Jim Wilbur, IT Director
City of Margate
5790 Margate Blvd,
Margate, Florida 33063

Dear Jim:

Society expects instant access to information and the internet is the number one place people go for news, answers, interaction with officials, and as their main communication venue. In today's virtual world, making your government work better can be a challenge when you don't have the tools and resources to get the job done right. So how do you meet these ever-increasing expectations with already-constrained resources? As your partner, that's where CivicPlus can help.

Our company is passionate about our mission to help make local government better. We know we aren't just designing a website; we are helping build a trusted and long-term relationship between you and your community through our state-of-the-art technology and process. Collaborating with you throughout the process ensures we deliver the right solution, housed within a sophisticated and custom design that captures the culture of your community.

We know that Margate is unique with your own set of values and goals. We don't offer cookie-cutter solutions - we tailor our solutions to meet your specific needs. With CivicPlus as your partner, you'll receive:

- A one-of-a-kind design that captures your community's unique qualities, and we'll work with you until you are completely satisfied with the design concept
- A pre-kickoff virtual Envision Consultation with our consulting expert to help you identify your project needs and goals - at no charge to you
- 40+ modules with all of the features and functionality you need and that have been tried and tested by CivicPlus clients for over 20 years
- A guaranteed redesign after only 48 months of service to keep your website fresh and innovative
- Hands-on existing content migration by our team of experts to ensure the content you present is optimized, relevant, and accessible to all
- 24/7/365 support with secure hosting and maintenance to keep your investment safe and current
- 100% satisfaction with your new website - or your money back

Your new site will be developed on the most robust and flexible content management system available. Our CivicEngage CMS is an easy-to-use suite of cloud-based tools built specifically for local government that will help you evolve your web presence. You'll be able to inform and empower your citizens and staff in more efficient ways. Easier for you, easier for them.

CivicPlus will deliver a website that conveys your look (through a custom design), with the functionality you need to communicate your message effectively (with Notify Me and Send eCommunication), and encourage engagement for all visitors (WCAG 2.0 Level A & AA accessibility standards) among all the other features and functionalities built in to CivicEngage and CivicPlus websites.

We encourage you to contact the references we've included and discover what their experiences are working with CivicPlus. A Margate and CivicPlus partnership will save you time and money and will deliver your community a website that will grow with you and where your visitors can find what they need, when they need it.

Sincerely,

A handwritten signature in black ink, appearing to read 'Sh' followed by a long horizontal stroke.

Project Approach Summary

Margate's proactive vision to develop a user-friendly, self-service government web environment for its community and employees is commendable. You should have complete confidence that the firm you choose to achieve your vision and create your website is the right choice. Becoming your strategic, trusted partner is paramount to the professionals at CivicPlus.

Although you currently have a capable web presence, it's time for a new look with better functionality. CivicPlus will help you re-envision, re-new, and re-invigorate your website. Working closely with you, we will assist in designing a new look, updated usability, accessibility, and quality for the delivery and exchange of information for your audience.

Executive Summary

We propose the following approach
to help you meet your goals:

- **EASY-TO-USE CMS**

Our CivicEngage Content Management System (CMS) is developed specifically for local government with unique functionality to streamline your processes and offer self-service options to reduce call volumes and walk-ins for common requests.

CivicEngage will empower your staff to update your website content easily and often with robust, straightforward editing tools and permission-based access.

- **CIVICMEDIA**

Engage your citizens through easy-to-use live streaming capabilities and accessible on-demand videos integrated with the CivicEngage CMS.

- **SEND eCOMMUNICATION MODULE**

Our integrated e-communication module easily sends emails, texts, and social media updates in visually rich, mobile responsive, and easily customizable templates through a single interface.

- **CUSTOM MOBILE APP**

Put the power of your CivicPlus site in the hands of your citizens with push notifications and automatic updates synced in real time with your website.

- **MOBILE ADMIN APP**

Share important information with your citizens quickly by securely adding, modifying, and approving categories and items for CivicEngage's module Alert Center. You can also include access to communication modules News Flash and Calendar for on-the-go updates and modifications for an annual fee.

- **SECURE, CLOUD-BASED HOSTING**

Provide peace of mind for your staff and community that your site is in good hands. Our solution is supported by an enterprise-level hosting environment with vigilant 24/7/365 monitoring and continual system updating. We guarantee a 99.9% uptime for your website (excluding maintenance).

- **24/7/365 SUPPORT**

Our helpful in-house support team is available via telephone, email and live chat to ensure your complete and ongoing satisfaction with our products and service.

- **CUSTOM DESIGN**

Our experienced designers will work with you until you are 100% satisfied to create a custom, impactful design that reflects your unique story visually and meets the needs of your community.

■ FULLY RESPONSIVE

Support citizens on the go with abundant online resources accessible from their mobile phone or tablet. With responsive web design throughout, the content on your site will automatically adjust to the screen size of any device. For our mobile web clients, we design mobile first to ensure it is responsive!

■ CONTENT MIGRATION & OPTIMIZATION

One of our Content Development teams will manually migrate text, documents, and images from your current site to your new CivicPlus site - saving your staff hours of effort, ensuring consistency, accessibility, and that your information is easier to access and navigate.

■ DEDICATED PROJECT TEAM

A specialized team of experts will assist you throughout the development process including a project manager, an art director, content developers and a trainer/consultant.

■ NAVIGATE CONSULTING SERVICES

During three (3) days on-site, a CivicPlus consultant will work with departments within the Village to recognize their audience, top services and most relevant information.

■ CUSTOMIZED TRAINING

Through three (3) days onsite in Margate, our trainers will ensure your staff gains the confidence to effectively and easily maintain your new website with our WYSIWYG live editing tools and intuitive user interface.

■ DESIGN CENTER PRO

A suite of graphic design tools that allow you to build, modify and manage your website design at an advanced level including widget management, incorporation of color/fonts outside of the current site palette, and the ability to modify the layout of your design.

■ GUARANTEED REDESIGN

At the end of your fourth year of continuous service with us, you're eligible to receive a basic website redesign with no further out-of-pocket expense. Your website stays current and doesn't need to be rebuilt from the ground up.

We set high standards for local government websites knowing that technology and trends are always changing. With CivicEngage, we'll automatically update your system to keep pace with industry improvements, security enhancements, and your visitors' changing needs.

CivicPlus Communities

CivicPlus' team of over 200 professionals develop and deliver superior local government web technology, human resources efficiency, parks & recreation management functionality and mass notification solutions for our clients.

CivicPlus is the integrated technology platform for local government, working with over 2,500 local governments including municipalities, counties, and municipal departments. CivicPlus' focus to help local governments work better and engage their citizens through their web environment began in 1994 in Manhattan, Kansas by the owner, Ward Morgan. CivicPlus became a Kansas Corporation in 1998 and are still headquartered in this vibrant university town. Our commitment to deliver the right solutions in design and development, end-user satisfaction, and secure hosting has been instrumental in making us a world leader in government web technology.

We've steadily grown over the last 20+ years and have honed our skills working with municipal organizations across the US and Canada - helping them streamline their daily work and better inform and connect their communities. We also offer solutions to meet your human resources, parks & recreation management, and emergency & mass notification needs.

We believe in the goals our clients are seeking to achieve, and we work alongside them to do our part to help. These partnerships have provided great insight into how their web environments need to work and how we can help them find the right solutions to meet those needs. That help means:

- Guiding – with unparalleled consulting and training and facilitating stakeholder buy-in
- Supporting – with exceptional client service before, during and after launch
- Protecting – with industry-leading 24/7 security, support and service, *and*
- Learning – with continual client contact to better ourselves and our products

Ultimately, CivicPlus is a company that's about amazing people doing amazing things. CivicPlus continues to implement new technologies and services to maintain the highest standards of excellence and efficiency for our clients, their 55,000+ internal users and the 60 million online visitors (and counting!).

We consider it a privilege to partner with our clients and provide them with a solution that will serve their needs today and well into the future.

Who is CivicPlus?

(click the picture and find out more)

Our Promise To You

We will deliver a high-caliber, responsive web presence that reflects your vision in design, features, and functionality. The CivicEngage premium solution is simple-to-use, yet flexible and powerful – with intuitive navigation for your citizens and an intuitive administration for your staff. True live editing and training is included so your staff can be efficient on day one, and we'll continue to support you after launch. Your system will be secure and continuously updated, as our experts develop further cutting-edge solutions designed specifically for local government.

Project Team

From project management to design and development to training and support, a dedicated project team will assist you throughout the development process to ensure your project's success and your complete satisfaction. Our expert project leaders will coordinate your needs with qualified specialists who will work directly with you throughout your project development and beyond.

Adam Block – Manager of Project Administration

Adam leads our project management team. This team oversees inter-departmental and client interactions assuring that your project will be developed in a timely manner by professional website experts.

CivicEngage CMS

Content Management System

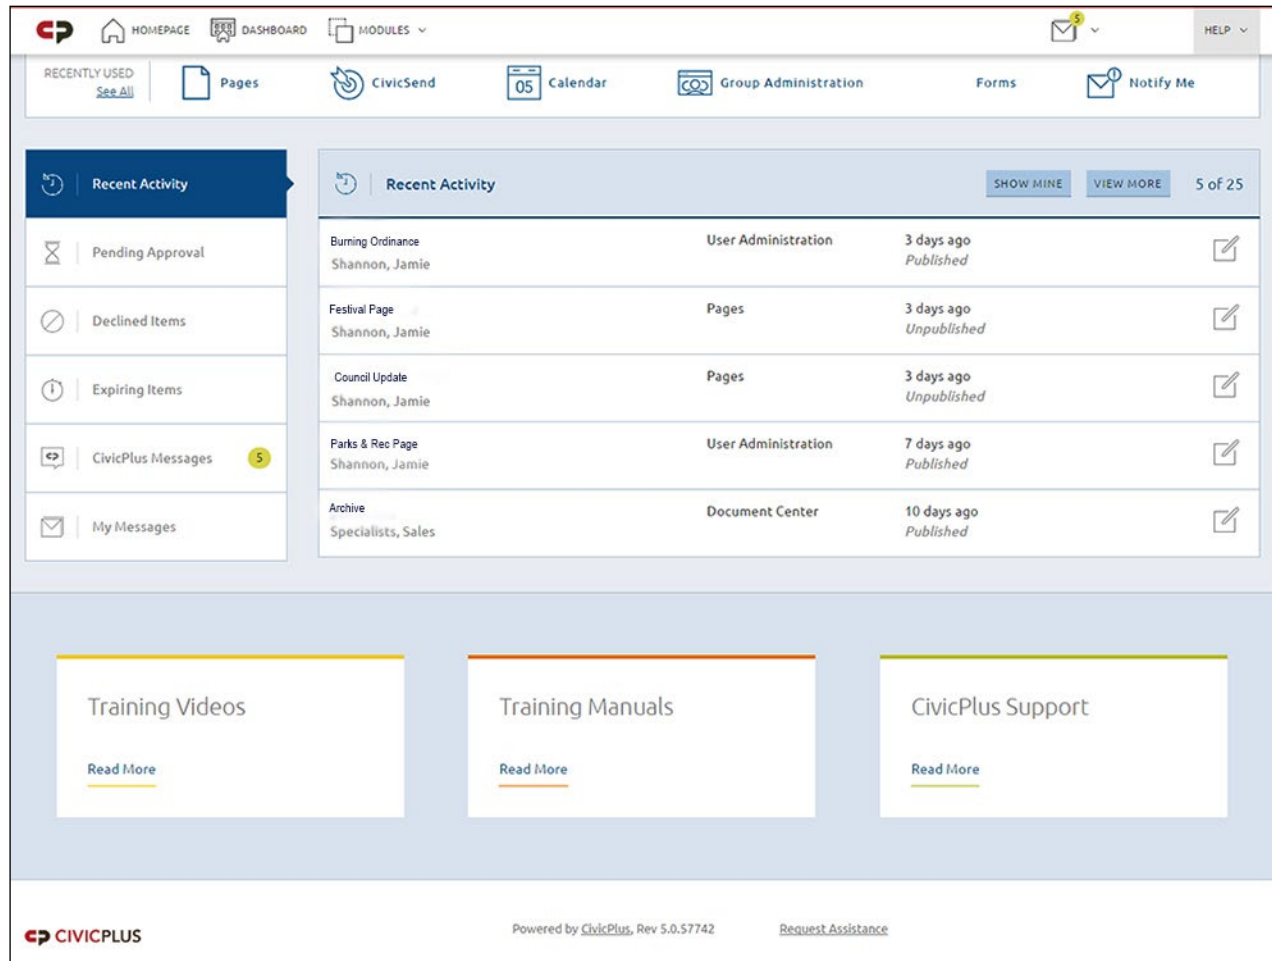

The CivicEngage CMS is a robust and flexible CMS that has all of the features and functionality you need today and in the future.

Developed for organizations that have a need to update their site frequently, CivicPlus provides a powerful government content management structure and website menu management system. The system allows non-technical employees the ability to easily update any portion of your website instantaneously. The CivicPlus content management system, CivicEngage utilizes Microsoft SQL Server, C# MVC, HTML5, AngularJS and CSS3 for web development.

Each website begins with a unique design developed to meet your specific communication and marketing goals, while showcasing the individuality of your community. Features and capabilities are added and customized as necessary, and all content is organized in accordance with web usability standards.

User Interface

CivicEngage's intuitive interface empowers your staff in more efficient ways. Based on client input and extensive testing, the CivicPlus team has created a clean, crisp updated look-and-feel for the admin-side of CivicEngage. It's sleek and streamlined, designed specifically to make your job easier.

Features & Functionality

Modules & Tools

Agenda Center – Create and display agendas and minutes for various civic organizations.

Alert Center – Post emergency or important information on your website to notify citizens via email and SMS.

Archive Center – Specifically for the storage and retrieval of agendas, minutes, newsletters and other date-driven documents.

Bid Postings – Simple and easy-to-use method of posting your bids.

Blog – Post opinions/information about various community topics and allow citizen comments and subscriptions.

Business / Resource Directory – List municipal contact information and community resources.

Calendar – Create multiple calendars and events to inform citizens of upcoming activities.

Carousel Widget – Allows you to present more impactful information with easier navigation in a single page element that can hold up to 10 clickable rotating widgets.

Citizen Request Tracker™ – Allow users to report a problem and provide follow-up communication with the point of contact.

Community Voice™ – Interact with citizens about projects in your community.

Document Center – Organize and house documents in one central location.

ePayments – Allow customers to have the ability to process payment transactions via the website.

Facilities & Reservations – Showcase community facilities and allow reservations online.

Form Center – Create custom online forms that can be completed and submitted online.

Frequently Asked Questions (FAQs) – Answer the most frequently asked questions from your visitors.

Job Postings – Post available jobs online and accept online applications.

My Dashboard – Allow users to personalize their dashboard to stay updated on news, events, and information they care about.

Notify Me™ – Send out mass emails and SMS to subscribers of specific lists.
(Includes 500 SMS subscribers)

News Flash – Post organizational news items, right on your home page, that are important to your citizens.

Opinion Poll – Interact with your site visitors by posting various questions and polls.

Photo Gallery – Store and display photos

Quick Links – Place links on any page.

Spotlight – Highlight important text or widgets in a compact, easy-to-update module.

Staff Directory – Detailed contact information for your staff and offices.

Features & Functionality

Gov 2.0 & Social Networking

CivicPlus understands the importance of Gov 2.0 and how social networking sites like Facebook and Twitter help governments connect with their residents in unique and innovative ways. We are dedicated to helping our clients integrate their web content into dynamic social media sites that easily drive citizens to more information.

CivicPlus can sync your website to your Facebook and Twitter profiles to automatically publish news, notices, and calendar events from one central location. Other social networking sites (such as LinkedIn, YouTube, Pinterest, etc.) can have feeds displayed on any page of your site and can be featured on your website with links to your profiles.

Administrative Features

Instantaneous Updates – Once published, updates are posted to the live site in real time.

Browser Based – No installation of programs or software needed! Your staff can update the site from an internet connection or platform (Mac or PC) at any time.

Mobile Updates – Immediately upgrade your site from any location using your tablet or phone.

Pending Approval Items – Direct access to a queue of pending items to be published or reviewed by the administrator upon login.

Site Search and Search Log – Powerful site search automatically indexes all content making it easy for visitors to find information. A log of all words that have been searched by visitors is kept, allowing you to update highly searched information and feature key items.

Automatic Alt Tags – Built-in features ensure your site is Section 508 compliant without having to know the requirements.

Bad Links Identifier – This module creates a list of the broken links on your site when they are accessed.

Content Creation – CivicEngage makes it easy to add new content, edit old content, and keep page layout consistent through use of our What You See Is What You Get (WYSIWYG) editor. Content changes will not affect the design - site breadcrumbs, page structure and sitemaps will dynamically update upon publishing. With mega menus and drop-down, pop-out menu functionality, you can essentially get to any page on your website within a single click if desired!

Content Scheduling – Material throughout the entire system can be set to auto-publish, auto-expire or can be manually retired.

Features & Functionality

Content Versioning – CivicEngage includes version control, a history log for reviewing changes made within the system, file locking through our permission system and an archive of all published content.

Dynamic Layout – The layout for your website will be determined by you and the designer. Placement of navigation and dynamic areas are important in guiding site visitors to key information quickly and easily.

Dynamic Page Components – Events Calendar, FAQs, Opinion Poll, News Flash and other new features may be included as dynamic page components. Dynamic Page Components may be placed on any page and will help dedicated areas of the site appear as its own website. For example, the entry page for your Parks and Recreation Department can be customized with specific lists of events, FAQs and news announcements pertaining to that department.

Dynamic Breadcrumbs and Site Map – Dynamic Breadcrumbs are used to show a visitor's location within the site. Breadcrumbs are automatically generated by our system. A dynamically generated site map automatically updates to reflect your new navigation if changes are made.

ePayments / eCommerce Integration – The ePayments module is included with our premium website solution and allows customers to have the ability to process payment transactions via the website, saving staff time and effort by of manually processing payments. To take advantage of this module, additional processing transaction and merchant account fees will apply.

History Log – Easily tracks changes made to your website including items in your Page Menu, Archive Center, Document Center and more. History Log information is searchable, sortable and exportable.

Integration/Interfacing – CivicPlus' integration services work cohesively with most third-party software applications. We have the capability to link with most software or databases currently utilized. Systems such as purchasing, taxes, assessment and utilities have been developed for many of our clients.

Intranet – An intranet is a secure location on your website that allows employees and other groups to login and access non-public resources and information. You will have the ability to set up multiple intranet groups with varying view rights.

Levels of Permissions – Levels of Permissions may be defined as publishers (create or publish) or authors (create but not publish), or as administrators of modules. Assigned groups may have the right to update their own content without affecting web pages, menu structure, top of page, banner or navigation.

Active Directory Authentication – LDAP or ADFS authentication provides a powerful and simple way to manage users and permissions within our system by syncing your website with your existing active directory database - negating the need for multiple user upload and sign-on. Because LDAP and ADFS require custom programming time, additional fees apply.

Features & Functionality

Link Redirects – Instead of sending your users to <http://civicplus.com/248/Awards-and-Recognition>, you can send them to <http://civicplus.com/awards>. A more intuitive approach to help visitors find particular pages.

Maps – Easily add maps to any page of your site to help website users find commonly requested information. Maps can be simple, clickable maps, using our native Image Map Editor to create different link areas, or more detailed and interactive maps can easily be embedded from Google, ESRI, and more using the HTML widget.

Printer Friendly – Our printer friendly functionality does separate critical content from the site template to provide a clean print without menu structure and banner information included.

RSS Feeds – RSS stands for Real Simple Syndication and in short, it brings your site to the people. After signing up, they receive email notifications of the latest news updates.

Supported Browsers – CivicPlus websites are viewable in all common browsers. We optimize them for administrative use with Windows 2000+ and in the two most recent versions of major browsers including: Internet Explorer, Firefox, Safari and Chrome.

Translation – Integration with Google Translate instantly translates web pages between English and over 100 other languages.

Website Statistics – Administrators will be trained on the use and analysis of web statistics, provided through Piwik Analytics.

Application Programming Interfaces

We have nearly a dozen application programming interfaces (APIs) throughout the system and continue to build more to make integrations with our CivicEngage CMS and disparate applications as straightforward as possible. It's this "open architecture" approach that allows your IT staff and programmers to spend time creating applications and systems that are specific to your community's needs and tie them into the site, using the site itself as a sturdy platform on which to build.

Project Enhancements

Please take a look at additional information highlighting some of your included project enhancements.

- + Media On-Demand
- + Send eCommunication Module
- + Custom Mobile App
- + MobileAdmin App (with Alert Center)

Project Enhancements

Media On-Demand

CivicPlus offers a robust mobile video experience as part of our media solution. Consumption of video is continuing to grow, and providing this option as part of your overall experience is a must have to drive engagement for anything from board meetings to community events.

Management of your videos is easy with dedicated storage space (separate from your website) and the ability to embed your videos within any page with the easy-to-use drag and drop tool. In addition, your citizens can:

- Access videos anywhere and anytime
- Watch high definition playback on most mobile devices
- Engage with real-time videos
- Live stream video with clear and crisp high definition viewing quality

Project Enhancements

Send eCommunication Module

Send eCommunication is a visually rich communication module for government, used to efficiently distribute general (non-emergency) communication to citizens. Send eCommunication is more than a simple email newsletter tool; it provides CivicPlus clients with a single point of access, via integration with CivicEngage, to multiple communication channels, including: email, SMS/text, Facebook and Twitter. Send eCommunication centralizes communication, saves administrative users time and improves overall productivity.

Additional benefits of the Send eCommunication module include:

- Content auto-posts to your website
- Unlimited communication – there isn't a limit to the number of emails you can send (text messaging rates do apply)
- Template options to make customizing your message quick and easy
- Access to all subscriber lists in your CivicEngage website, including the ability to select multiple lists

Project Enhancements

Custom Mobile App

The Custom Mobile App is designed to look and work great on both iOS and Android mobile devices. Developed with both end users and admins in mind, our mobile app will keep your users informed in a timely manner and your staff more efficient with content and alert scheduling capabilities. Through integration with Notify Me, your citizens are able to receive updates across all of their mobile devices with push notifications.

Your mobile app will sync with your website, keeping your mobile site users up to date with the most current information – without the need to duplicate your staff's work. In addition, our professional staff makes sure the system stays up-to-date with hardware and software upgrades. This will ensure a system that is always optimized, secure and problem-free.

We will work closely with you to match the aesthetics of your application – from the splash screen to the background imagery to the banner – with your website to create a polished and seamless theme across the different media with which your site visitors are interacting with you.

Project Enhancements

MobileAdmin App

The MobileAdmin App puts the power of your website computer in the palm of your hand, allowing you to communicate important information to your citizens, anytime, anywhere.

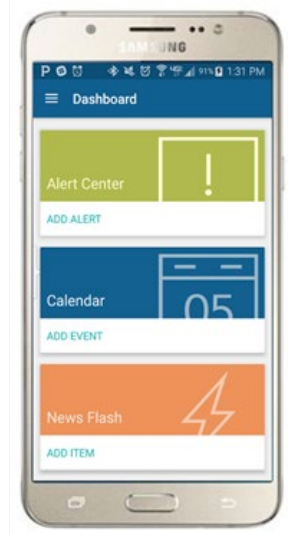

The MobileAdmin App provides access to key functions of your CivicEngage website from an Apple® or Android™ smart phone or tablet. This powerful administrative tool allows you to manage key features of your website when you're away from your computer, helping you to more efficiently execute your citizen communication strategy.

Splash Screen: iOS & Android

Dashboard: iOS

Dashboard: Android

Share important information with your citizens quickly by securely adding, modifying, and approving categories and items for certain CivicEngage modules including Alert Center, with an optional upgrade to incorporate News Flash and Calendar. Continual hardware and software upgrades from CivicPlus ensures your MobileAdmin App remains fully-optimized – just like your communication strategy. Access to the Citizen Request Tracker module will be available in 2017.

Project Timeline/Development

A dedicated project team will assist you throughout our proven development process to ensure your new website achieves your vision of success and delivers you complete satisfaction - guaranteed.

Project Timeline

Consulting, design, usability guidance, programming, secure hosting and dedicated training - CivicPlus delivers all of this and more during the development of your new website.

PROJECT TIMELINE: 16 – 25 WEEKS				
Phase 1	Phase 2	Phase 3	Phase 4	Phase 5
4 – 6 Weeks				
	3 – 5 Weeks			
		3 – 5 Weeks		
			3 – 4 Weeks	
				3 – 5 Weeks

Project Phase Descriptions

Kick-Off Meeting

During the initial kick-off meeting, you will meet your project manager to establish your project timeline, review the startup kit and discuss the takeaway items that need to be completed. Your project manager will discuss the implications of deadlines and the expectations required to keep the project on track.

Project Phase Descriptions

Phase 1: Website Optimization

REVIEW NEEDS

Goal: Review where you are now and discuss where you want to go.

DESIGN, CONTENT & FUNCTIONALITY

Goal: Determine how you want your website to look, feel and function.

BEST PRACTICES

Goal: Outline our CivicPlus content best practices and standards.

NAVIGATE CONSULTING - THREE 3 DAYS ON-SITE

Navigate is a multi-day consulting engagement designed to review what your web traffic is trying to find and determine whether your current website navigation and content are getting them what they need. Our consultant and your web team will review content and navigation structure down to the appropriate department, team or service level and will plan the best way to implement, sustain and measure a fully functioning website.

Your Navigate consulting will be facilitated by our professionally trained consultants and will help you develop a strategic plan for your new website by:

- Establishing global navigation components by discussing essential content and establishing a top-level navigation to get priority information front and center for end users.
- Planning department content priorities and critically examining current content with department-level editors to establish value and relevancy.
- Identifying which CivicEngage website modules can replace current systems or integrate with your existing applications and explore how to simplify your tools through integration or replacement.

Who will benefit from Navigate Consulting?

Anyone who has ownership in a department's or service's success. A successful website is one where the end user can find information quickly and navigate through the website fluidly. That success is dependent on the planning that goes into the content and navigation, before the website is implemented.

Project Phase Descriptions

Phase 2: Design Presentation

Based on the results and goals outlined during the Optimization, your project team will collaborate and present the most effective layout for your website, ensuring a responsive structure that's optimized to display in any format – now and in the future.

Responsive Prototype

You'll be presented with a simple, responsive prototype that demonstrates the placement of your navigation and key functionality. This prototype is a rudimentary version of a home and interior page that will act as a blueprint to ensure that design choices translate into effective user experiences. The layout is hosted on a unique web address so it can be viewed on multiple devices and easily shared with key stakeholders.

Color Palette

A custom color palette is also included with your responsive prototype. It is paired with your layout so that it is easy to envision how colors will enhance the design and engage your users.

Our prototype presentation software allows you to visualize the proposed design and style of your new site and how it will respond on both desktop/tablets and smartphones.

Project Phase Descriptions

Phase 3: Production Site Development

Your Project Team will present your layout, functionality and design based on your goals, our recommendations and our combined vision.

CONTENT DEVELOPMENT

During the Kick-Off Meeting and Phase 1 your staff has the role of updating the content on your current primary site. While you are making design decisions, our content development team will optimize and reorganize your content based on CivicPlus best practices. Content from sites other than the primary site can be migrated to the new primary site for an additional fee.

DESIGN REVIEW

You will have the opportunity to evaluate and collaborate with the Project Team on proposed changes. You can revise your design composition up to the deadline that you and your project manager agree upon during the timeline meeting (the average client requests a total of three). After that deadline, your project's Go Live date will be adjusted. Following design approval and functionality development, we conduct a review to ensure your expectations are met and website best practices are upheld.

ACCESSIBILITY COMPLIANCE

Our designers and programmers automatically implement all the accessibility features necessary to ensure your site is compliant with accessibility standards outlined within Section 508 and WCAG Level A & AA. We will make recommendations on best practices for keeping your content accessible and available for all users by ensuring that, among other things:

- All menu items are clickable
- Submenus display throughout the site
- Alt tags are used for images
- Site maps are dynamically generated
- Documents and links can be set to open in the same window

Project Phase Descriptions

Phase 4: Website Review & Training

Our goal for training is to give your staff the skills and tools they need to quickly and easily keep your website current. Trainers will work with you to ensure your staff is correctly trained. Before your site is launched, CivicPlus will provide in-person or online training to equip your staff with the knowledge, tools and comfort level needed to maintain the site's integrity upon Go Live.

Regardless of technical ability, we will help your staff gain the confidence to effectively maintain your website.

FEATURES, MODULE & PAGE CREATION TRAINING

Included in our training for Administrators & Content Contributors will be delivering an understanding of your site's navigation and page layout and how these affect target audiences. We will instruct your staff on creating area-rights and back-end features for site administration as well as review all the modules included with your site. Your staff will learn how to create links, format text and lay out pages for usability and scanability.

CivicPlus training manuals and videos are available for download at no cost from our online resources.

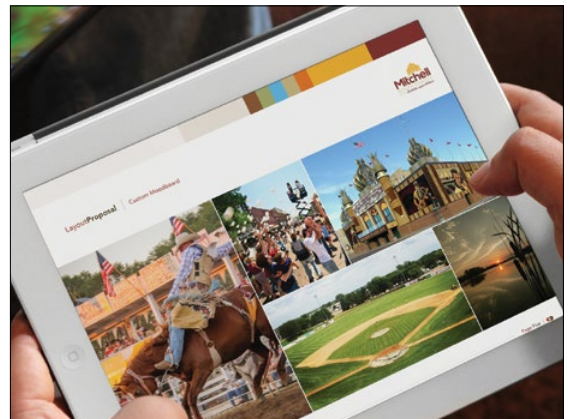

Phase 5: Go Live

This is an exciting time; it is the last step before your new site launches! Your Project Team will provide you the information you need to prepare your site for Go Live.

TESTING AND REVIEW

You typically have three weeks after training to become familiar with your site. This will allow you to add, create and make adjustments to content on your production site, as well as ensure overall satisfaction with your website. Content changes will display and function the same way before and after your Go Live date.

Upon completion of a collaborative final review of the website and a final spelling and links checkup by our Quality Control Team, your domain name is directed to the newly developed website.

Your Role

We will need your help to create the strongest possible website for Margate. During the process, we will need you to:

ASSESS YOUR CURRENT WEBSITE

For the best consulting experience possible the following takeaways need to be completed prior to your consulting:

- **Functionality and Design Form** – Prior to starting this form, research other websites that you like based on functionality and design elements. Provide URLs and specifics about what you like. This form also asks for details on your community's tagline, logo and branding.
- **Web Team Form** – Prior to starting this form, please have an understanding of your project goals, focus and expectations. This allows your CivicPlus project team to develop a site specific to your needs and lays the foundation for developing a highly functional information architecture.
- **Content Form** – The information that you provide on this form will also help our content development professionals to assess your wants and needs.

CLEAN HOUSE AND UPDATE CONTENT

We will need you to update the content on your current primary live website. This step is critical to guaranteeing the information available is relevant, fresh and on-point. Your staff should delete any pages from your current website that you no longer want or need and ensure the remaining information is

applicable and up-to-date. If you are not able to access your current site, our team will work with you to ensure that your content needs are addressed.

GATHER PHOTOS AND LOGOS

Collect pictures that will be used in the overall design and logos or branding that should remain consistent.

DEPARTMENT LIST

Provide a list of all departments in your organization.

WEBSITE STATISTICS

Provide statistics from your current site for the previous 12 months along with a list of all pages and downloaded documents.

SITE MAP

Provide the outline of your current site's navigational structure.

EXTERNAL APPLICATION LIST

Supply a list of all third-party or in-house applications being utilized.

VERBATIM CONTENT

Compile a list of any content on your current website that must be migrated verbatim to your new site.

UPDATE INTERNET BROWSERS

Ensure you have most up-to-date web browser versions within your organization's computers.

Support, Hosting & Security

You are now a part of the CivicPlus family and will continue to receive both technical and consultative support from our Support and Account Management team.

Continuing Service & Support

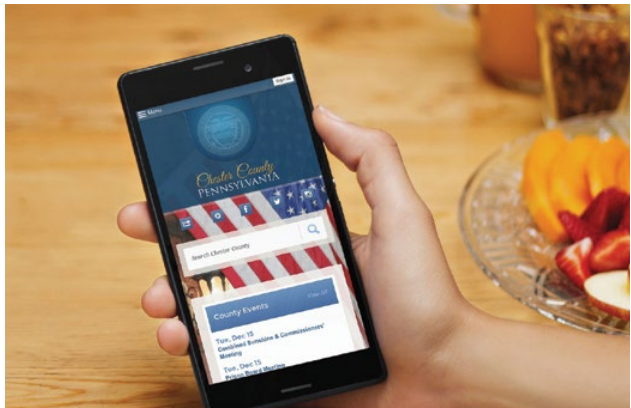

Receive ongoing guidance and assistance from our knowledgeable staff. Always obtain the answers you need to keep your website current and online.

CONTINUING SERVICE & SUPPORT

CivicPlus won't be with you just for the development, design and launch – we will be here year after year to respond to new needs and new opportunities for you to continue to have the best site possible. We offer all of our clients continuing support and additional advantages as a member of the CivicPlus family.

DEDICATED ACCOUNT MANAGEMENT

CivicPlus has a team of dedicated account managers to help you implement the tools needed to successfully meet the level of community engagement that you desire. Upon website Go Live, you will have a dedicated member of this team to help you keep up on new CivicPlus products and optimize your site. This specialized team member can provide you with further information on how to engage your citizens, utilizing the tools that CivicPlus has put into place on your new website.

Technical Support

AROUND-THE-CLOCK TECHNICAL SUPPORT

Our support personnel are ready to answer your staff members' questions and ensure their confidence in using our site. When you choose CivicPlus, our knowledgeable staff is available from 7 a.m. to 7 p.m. (CST) to field your calls and emails, and emergency services are available after regular hours with our on-call staff 24-hours a day.

In addition to fielding support requests, CivicPlus is proactive in identifying any potential system issues. Through regularly scheduled reviews of site logs, error messages, servers, router activity and the internet in general, our personnel often identify and correct issues before they even affect our clients' websites. Our expertise in website management provides assurance to our clients that their site is in good hands.

SUPPORT	MAINTENANCE OF CIVICPLUS APPLICATION & MODULES
7 a.m. – 7 p.m. (CST) Monday – Friday (excluding holidays) / 24/7 Emergency Support	Install service patches for OS system enhancements

Monthly newsletters / Ongoing follow-up check-ins	
CivicPlus Connection Client Forums	

Hosting & Security

CivicPlus protects your investment and takes hosting and security of our client sites seriously.

Redundant power sources and internet access ensures consistent and stable connections. We invest over \$1.0M annually to ensure we adapt to the ever-changing security landscape while providing maximum availability. To help ensure your site is protected at the level you need, CivicPlus offers two options for coverage.

INCLUDED HOSTING & SECURITY PACKAGE

Your system is monitored 24/7/365. CivicPlus' extensive, industry-leading process and procedures for protecting and hosting your site is unparalleled. From our secure data center facilities to constant and vigilant monitoring and updating of your system, including 99.9% guaranteed up-time (excluding maintenance), we've got you covered.

PLATINUM HOSTING & SECURITY PACKAGE (Optional Upgrade for additional fee)

Ensuring your visitors can access your site and that it continues to be business as usual with the least amount of interruption is attainable through the CivicPlus Platinum hosting and security. Cyber security is a high profile topic that makes the news almost daily. Every industry is a target, including local government. Our Platinum package protects your site through all of our included hosting and security features, but also adds the peace of mind of comprehensive and continuous DDoS protection. Our team has been pressure tested by high-profile events and has the experience and expertise to handle any situation. We've got you covered.

ONGOING PROTECTION SERVICES

If you choose the Included Package and experience a DDoS attack or threat, CivicPlus has mitigation and DDoS Advanced Security options that are available to you at the time of event. Whatever your needs are, we have an option that will be a fit for your community.

HOSTING & SECURITY FEATURES	INCLUDED
Data Center	
Highly reliable data center	✓
Managed network infrastructure	✓
On-site power backup & generators	✓
Multiple telecom/network providers	✓
Fully redundant network	✓
Highly secure facility	✓
System monitoring	24/7/365
Hosting	
Automated CivicEngage software updates	✓
Server management & monitoring	✓
Multi-tiered software architecture	✓
Server software updates & security patches	✓
Database server updates & security patches	✓
Antivirus management & updates	✓
Server-class hardware from nationally recognized provider	✓
Redundant firewall solutions	✓
High performance SAN with N+2 reliability	✓
Bandwidth	
Multiple network providers in place	✓
Unlimited bandwidth usage for normal business operations (does not apply in the event of a cyber attack)	✓
Burst bandwidth	22 Gb/s

HOSTING & SECURITY FEATURES	INCLUDED
Disaster Recovery	
Emergency after-hours support, live agent (24/7)	✓

Live User Detection service	

***THRESHOLDS:** Traffic exceeds 25 Mb/s sustained for 2+ hours. Traffic over 1 Gb/s at any point during attack

Scope of Work

What we promise to deliver.

Scope of Work

KICK-OFF MEETING

Deliverable: Project timeline, training jump start, online forms, kick-off meeting

- Assign a project manager to your project
- Conduct a project kick-off meeting to review awarded contract
- Establish a communication plan for project duration
- Identify all key internal and external stakeholders
- Develop a project plan and timeline
- Provide project management and support

PHASE 1: WEBSITE OPTIMIZATION

Deliverable: Website optimization meeting, Three (3) Days CivicAdvise Navigate Consulting

- Provide communication support and status to key stakeholders via email or phone as needed
- Review goals and expectations you submitted on the completed forms to ensure all needs are clearly understood
- Consult to identify goals and sustainment plans for your website project

PHASE 2: DESIGN PRESENTATION

Deliverable: Website grayscale layout and mood board color pallet presentation

- Present a simple, responsive prototype that demonstrates the placement of your navigation and key functionality as well as a custom color palette that are based on previously determined goals
- Begin design development once approved

PHASE 3: PRODUCTION SITE DEVELOPMENT

Deliverable: Website design and production

- Present a fully functional website on production URL
- Migrate up to 335 pages for url www.margatefl.com
- Migrate Microsoft Word or .pdf documents of current, plus previous three years, of agendas and minutes
- Conduct a quality review of the website to ensure the statement of work is met, after approval of design and functionality
- Coordinate training needs

PHASE 4: WEBSITE REVIEW & TRAINING THREE (3) DAYS ON-SITE TRAINING

Deliverable: Train System Administrator(s) on CivicEngage administration, permissions, setting up groups, users and module administration. Basic user training on pages, module entries and applying modules to pages.

- Provide training as agreed upon for staff members, based on internal daily task and workflow
- Train staff on CivicEngage, including updating content pages and modules
- Provide access to online training manuals and videos for additional assistance

PHASE 5: GO LIVE

Deliverable: Custom website launched to the public

- Address system issues identified
- Redirect the domain name to the newly developed website once you sign off on the completed project

Proposed Investment Estimate

What we promise to deliver.

We will want to talk with you in more detail about your goals, expectations and vision before we finalize your scope so we deliver what you need, when you need it.

Year 1 Investment Proposal

All quotes are priced per project and presented in US dollars. Pricing is valid for 60 days from March 2, 2017.
As detailed in the proposal, Margate's project development includes:

CivicEngage CMS

✓ Website Design, Development & Deployment

- CivicEngage Content Management System (including upgrades, hosting, maintenance and support)
- Migration of up to 335 pages for url www.margatefl.com
- Included Hosting and Security Package

✓ Professional Consulting Services & Training

- Three (3) Days On-Site Implementation Training
- Three (3) Days On-Site Navigate Consulting

✓ Projects Enhancements & Functionality

- Media On-demand (Live Streaming and 10 GB additional storage)
- Send eCommunication Module
- Custom Mobile App
- MobileAdmin App (with Alert Center)

Total Investment – Year 1 \$33,538

Annual Investment

Year 2 and Beyond

✓ Annual Hosting/Maintenance Service (Beginning year 2)

Receive maximum benefit at minimal cost while protecting your investment. Each year of your contract, you'll receive system enhancements, maintenance and optimization and have full access to our support staff so your site stays up-to-date with our latest features and functionality. Your annual services fee includes redundant hosting services, daily backups, extensive disaster recovery plans, 24/7 support, software maintenance, system enhancements, and access to the CivicPlus community. Annual Hosting/Maintenance Services are subject to a cumulative annual 5% technology fee increase beginning Year 3 (for non-CPA payment projects) and beyond.

CivicEngage CMS Annual Hosting & Maintenance
Year 2 – \$7,642

Project Enhancement: Design Center Pro – \$1,233

Total Annual Investment – Year 2 \$8,875

Redesign Guarantee

At the end of your fourth year of continuous service with us, you are eligible to receive a basic website redesign with no further out-of-pocket expense. Keep your website fresh, innovative and up-to-date!

Optional Enhancements

Following items are not included in your project, but can be provided as a scope adjustment or following the completion of the website development.

FUNCTIONALITY OPTIONS	ONE-TIME	ANNUAL
Department Header Package – includes up to 20 pages of content migration. (No annual fee in the first year; annual fees starts in second year) - includes additional level of navigation	\$3,400	\$1,675
Subsite Development	\$8,000	\$2,200
Platinum Security	—	\$4,950
CivicAdvise Consulting - Thre (3) Days On-Site	\$9,900	—
CivicReady	\$18,144	\$15,264

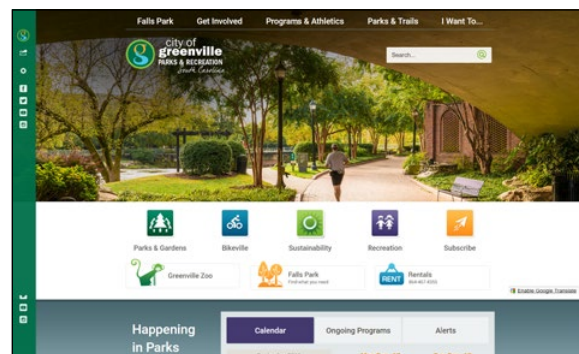

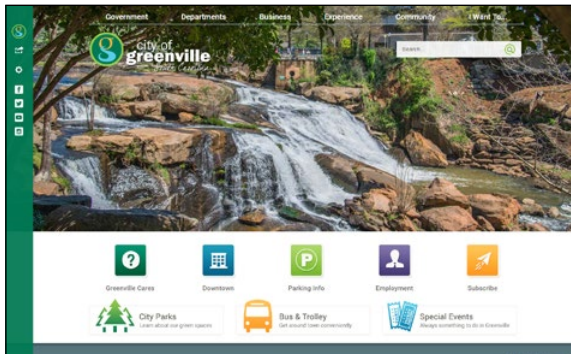

Optional Enhancements

Department Headers

Sometimes, a department or a division within your organization has a need to distinguish information from the parent site. A Department Header Package is a cost-effective way for these groups to informatively and graphically differentiate themselves from the look of the main – or parent – site while still falling under the umbrella of the same Content Management System administration.

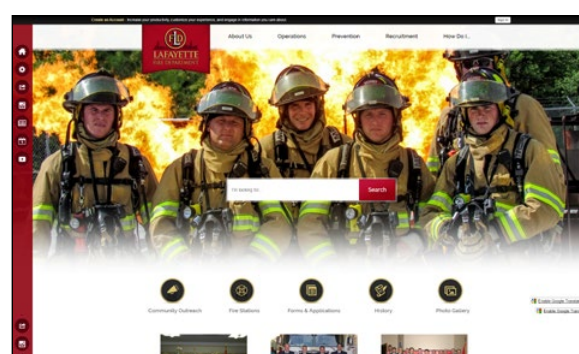

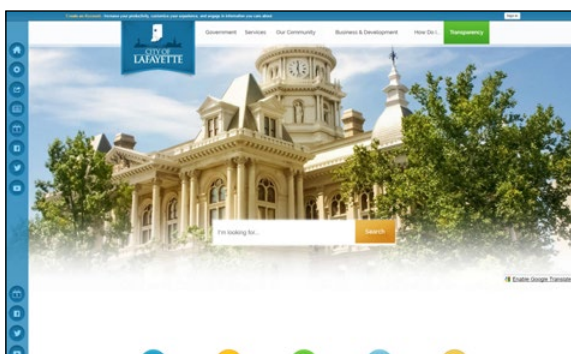

STANDARD DEPARTMENT HEADER PACKAGE INCLUDES:

- Unique site URL (if applicable)
- Custom site identifier / logo
- Unique homepage that follows the layout of the parent site
- Your own global navigation and menus
- Custom background image and/or slideshow images (if applicable)
- Unique graphical buttons
- Choice of what modules to use on the homepage
- Shared login and modules with the parent site (design of module pages will match parent site design)

THEME ADDITION INCLUDES:

- All of the above
- Customized color palette for the department header homepage and interior pages (does not include View All version of modules)

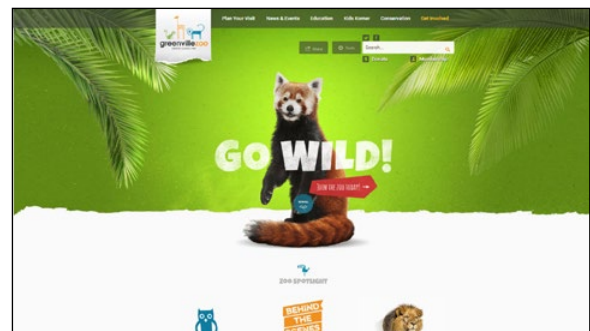

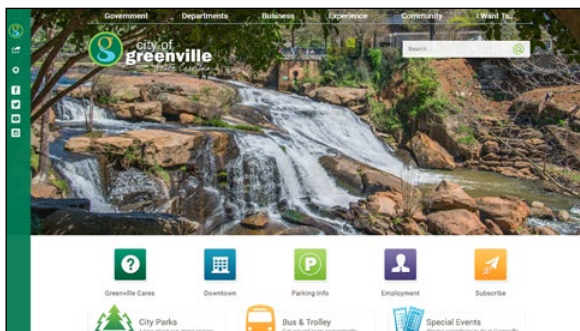

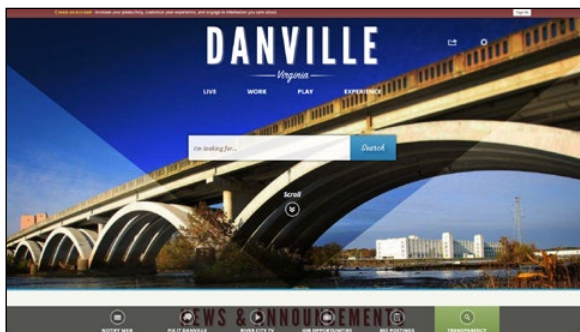

Optional Enhancements

Subsites

Sometimes, a department or a division within your organization has a need for a completely different look and feel from the parent site. A Subsite is a cost-effective way for these groups to get their own look and feel while still allowing them to harness the power of the CivicPlus CivicEngage CMS.

SUBSITE PACKAGE INCLUDES:

- Administrative access separate from the parent site administration
- Unique and permanent URL
- Completely custom design
- Parent site modules and development process
- Shared site search with the parent site (if desired)
- Your own global navigation and menus
- Unique graphical buttons
- 20 pages of content development by CivicPlus' content experts

Optional Enhancements

PLATINUM HOSTING & SECURITY FEATURES			
Data Center		Bandwidth	
Highly reliable data center	✓	Multiple network providers in place	✓

Optional Enhancements

CivicAdvise Consulting Services

Our expert consultants will meet with you to develop a personalized plan that is practical and ready to execute. We will help you:

- Identify goals for implementation and beyond
- Make a plan to improve information and end-user navigation
- Ensure everyone's needs are heard and addressed
- Assist in analyzing web statistics and citizen input
- Create process maps for critical services
- Suggest streamlined content making it easy for citizens to follow and staff to maintain

CIVICADVISE CONSULTING PACKAGES		
CivicAdvise Consultation Offering	Why Attend	Organization's Commitment without Consulting
Align	Consultant will work with all stakeholders to get everyone excited and aligned for website project.	60 staff hours
Research	Consultant will work with stakeholders to collect data (call logs, foot logs, web analytics, third party applications) to make good project decisions.	120 staff hours per 200 pages
Navigate	Consultant will work with departments to recognize their audience, top services and most relevant information.	60 staff hours per 6 departments
Optimize	Consultant will facilitate creation of a process map for critical departments or services, and will create a plan for how to optimize via the website.	30 staff hours per 1 service

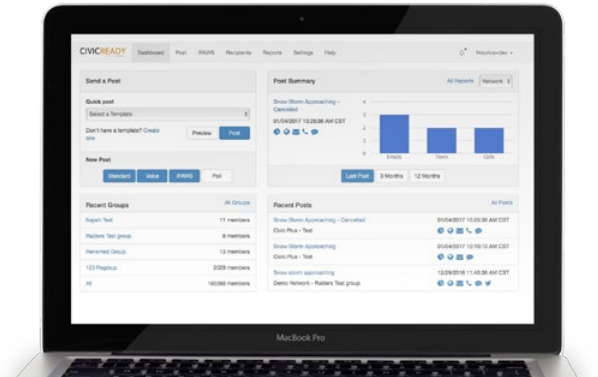

Optional Enhancements

CivicReady

The most complete communications tool for local governments

CivicReady is a cloud-based mass notification system that is designed to empower local governments to communicate routine and emergency information to citizens quickly and effectively, no matter where they are in the community.

CivicReady offers multiple reliable and secure methods for sending notifications. You can email your message from an external email account, text it in from your cell phone, call it in through our 24/7 emergency support team, or send it with a single tap on your smartphone using our mobile app.

CivicReady allows you to send unlimited SMS text, email, and Text-to-Speech (TTS) messages for emergency and routine notifications at high rates of speed. With its speed and growing number of ways to send and receive communications, the possibilities to reach citizens with CivicReady are virtually limitless. CivicReady provides:

- Easy-to-use workflows for all notifications, from emergency to routine communication
- One-click quick launch templates
- Innovative integrations, including two-way communications and geo-targeted messaging with ESRI integration
- Reliable, optimized message speeds, security and 99.99% uptime
- Unlimited users (administrators, subscribers, & groups) and communication (SMS, voice call, emails, and more)

Additional CivicReady tools include:

- Automated Notifications – Save time and effort with automated National Weather Service communication to citizens in the projected path of severe weather.
- IPAWS – Reach individuals within the affected area immediately without subscription through CivicReady's integrated IPAWS platform.
- CivicReady Mobile App – Allow users to access the full power of CivicReady from iOS or Android devices and launch critical alerts or enable push notifications to receive important community messages from any location
- Interactive Voice Response – CivicReady's Interactive Voice Response two-way voice and text alerts enable administrators to conduct polls and surveys via the Text-to-Speech voice engine.
- Conference Bridge – Instead of waiting for others to dial in to a conference call, CivicReady's conference bridge calls out to the relevant staff, so everyone is connected on a unified call immediately.
