Re: Request for Proposal for Professional Auditing Services for a five year period beginning with the fiscal year ending September 30, 2016, with an additional 2-year optional renewal

Grau & Associates (Grau), is pleased to respond to the City of Margate's (the "City") Request for Proposal (RFP), and look forward to working with you on your audit. We are a team of knowledgeable professionals with extensive experience in audits for organizations just like yours, and we know how to work with you to complete an effective and efficient audit.

Our practice is unique as 98% of work is either audit or work related to government and non-profit entities. Since our focus is on government, we fully understand the professional services and work products required to meet your RFP requirements. Our team provided services in excess of 19,000 hours for our public sector clients last year, and we currently audit over 300 governmental and non-profit entities.

In addition to our firm's focus, Grau & Associates is a great fit for your audit for a variety of other reasons, including:

#### Location

Your audit will be performed out of our headquarters located at 2700 N Military Trail, Suite 350, Boca Raton, Florida – less than thirty (30) minutes from the City.

#### Experience

The personnel we assign to your audit are the most experienced auditors in the profession. Unlike most other firms, our auditors work exclusively under government auditing standards, which mean they are more knowledgeable and efficient on audits like yours. Our engagement partners have decades of experience and take a hands-on approach to assignments, which ensures a smoother process for you.

#### Service

Our clients rave about the level of personalized service they receive from our staff. Because of our extensive experience, we make the transition to a new firm seamless. We constantly work with you to resolve any issues that arise so there are no surprises when the final report delivers.

#### Responsiveness

We answer emails and telephone calls usually right away, but always the same day. We even provide our cell phone numbers for your access. Being non-traditional auditors, we remain in touch for the entire year, suggesting ways you can improve the City's performance, procedures and controls. We will update, advise and educate you on new or revised reporting requirements so you are sure to always remain compliant.

#### Standards

Grau & Associates is a licensed certified public accounting firm. We are a member of the American Institute of Certified Public Accountants (AICPA) and the Florida Institute of Certified Public Accountants (FICPA). Additionally, individuals are members of both the (GFOA) and (FGFOA). Grau is also a member of the Governmental Audit Quality Center (GAQC). Our audit will follow the Auditing Standards of the AICPA, Generally Accepted Government Auditing Standards, issued by the Comptroller General of the United States, and the Rules of the Auditor General of the State of Florida, and any other applicable federal, state and local regulations. We will deliver our reports in accordance with your requirements.

# Reputation

Our reputation in our field is impeccable. We have never been involved in any litigation, proceeding or received any disciplinary action. Additionally, we have never been charged with, or convicted of, a public entity crime of any sort. We are financially stable and have never been involved in any bankruptcy proceedings.

This proposal is a firm and irrevocable offer for 90 days. We certify this proposal is made without previous understanding, agreement or connection either with any previous firms or corporations offering a proposal for the same items. We also certify our proposal is in all respects fair, without outside control, collusion, fraud, or otherwise illegal action, and was prepared in good faith. Only the person(s), company or parties interested in the project as principals are named in the proposal. Grau has no existing or potential conflicts, and anticipates no conflicts during the engagement. Our Federal I.D. number is 20-2067322.

We would be happy to answer any questions or provide additional information as needed. Please do not hesitate to call or email either of our Partners, Antonio J. Grau, CPA (<a href="mailto:tgrau@graucpa.com">tgrau@graucpa.com</a>) or Racquel McIntosh, CPA (<a href="mailto:rmcintosh@graucpa.com">rmcintosh@graucpa.com</a>) at 561.994.9299. We thank you for considering our firm's qualifications and experience, and look forward to serving you.

Very truly yours,

Grau & Associates

# TAB D. FIRM/PROPOSER INFORMATON

# **Background & Experience**

Grau & Associates is **located locally, less than 30 minutes from the City,** at 2700 N Military Trail, Suite 350, Boca Raton, Florida 33431. We are a properly registered/licensed State of Florida professional corporation since January 3, 2005, providing comprehensive financial and compliance auditing, attestation, accounting, and other management consulting services. The Partners, Consultant and Managers of Grau are members of the American Institute of Certified Public Accountants and the Florida Institute of Certified Public Accountants. All assigned supervisory professional staff are properly registered/licensed to practice in the State of Florida. Our Federal Tax ID is 20-2067322.

As the successor firm of Grau & Company, we have <u>provided governmental and non-profit auditing</u> <u>services in Florida for over 30 years</u> with an impeccable reputation never having been involved in any litigation, proceeding or disciplinary action nor ever been charged with or convicted of a public entity crime.

The practice provides audit services primarily to municipalities and independent special districts. Please refer to Pages 36- 38 for a listing of clients served.

Your engagement will be done out of our Boca headquarters which has a total of 17 employees, 15 professional staff, including 2 *Partners* and 13 *professionals* who *specialize* in *providing auditing, accounting, consulting, and monitoring services* to the *Public Sector and 2 administrative professionals*. The number of professional staff by employee classification is as follows:

Team Member	Total Professional Staff	Total CPAs	Total Government Audit Staff
Partners	2	2	2
Managers	2	2	2
Advisory Consultant	1	1	1
Supervisor / Seniors	4	4	4
Staff Accountants	6	1	6
Total	15	10	15

#### **Compliance with Government Education Requirements**

In order to maintain our high level of technical competence, we provide continuing professional education programs for all partners and professional staff members. All of the audit professionals of Grau & Associates maintain and/or exceed the education requirements as set forth in Government Auditing Standards, published by the Comptroller General of the United States, and our continuing professional education programs (CPE) ensure that all audit professionals meet the requirements to participate in audits of government agencies.

# Professional Staff Training

# **Sponsored Training**

Grau has developed in-house CPE sessions specifically tailored to our client needs and our audit team participates and instructs these courses free of charge to our clients, typically in October in Boca Raton. This program allows for our clients to participate and earn CPE on a voluntary basis during the year. This is another way we demonstrate our commitment to personalized high quality audit service.

## **Conferences & Webinars**

Grau partners, managers, and staff attend various governmental conferences and seminars throughout the year. In addition, the audit quality control partner participates in governmental audit quality control (GAQC) webinars held throughout the year.

<u>Partners</u> - All of our Partners are CPA's and have diversified public accounting experience. They are responsible for overall engagement performance, policy, direction and quality control.

<u>Managers</u> - All of our Audit Managers are CPA's who have demonstrated the ability to plan audit engagements, supervise personnel and maintain frequent contact with clients. They continually upgrade their skills through the firm's continuing education programs and courses sponsored by the AICPA, FICPA and GFOA.

<u>Seniors</u> - All of our Seniors have a minimum of 3 years of diversified public accounting experience. They perform audits, evaluate staff, review findings and prepare audit reports. They possess the potential for upward mobility.

# **Memberships**

All of the firm's CPA's are properly licensed as CPA's and members in good standing of both the American Institute of Certified Public Accountants and the Florida Institute of Certified Public Accountants. In addition, certain firm professionals are members or have been members of the following professional groups:

- FICPA Committee on State and Local Government
- Florida Government Finance Officers Association (FGOA)
- Special Review Committee of the Government Finance Officers Association
- FICPA Non-Profit Conference Committee
- Florida Association of Special Districts (FASD)
- FICPA Young CPAs Committee

In addition, we have an ongoing recruitment program that seeks only those accountants with a proven record of academic success. When we recruit at the senior and manager level, we select CPA's with proven governmental accounting and auditing experience.

# Understanding of Work

Grau has a full understanding of the scope of the work to be performed and will provide the required reports in the timeframe required in this RFP.

#### **Federal Reviews**

During the last three (3) years, all state and federal reviews of the firm's reports and working papers have been accepted without change or revision to issued reports; we are not aware of anything pending.

#### **Peer Review**

Grau participates in an external quality review program requiring an on-site independent examination of our auditing practice. Grau has consistently received an unqualified opinion on the quality of our audit practice. During our firm's last external quality control review, eight audits were reviewed, including **six government audits**. A copy of the report on the firm's most recent quality review can be found on the following page.

In addition to scheduled Peer Reviews, <u>our firm continually monitors performance to ensure the highest</u> <u>quality of services</u>. <u>Under the supervision of the Audit Partner, an Audit Manager is responsible for monitoring quality control of all appropriate engagements.</u>

AICPA

AICPA Peer Review Program

Administers on Febrida by the

Elevida Institute or Peer

System Review Report

To the Owners of Grau & Associates And the Peer Review Committee of the Florida Institute of CPAs

We have reviewed the system of quality control for the accounting and auditing practice of Grau & Associates (the firm) in effect for the year ended June 30, 2013. Our peer review was conducted in accordance with the Standards for Performing and Reporting on Peer Reviews established by the Peer Review Board of the American Institute of Certified Public Accountants. As a part of our peer review, we considered reviews by regulatory entities, if applicable, in determining the nature and extent of our procedures. The firm is responsible for designing a system of quality control and complying with it to provide the firm with reasonable assurance of performing and reporting in conformity with applicable professional standards in all material respects. Our responsibility is to express an opinion on the design of the system of quality control and the firm's compliance therewith based on our review. The nature, objectives, scope, limitations of, and the procedures performed in a System Review are described in the standards at <a href="https://www.aicpa.org/prsunmary">www.aicpa.org/prsunmary</a>.

As required by the standards, engagements selected for review included engagements performed under the Government Auditing Standards and audits of employee benefit plans.

In our opinion, the system of quality control for the accounting and auditing practice of Grau & Associates in effect for the year ended June 30, 2013, has been suitably designed and complied with to provide the firm with reasonable assurance of performing and reporting in conformity with applicable professional standards in all material respects. Firms can receive a rating of pass, pass with deficiency (ies) or fuil. Grau & Associates has received a peer review rating of pass.

Drugey Shows + Sturt, P.A.

Gregory, Sharer & Stuart, P.A. October 25, 2013 January 21, 2014

Antonio J. Grau Jr., CPA Grau & Associates 2700 N. Military Trl., Ste. 350 Boca Raton, FL 33431

Dear Mr. Grau:

It is my pleasure to notify you that on January 16, 2014 the Florida Peer Review Committee accepted the report on the most recent system peer review of your firm. The due date for your next review is December 31, 2016. This is the date by which all review documents should be completed and submitted to the administering entity.

As you know, the report had a peer review rating of pass. The Committee asked me to convey its congratulations to the firm.

Sincerely,

Paul N. Brown, CPA, CGMA Director of Technical Services

#### PEER REVIEW PROGRAM

is proud to present this

Certificate of Recognition

to

GRAU & ASSOCIATES

For having a system of quality control for its accounting and auditing practice in effect for the year ended June 30, 2013 which has been designed to meet the requirements of the quality control standards for an accounting and auditing practice established by the AICPA, and which was compiled with during the year then ended to provide the firm with reasonable assurance of conforming with professional standards.

Hick Feeder

AICPA Peer Review Hoard

# **Disciplinary Actions / Litigation**

During the last three (3) years, Grau & Associates has not been involved in any litigation, proceeding or disciplinary action, nor are any pending, from any state or federal regulatory body or professional organizations nor have we been engaged in any criminal activity or convicted of any crimes.

# **Engagement Withdrawals**

Grau & Associates has not withdrawn from any engagement prior to the agreed contract expiration date.

#### **Financial Information**

Grau & Associates is a privately held company. We are financially stable, have never claimed bankruptcy and hold a credit line of \$350,000.

Should you require any additional information, please free to contact our representative at PNC Bank, Elena Contreras, 399 Forest Hill Blvd., West Palm Beach, Florida 3345, (561) 623-431 x 24331.

## **Conflicts of Interest**

In relation to the City of Margate, Grau & Associates nor any member of our firm's ownership, management, or staff currently has a vested interest which might be considered a conflict of interest as defined by generally accepted auditing standards. In addition, we have no potential conflicts of interest due to any other client's contract of property interests.

#### **Anticipated Potential Audit Problems**

We are aware of the uniqueness of the City and will address issues in their early stages. We do not anticipate any potential audit problems. We want to help you solve problems before they become critical and this is why we will be involved throughout the entire year, at no extra cost, providing assistance in current and new issues that arise.

#### References/Governmental Experience

We have included five references of government engagements that require compliance with laws and regulations, follow fund accounting, and have financing requirements, which we believe are similar to the City. Please refer TAB G. Additional RFP Information, Exhibit K, Page 34 for a list of required references and Pages 36-38, for a partial list of additional clients served.

# Partner, Supervisory and Staff Qualifications and Experience

# Your Engagement Team

You will have a partner, maanger and our consultant available for any technical assistance. Additional staff with requisite qualifications and experience to conduct the requested financial and compliance audit are available to assist with the engagement should the need arise. Copies of your engagement team's licenses can be found on Page 39, TAB G. Additional RFP Information

Name	Years performing government audits	CPE within last 2 years	Professional Memberships

DAVID CAPLIVSKI, CPA (Manager & Key Member) Function as Senior	Over 5	Government Accounting and Auditing hours:32 Accounting, Auditing and Other: 50 hours	AICPA FICPA

# **Continuity**

We would like to emphasize our commitment to maintaining professional staff continuity in servicing this engagement. Many of our clients rely on having the same resources available to them because it reflects a commitment to their organization and a deeper understanding of what their organization is trying to achieve. Our staff builds a relationship based upon integrity, trust, and mutual respect, which is a primary reason that we maintain long-term professional relationships.

Continuity is important from both a client service as well as an engagement efficiency perspective. As our staff gains familiarity with a client, they are able to complete the engagement more efficiently and are able to identify recommendations for improvement within our client's operations.

As with any accounting firm, it may become necessary to replace a member of the engagement team. When this occurs they are replaced with someone of at least comparable skills and experience. While we strive to maintain continuity, the turnover that is inherent in today's environment provides for staff rotation and the additional benefit of a fresh approach. We have been very successful over the years in appropriately staffing our jobs and this has resulted in high client retention rates and tremendous growth for the firm.

Should it become necessary to replace any staff assigned to the City's engagement, we affirm that the replacements will have substantially the same or better qualifications or experience and understand that the City retains the right to approve or reject replacements.

## **Position Descriptions**

#### **Engagement Partner**

The engagement will be performed under the direct supervision of an Engagement Partner. The Engagement Partner will participate extensively during the various stages of the engagement and has direct responsibility for engagement policy, direction, supervision, quality control, security, confidentiality of information of the engagement and communication with client personnel.

The Engagement Partner will also be involved in:

- coordinating all services;
- directing the development of the overall audit approach and plan;
- performing an overriding review of work papers;
- resolving technical accounting and reporting issues;
- reviewing, approving and signing reports, management letters, and other audit engagement products; and,
- ascertaining client satisfaction with all aspects of our engagement, such as services and the personnel assigned.

# **Concurring Review and Advisory Consultant**

A Concurring Review Consultant will be available as a sounding board to advise in those areas where problems are encountered. He will also perform a second review of all reports to be issued by Grau & Associates.

## **Audit Manager and Senior**

The assigned personnel will work closely with the partner and the City to ensure that the financial statements and all other reports are prepared in accordance with professional standards and firm policy. Responsibilities will include:

- planning the audit;
- preparing or modifying audit programs, as needed;
- evaluating internal control and assessing risk;
- . communicating with the client and the partners the progress of the audit; and
- verifying that financial statements and all reports issued by the firm for accuracy, completeness and that they are prepared in accordance with professional standards and firm policy.

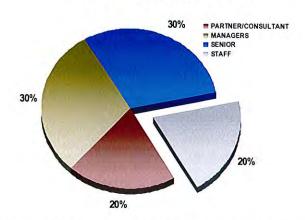

## Information Technology Consultants and Personnel

We have partnered with SLPowers, a firm recognized as one of the countries most advanced IT service providers, to work side by side with our audit team. We believe partnering with an industry expert provides additional assurance to the City that its IT systems are being checked and evaluated accurately. SLPowers is at the cutting edge of the rapidly evolving environment of network and database security, internet security and vulnerability testing. In today's information age, an in-house IT auditor may not have the most up-to-date experience and training for handling sensitive information and financial database security. Please refer to Page 63 for more information on SL Powers.

# **Composition of Engagement Team**

In contrast to the majority of both national and local firms, Grau's proposed engagement team is comprised of an exceptionally large percentage of high-level audit professionals. This gives us the ability to quickly recognize problems and be more efficient as a result of our Team's DECADES of governmental auditing experience.

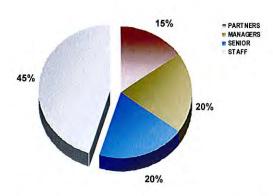

# **Grau & Associates**

Eighty percent of engagement will be performed by Partners, Management and Senior Staff

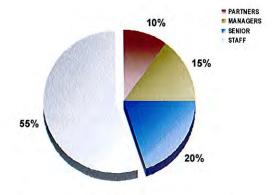

VS.

**Typical Local CPA Firm:** 

Fifty-five percent of engagement is performed by "Management"

# **Typical National CPA Firm**

Forty-five percent of engagement is performed by "Management"

## Resumes

The resumes of your engagement team can be found on the following pages.

## TAB E. PROPOSAL APPROACH

# Firm Methodology and Philosophy

We recognize the City as an important entity and its responsibilities create a challenging and dynamic organization. We are confident our firm will meet and exceed your needs and expectations and we welcome this opportunity. We strive to make our audit approach a positive one, one that emphasizes open and honest lines of communication. We possess the experience and knowledge, and have an excellent audit team ready to ensure a cost effective and successful independent audit. We will assist the City in making informed decisions, strengthening its internal controls and accurately reporting financial information.

# **Our Firm Pledges**

- An assigned audit team with year round experience in governmental audits
- · Personal partner involvement and monitoring throughout the entire engagement
- Flexibility to meet YOUR scheduling requirements
- Continual communication and quick response time
- Minimal disruption to your staff and operations
- Team members will not be changed without express permission of the City
- · City will be informed immediately of any potential adjustments and issues as they arise
- Recommendations will focus on the effectiveness and efficiency of operations
- . To not recommend change for the sake of change or any change that is not practical

Grau believes that the key to any successful audit lies in the capabilities of the audit team. Our team of professionals is formidable in terms of their experience and commitment.

Our <u>concentration in the governmental and non-profit sectors</u> allows us to bring the most qualified auditors to the job which makes us <u>unique in comparison to other proposers</u>. Our staff performs governmental engagements year round. When not working on your audit, your team is refining their audit approach for next year's audit.

Our philosophy is a simple one: to invest in the best trained personnel and technology to achieve the highest quality audits for our clients.

We follow a **risk-based audit approach** and the Auditing Standards of the AICPA, Generally Accepted Government Auditing Standards, issued by the Comptroller General of the United States, the Rules of the Auditor General of the State of Florida, as well as applicable Federal, State and Local regulations. Grau has a full understanding of the scope of the work to be performed and will provide the required reports in the timeframe required in this RFP.

We encourage you to ask other proposers to share whether their audit staff as listed, work exclusively on governmental audit engagements.

We will be available to meet with key management immediately upon award of the contract.

#### **Proposed Segmentation of the Engagement**

The phases for our audit will be broken down as follows:

Although most firms use standardized audit programs and checklists that are ready for purchase, Grau's audit team will design programs and checklists that are specifically tailored to you.

#### Phase 1: Planning Phase

Grau believes a well-planned audit is crucial to the success of this engagement, and as such we put significant efforts in the planning stages of the audit, especially in the initial year, to ensure an effective and efficient audit. Further, as appropriate, our audit will be planned to provide for a low level of audit risk.

There are 3 steps in our planning phase.

<u>Step 1</u>: Meet with the City's key management: Grau will be available to meet with key management immediately upon award of the contract. During this time, we also interview City Commission members to give them an opportunity to discuss their concerns as well. This gives us further insight and knowledge into the City's core issues. During these initial meetings, our discussion will include:

- our audit approach
- lines of communication
- scheduling to minimize disruption of your staff
- audit scope and alternatives
- areas management and City have concerns
- areas we deem high risk
- · timeline for audit services

<u>Step 2</u>: Gather Information: During this phase, an understanding of the City, its internal controls, business process, computer system, financial reporting system, and organizational structure is obtained so that the audit team can properly assign risk and focus the audit procedures in those areas that are high risk. We will meet with key personnel to obtain an understanding of your operations. Each area

above will be evaluated with the City's management and then tests will be performed to determine the effectiveness of those controls.

All information gathered will be documented in our electronic workpapers using memos, charts and spreadsheets. In addition, the City's policy manuals will be stored in our electronic permanent file for future use.

We encourage you to express your expectations with respect to the services we provide.

We would suggest focusing attention on the following potential high risk areas, based on our experience with other entities similar to yours:

- Rate Compliance Given the high dollar value of water, sewer and stormwater revenue, it is
  imperative that the rates adopted by Commission have been timely and accurately put into the City's
  Billing systems to ensure accurate billings being sent to customers.
- Fixed Assets Based on our extensive experience in government, this is a common area of concern. A fixed asset inventory should be done periodically and items should be tagged and controlled. We will, whenever possible utilize CAAT (Computer Aided Auditing Techniques) and design test to search for fraud, where possible.
- Procurement This is typically a high risk area for most governments as there is a correlation to
  improper procurement processes and abuse of management responsibilities. For example, on costly
  construction projects, there is an inherent risk for collusion on bids, kickbacks, related party
  contracts, and noncompetitive procurements. An example of an audit procedure where we would
  utilize CAAT's is to extract data to match vendor names with employee names and addresses.
- Payroll and Benefits A significant portion of the City's budgeted expenses are for personnel
  costs. There is an inherently high risk of misstatement due to the risk of errors such as the improper
  assignment of fringe cost and withholding and the complicated nature of salary computations
  especially for police officers. Risk of fraud includes unapproved salary changes or fictitious
  employees and time records.

# Other Planning Procedures include:

- · Review budgets, organization charts, and audit pertinent procedure manuals
- Design "walkthroughs" as deemed necessary
- Review minutes from the City Commission and committee meetings
- Review grant agreements and contracts, etc.
- · Prepare a list of schedules and workpapers to be prepared by the City's personnel

<u>Step 3</u>: Prepare Audit Programs: In contrast to many firms who only utilize a single partner or individual to develop their audit programs or simply use the standard boiler plate programs, we use the combined efforts of our experienced <u>audit team to tailor audit programs for the City</u>. With Grau's focus on client service, and our knowledge and experience, you can be assured that it will be the most effective and efficient approach to the audit of the City.

A final estimation will be made by the Partner at that time of the audit team members' assignment and the amount of time allocated to the risk areas.

# Phase II - Execution of Audit Plan

This phase of the audit includes 3 steps: the interim fieldwork, IT assessment and year-end fieldwork.

<u>Step 1</u>: Interim Fieldwork – This includes many planning activities mentioned earlier and consists mainly of testing the internal control systems, computer systems, sampling of transactions for high risk areas, test of compliance and grant program transactions, if applicable. Our interim work will be performed prior to year-end, at a time that best accommodates *your* staff's schedule. Our specific audit procedures are streamlined and involve customized procedures that help clients manage their increased responsibilities.

<u>Step 2</u>: IT Assessment – Given the significance of information technology in today's environment it is imperative that the security systems in place are adequate and working effectively. This segment of the engagement includes testing the security of the financial data and the security of the network as a whole. Our IT partners will perform vulnerability assessments, penetration tests, and other tests to ensure the security and validity of data.

<u>Step 3</u>: Year End Fieldwork – This is the largest part of the audit process and includes both substantive audit tests and analytical review. Our processes will focus on the operating statement activities, year-end test of balances and reconciliations, confirmation procedures, and compiling the information in order to provide meaningful and materially accurate financial statement for the stakeholders of the City. Principal techniques used to acquire evidence on which the expression of our opinion on the fairness of the financial statements is reached are as follows:

- Examination (inspection) to substantiate authenticity
- Observation to ascertain compliance
- · Confirmation third party evidence

These procedures will be performed by the most experienced and trained senior auditors and managers who work exclusively on governmental audits. Extensive partner involvement will be used in high risk areas and throughout the engagement to coordinate, monitor and review the work performed. No staff auditor will ever be involved in a high risk area. The engagement partner and manager will meet with City representatives on all material matters as they arise and report promptly any potential audit issues.

We will complete all fieldwork, including that required by the Single Audit Act, and will provide you with a preliminary draft of the audit reports, by the date set forth in the Request for Proposal.

# Phase III: Reporting

This phase of the audit is divided into 3 steps:

<u>Step 1</u>: Financial Reporting – During this step, the audit team will complete the tasks related to financial reporting, including drafting the financial statements, if applicable. We ensure that we perform procedures through the date of our audit report and that all audit procedures are extended, as necessary. Tasks to be performed include:

- Final analytical review procedures
- Review and inquires for subsequent events, contingencies and commitments
- Update to attorney's letter and minutes

The partner and manager will be available via phone or in person to meet with management and the City on any material matters that could affect the financial position or results of operations.

<u>Step 2</u>: Management Letter – As each potential management letter point is identified in the audit process, the audit team will document the condition and our recommendation, and the benefits of the recommended action. Any critique of operations will be confidential and constructive. **We do not recommend change for the sake of change**. All recommendations must be cost effective, simple to effectuate, and will take into account why the deficiency occurred. Further, we pledge to assist you in identifying and solving problems before they become critical. Our audit team's diverse experience, and their independent and objective views, ensures valuable and meaningful comments, observations, and conclusions. Please refer to Page 43 for a Sample Management Letter.

<u>Step 3</u>: Audit Reports – The final step in our audit involves the preparation and review of the various audit reports. All of our financial audits go through a stringent independent and technical review. A closing conference will be held with the City's management to review all the draft reports and make any financial revisions before issuing the final reports.

The above 3 phases of this engagement will be completed so that your reports will be issued by your deadline as outlined in the RFP.

#### > Type and extent of analytical procedures to be used in the engagement

Understanding financial relationships is crucial to planning and evaluating the results of analytical procedures and requires knowledge of the City. The full extent to which analytical procedures are utilized is based upon the auditor's professional judgment and the overall risk assessment results.

Statement of Auditing Standards on *Analytical Procedures* provides guidance on the use and extent of analytical procedures in all audits. Analytical procedures are required in the planning and overall review stages of the audit, and will be used in the following areas:

#### Audit Planning

Analytical procedures provide great insight in our planning. These analyses can enhance our understanding of transactions and events that have occurred during the year under audit. Analytical procedures in the planning phase are also performed to identify any unusual and unexpected relationship that may warrant further investigation. For example, if revenue does not change directly with changes in rates and usage.

#### Fieldwork

Analytical procedures are used as effective substantive tests in certain circumstances. For example, testing certain payroll related expenditures, such as payroll taxes, which are a specific percent of wages. During the course of our year end fieldwork we utilize analytical procedures to support the results of our other audit procedures.

#### Overall Review

Analytical procedures used at the conclusion of the audit are designed to assess the conclusions reached and evaluate the overall financial statement presentation. For example, we will review the financial statements and compare the numbers to prior year and see if variances make sense based upon the work performed. We would determine if sufficient work was done in a particular area. Any variances would need to be substantiated.

While the SAS's do not specify any particular analytical procedures, our audit approach utilizes procedures that focus on the overall relationships within the basic financial statements. We obtain a complete understanding of the entity and a larger comprehensive approach at the financial statement level.

# > vii) Extent of use of electronic data processing (EDP) software in the engagement

# **Automated Workpapers**

Our firm utilizes ProSystem fx Engagement electronic software, which allows us to conduct a true paperless audit.

#### Secure Portal

Our clients are able to transmit information to us on our secure client portal with the ability to assign different staff with separate log on and viewing capability. This further facilitates efficiency as all assigned users receive electronic mail notification as soon as new information has been posted into the portal.

#### Accounting Research

We utilize Checkpoint, by Thompson Reuters which is a comprehensive online database providing leading industry guidance on analytical accounting and auditing. It includes full publications from the Governmental Accounting Standards Board, the Financial Accounting Standards Board, Emerging Issues Task Force, GAO, AICPA and International Accounting Standards Board. In addition, Checkpoint provides intelligent links to the original source documents.

#### Computer-Assisted Audit Techniques (CAAT)'s

It is our firm's policy to design our audit procedures to maximize the application of computer-assisted audit procedures (CAAP) in order to increase efficiency. Our firm uses Active Data mining software that enables us to use data from your financial reporting system to perform CAAT's. Some examples of taking an output file format and converting it into a usable data format for our audit team to perform CAAT's include:

The control environment over information technology including the IT organization structure, policies and procedures are considered the comerstone for all other general controls because it sets the tone for the IT function within an organization.

- Trends in number and amounts paid to vendors
- · Sorting payments to identify items that fall under the threshold of financial control or contract limits
- Analyzing sequence in a population for missing or duplicated items
- Comparison of vendors and employee addresses

CAAT's are also useful in performing a variety of time consuming tests such us: footing files, testing for incomplete data, and sorting. CAAT's are also used to perform a variety of tests of controls such as: selecting a sample for inspection or re-performance of procedures, testing access to critical files and programs, and testing program application controls.

#### Information Systems Audit Procedures

In the technology age, information security and financial systems security is a big concern for many of our clients. Areas of potential risk are:

- Data security including access to the data and software
- · Processes that automatically import data from an outside source
- Processes that export data to other programs

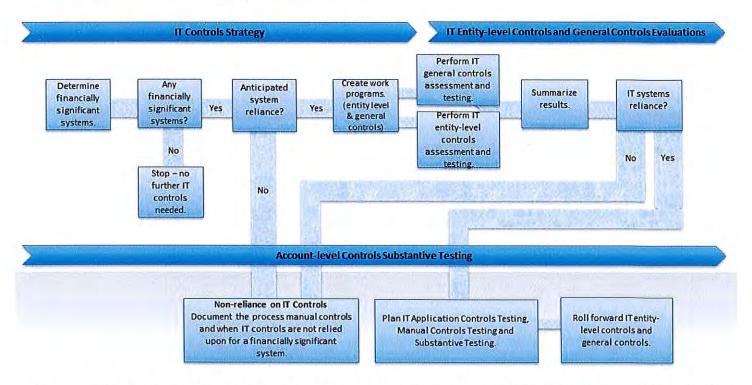

Under current generally accepted auditing standards, we are required to gain an understanding of internal controls which include an entity's Information Technology (IT) environment during audit planning, in order to determine the nature and timing of substantive audit procedures. We assess what level of IT environment an entity has on a scale from one to three. For example, a level one entity has a non-complex IT structure with features including the use of commercial off-the-shelf (COTS) accounting software and a limited number of workstations and online transaction. By comparison, a level three entity has a complex IT structure with one or more servers, several integrated software applications, thirty or more workstations and online transactions.

We have partnered with SLPowers, a firm recognized as one of the countries most advanced IT service providers, to work side by side with our audit team. We believe partnering with an industry expert provides additional assurance to the City that its IT systems are being checked and evaluated accurately. SLPowers is at the cutting edge of the rapidly evolving environment of network and database security, internet security and vulnerability testing. In today's information age, an in-house IT auditor may not have the most up-to-date experience and training for handling sensitive information and financial database security.

We will work alongside our IT Contractor to assess, document, and test as deemed necessary the following five areas of IT controls:

- Entity Level Control
- Change Management
- Information Security
- Backup and Recovery
- Third Party Providers (if applicable)

Our approach to testing is documented in the chart below.

Once we gain a better understanding of the general controls over IT functions, then we can take a look at specific areas within the financial reporting process that need to be reviewed in greater detail. Good controls around these aspects of IT are important in order to maintain the integrity of the numbers.

# > Level of staff to be assigned to each proposed segment of the engagement

	Partner	Manager	Senior	Staff	Total
Preliminary Planning	30	40	30		100
Perform Audit Plan		200	200	100	500
Completion and Delivery	30	40	30		100
Total	60	280	260	100	700

Our commitment to serve you is the driving force in forming the strongest audit team of professionals in order to bring you the highest level of governmental expertise of any firm in our area. Grau & Associates is committed to the governmental sector and our governmental practice accounts for approximately 98% of our firm's revenue. Needless to say, governmental audits are not "fill-in" work at Grau, like it is for other firms, and we would not respond to the RFP if we did not have the staffing and resources to fully comply with your needs.

# Approach to be taken to gain and document an understanding of the City's internal control structure

Governments today are increasingly reviewing their roles and responsibilities of internal control functions to respond to the increasing expectations of the City's stakeholders. Control activities are procedures and policies that help ensure that management's directives are being carried out and the City's objectives are being met; please refer to Planning & Execution Phases, beginning on Page16.

Grau believes the internal control segment is the foundation for the entire audit and involves an extensive understanding and evaluation of operating and management information systems and all related internal controls. The results of this evaluation will influence the nature, timing and extent of our substantive audit procedures. This approach ensures that we achieve maximum efficiency and provides valuable feedback to management regarding the effectiveness of controls being relied upon throughout the year.

# Approach to be taken in determining laws and regulations that will be subject to audit test work

Due to the special nature of governments, the traditional audit scope has been broadened to encompass determination of what laws and regulations have a direct and material impact on the financial statements. Identifying applicable laws and regulations is fundamental to fulfilling the responsibility of understanding their effects. We will obtain this knowledge from various sources including:

- Review of federal and state laws
- Review of contracts
- Inquires of management and staff
- · Review of ordinances, resolutions and policies
- · Review of grant agreements
- · Review of debt covenants
- · Review of prior financial statements

# > Approach to be taken in drawing audit samples for purposes of tests of compliance

Once significant laws and regulations that affect the City are identified, we will design compliance procedures to provide reasonable assurance that your financial statements are free of material misstatements resulting from violations of these laws and regulations. We will work with City staff, as well as our analysis of the City's internal control structure, to ensure completeness of our population. Tests of compliance with laws and regulations will be incorporated with samples selected for tests of transactions and controls, when practical. Additional samples are sometimes necessary to test specific laws and regulations as well as for testing federal and state awards. All samples will be chosen to ensure a low level of risk for single audits.

#### > Cost effective audit techniques

We use a risk based approach taking into account staffing, sampling and analytics which results in costs savings to the City. Please refer to our Firm's Methodology and Philosophy, Beginning on Page 15, for more detailed informationn.

# > Interim and final examination techniques

Please See Proposed Segmentation of the Engagement starting on Page 15, for techniques utilized throughout the audit engagement.

# ➤ Certificate of Achievement for Excellence in Financial Reporting

We are proud to have assisted our clients who participate in the GFOA Certificate of Achievement for Excellence in Financial Reporting Program (CAFR) to qualify for and maintain that award. Over the last five years, 100% of our clients that have applied have been awarded and have maintained the award. This certificate program is recognized as the highest award in governmental financial reporting and the Certificate of Achievement has been awarded on all of the financial statements we have reported in the certificate program, such as:

- City of Cooper City
- · Town of Lauderdale By The Sea
- City of North Lauderdale
- Village of Golf
- Town of Lantana
- Village of Wellington

Grau & Associates has the capability and experience to assist the City in obtaining the GFOA Certificate of Achievement for Excellence in Financial Reporting. In drafting the financial statements we ensure that all applicable GASBs have been implemented, that the report is in accordance with GAAP and that the GFOA checklist items are all included in the report.

#### > Management Letters

All potential comments will be reviewed with your key staff members before issuance. It is our firm policy that the Management Letter be a vehicle for suggesting improvement to our clients to enhance efficiency and management effectiveness.

Please see Phase III, Step 2 of our Proposed Segmentation of the Engagement Section above for additional information regarding Management Letters.

#### > Independence

Grau & Associates affirms we meet the independence requirements of the Standards for Audit of Governmental Organizations Programs, Activities and Functions published by the U.S. General Accounting Office, Governmental Auditing Standards (GAS) issued by the Comptroller General of the United States and the Laws and Rules of Florida Board of Accountancy or any subsequent amendments or superseding revisions. As defined by auditing standards generally accepted in the United States of America and the U.S. General Accounting Office's Government Auditing Standards, Grau & Associates, their partners and employees are independent of the City. We would be performing an independent audit of the City; we are organizationally independent and will maintain an independent attitude and appearance. We have no conflict of interest with regard to any other work performed for the City.

# TAB F. WORK PRODUCT, SCHEDULE AND FEES

#### **Tentative Schedule**

Audit Phase and Tasks	AUG	DEC / JAN	JAN / MAR
I. <u>Planning Phase</u>			
Planning discussions with financial management			
Understanding the entity and environment			
Develop understanding of IT controls & systems			
Preliminary analytical reviews on financial statements			
Conduct risk assessments			
Develop audit plan			
Request the City's assistance & documentation needs			
II. <u>Internal Control Phase</u>			
Conduct tests of internal controls and systems	1		
Perform information technology evaluation & follow-up			
Conduct Single Audit Testing			
Provide the City with list of all schedules to be prepared by the City			
Review and finalize audit plan			
III. <u>Fieldwork Phase</u>			
Perform analytical procedures & respond to variances			
Perform substantive tests of account balances			
Perform compliance testing of transaction classes			1
Review subsequent events, contingencies & commitments			
Review preliminary results with financial management			
IV. Reporting Phase			
Perform final analytical procedures			
Review the financial statements			
Hold audit exit conference with financial management			
Issue opinion report on financial statements			
Issue internal control & compliance report and single audit report			
Issue management letter, if applicable			
Submit Form 990 for review and submission			
The City to provide responses to management comments and Single Audit findings, if applicable			

#### **Fees**

The fees proposed includes all charges that may be anticipated in fulfilling the contract as outlined in Exhibit B – Scope of Services and can be located separately in the sealed cost proposal as requested in Exhibit C.

#### Rates for Additional Professional Services

The quoted fees are based on the assumption that the City maintains its current level of operations. We understand that if it becomes necessary to perform additional work, then such shall be performed only if set forth in an amendment to the contract and shall be performed at the same rates set forth in the schedule of fees and expenses included in the sealed pricing proposal.

#### **Manner of Payment**

We understand that progress payments will be made on the basis of hours of work completed during the course of the engagement and out of pocket expenses incurred in accordance with our dollar cost bid proposal; we accept the terms indicated in Exhibit C of the RFP.

# TAB G. ADDITIONAL RFP INFORMATION

# REQUIRED EXHIBITS

# EXHIBIT A RFP PROPOSAL FORM NO. 2016-010

# TO: CITY COMMISSION

1. The undersigned Proposer proposes and agrees, if this proposal is accepted, to enter into an Agreement with the City in the form included in the Contract Documents to perform the work as specified or indicated in said Contract Documents entitled:

# RFP NO. 2016-010 AUDITING SERVICES FOR THE FINANCE DEPARTMENT

- 2. Proposer accepts all of the terms and conditions of the RFP Documents, including disposition of the Bid Security if required.
- 3. The RFP will remain open until a contract is awarded unless otherwise required by law. Proposer will enter into an Agreement with the City of Margate, and will furnish the insurance certificates, required endorsements, Payment Bond and Performance Bond (if required by the Contract Documents).
- **4.** It is the Proposer's responsibility to contact the City at (954) 935-5346 prior to the RFP submission date and time to determine if any addenda have been issued on the project. Proposer has examined copies of all the Contract Documents, including the following addenda (receipt of all of which is acknowledged):

Number	1	Date	May 24, 2016
		_	
		=	

- **5.** Proposer has familiarized itself with the nature and extent of the Contract Documents, work, site, locality where the work is to be performed, the legal requirements (federal, state and local laws, ordinances, rules and regulations), and the conditions affecting cost, progress or performance of the work, and has made such independent investigations as Proposer deems necessary.
- 6. This Proposal is genuine and not made in the interest of or on behalf of any undisclosed person, firm, or corporation and is not submitted in conformity with any agreement or rules of any group, association, organization, or corporation. Proposer has not directly or indirectly induced or solicited any other Proposer to submit a false or sham Bid. Proposer has not solicited or induced any person, firm or corporation to refrain from bidding and Proposer has not sought by collusion to obtain for itself any advantage over any other Proposer or over the City.

To all the foregoing, and including all Proposal Schedule(s) and Information Required of Proposer contained in this Proposal Form, Proposer further agrees to complete the work required under the Contract Documents within the Contract Time stipulated in the Contract

Documents, and to accept in full payment thereof the Contract Price based on the Total Proposal Price(s) submitted and agreed upon.

My Comm. Expires Sep 29, 2016

Commission # EE 213419

Bonded Through National Notary Assn.

My commission expires: September 29, 2016

### EXHIBIT J DRUG-FREE WORKPLACE PROGRAM FORM

In accordance with Section 287.087, Florida Statutes, preference shall be given to businesses with Drug-free Workplace Programs. Whenever two or more bids which are equal with respect to price, quality and service are received for the procurement of commodities or contractual service, a bid received from a business that certifies that it has implemented a Drug-free Workplace Program shall be given preference in the award process. In the event that none of the tied vendors have a Drug-free Workplace program in effect, the City reserves the right to make final decisions in the City's best interest. In order to have a Drug-free Workplace Program, a business shall:

- 1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.
- 2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.
- 3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in subsection (1).
- 4. In the statement specified in subsection (1), notify employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contenders to, any violation of Chapter 893 or of any controlled substance law of the United States of any State, for a violation occurring in the workplace no later than five days after such conviction.
- 5. Impose a sanction on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community by any employee who is convicted.
- 6. Make a good faith effort to continue to maintain a drug-free workplace through implementation. If Proposer's company has a Drug-free Workplace Program, so certify below:

AS THE PERSON AUTHORIZED TO SIGN THE STATEMENT, I CERTIFY THAT THIS FIRM COMPLIES FULLY WITH THE ABOVE REQUIREMENTS.

SIGNATURE OF PROPOSER: DATE: May 27, 2016

ANTONIO J. GRAU, CPA P. A. 2700 N. MILITARY TRAIL, SUITE 350 BOCA RATON, FL 33431 FEI/EIN Number: 20-2067322 Document Number: P04000170177

Given under my hand and the Great Seal of Florida, at Tallahassee, the Capital, this the Ninth day of June, 2015

Secretary of State

## State of Florida Department of State

I certify from the records of this office that ANTONIO J. GRAU, CPA P.A. is a corporation organized under the laws of the State of Florida, filed on December 20, 2004, effective January 3, 2005.

The document number of this corporation is P04000170177.

I further certify that said corporation has paid all fees due this office through December 31, 2016, that its most recent annual report/uniform business report was filed on March 8, 2016, and that its status is active.

I further certify that said corporation has not filed Articles of Dissolution.

Given under my hand and the Great Seal of the State of Florida at Talkahassee, the Capital, this the Eighth day of March, 2016

Secretary of State

Tracking Number: CC1652174396

To authenticate this certificate, visit the following site, enter this number, and then follow the instructions displayed.

https://services.sunbiz.org/Filings/CertificateOfStatus/CertificateAuthentication

#### **Management Letter Sample**

#### REPORT TO MANAGEMENT

#### I. CURRENT YEAR FINDINGS AND RECOMMENDATIONS

#### 2013-01 Escrow Accounts:

Observation: During procedures in prior and current years, it was noted that the Village has several escrow/deposit accounts in the general fund and planning, zoning and building fund used to hold cash collected in advance of services being rendered or as deposits held until completion of projects (for example, engineering fees and builder deposits). For certain accounts, the balances have been held prior to 2008. Approximately \$500,000 is being held by the Village that should potentially be returned to customers.

Recommendation: The Village should do a complete accounting of the amounts and contact the entities or individuals for refunds. If it is determined that the Village has the authority to retain any of the funds, those amounts should be reclassified into revenue.

<u>Management Response</u>: Management concurs with this recommendation and will continue and complete the reconciliation process. The majority of the escrow accounts have been reconciled.

#### 2014-01 Fully Depreciated Fixed Assets:

Observation: During procedures it was noted that the Village has several significant fixed assets that are fully depreciated listed on the fixed asset schedules. It could not be determined whether these assets were still in use as they were not tagged and subject to the annual inventory performed by the Village.

<u>Recommendation</u>: The Village should perform a comprehensive inventory listing of all assets that are still in use and remove those items that are no longer in use.

Management Response: Management concurs with this recommendation and will implement policies and procedures to accurately manage inventory.

#### II. PRIOR YEAR FINDINGS AND RECOMMENDATIONS

#### 2012-01 Utility Billing

Current Status: The matter has been completely resolved and will not be repeated.

#### 2013-01 Escrow Accounts

Current Status: The matter has not been completely resolved and will be repeated.

#### 2013-02 Disposal of Fixed Assets

Current Status: The matter has been completely resolved and will not be repeated.

#### 2013-03 Workers Compensation Payable

Current Status: The matter has been completely resolved and will not be repeated.

#### **Our IT Partners / Consultants**

Information technology has changed the financial management and reporting landscape for organizations of every size. Grau and Associates believes it is no longer enough to verify that your department's accounting software runs properly. In today's environment, a range of policies, procedures, and IT best practices are required to ensure your system is reliable, redundant, and fully compliant.

We've partnered with SLPowers, one of the technology industry's leading managed service and security providers, to assess the integrity of your financial information systems, and to make recommendations on how to improve them.

As part of our engagement, an experienced SLPowers engineer will:

- Assess your IT strategic planning and risk management posture, as they relate to your financial reporting requirements;
- .. Evaluate the viability of your data backup and retention policies and processes;
- . Review the physical security and access controls surrounding your financial management systems:
- Verify appropriate segregation of duties among key staff;
- ...Assess change management and documentation;
- .. Make specific recommendations on how to optimize your environment.

Headquartered in West Palm Beach, SLPowers was founded in 1986 and is staffed by more than 25 full-time engineers. They were the first managed service provider (MSP) to support small- and medium-sized Florida organizations, and have been consistently named among the top providers in the country. MSPmentor, the industry's leading online resource, ranked SLPowers as one of the Top 100 providers in the world—and the highest-rated provider in South Florida. In February, *CRN*, the tech industry's top magazine, named SLPowers to its "Pioneer250" list of innovative service providers.

SLPowers provides a full range of IT project management, specializing in the areas of storage, virtualization, and security—including compliance. They routinely conduct network assessments for organizations ranging in size from 20 to over 2,000 employees.

#### **Additional Services**

#### Consulting / Management Advisory Services

Grau & Associates also provide a broad range of other management consulting services. Our expertise has been consistently utilized by Governmental and Non-Profit entities throughout Florida. Examples of engagements performed are as follows:

Accounting systems
Development of budgets
Organizational structures
Financing alternatives
IT Auditing

Fixed asset records
Cost reimbursement
Indirect cost allocation
Grant administration and compliance

#### **Arbitrage**

The federal government has imposed complex rules to restrict the use of tax-exempt financing. Their principal purpose is to eliminate any significant arbitrage incentives in a tax-exempt issue. We have determined the applicability of these requirements and performed the rebate calculations for more than 150 bond issues, including both fixed and variable rate bonds.

Grau provides value and services

<u>above</u> and <u>beyond</u>

the traditional auditor's "product"

We look forward to providing you with our resources and experience to accomplish not only those minimum requirements set forth in your Request for Proposal, but to exceed those expectations!

For even more information on Grau & Associates, please visit us on www.graucpa.com.

# Proposal to Provide Financial Auditing Services

# Qualifications and Experience of the Firm

- We are government auditing specialists <u>98%</u> of practice is governmental entities
- Serving clients in Florida for over 30 years
- Member AICPA, FICPA, GAQC
- 70% of staff are CPAs
- State of Florida Certified Small Business
   Enterprise (SBE) and Minority Business Enterprise
   (MBE)

# Qualifications and Experience of the Firm

- We are local and approximately thirty minutes from the City.
- Small team on-site
- Staff works year round on audits under government standards
- Higher quality of staffing so that your staff's time and disruptions are minimized
- Our current schedule has been developed to accommodate your audit

# Qualifications and Experience of the Firm

- Currently audit 14 municipalities in Broward and Palm Beach Counties
- Familiar with Sunguard HTE (2 other clients use the software)

# What sets us apart

- Large firms
  - Personal attention from engagement partner
  - Quicker decision making
- > Small firms
  - Invest in technology
  - ❖Invest in staff

Overall – more rounded staff. They work directly with partners and on the entire audit not just certain areas.

## Value Added Services

- Year round support for technical accounting issues
- Sounding board for Management (investment, financing etc.)
- Suggest improvements in internal controls, processes, and financial reporting
- Bridge gap (if necessary) between Management and Commission

# Technical Approach and Methodology

- Getting to Know the Environment
  - ➤ Interview key personnel
  - > Evaluate information technology
  - > Test internal controls
- Risk Based Approach we take into account staffing, sampling, and analytics which results in cost savings to you
- We will meet your reporting deadlines

# Technical Approach and Methodology

- Management Letter
  - Discuss with management as they arise
  - ➤ Must be cost effective
  - Must enhance operating or internal control effectiveness
  - Must take into account why the deficiency occurred

# Information System Procedures

- Partnered with SL Powers industry expert
- Security of financial data
  - Access, firewalls
  - Backup and storage
  - Vulnerability assessment/penetration tests
- Infrastructure
  - Desktops, laptops, tablets
  - Error reporting
  - Policies surrounding terminated employees

## Highly Competitive Fees

- Short learning curve
- Small lean office because most of our time is spent out at our clients
- We are more efficient than other firms since we do not incur overhead for a tax or forprofit practice
- All of this results in a more competitive fee structure

## The Grau Advantage

- Higher quality of staffing on engagement
- Risk-based approach better audit product
- We offer competitive fees
- No surprises
- Available year round allowing for continuous dialogue and guidance
- Provide client benefits including annual CPE for finance staff and educating them on new requirements
- Direct immediate access to:
