Program Expense Ratio

85.1%

The Program Expense Ratio is determined by Program Expenses divided by Total Expense (average of most recent three 990s).

This measure reflects the percent of its total expenses a charity spends on the programs and services it exists to deliver. Dividing a charity's average program expenses by its average total functional expenses yields this percentage. We calculate the charity's average expenses over its three most recent fiscal years.

Not Currently Scored

Women In Distress of Broward County cannot currently be evaluated by our Compass Rating Impact & Results methodology because either (A) it is eligible, but we have not yet received data; (B) we have not yet developed an algorithm to estimate its programmatic impact; (C) its programs are not direct services; or (D) it is not heavily reliant on contributions from individual donors.

Note: The absence of a score does not indicate a positive or negative assessment, it only indicates that we have not yet evaluated the organization.

[Share feedback](#)

This score provides an assessment of the organization's engagement with the constituents it serves, a practice we term **Constituent Feedback**. When organizations listen to constituents, they are able to better deliver on programs and meet the needs of stakeholders. A future version of this Beacon will also assess an organization's people operations and its Diversity, Equity and Inclusion (DEI) metrics.

Culture & Community Score

Not Currently Scored

Women In Distress of Broward County is currently not eligible for a Culture & Community score because we have not received its Constituent Feedback data. Nonprofit organizations are encouraged to fill out the **How We Listen** section of their [Candid profile](#). This data will provide the basis for the initial evaluation of Culture & Community.

Note: The absence of a score does not indicate a positive or negative assessment, it only indicates that we have not yet evaluated the organization.

Charity Navigator believes nonprofit organizations that engage in inclusive practices, such as collecting feedback from the people and communities they serve, may be more effective. We award every nonprofit that completes the Candid survey full credit for this Beacon, in recognition of their willingness to publicly share this information with the nonprofit and philanthropic communities. Although the data is not evaluated for quality at this time, future iterations of this Beacon will include third party or other data that will serve to validate the information provided by the nonprofit.
