Subject: Fiscal Year (FY) 2013 Community Development Block Grant
Entitlement Communities Eligible to Receive
Metropolitan Area Reallocated Funds

Dear Mr. Blough,

The City of Weston, Florida did not apply for its FY13 CDBG allocation. Thus these funds are to be reallocated to communities in the Fort Lauderdale-Pompano Beach-Deerfield Beach metropolitan area. The purpose of this letter is to notify you that your entitlement community is eligible to receive a share of the reallocated funds as determined by the proportion of all Community Development Block Grant funds that were awarded to all entitlement communities in the metropolitan area for FY2013.

Your tentative share amount is \$7,489. However, in order to receive these funds, you must make the required certification. By law, a community must certify that it would be adversely affected by the loss of the reallocated funds from the metropolitan area. To be acceptable for this purpose, the certification must be in writing, executed by the community's chief executive officer (or official designee), and received by this office no later than close of business Wednesday, March 19, 2014. Attached for your convenience, is a sample certification that contains acceptable language.

In addition, please be advised that your share of reallocated funds will be made available with your FY2014 entitlement funds, when Congress appropriates funding for the FY2014 CDBG program.

You will need to include these funds in your Consolidated Plan for the FY2014 entitlement grant.

If you need additional information/clarification, please do not hesitate to contact your Community Planning and Development Representative, Nora E. Casal at (305) 520-5009, or email Nora.E.Casal@hud.gov.

Sincerely,
