

ALCOHOL SEPARATION ORDINANCES

November 5, 2019

THREE OPTIONS

1. Allow Code to remain unmodified
2. Modify separations and methods of measurements
3. Delete all mandated separations

#1. CURRENT MARGATE CODE

- Consumption on premises from church (not located in business district), school (kindergarten –high), or daycare: **1,000ft**
- Consumption on premises from adult uses: **1,000ft**
- Liquor store to liquor store: **1,500ft**
- All measured by prescribed walking route, except for adult uses

DISTANCE MEASURING GENERALLY

- Measuring distances shall be from the front door of one establishment to the front door of the other establishment, in determining the distances called for in this section, and according to the following rules:
 1. Distance will be the result of measured length along property lines abutting a street, going across the street, if necessary, in any directions.
 2. The starting point for the existing store or location will be established by drawing a line at ninety degrees with or to the nearest property line. The starting point for the proposed store or location for an alcoholic beverage license will be established by drawing a line at ninety degrees with or to the nearest property line of that location.

#1. CURRENT CODE METHOD

#1. CURRENT CODE METHOD

#2. MODIFY SEPARATIONS

- Consumption on premises from church (not located in business district) or school: **300ft**
- Consumption on premises from adult uses: **1,000ft**
- Liquor store to liquor store or school (kindergarten –high): **660ft**

#2. MODIFY SEPARATIONS

- All measurements by direct airline route (measured on computer-based map)
- Exception for beer and wine only
- Exception for establishments with a permanent food service license, hotel license, or catering license from the Division of Hotels and Restaurants, DBPR

#3. DELETE ALL REQUIRED SEPARATIONS

- Self explanatory
