Subject: RE: Kaye Stevens - Margate

Hello Diane,

The cost to produce a life size bust would be \$6,300.00. This would be for the artwork, mold and bronze casting.

Hi Jenny,

Can you give me an approximate idea of the cost of producing a bust, instead of a full sized statue?

Thank you.

Diane

Hi Diane,

I hope you are doing well. I apologize for not getting back with you sooner. I just went live with a new website and was having difficulty sending and receiving emails through their server.

The cost to create a life-size sculpture of Ms. Stevens in bronze would be \$40,000. I work with both local foundries and foundries overseas and would definitely recommend having this sculpture done here in the U.S. to ensure that her likeness is captured. I work exclusively with a very talented artist in Malibu that I would have sculpt this project.

It does get costly because we have to pay an artist to sculpt it, make molds and it would be a one-of-a-kind piece that we would not resell. I have been in business for more than 18 years and specialize in creating custom works of art in bronze.

I would enjoy the opportunity to work with you on this project. Please feel free to contact me at your earliest convenience.

Best regards,
