The City of Margate seeks to maximize funds available to low and moderate income residents by combining assistance from multiple grants including SHIP if necessary for home repair

programs. As such, the CDBG program provides 100% of the funding awarded to eligible recipients. The City of Margate CDBG projects will include home repair and public facilities and public improvements.

Public facilities and public improvements have been listed in the “Annual Goals and Objectives” in the Consolidated Plan and in the Action Plan. Funding in this fiscal year was only allocated to Home Repair. Given the difficulties with the Grant Program from 2014 until the completion of a Forensic Audit in 2017 all home repair programs were halted. These program funds will now be allocated to “Public Facilities” projects to benefit the wider community as allowed by the CDBG program. This activity is eligible under 24CFR 570.
