

## INTEROFFICE MEMORANDUM FROM THE PARKS AND RECREATION DEPARTMENT

---

TO: Planning and Zoning Board

FROM: Michael A. Jones, CPRP - Parks and Recreation Director

DATE: November 27, 2018

SUBJECT: 2019 Recreation and Trails Program Grant Application

---

The City of Margate Parks and Recreation Department is pursuing a \$200,000 grant provided by the State of Florida with a \$40,000 match by the City. The project we are applying for is for improvements to our Rock Island Road fitness mile improvements. The improvements will include extreme style fitness for the more advance user.

The Parks and Recreation Master Plan calls for more public fitness opportunities and the fitness mile improvements are currently listed in our five (5) year capital improvements budget.

I am requesting the Planning and Zoning Board discuss and support the City of Margate applying for the \$200,000 grant.
