

[illegible][illegible]

A cross-sectional diagram of a typical Type 'D' curb detail. The diagram shows a concrete curb with a height of 18 inches and a top width of 8 inches. The curb is set back from the road edge by 4 inches. The curb is supported by a base of 8 inches. The curb is labeled '2" R' indicating a 2-inch radius. The road surface is shown with a slope indicated by an arrow and the text 'SLOPE (SEE PLAN)'. The diagram also shows a cross-section of the road surface and a cross-section of the curb base.

N.T.S.

The image contains two architectural drawings of the CFI Air Machine Detail (Except CT.).

PLAN VIEW: This drawing shows the top-down layout of the air machine base. It features a central rectangular area labeled "AIR MACHINE BASE" with a "TYPE D CURB" around it. The base is supported by a "4\" D 6\" DIA. CONCRETE FILLED BOLLARD" (noted as "SEE DETAILS FOR MORE INFO."). The base is also supported by "FLUSH CONC." and "4\" WIDE WHITE STRIPING-TYP." around the perimeter. The base is labeled "AIR MACHINE BASE" and "ELECTRICAL CONDUIT (Except Tie Gauge, Model SC09)". The base is also labeled "TYPE D CURB" and "1-10\"". The base is also labeled "2\" SLOPE" and "60\"".

ELEVATION VIEW: This drawing shows the side view of the air machine base. It features a central rectangular area labeled "AIR MACHINE BASE" with a "TYPE D CURB" around it. The base is supported by a "4\" D 6\" DIA. CONCRETE FILLED BOLLARD" (noted as "SEE DETAILS FOR MORE INFO."). The base is also supported by "FLUSH CONC." and "4\" WIDE WHITE STRIPING-TYP." around the perimeter. The base is labeled "AIR MACHINE BASE" and "ELECTRICAL CONDUIT (Except Tie Gauge, Model SC09)". The base is also labeled "TYPE D CURB" and "1-10\"". The base is also labeled "2\" SLOPE" and "60\"".

DETAIL "A": This drawing shows a cross-section of the air machine base. It features a central rectangular area labeled "AIR MACHINE BASE" with a "TYPE D CURB" around it. The base is supported by a "4\" D 6\" DIA. CONCRETE FILLED BOLLARD" (noted as "SEE DETAILS FOR MORE INFO."). The base is also supported by "FLUSH CONC." and "4\" WIDE WHITE STRIPING-TYP." around the perimeter. The base is labeled "AIR MACHINE BASE" and "ELECTRICAL CONDUIT (Except Tie Gauge, Model SC09)". The base is also labeled "TYPE D CURB" and "1-10\"". The base is also labeled "2\" SLOPE" and "60\"".

DETAIL "B": This drawing shows a cross-section of the air machine base. It features a central rectangular area labeled "AIR MACHINE BASE" with a "TYPE D CURB" around it. The base is supported by a "4\" D 6\" DIA. CONCRETE FILLED BOLLARD" (noted as "SEE DETAILS FOR MORE INFO."). The base is also supported by "FLUSH CONC." and "4\" WIDE WHITE STRIPING-TYP." around the perimeter. The base is labeled "AIR MACHINE BASE" and "ELECTRICAL CONDUIT (Except Tie Gauge, Model SC09)". The base is also labeled "TYPE D CURB" and "1-10\"". The base is also labeled "2\" SLOPE" and "60\"".
