Describe proposal/request in detail, including non-residential square footage and/or number of dwelling units

Amend the City's Land Development Regulations to allow Drive-thru facilities (with a permitted use).

See Section 33.11, subject to the limitations that the permitted use is located within a shopping center.

### Proposed Code Language change

We represent Royal Palm Plaza Investment, LLC, ("Applicant"), owners of 7300 Royal Palm Court ("Property"). The existing shopping center has been operating at this location since 2006. The original structure was constructed with eleven (11) bays. Dunkin Donuts is the tenant located at the eastern end of the shopping center building. Currently, the Dunkin Donuts operates as a walk-in only type business.

As you know, business success is built on public demand and accessibility. The tenant has felt the effects of competing coffee, donut, and breakfast establishments which are able to offer the public a drive-thru option. In the fast paced lifestyle of today's consumer this drive-thru option is pulling the business away from walk-in only type of food service facilities, placing the viability of this business at risk.

The Applicant has proposed to construct a drive-thru window on the east side of the building, and the site circulation will accommodate this added flow of traffic. However, the Margate Code of Ordinances does not allow drive-through facilities in the Neighborhood Business (B-1) District. By comparison, however, the use is allowed as a Special Exception use in the Community Business (B-2) District. We propose to amend the code to allow the use as a Special Exception as it is in the B-2 District with the proviso that such special exceptions be limited to locations within a shopping center in order to mitigate against the potential negative effects that could stem from drive-thru facilities at more stand-alone locations.

As shown on our enclosed mark-up of the City's Zoning Map, this proposed code change would affect very few properties within the City limits, and none of these locations except for our client's proposed location and the B-1 zoning location at Margate Blvd and NW 76<sup>th</sup> Ave is an existing shopping center, so the practical effects of this text amendment are very limited.

We would appreciate your review of the code change and we are happy to answer any questions or concerns you may have regarding the language.

#### ARTICLE XXI. - NEIGHBORHOOD BUSINESS B-1 DISTRICT

#### Section 21.3. - Permitted uses

(B) Special exception uses. The following uses are authorized upon a finding by the City Commission that a special exception to the article is warranted. The City Commission shall consider all applications for a special exception approval pursuant to the procedure and criteria set forth in sections 22.9 through 22.12 of this Code.

Animal clinic, pet hospital, subject to the following limitations:

- (1) Must be less than three thousand (3,000) square feet in area.
- (2) Adequate soundproofing in any area where animals are contained or treated.
- (3) All boarding activities shall be ancillary to the primary use.
- (4) Subject to the restrictions set forth in chapter 6 of the Margate Code of Ordinances.

Outdoor sales, service and display, as an accessory to a permitted use.

Drive-thru facilities (with a permitted use). See Section 33.11, subject to the limitation that the permitted use is located within a shopping center.

Public or private elementary, middle or high school, subject to the following:

- 1. Schools shall not be located on roadways classified by Broward County Metropolitan Organization's Broward Highway Functional Classifications Map as arterial roadways. Access to schools shall not be from roadways classified by Broward County Metropolitan Organization's Broward County Highway Functional Classifications map as arterial roadways.
- 2. School must be located in freestanding single use structure(s), located on a parcel no small than the minimum size required by the School Board of Broward County for public schools. As an exception, charter schools may be permitted as an accessory use if located within an existing library, community service facility, museum, performing arts center, theatre, cinema, religious institution, Florida College System institution, college, or university facility, in accordance with F.S. 1002.33(18)(C).
- 3. School must provide a student drop off area for motorists that is dedicated to student drop off activities and will not interfere with onsite parking or roadways adjacent to the school. The appropriate length and dimensions of the drop off area shall be identified in a traffic study prepared by a professional engineer licensed in the State of Florida.
- 4. In order to allow sufficient time to secure required development order, building permit, and local business tax receipt approval, a special exception use application and fee must be filed with the Economic Development Department at least nine (9) months before the start of the school year. This time requirement cannot be waived or reduced.
