#### EQUIPMENT LIABILITY / DELIVERY, SERVICE, AND PICKUP ACCESS.

All Equipment furnished by ISS shall remain the property of ISS; however, customer shall have care, custody and control of the equipment and shall bear responsibility and liability for all loss of or damage to the equipment or injury to or death of person or persons resulting from or arising in any manner out of customer's use of the equipment furnished under this agreement. Customer may purchase "Damage Waiver" from ISS that covers graffiti, broke unit parts, and fixtures, but does not cover damages caused by mischief, misuse, complete loss due to theft or fire. At the termination of this agreement, customer shall return the equipment to ISS in the condition in which it was provided, normal wear and tear expected. Customer at all times shall provide unobstructed access to the equipment for necessary service. Customer shall pay, if charged by the company, an additional fee for any service modification caused by or resulting from the customer's failure to provide.

discretion per toilet.

**Customer Signature Required** 

Date

- All invoices must be paid within 15 days of due date, past due invoices will notice an interruption of service.

- It is the renter's responsi	bility to protect toilet from	a tip over, additiona	l charges will be app	lied in the event a specia
cleaning is needed.				
- Do not block access to t	oilet, if blocked on the day	of scheduled cleaning	ng, your service will l	be skipped. ISS needs

unobstructed access within 25' of rental equipment to service. If equipment is relocated by customer and hose doesn't	Total	\$349.80
reach there will be a min charge of \$25 for driver to relocate.		
- Equipment may only be relocated with ISS trucks, if you need equipment at a new site please call our office to schedule.	Payments/Credits	\$0.00
- Additional charges will be applied for any damages to rented equipment or debris thrown in waste tank, fees will be at		
companies' discretion. - Cancellations must be made 24 hrs prior to delivery or a \$30 refusal of delivery/trip fee may be charged at our	Balance Due	\$349.80

Subject: Re: Groove and Green PATCH

Date: Wednesday, June 20, 2018 at 10:32:34 AM Eastern Daylight Time

From: Chris Gaidry

To: Jaime Castoro, Nattaliah Earle

Hi Jamie!

I can make the guarantee for a minimum buy on the produce. What would be the right number to do a nice spread of say 20 ft of produce?

Subject: Fwd: Groove and Green PATCH

Chris, I sent this to you yesterday but apparently my auto-fill was not correct. Please advise. Thank you!

Dear Chris,

We want to thank you for allowing the PATCH to be a part of both Dania After Dark and Groove and Green (Margate). We were very happy with the response and sales at Dania After Dark. We were also happy with Groove and Green. Chris, you indicated that the City Commission in Margate would like to see more produce at the Market. Please understand that we sell what we grow and source locally. We sometimes supplement our Dania Beach Market with conventional produce. We have been at our location for years and purchase minimal quantities to avoid waste.

As to the Commission request for more produce. If we are going to purchase produce specifically for the Groove and Green Market, we will need to know the number of attendee 's expected. These numbers help us when purchasing for your Market. Wholesalers have minimum purchase requirements. If there are not enough attendee's to support our purchases, we will not be able to fulfill the Commission's mandate. If we cannot be assured that we will cover our cost, unfortunately, we cannot participate in this exciting event.

If this is not in line with the Commission's vision, we would be happy to revisit in October when our first harvest is ready to sell, and we increase conventional purchasing because of increased traffic at our Dania Beach Market.

Please let us know as we will need to order produce tomorrow to be at Sunday's event.

Thank you!

Attachments: Groove and Green Spreadsheet.xlsx

Hello Chris,

Attached you will find a proposed Produce Order that would be sufficient to stock the market properly. We are subject to minimums when we purchase from a wholesaler. I did a calculation of wholesale products that provide some variety and quantity to meet your commissioner 's request. At 30 percent markup, we would net a little over \$200.00 if we sell-out. We would not cover our costs if we purchase the produce and do not sell all or the event gets rained out.

As you are aware, summer is not the optimal growing time for Florida produce. We are just now organizing other growers to purchase local produce for the fall/winter season.

After consulting with staff, it is clear that the Dania Beach PATCH is not ready to be a vendor at Groove and Green. We would like to revisit this Market opportunity in October when we are in production and have some local growers in our network. Our wholesale purchasing would be minimal, and we would offer a wide variety of fresh, local produce.

Thank you for your consideration.

Hi Chris,

Unfortunately we are not able to commit at this time. Thank you & we hope to join you as soon as we start production.

Thank you.

Chris,

Please let us know If you would like us to attend with limited quantities until late October. I am sorry for the confusion last week. We need to order produce the Tuesday before the event. Thank you!

Jaime

Hi Jamie,

As per our previous conversation, I was under the impression that the Patch had multiple satellite farms through Broward County, and therefore had direct access to local produce that could be sold. Ordering from a wholesaler does sound like a commitment, and we want to ensure that the Patch has a profitable experience.

We'd still love to have the Patch onsite for this Sunday with a setup that is at least comparable in size to the June 10th event. If you are still able to setup a stand with the beans, patch-a-touille bags, plants, and any other available products, please let me know!

Hello Chris,

Attached you will find a proposed Produce Order that would be sufficient to stock the market properly. We are subject to minimums when we purchase from a wholesaler. I did a calculation of wholesale products that provide some variety and quantity to meet your commissioner 's request. At 30 percent markup, we would net a little over \$200.00 if we sell-out. We would not cover our costs if we purchase the produce and do not sell all or the event gets rained out.

As you are aware, summer is not the optimal growing time for Florida produce. We are just now organizing other growers to purchase local produce for the fall/winter season.

### Attempts to Attract Farms & Lack of Availability for Summer

Notes, Identified Issues, & Solutions:

#### Notes:

Offered Completely Free Space for local farmers

Sourced over 20 contacts for local farms

• Additional attempts via phone, through vendor contacts, onsite at other events, and through City of Margate contacts.

### **Response:**

Very little availability / response

• Booked 3 Farms for first event, with expectations of larger setups + 1 cancellation.

• Booked 2 Farms for second event > 2 cancellations, but 4 tables of commericalproduce onsite.

### **General Consensus:**

• Poor production due to current weather.

• Not growing season for Florida, therefore locally sourced / non-imported fruit is difficult to access.

• Farmers generally not working through Summer season; those that do already have their market locations in place.

• Likely to see more interest in Fall-Spring.

### Solution:

• Supplement market with commerically sourced produce in off season (successfully did so on June 24th)

• Focus on vendors that offer in-season produce (mangoes, coconut, other tree fruit, plants, etc.)

• Continue to build event up so it is an attractive choice for quality producers in Fall.
