RE: SYNTHETIC FIELD REPLACEMENT AT FIREFIGHTER'S PARK – CITY OF MARGATE

Dear Mr. Jones,

We would like to thank you for giving us this opportunity. Please find below, FieldTurf's offer to replace the synthetic turf surface at the City of Margate – Firefighter's Park.

Replacement offer:

1. FieldTurf **CLASSIC HD 2"**

- Same proprietary polymer, new tape geometry with better fibrillation and resiliency, 30 oz face weight, 3-layer 6.25 lbs in-fill system, and porous finger coated backing. It is manufactured by FieldTurf, not a third party supplier.

Price: \$87,000.00 (See finance proposal)

Upgrade option includes:

- Re use of some of the current field infill in the new field mid-layer
- A new 5 year warranty will be in effect at completion of replacement.
- Sports lines will be painted (1 time only)
- Fair Market Value at \$133,115.00
- 70% labor: \$60,900.00
- 30% material: \$26,100.00

Price Does Not Include:

- a) Replacement or modification to the existing perimeter nailer board
- b) FieldTurf is not altering or improving the existing operating drainage base under the existing turf limits. No removal of aggregate is included. Any ponding, flooding or undulations within the existing base will remain the responsibility of the owner.

FieldTurf requires a minimum of 21 days upon receipt of purchase Order or sales agreement and final shop drawing approvals to manufacture; coordinate delivery and schedule arrival of installation crew.

We would require a 3-4 week window (subject to weather and force majeure) to complete the removal/recycle/disposal of existing product, confirm sub-base planarity and re-install the field. Please also note that some of the infill material used on the replacement field will be re-used from your present field. FieldTurf will supply any additional infill that will be required. This will allow for a minimum addition to any landfill site in the area and is in conformance with FieldTurf's Green initiative on recycling.

Firefighter's Park – City Of Margate will receive field layouts showing the dimensions and the markings for the new surface for review; before manufacturing the new surface, we will need written confirmation of the product option selected and that the field dimensions, markings and colors are satisfactory and approved for production. Upon receipt, production and installation will be scheduled at an agreed upon time frame.

FieldTurf appreciates your patience and we look forward to our continued business relationship with **Firefighter's Park – City Of Margate**. If we can provide any additional information, don't hesitate to contact Jamie MacDonald or Chris Wedge directly. We appreciate your business and we will continue to work hard to earn it.

Please note this offer is valid for 60 days.

Sincerely,

Martin Olinger
Senior Vice-President Sales
