumbrances arising out of this Agreement and unsettled.
- .2** Faulty or defective WORK and latent defects discovered after acceptance.
- .3** Failure of the WORK to comply with the requirements of the Contract Documents.
- .4** Terms of special warranties required by the Contract Documents.
- .5** Any of DESIGN BUILDER's continuing obligations under this Agreement.

The acceptance of final payment by DESIGN BUILDER or the subcontractor for materials and supplies shall constitute a waiver of claims by that payee except those previously made in writing and identified by payee as unsettled at the time of final application for payment.

5.12 CITY'S RIGHT TO WITHHOLD PAYMENT:

The CITY may withhold in whole or in part, final payment or any progress payment to such extent as may be necessary to protect itself from loss on account of:

5.12.1 Defective WORK not remedied.

5.12.2 Claims filed or reasonable evidence indicating the probable filing of claims by other parties against the DESIGN BUILDER.

5.12.3 Failure of the DESIGN BUILDER to make payments to subcontractors or suppliers for materials or labor.

5.12.4 Damage to another contractor not remedied.

5.12.5 Liability for liquidated damages has been incurred by the DESIGN BUILDER.

5.12.6 Reasonable evidence that the WORK cannot be completed for the unpaid balance of the Agreement Sum.

5.12.7 Reasonable evidence that the WORK will not be completed within the Agreement Time.

5.12.8 Failure to carry out the WORK in accordance with the Contract Documents.

When the above grounds are removed or resolved or the DESIGN BUILDER provides a surety bond or a consent of surety satisfactory to the CITY which will protect the CITY in the amount withheld, payment may be made in whole or in part.

5.13 FINAL PAYMENT:

5.13.1 Neither final payment nor amounts retained, if any, shall become due until the DESIGN BUILDER submits to the CITY (1) an affidavit that payrolls, bills for materials and equipment, and other indebtedness connected with the Project for which the CITY or CITY'S property might be liable have been paid or otherwise satisfied, (2) consent of surety, if any, to final payment, (3) a certificate that insurance required by the Contract Documents is in force following completion of the WORK, and (4) if required by the CITY, other data establishing payment or satisfaction of obligations, such as receipts, releases and waivers of liens arising out of this Agreement, to the extent and in such form as may be designated by the CITY. If a DESIGN BUILDER refuses to furnish a release or waiver required by the CITY, the DESIGN BUILDER may furnish a bond satisfactory to the CITY to indemnify the CITY against such lien. If such lien remains unsatisfied after payments are made, the DESIGN BUILDER shall reimburse the CITY for monies the latter may be compelled to pay in discharging such lien, including all costs and reasonable attorneys' fees.

5.13.2 Final payment constituting the entire unpaid balance due shall be paid by the CITY to the DESIGN BUILDER upon the CITY'S receipt of the DESIGN BUILDER's final Application for Payment when the WORK has been completed and the Agreement fully performed except for those responsibilities of the DESIGN BUILDER which survive final payment.

5.13.3 The making of final payment shall constitute a waiver of all claims by the CITY except those arising from:

- .1 unsettled liens;

- .2 faulty or defective WORK appearing after Substantial Completion;
- .3 failure of the WORK to comply with requirements of the Contract Documents;
- .4 terms of special warranties required by the Contract Documents.

5.13.4 Acceptance of final payment shall constitute a waiver of all claims by the DESIGN BUILDER except those previously made in writing and identified by the DESIGN BUILDER as unsettled at the time of final Application for Payment.

ARTICLE 6

PROTECTION OF PERSONS AND PROPERTY

6.1 The DESIGN BUILDER shall be responsible for initiating, maintaining, and providing supervision of OSHA standards for safety precautions and programs in connection with the WORK.

6.2 The DESIGN BUILDER shall take reasonable precautions for safety of, and shall provide reasonable protection to prevent damage, injury or loss to (1) employees on the WORK and other persons who may be affected thereby; (2) the WORK and materials and equipment to be incorporated therein; and (3) other property at or adjacent to the site.

6.5 HURRICANE PRECAUTIONS: During such periods of times that are designated by the United States Weather Bureau as a hurricane warning or alert; all construction materials or equipment will be secured against displacement by wind forces; provided that where a full complement of personnel is employed or otherwise in attendance, or engaged for such purposes, formal construction procedures or use of materials or equipment may continue allowing such reasonable time as may be necessary to secure such materials or equipment before winds of hurricane force are anticipated. Construction materials and equipment will be secured by guying and shoring, or removing or tying down loose materials, equipment and construction sheds.

7.2 PAYMENT AND PERFORMANCE BONDS:

7.2.1 Within fifteen (15) business days after Notice of Award and in any event prior to commencing WORK, the DESIGN BUILDER shall execute and furnish to CITY a performance bond and a payment bond, each written by a corporate surety, having a resident agent in the State of Florida and having been in business with a record of successful continuous operation for at least five (5) years. The surety shall hold a current certificate of authority from the Secretary of Treasury of the United States as an acceptable surety on federal bonds in accordance with United States Department of Treasury Circular No. 570. 7.4 DUTY TO SUBSTITUTE SURETY:

7.5 INSURANCE:

7.5.1 AT THE TIME OF EXECUTION OF THE AGREEMENT, THE DESIGN BUILDER SHALL SUBMIT CERTIFICATE(S) OF INSURANCE EVIDENCING THE REQUIRED COVERAGE AND SPECIFICALLY PROVIDING THAT THE CITY OF MARGATE IS AN ADDITIONAL INSURED WITH RESPECT TO THE REQUIRED COVERAGE AND THE OPERATIONS OF THE DESIGN BUILDER UNDER THE AGREEMENT. 7.5.6 The DESIGN BUILDER shall not commence performance of its obligations under this Agreement until after it has obtained all of the minimum insurance herein described and the same has been approved.

7.5.7 The DESIGN BUILDER agrees to perform the WORK under the Agreement as an independent DESIGN BUILDER, and not as a subcontractor, agent, or employee of CITY.

7.5.8 Violation of the terms of this section and its subparts shall constitute a breach of the Agreement and CITY, at its sole discretion, may cancel the Agreement and all rights, title and interest of the DESIGN BUILDER shall thereupon cease and terminate.

7.6 CITY'S LIABILITY AND INSURANCE:

CITY shall not be responsible for purchasing and maintaining any insurance to protect the interests of DESIGN BUILDER, subcontractors or others on the WORK. CITY specifically reserves all statutory and common law rights and immunities and nothing herein is intended to limit or waive same including, but not limited to, the procedural and substantive provisions of Florida Statute 768.28 and Florida Statute 95.11.

7.7 LOSS OF USE INSURANCE:

The CITY, at the CITY'S option, may purchase and maintain such insurance as will insure the CITY against loss of use of the CITY'S property due to fire or other hazards, however caused. The CITY waives all rights of action against the DESIGN BUILDER, and its DESIGN BUILDERS and their agents and employees, for loss of use of the CITY'S property, including consequential losses due to fire or other hazards, however caused, to the extent covered by insurance under this Section.

ARTICLE 8

CHANGES IN THE WORK

8.1 CHANGES IN THE WORK:

8.1.1 CITY, without invalidating this Agreement, may order additions, deletions, or revisions to the WORK. Such additions, deletions, or revisions shall be authorized by a Written Amendment, Change Order, or Work Directive Change.

8.1.2 All Change Orders which, individually or when cumulatively added to amounts authorized pursuant to prior change Orders for this Project, increase the cost of the WORK to CITY or which extend the time for completion, must be formally authorized and approved by the CITY'S Commission prior to their issuance and before WORK may begin. No claim against CITY for extra WORK in furtherance of such change order shall be allowed unless prior approval has been obtained.

Notwithstanding the above subsection, Change Orders which individually or when cumulatively added to amounts authorized, pursuant to prior Change Orders for this Project, increase the cost of the WORK to the CITY not in excess of ten percent (10%) or \$50,000 (whichever is less) may be approved by signed approval of the City Manager of the City of Margate.

No claim against CITY for extra WORK in furtherance of a Change Order shall be allowed unless prior approval pursuant to this section has been obtained.

8.1.3 The Agreement Price and Agreement Time shall be changed only by Change Order or Written Amendment.

8.1.4 Proposed Change Orders shall be prepared by the ENGINEER on forms provided by CITY. When submitted for approval, they shall carry the signature of the ENGINEER and the DESIGN BUILDER.

8.1.5 If CITY and DESIGN BUILDER are unable to agree as to the extent, if any, of an adjustment in the Agreement Price or an adjustment of the Agreement Time that should be allowed as a result of a Work Change Directive, a claim may be made therefore.

8.1.6 DESIGN BUILDER shall not be entitled to an increase in the Agreement Price or an extension of the Agreement Time with respect to any WORK performed that is not required by the Contract Documents as amended, modified and supplemented.

8.1.7 If notice of any change affecting the general scope of the WORK or the provisions of the Contract Documents is required by the provisions of any bond to be given to a surety, the giving of any such notice will be DESIGN BUILDER'S responsibility and the amount of each applicable bond shall be adjusted accordingly.

8.1.8 Any claim for adjustment in the Agreement Price or time shall be based upon written notice delivered by the party making the claim to the other parties and to ENGINEER not later than three (3) business days after the occurrence or event giving rise to the claims and stating the general nature of the claim. No claim for an adjustment in the Agreement Price or an extension of the Agreement Time will be valid if not submitted in accordance with this Subsection.

8.1.9 The cost or credit to CITY from a change in the WORK shall be determined by mutual agreement.

8.2 CHANGE ORDERS:

8.2.1 A Change Order is a written order signed by the CITY and DESIGN BUILDER, and issued after execution of this Agreement, authorizing a change in the WORK or adjustment in the Agreement Sum or Agreement Time. The Agreement Sum and Agreement Time may be changed only by Change Order.

8.2.2 Cost or credit to the CITY resulting from a change in the WORK shall be determined in one or more of the following ways:

- .1 by mutual acceptance of a lump sum properly itemized and supported by sufficient substantiating data to permit evaluation;
- .2 by unit prices stated in the Contract Documents or subsequently agreed upon;
- .3 by cost to be determined in a manner agreed upon by the parties and a mutually acceptable fixed or percentage fee; or
- .4 by the method provided below.

8.2.3 If none of the methods set forth in Clauses 8.2.2.1, 8.2.2.2 or 8.2.2.3 is agreed upon, the DESIGN BUILDER, provided a written order signed by the CITY is received, shall promptly proceed with the WORK involved. The cost of such WORK shall then be determined on the basis of reasonable expenditures and savings of those performing the WORK attributable to the change, including the expenditures for design services and revisions to the Contract Documents. In case of an increase in the Agreement Sum, the cost shall include a reasonable allowance for overhead and profit. Unless otherwise provided in the Contract Documents, cost shall be limited to the following: cost of materials, including sales tax and cost of delivery; cost of labor, including social security, old age and unemployment insurance, and fringe benefits required by agreement or custom; workers' or workmen's compensation insurance; bond premiums; rental value of equipment and machinery; additional costs of supervision and field office personnel directly attributable to the change, and fees paid to engineers and other professionals. Pending final determination of cost to the CITY, payments on account shall be made on the Application for Payment. The amount of credit to be allowed by the DESIGN BUILDER to the CITY for deletion or change which results in a net decrease in the Agreement Sum will be actual net cost. When both additions and credits covering related WORK or substitutions are involved in a change, the allowance for overhead and profit shall be figured on the basis of the net increase, if any, with respect to that change.

8.2.4 If unit prices are stated in the Contract Documents or subsequently agreed upon, and if quantities originally contemplated are so changed in a proposed Change Order that application of agreed unit prices to quantities proposed will cause substantial inequity to the CITY or DESIGN BUILDER, applicable unit prices shall be equitably adjusted.

8.3 CONCEALED CONDITIONS:

By execution of this Agreement, DESIGN BUILDER has satisfied itself as to all conditions necessary to fulfill this Agreement. No Agreement adjustments shall be allowed for concealed conditions nor different site conditions than anticipated.

8.4 REGULATORY CHANGES:

The DESIGN BUILDER shall be compensated for changes in the WORK necessitated by the enactment or revision of codes, laws, or regulations subsequent to the submission of the DESIGN BUILDER's proposal.

ARTICLE 9

If DESIGN BUILDER does not promptly comply with the terms of such instructions, or in an emergency where delay would cause serious risk of loss or damage, CITY may have the defective workmanship corrected or the rejected WORK removed and replaced, and all direct, indirect and consequential costs of such removal and replacement (including but not limited to fees and charges of engineers, attorneys and other professionals) will be paid by DESIGN BUILDER.

9.4.1 Where defective WORK (and damage to other WORK resulting therefrom) has been corrected, removed or replaced under this Section, the correction period hereunder with respect to such WORK will be extended for an additional period of one (1) year after such correction or removal and replacement has been satisfactorily completed.

9.4.2 Nothing contained in this Article shall be construed to establish a period of limitation with respect to other obligations which DESIGN BUILDER might have under the Contract Documents. Establishment of the time period of one (1) year as described in Subsection 9.4.1 relates only to the specific obligation of the DESIGN BUILDER to correct the WORK, and has no relationship to the time within which the obligation to comply with the Contract Documents may be sought to be enforced, nor to the time within which proceedings may be commenced to establish DESIGN BUILDER'S liability

with respect to the DESIGN BUILDER'S obligation other than specifically to correct the WORK.

9.5 DESIGN BUILDER warrants to the CITY that it will comply with all applicable federal, state, and local laws, regulations, and orders in carrying out its obligations under the Agreement.

9.6 DESIGN BUILDER warrants to the CITY that it is not insolvent, it is not in bankruptcy proceedings or receivership, nor is it engaged in or threatened with any litigation, arbitration or other legal or administrative proceedings or investigations of any kind which would have an adverse effect on its ability to perform its obligations under the Agreement.

9.7 DESIGN BUILDER warrants to the CITY that the consummation of the WORK provided for in the Contract Documents will not result in the breach of any term or provision of, or constitute a default under any indenture, mortgage, contract, or agreement to which the DESIGN BUILDER is a party.

9.8 DESIGN BUILDER warrants that there has been no violation of copyrights of patent rights either in the United States of America or in foreign countries in connection with the WORK of the Agreement.

9.9 No warranty, either express or implied, may be modified, excluded, or disclaimed in any way by DESIGN BUILDER. All warranties shall remain in full force and effect, notwithstanding acceptance and payment by CITY.

9.10 TESTS AND INSPECTIONS:

9.10.1 DESIGN BUILDER shall give CITY timely notice of readiness of the WORK for all required inspections, tests or approvals. DESIGN BUILDER shall assume full responsibility, pay all costs in connection therewith and furnish CITY the required certificates of inspection, testing or approval for all materials, equipment or the WORK or any part thereof unless otherwise specified herein.

9.10.2 Inspectors shall have no authority to permit deviations from nor to relax any of the provisions of the Contract Documents, nor to delay the Agreement by failure to inspect the materials and WORK with reasonable promptness.

9.10.3 The payment of any compensation whatever may be its character or form, or the giving of any gratuity or the granting of any favor by the DESIGN BUILDER to any inspectors, directly or indirectly is strictly prohibited and any such action on the part of the DESIGN BUILDER will constitute a breach of this Agreement.

9.10.4 The City of Margate's working hours are Monday through Friday 8 A.M. to 6 P.M. DESIGN BUILDER shall be responsible to plan for and schedule inspections within the CITY's working hours.

9.11 The DESIGN BUILDER shall promptly correct WORK rejected by the CITY or known by the DESIGN BUILDER to be defective or failing to conform to the Construction Documents, whether observed before or after Substantial Completion and whether or not fabricated, installed or completed, and shall correct WORK under this Agreement found to be defective or nonconforming within a period of one year from the date of final completion acceptance of the WORK or designated portion thereof, or within such longer period provided by any applicable special warranty in the Contract Documents.

9.12 Nothing contained in this Article 9 shall be construed to establish a period of limitation with respect to other obligations of the DESIGN BUILDER under this Agreement. Section 9.11

relates only to the specific obligation of the DESIGN BUILDER to correct the WORK and has no relationship to the time within which the obligation to comply with the Contract Documents may be sought to be enforced, nor to the time within which proceedings may be commenced to establish the DESIGN BUILDER's liability with respect to the DESIGN BUILDER'S obligations other than correction of the WORK.

9.13 If the DESIGN BUILDER fails to correct the defective WORK as required or persistently fails to carry out the WORK in accordance with the Contract Documents, the CITY, by written order signed personally or by an agent specifically so empowered by the CITY in writing, may stop the WORK, or any portion thereof, until the cause for such order has been eliminated; however the CITY'S right to stop the WORK shall not give rise to a duty on the part of the CITY to exercise the right for benefit of the DESIGN BUILDER or other persons or entities.

9.14 If the DESIGN BUILDER defaults or neglects to carry out the WORK in accordance with the Contract Documents and fails within seven business days after receipt of written notice from the CITY to commence and continue correction of such default or neglect with diligence and promptness, the CITY may give a second written notice to the DESIGN BUILDER and seven days following receipt by the DESIGN BUILDER of that second notice and without prejudice to other remedies the CITY may correct such deficiencies. In such case, an appropriate Change Order shall be issued deducting from payments then or thereafter due the DESIGN BUILDER costs of correcting such deficiencies. If the payments then or thereafter due the DESIGN BUILDER are not sufficient to cover the amount of the deduction, the DESIGN BUILDER shall pay the difference to the CITY.

ARTICLE 10

10.2 The table of contents and the headings of articles and Sections are for convenience only and shall not modify rights and obligations created by this Agreement.

10.3 In case a provision of this Agreement is held to be invalid, illegal, or unenforceable, the validity, legality, and enforceability of the remaining provisions shall not be affected.

10.4 SUBCONTRACTS:

10.4.1 The DESIGN BUILDER, as soon as practicable after execution of this Agreement, shall furnish to the CITY in writing the names of the persons or entities the DESIGN BUILDER will engage as subcontractors for the Project.

10.4.2 Nothing contained in the DESIGN BUILDER Contract Documents shall create a professional obligation or contractual relationship between the CITY and any third party.

10.5 WORK BY CITY OR CITY'S CONTRACTORS:

10.5.1 The CITY reserves the right to perform work related to, but not part of, the Project and to award separate contracts in connection with other work at the site. If the DESIGN BUILDER claims that delay or additional cost is involved because of such action by the CITY, the DESIGN BUILDER shall make such claims as provided in Section 10.6.

10.5.2 The DESIGN BUILDER shall afford the CITY'S separate DESIGN BUILDERS reasonable opportunity for introduction and storage of their materials and equipment for execution of their work. The DESIGN BUILDER shall incorporate and coordinate the DESIGN BUILDER'S WORK with work of the CITY'S separate DESIGN BUILDERS as required by the Contract Documents.

10.5.3 Costs caused by defective or ill-timed WORK shall be borne by the party responsible.

10.6 CLAIMS FOR DAMAGES:

Should either party to Agreement suffer injury or damage to person or property because of an act or omission of the other party, the other party's employees or agents, or another for whose acts the other party is legally liable, claim shall be made in writing to the other party within a reasonable time after such injury or damage is or should have been first observed.

10.7 SUCCESSORS AND ASSIGNS:

This Agreement shall be binding on successors, assigns, and legal representatives of and persons in privity of the Agreement with the CITY or DESIGN BUILDER. Neither party shall assign, sublet or transfer an interest in this Agreement without the written consent of the other.

10.8 EXTENT OF AGREEMENT:

This Agreement represents the entire agreement between the CITY and DESIGN BUILDER and supersedes any prior negotiations, representations, or agreements. This Agreement may be amended only by written instrument signed by both CITY and DESIGN BUILDER.

10.9 NO WAIVER:

No waiver of any provision, covenant, or condition within this agreement or of the breach of any provision, covenant, or condition within this agreement shall be taken to constitute a waiver of any subsequent breach of such provision, covenant, or condition.

10.10 HOURS OF WORK:

DESIGN BUILDER can perform work during the time frames as stipulated in 2.7.2. Work on Sunday is not permitted unless a special request is made to the City 48 hours in advance. All requests must be approved by the City Manager.

10.11 WAIVER:

No waiver by either Party hereto of a breach of an obligation owed hereunder by the other shall be construed as a waiver of any other breach, whether of the same or of a different nature. No delay or failure on either Party's part to enforce any right or claim, which it may have hereunder, shall constitute a waiver on the respective Party's part of such right or claim. All rights and remedies arising under this Agreement as amended and modified from time to time are cumulative and not exclusive of any rights or remedies which may be available at law or otherwise.

10.12 ENTIRE AGREEMENT:

This Agreement contains the entire agreement and understanding between the Parties with respect to the subject matter hereof, and there are no other promises; representations, or warranties affecting it.

ARTICLE 11

DISPUTES

NOTWITHSTANDING ANY OTHER PROVISIONS PROVIDED IN THIS AGREEMENT, ANY DISPUTE ARISING UNDER THIS AGREEMENT WHICH IS NOT DISPOSED OF BY AGREEMENT, SHALL BE DECIDED BY THE CITY MANAGER, WHO SHALL REDUCE THEIR DECISION IN WRITING AND FURNISH A COPY THEREOF TO THE DESIGN BUILDER. THE DECISION OF THE CITY MANAGER AND THOSE PERSONS TO WHOM THEY DELEGATE AUTHORITY TO DECIDE DISPUTES, SHALL BE FINAL AND CONCLUSIVE UNLESS DETERMINED BY A COURT OF COMPETENT JURISDICTION TO BE FRAUDULENT, CAPRICIOUS, ARBITRARY, OR GROSSLY ERRONEOUS AS TO NECESSARILY IMPLY BAD FAITH, OR NOT SUPPORTED BY SUBSTANTIAL EVIDENCE.

ARTICLE 12

TERMINATION OF THE AGREEMENT

12.1 TERMINATION BY THE CITY:

CITY'S Right to Terminate upon the occurrence of any one or more of the following events:

12.1.1 If DESIGN BUILDER commences a voluntary case under any chapter of the Bankruptcy Code as now or hereafter in effect, or if DESIGN BUILDER takes any equivalent or similar action by filing a petition or otherwise under any other federal or state law in effect at such time relating to the bankruptcy or insolvency.

12.1.2 If a petition is filed against DESIGN BUILDER under any chapter of the Bankruptcy Code as now or hereafter in effect at the time of filing, or if a petition is filed seeking any such equivalent or similar relief against DESIGN BUILDER under any other federal or state law in effect at the time relating to bankruptcy or insolvency.

12.1.3 If DESIGN BUILDER makes a general assignment for the benefit of creditors.

12.1.4 If a trustee, receiver, custodian, or agent of DESIGN BUILDER is appointed under applicable law or under contract, whose appointment or authority to take charge of property of DESIGN BUILDER is for the purpose of enforcing a Lien against such property or for the purpose of general administration of such property for the benefit of DESIGN BUILDER'S creditors.

12.1.5 If DESIGN BUILDER admits in writing an inability to pay its debts generally as they become due.

12.1.6 If DESIGN BUILDER persistently fails to perform the WORK in accordance with the Contract Documents (including but not limited to, failure to supply sufficient skilled Workers or suitable materials or equipment or failure to adhere to the progress schedule as same may be revised from time to time).

12.1.7 If DESIGN BUILDER disregards laws or regulations of any public body having jurisdiction.

12.1.8 If DESIGN BUILDER otherwise violates in any substantial way any provision of the Contract Documents CITY may, after giving DESIGN BUILDER and the Surety seven (7) business days written notice to the extent permitted by laws and regulations, terminate the services of the DESIGN BUILDER, exclude DESIGN BUILDER from the site and take possession of the WORK and of all DESIGN BUILDER'S tools, appliances, construction equipment and machinery at the site and use the same to full extent they could be used by DESIGN BUILDER (without liability to DESIGN BUILDER for trespass or conversion), incorporate in the WORK all materials and equipment stored at the site or for which has paid DESIGN BUILDER but which are stored elsewhere, and finish the WORK as CITY may deem expedient. In such case, DESIGN BUILDER shall not be entitled to receive any further payment until the WORK is finished.

12.1.9 Termination for Convenience of CITY:

Upon thirty (30) business days written notice to DESIGN BUILDER, CITY may, without cause and without prejudice to any other right or remedy, terminate the agreement for CITY'S convenience whenever CITY determines that such termination is in the best interests of CITY. Where the agreement is terminated for the convenience of CITY, the notice of termination to DESIGN BUILDER must state that the Agreement is being

terminated for the convenience of the CITY under the termination clause the effective date of the termination and the extent of termination. Upon receipt of the notice of termination for convenience, DESIGN BUILDER shall promptly discontinue all WORK at the time and to the extent indicated on the notice of termination, terminate all outstanding Subcontractors and purchase orders to the extent that they relate to the terminated portion of the Agreement, and refrain from placing further orders and Subcontracts. DESIGN BUILDER shall not be paid on account of loss of anticipated profits or revenue or other economic loss arising out of or resulting from such termination.

12.1.10 This Agreement may be terminated by the CITY upon fourteen business days' written notice to the DESIGN BUILDER in the event that the Project is abandoned. If such termination occurs, the CITY shall pay the DESIGN BUILDER for work completed and for proven loss sustained upon materials, equipment, tools and construction equipment and machinery, including reasonable profit and applicable damages.

12.1.11 If the DESIGN BUILDER defaults or persistently fails or neglects to carry out the WORK in accordance with the Contract Documents or fails to perform the provisions of this Agreement, the CITY may give written notice that the CITY intends to terminate this agreement. If the DESIGN BUILDER fails to correct the defaults, failure or neglect within seven business days after being given notice, the CITY may then give a second written notice and, after an additional seven business days, the CITY may without prejudice to any other remedy make good such deficiencies and may deduct the cost thereof from the payment due the DESIGN BUILDER or, at the CITY'S option, may terminate the employment of the DESIGN BUILDER and take possession of the site and of all materials, equipment, tools and construction equipment and machinery thereon owned by the DESIGN BUILDER and finish the WORK by whatever method the CITY may deem expedient. If the unpaid balance of the Agreement Sum exceeds the expense of finishing the WORK, the excess shall be paid to the DESIGN BUILDER, but if the expense exceeds the unpaid balance, the DESIGN BUILDER shall pay the difference to the CITY.

12.2 TERMINATION BY DESIGN BUILDER:

12.2.1 If ENGINEER fails to recommend payment for a period of thirty (30) business days through no fault of DESIGN BUILDER or if CITY fails to make payment thereon for a period of thirty (30) business days, DESIGN BUILDER may, upon seven (7) additional business days' written notice to CITY and ENGINEER, terminate the Agreement and recover from the Agreement Payment for WORK executed and for proven loss with respect to materials, equipment, tools and construction equipment and machinery.

12.2.2 If the CITY fails to make payment when due, the DESIGN BUILDER may give written notice of the DESIGN BUILDER'S intention to terminate this Agreement. If the DESIGN BUILDER fails to receive payment within thirty business days after receipt of such notice by the CITY, the DESIGN BUILDER may give a second written notice and, thirty business days after receipt of such second written notice by the CITY, may terminate this Agreement and recover from the CITY payment for WORK executed and for proven losses sustained upon materials, equipment, tools, and construction equipment and machinery, including reasonable profit and applicable damages.

ARTICLE 13

BASIS OF COMPENSATION

13.1 CHANGES IN AGREEMENT PRICE:

13.1.1 THE AGREEMENT PRICE CONSTITUTES THE TOTAL COMPENSATION (SUBJECT TO AUTHORIZED ADJUSTMENTS) PAYABLE TO DESIGN BUILDER FOR PERFORMING THE WORK. ALL DUTIES, RESPONSIBILITIES AND OBLIGATIONS ASSIGNED TO OR UNDERTAKEN BY DESIGN BUILDER SHALL BE AT HIS EXPENSE WITHOUT CHANGE IN AGREEMENT PRICE.

13.1.2 THE AGREEMENT PRICE MAY ONLY BE CHANGED BY A CHANGE ORDER OR BY A WRITTEN AMENDMENT. ANY CLAIM FOR AN INCREASE OR DECREASE IN THE AGREEMENT PRICE SHALL BE BASED ON WRITTEN NOTICE DELIVERED TO ENGINEER PROMPTLY (BUT IN NO EVENT LATER THAN TEN (10) BUSINESS DAYS) AFTER THE OCCURRENCE OF THE EVENT GIVING RISE TO THE AMOUNT OF THE CLAIM WITH SUPPORTING DATA SHALL BE DELIVERED WITHIN TWENTY (20) BUSINESS DAYS AND SHALL BE ACCOMPANIED BY CLAIMANT'S WRITTEN STATEMENT THAT THE AMOUNT CLAIMED COVERS ALL KNOWN AMOUNTS (DIRECT, INDIRECT AND CONSEQUENTIAL) TO WHICH THE CLAIMANT IS ENTITLED AS A RESULT OF THE OCCURRENCE OF SAID EVENT. NO RESOLUTION OF A CLAIM FOR ADJUSTMENT IN THE AGREEMENT PRICE SHALL BE EFFECTIVE UNTIL APPROVED BY CITY COMMISSION IN WRITING. NO CLAIM FOR ADJUSTMENT IN THE AGREEMENT PRICE WILL BE VALID IF NOT SUBMITTED IN ACCORDANCE WITH THIS SECTION.

13.1.3 The value of any WORK covered by a change order or of any claim for an increase or decrease in the Agreement Price shall be determined in one of the following ways:

.1 Where the WORK involved is covered by unit prices contained in the Contract Documents, by application of unit prices to the quantities of the items involved.

.2 By mutual acceptance of a lump sum (which may include an allowance for overhead and profit including any subcontractor fees) which shall not exceed twenty-five percent (25%). If the negotiated lump sum change order exceeds the percentages set forth for "Cost of WORK" it must be accompanied by a detailed explanation justifying the increase.

13.2.1 Payroll costs for employees in the direct employ of DESIGN BUILDER in the performance of the WORK under schedules of job classifications agreed upon by CITY and DESIGN BUILDER. Payroll costs for employees not employed full time on the WORK shall be apportioned on the basis of their time spent on the WORK. All cash discounts, rebates and refunds and all returns from sale of surplus materials and equipment shall accrue to CITY, and DESIGN BUILDER shall make provisions so that they may be obtained.

13.2.3 Supplemental costs including the following:

- .2 Rentals of all construction equipment and machinery and the parts thereof whether rented from DESIGN BUILDER or others in accordance with rental agreements approved by CITY with the advice of ENGINEER, and the costs of transportation, loading, unloading, installation, dismantling and removal thereof, all in accordance with terms of said rental agreements, the rental of any such equipment, machinery or parts shall cease when the use thereof is no longer necessary for the WORK.

13.3.2 Expenses of DESIGN BUILDER's principal and branch offices other than DESIGN BUILDER'S office at the site.

13.3.3 Any part of DESIGN BUILDER's capital expenses, including interest on DESIGN BUILDER's capital employed for the WORK and charges against DESIGN BUILDER for delinquent payments.

13.4.4 The amount of credit to be allowed by DESIGN BUILDER to CITY for any such change which results in a net decrease plus a deduction in DESIGN BUILDER's fee by an amount equal to ten percent (10%) for the net decrease.

13.4.5 When both additions and credits are involved in any one change the combined overhead and profit shall be figured on the basis of net increase if any, however, profit will not be paid on any WORK not performed.

13.5 COST BREAKDOWN IN THE EVENT OF CHANGE ORDER:

Whenever the cost of any WORK is to be determined pursuant to Sections 13.2 or 13.3, DESIGN BUILDER will submit in form acceptable to ENGINEER an itemized cost breakdown together with supporting data. Whenever a change in the WORK is to be based upon mutual acceptance of a lump sum, whether the amount is an addition, credit or no-change-in-cost, the DESIGN BUILDER shall submit an estimate substantiated by a complete itemized breakdown.

13.5.1 The breakdown shall list quantities and unit prices for materials, labor, equipment and other items of cost.

13.5.2 Whenever a change involves the DESIGN BUILDER and one (1) or more subcontractors and the change is an increase in the Agreement Price, the overhead and profit percentage for the DESIGN BUILDER and each subcontractor shall be itemized separately.

The City shall compensate the DESIGN BUILDER in accordance with Article 5, Payments, and the other provisions of this Agreement as described below.

13.6 REIMBURSABLE EXPENSES IN EVENT OF CHANGE ORDER:
