EXPERIENCE

February 2016 – present Seminole Casino - Coconut Creek, FL – Fresh Harvest Buffet Cook I

Duties include completion of a daily prep list to include preparing a variety of six cold salad items daily, washing, peeling, slicing measuring and mixing ingredients, assembling dishes that are then served tapas style on small individual serving dishes. I am responsible for grilling, sautéing and roasting all meats, seafood and vegetables that I use in my salads. I am always developing new recipes in accordance with consumer tastes, nutritional needs, budgetary considerations and product availability within the kitchen. I provide nutritious, safe, visually appealing, innovative, properly prepared and flavored food while displaying a positive, friendly and cooperative attitude towards customers and fellow team members. Two days a week my responsibilities are to set up and service a three station salad bar that includes three types of salad greens, four types of shredded cheeses, sixteen different salad items, four additional salads (tuna, chicken, cole slaw & potato salad), six salad dressings (from scratch), a composed salad as well as a different salad served tapas style on small individual serving dishes or a composed salad served standard buffet style. These duties included lifting over 12 35/40 lb ice buckets to fill/refresh the three large compartment bins. As this is a full buffet restaurant I was often called on to assist and work in all of the other stations including bakery, grill area, Pizza/savory breads and rolls.

March 2015 – January 2016 Atlantic Technical College – Coconut Creek

Successfully planned and executed numerous events, planning and designing buffet set ups both as the lead and as a member of the team during my first semester while studying the many FOH tasks, industry history as well as a complete analysis of all spices, flavorings and a full review of wine, beer and other alcoholic beverages used in the food industry. While working in hot foods I perfected my knife skills while learning the art of butchering beef, chicken, pork and fish items as well as the preparation of all vegetables to accompany the entrées being offered that day. I also acquired considerable skills in fruit and vegetable carving where I was able to feed my artistic side while learning all aspects of salad preparation including perfecting my palette and skills in scaling of salad dressing recipes. My final adventure was in bakery where I learned how to measure with a professional weighted scale and other utensils with precision while learning basic skills in commercial baking of breads, cakes, pies and cookies as well as puddings and other delicious sweets. Most of my favorite items that I created while at school and other information can be found on my electronic portfolio listed above for your review and consideration.

July 2005 – February 2014 Independent Agent representing various carriers

Marketing, sales and customer service to my existing natural market as well as expanding that market by extensive networking utilizing business networking events, trade shows, expos, seminars and creative events. From those events I would book appointments to present a precise financial plan for individuals, families and business owners utilizing insurance and annuity products based on their budget and financial needs.

July 2004 – July 2005 Global Insurance Services – Boca Raton, FL Account Manager

Insurance sales solicitation utilizing my strong analytical skills while reviewing a client's property, budget and needs to find the appropriate coverage with the appropriate carrier. I produced sales proposals, collected all necessary documents, applications and payment. Uploaded applications for binding and input all data in applied system, including attaching all documents, billing screens and account information as well as inputting detailed notes of all conversations and activities. I was also responsible for compiling daily, weekly and monthly reports of all activities for review by the office manager.

July 1999 - July 2004 Bankers Life and Casualty - Deerfield Beach, FL Office Manager

Managed Branch Manager's calendar, reviewed all applications for accuracy, recorded all transactions, managed office bank account, ordered all supplies and maintained the office inventory, made all travel arrangements and planned and arranged all seminars and meetings for the agents and the office.

September 1997 - July 1999 Precision Response Corporation - Margate, FL Quality Assurance Supervisor

Working in a call center environment I supervised 135 agents, maintaining scheduling, training, and workflow. I was responsible for daily, weekly and monthly audit reports including agent evaluations, recommendations, analyzing call volume and agent efficiency reports. I developed, coordinated and implemented all logistics for live meetings with the client to evaluate the team – this included telephone as well as web conferencing.
