A recipient's targeted public participation plan of minority populations may be part of efforts that extend more broadly to include constituencies that are traditionally underserved, such as people with disabilities, low-income populations, and others.

The Public Participation Plan (PPP) for THE NORTHWEST FOCAL POINT SENIOR CENTER DISTRICT was developed to ensure that all members of the public, including minorities and Limited English Proficient (LEP) populations, are encouraged to participate in the decision making process for THE NORTHWEST FOCAL POINT SENIOR CENTER. Policy and service delivery decisions need to take into consideration community sentiment and public opinion based upon well-executed outreach efforts. The public outreach strategies described in the PPP are designed to provide the public with effective access to information about the NORTHWEST FOCAL POINT SENIOR CENTER DISTRICT transportation services. The PPP is included as **Appendix E** for this Title VI Program.

7.0 Language Assistance Plan

FTA Circular 4702.1B, Chapter III, Paragraph 9: Recipients shall take reasonable steps to ensure meaningful access to benefits, services, information, and other important portions of their programs and activities for individuals who are limited English proficient (LEP).

7.1 Overview

The first section in this document describes the purpose of the Language Assistance Plan (LAP). The second section in this document provides the four-factor Limited English Proficient (LEP) analysis used to identify LEP needs and assistance measures.

Title VI of the Civil Rights Act of 1964 prohibits discrimination on the basis of race, color, and national origin in programs and activities receiving federal financial assistance. One critical concern addressed by Title VI is the language barrier that Limited English Proficiency (LEP) persons face with respect to accessing information about and using transit service. Transit operators must ensure that this group has adequate access to the agency's programs and activities, including public participation opportunities.

Executive Order 13166, titled "Improving Access to Services for Persons with Limited English Proficiency," forbids funding recipients from "restricting an individual in any way in the enjoyment of any advantage or privilege enjoyed by others receiving any service, financial aid, or other benefit under the program," or from "utilize[ing] criteria or methods of administration which have the effect of subjecting individuals to discrimination because of their race, color, or national origin, or have the effect of defeating or substantially impairing accomplishment of the objectives of the program as respects to individuals of a particular race, color, or national origin."

FTA Circular 4702.1B was developed by the Federal Transit Administration (FTA) and details the administrative and reporting requirements for recipients of FTA financial assistance to comply with Title VI and related executive orders including on LEP.

Safe Harbor Provision, DOT has adopted the Department of Justice's Safe Harbor Provision, which outlines circumstances that can provide a "safe harbor" for recipients regarding translation of written materials for LEP population. The Safe Harbor Provision stipulates that, if a recipient provides written translation of vital documents for each eligible LEP language group that constitutes **five percent (5%) or 1,000 persons**, whichever is less, of the total population of persons eligible to be served or likely to be affected or encountered, then such action will be considered strong evidence of compliance with the recipient's written translation obligations. Translation of non-vital documents, if needed, can be provided orally. If there are fewer than 50 persons in a language group that reaches the five percent (5%) trigger, the recipient is not required to translate vital written materials but should provide written notice in the primary language of the LEP language group of the right to receive competent oral interpretation of those written materials, free of cost.

The United States Department of Transportation (DOT) published guidance that directed its recipients to ensure meaningful access to the benefits, services, information, and other important portions of their programs and activities for LEP customers. THE NORTHWEST FOCAL POINT SENIOR CENTER DISTRICT's language assistance plan (LAP) includes a four factor analysis and implementation plan that complies with the requirements of DOT LEP guidance.

7.2 Four Factor Analysis

The analysis provided in this report has been developed to identify LEP populations that may use THE NORTHWEST FOCAL POINT SENIOR CENTER DISTRICT services and identify needs for language assistance. This analysis is based on the "Four Factor Analysis" presented in the Implementing the Department of Transportation's Policy Guidance Concerning Recipients' Responsibilities to Limited English Proficient (LEP) Persons, dated April 13, 2007, which considers the following factors:

1. The number or proportion of LEP persons in the service area who may be served or are likely to encounter THE NORTHWEST FOCAL POINT SENIOR CENTER DISTRICT's program, activity or service.
2. The frequency with which LEP persons come in contact with THE NORTHWEST FOCAL POINT SENIOR CENTER DISTRICT's program, activity or service.
3. The nature and importance of programs, activities or services provided by THE NORTHWEST FOCAL POINT SENIOR CENTER DISTRICT's program, activity or service to the LEP population.
4. The resources available to THE NORTHWEST FOCAL POINT SENIOR CENTER DISTRICT's program, activity or service and overall cost to provide LEP assistance.

Factor 1: The Number and Proportion of LEP Persons Served or Encountered in the Eligible Service Population

THE NORTHWEST FOCAL POINT SENIOR CENTER DISTRICT service area has an LEP populations which qualify for the Safe Harbor Provision. As shown in Appendix F, THE NORTHWEST FOCAL POINT SENIOR CENTER DISTRICT Spanish or Spanish Creole speakers qualify for the Safe Harbor Provision as the number of person which speak English less than "very well" is counted as 8.94% and 150,154 persons.

Of the 1,679,692 residents in the NORTHWEST FOCAL POINT SENIOR CENTER DISTRICT service area 248,936 residents describe themselves as speaking English less than "very well". Spanish and Spanish Creole speakers are the primary LEP persons likely to utilize the NORTHWEST FOCAL POINT SENIOR CENTER DISTRICT's services. For the NORTHWEST FOCAL POINT SENIOR CENTER DISTRICT's service area, the American Community Survey of the U.S. Census Bureau shows that among the area's population 85.24% speak English "very well. For groups who speak English "less than very well", 60.57% speak Spanish and Spanish Creole.

Appendix F contains a table which lists the languages spoken at home by the ability to speak English for the population within the NORTHWEST FOCAL POINT SENIOR CENTER DISTRICT service area. The following is a summary of THE NORTHWEST FOCAL POINT SENIOR CENTER DISTRICT Language Data Table:

Broward County, Florida	Estimate	Percentage
Total:	1,679,692	100%
Speak only English	1,044,093	62.16%
Spanish or Spanish Creole	390,651	23.26%
Speak English "very well"	240,497	14.32%
Speak English less than "very well".	150,154	8.94%

Factor 2: The Frequency with which LEP Individuals Come into Contact with Your Programs, Activities, and Services

The Federal guidance for this factor recommends that agencies should assess the frequency with which they have contact with LEP individuals from different language groups. The more frequent the contact with a particular LEP language group, the more likely enhanced services will be needed.

THE NORTHWEST FOCAL POINT SENIOR CENTER DISTRICT has assessed the frequency with which LEP individuals come in contact with the transit system. The methods utilized for this assessments include analysis of Census data, examining phone inquiries, requests for translated documents, and staff survey. As discussed above, Census data indicates that Spanish or Spanish Creole speakers who speak English less than "very well" constitute the 8.94% of the service area population. Phone inquiries and staff survey feedback indicated that THE NORTHWEST FOCAL POINT SENIOR CENTER DISTRICT dispatchers and drivers interact frequently with LEP persons. The majority of these interactions have occurred with LEP persons who mainly spoke Spanish. THE NORTHWEST FOCAL POINT SENIOR CENTER DISTRICT has undertaken the following actions to facilitate and improve access to information and services for LEP individuals:

- Transportation team consists of bilingual drivers and dispatcher
- Additional supporting bilingual staff is available to explain and/or translate information.
- Promotional materials are available at the Center in Spanish.
- An interpreter or translator is available during recreational and health activities when needed.

Factor 3: The Nature and Importance of the Program, Activity, or Service Provided by the Recipient to People's Lives

Transportation is an essential component for individuals to access the tools required to maintain and enhance their quality-of-life. THE NORTHWEST FOCAL POINT SENIOR CENTER DISTRICT recognizes that LEP individuals require additional assistance in order to effectively utilize the transportation services and provides additional accommodations when necessary.

Therefore, our services help increase the mobility for older adults and individuals with disabilities throughout the NW quarter of Broward County. THE NORTHWEST FOCAL POINT SENIOR CENTER's transportation service is very important as a primary way of mobilization for its clients.

Factor 4: The Resources Available to the Recipient and Costs

THE NORTHWEST FOCAL POINT SENIOR CENTER DISTRICT has assessed its available resources that are currently being used, and those that could be used, to provide assistance to LEP populations.

The Center's Transportation Department has multiple bilingual employees which are available to translate in person and over the phone. There is no additional cost for the provision of these services, as 53% of staff is bilingual and is already present at THE NORTHWEST FOCAL POINT SENIOR CENTER DISTRICT.

7.3 Language Assistance Plan

In developing a Language Assistance Plan, FTA guidance recommends the analysis of the following five elements:

1. Identifying LEP individuals who need language assistance
2. Providing language assistance measures
3. Training staff
4. Providing notice to LEP persons
5. Monitoring and updating the plan

The five elements are addressed below.

Element 1: Identifying LEP Individuals Who Need Language Assistance

Federal guidance provides that there should be an assessment of the number or proportion of LEP individuals eligible to be serviced or encountered and the frequency of encounters pursuant to the first two factors in the four-factor analysis.

THE NORTHWEST FOCAL POINT SENIOR CENTER DISTRICT has identified the number and proportion of LEP individuals within its service area using United States Census data (see Appendix F). As presented earlier 62.16% of the service area population speaks English only. The largest non-English spoken language in the service area is Spanish or Spanish Creole 23.26%. Of those who primary spoken language is Spanish or Spanish Creole, approximately 8.94% identify themselves as speaking less than "very well". Those residents whose primary language is not English or Spanish/Spanish Creole and who identify themselves as speaking English less than "very well" (from over 40 other languages) account for 6.09% of the service area population.

THE NORTHWEST FOCAL POINT SENIOR CENTER DISTRICT may identify language assistance need for an LEP group by:

1. Examining records to see if requests for language assistance have been received in the past, either at meetings or over the phone, to determine whether language assistance might be needed at future events or meetings.
2. Vehicle operators and front-line staff (i.e. Dispatchers, Transit Operation Supervisors, etc.) will be surveyed on their experience concerning any contacts with LEP persons during the previous year.

3. New clients are asked during the initial interview, what languages they speak and if they need assistance with reading informational materials or while attending events or meetings.

Element 2: Language Assistance Measures

Federal Guidance suggests that an effective LAP should include information about the ways in which language assistance will be provided. This refers to listing the different language services an agency provides and how staff can access this information.

For this task Federal Guidance recommends that transit agencies consider developing strategies that train staff as to how to effectively deal with LEP individuals when they either call agency centers or otherwise interact with the agency.

THE NORTHWEST FOCAL POINT SENIOR CENTER DISTRICT has undertaken the following actions to improve access to information and services for LEP individuals:

1. Provide bilingual staff at community events, public hearings, and transit committee meetings.
2. Survey transit drivers and other front-line staff annually on their experience concerning any contacts with LEP persons during the previous year.
3. Include statements clarifying that being bilingual is preferred on bus driver recruitment flyers and other recruiting efforts for new employees.
4. When an interpreter is needed in person or on the telephone, bilingual staff or qualified community volunteer will call for assistance with translation service.

Element 3: Training Staff

Federal guidance states staff members of an agency should know their obligations to provide meaningful access to information and services for LEP persons and that all employees in public contact positions should be properly trained.

Suggestions for implementing Element 3 of the Language Assistance Plan, involve: (1) identifying agency staff likely to come into contact with LEP individuals; (2) identifying existing staff training opportunities; (3) providing regular re-training for staff dealing with LEP individual needs; and (4) designing and implementing LEP training for agency staff.

In the case of THE NORTHWEST FOCAL POINT SENIOR CENTER DISTRICT, the most important staff training is for customer service representatives and drivers. Several representatives are bilingual in English and Spanish, Creole, French, German, Italian and Portuguese.

The following training will be provided to customer service representatives and drivers:

1. Information on Title VI Procedures and LEP responsibilities
2. Documentation of language assistance requests
3. How to handle a potential Title VI/LEP complaint

Element 4: Providing Notice to LEP Persons

THE NORTHWEST FOCAL POINT SENIOR CENTER DISTRICT will make Title VI information available in English and Spanish on the Agency's website. Key documents are written in English and Spanish. Notices are also posted in THE NORTHWEST FOCAL POINT SENIOR CENTER staff launch and in vehicles. Additionally, when staff prepares a document or schedules a meeting, for which the target audience is expected to include LEP individuals, then documents, meeting notices, flyers, and agendas will be printed in an alternative language based on the known LEP population.

Element 5: Monitoring and Updating the Plan

The plan will be reviewed and updated on an ongoing basis. Updates will consider the following:

- The number of documented LEP person contacts encountered annually
- How the needs of LEP persons have been addressed
- Determination of the current LEP population in the service area
- Determination as to whether the need for translation services has changed
- Determine whether THE NORTHWEST FOCAL POINT SENIOR CENTER DISTRICT's financial resources are sufficient to fund language assistance resources needed

THE NORTHWEST FOCAL POINT SENIOR CENTER's Transportation staff understands the value that its service plays in the lives of individuals who rely on this service, and the importance of any measures undertaken to make the use of system easier. THE NORTHWEST FOCAL POINT SENIOR CENTER is open to suggestions from all sources, including customers, THE NORTHWEST FOCAL POINT SENIOR CENTER staff, other transportation agencies with similar experiences with LEP communities, and the general public, regarding additional methods to improve their accessibility to LEP communities.

8.0 Transit Planning and Advisory Bodies

FTA Circular 4702.1B, Chapter III, Paragraph 10: Recipients that have transit-related, non-elected planning boards, advisory councils or committees, or similar committees, the membership of which is selected by the recipient, must provide a table depicting the racial breakdown of the membership of those committees, and a description of efforts made to encourage the participation of minorities on such committees.

THE NORTHWEST FOCAL POINT SENIOR CENTER DISTRICT does not have a transit-related committee or board, therefore this requirement does not apply.

9.0 Title VI Equity Analysis

FTA Circular 4702.1B, Chapter III, Paragraph 4.a.8: If the recipient has constructed a facility, such as vehicle storage, maintenance facility, operation center, etc., the recipient shall include a copy of the Title VI equity analysis conducted during the planning stage with regard to the location of the facility.

Title 49 CFR, Appendix C, Section (3)(iv) requires that “the location of projects requiring land acquisition and the displacement of persons from their residences and business may not be determined on the basis of race, color, or national origin.” For purposes of this requirement, “facilities” does not include bus shelters, as they are considered transit amenities. It also does not include transit stations, power substations, or any other project evaluated by the National Environmental Policy Act (NEPA) process. Facilities included in the provision include, but are not limited to, storage facilities, maintenance facilities, operations centers, etc. In order to comply with the regulations, THE NORTHWEST FOCAL POINT SENIOR CENTER DISTRICT will ensure the following:

1. THE NORTHWEST FOCAL POINT SENIOR CENTER DISTRICT will complete a Title VI equity analysis for any facility during the planning stage with regard to where a project is located or sited to ensure the location is selected without regard to race, color, or national origin. THE NORTHWEST FOCAL POINT SENIOR CENTER DISTRICT will engage in outreach to persons potentially impacted by the siting of the facility. The Title VI equity analysis must compare the equity impacts of various siting alternatives, and the analysis must occur before the selection of the preferred site.
2. When evaluating locations of facilities, THE NORTHWEST FOCAL POINT SENIOR CENTER DISTRICT will give attention to other facilities with similar impacts in the area to determine if any cumulative adverse impacts might result. Analysis should be done at the Census tract or block group level where appropriate to ensure that proper perspective is given to localized impacts.
3. If THE NORTHWEST FOCAL POINT SENIOR CENTER DISTRICT determines that the location of the project will result in a disparate impact on the basis of race, color, or national origin, THE NORTHWEST FOCAL POINT SENIOR CENTER DISTRICT may only locate the project in that location if there is a substantial legitimate justification for locating the project there, and where there are no alternative locations that would have a less disparate impact on the basis of race, color, or national origin. THE NORTHWEST FOCAL POINT SENIOR CENTER DISTRICT must demonstrate and document how both tests are met. THE NORTHWEST FOCAL POINT SENIOR CENTER DISTRICT will consider and analyze alternatives to determine whether those alternatives would have less of a disparate impact on the basis of race, color, or national origin, and then implement the least discriminatory alternative.

THE NORTHWEST FOCAL POINT SENIOR CENTER DISTRICT has not recently constructed any facilities nor does it currently have any facilities in the planning stage. Therefore, THE NORTHWEST FOCAL POINT SENIOR CENTER DISTRICT does not have any Title VI Equity Analysis reports to submit with this Plan.

Public Participation Plan (PPP)

FTA Circular 4702.1B, Chapter III, Paragraph 4.a.4: Every Title VI Plan shall include the following information: A public participation plan that includes an outreach plan to engage minority and limited English proficient populations, as well as a summary of outreach efforts made since the last Title VI Plan submission. A recipient's targeted public participation plan of minority populations may be part of efforts that extend more broadly to include constituencies that are traditionally underserved, such as people with disabilities, low-income populations, and others.

Introduction

The Public Participation Plan (PPP) for THE NORTHWEST FOCAL POINT SENIOR CENTER DISTRICT was developed to ensure that all members of the public, including minorities and Limited English Proficient (LEP) populations, are encouraged to participate in the decision making process for the Northwest Focal Point Senior Center. Policy and service delivery decisions need to take into consideration community sentiment and public opinion based upon outreach efforts. The public outreach strategies described in the PPP are designed to provide the public with effective access to information about THE NORTHWEST FOCAL POINT SENIOR CENTER DISTRICT transportation services and to provide a variety of methods for receiving and considering public comment prior to implementing changes to services.

Public Participation Goals

The main goal of the PPP is to offer meaningful opportunities for all interested segments of the public, including, but not limited to, low-income, minority and LEP groups, to comment, about THE NORTHWEST FOCAL POINT SENIOR CENTER DISTRICT and its operations. The goals for this PPP include:

- **Responsive:** THE NORTHWEST FOCAL POINT SENIOR CENTER DISTRICT will strive to respond to and incorporate, when possible, appropriate public comments into transportation decisions.
- **Tailored:** Public participation methods will be tailored to match local and cultural preferences as much as possible.

Meeting formats will be tailored to help achieve specific public participation goals that vary by project or the nature of the proposed adjustment of service. Some meetings will be designed to share information and answer questions.
