Subject: Contract Renewal - Bid 2015-015

Glen,

This is a follow up to our conversations last week. You indicated that you cannot hold your pricing for the first renewal period of our co-op Bid No. 2015-015. Initially we discussed that you were not able to hold pricing for the entirety of your company's awarded items. We later discussed that you could not hold pricing for specific items such as non-aggregate and non-sand items. As I stated, I cannot authorize partial renewal to the extent that you have requested since the contract only allows for changes such as fuel cost increases. Also, the other awardees have already agreed the entirety renewal of their awarded items.

Since our communications were all over the phone, please confirm in writing your inability to renew by replying to this email.

Thank you.
