- B. [ID 2020-053](#) PRESENTATION BY BROWARD SHERIFF'S OFFICE AND BROWARD COUNTY REGARDING REGIONAL COMMUNICATIONS

BROWARD COUNTY SHERIFF GREGORY TONY thanked the City for the invitation, recapped on how he took office and referenced the Stoneman Douglas High School shooting. He discussed the Broward County Communication's system and advised that they had fixed the issues in terms of the relationship between his ability to communicate with the County Administrator and the Sherriff's Office. He also discussed working with the County Administration and their team as they were responsible for the regional communication systems and handling the technology. He introduced members of his team.

BROWARD COUNTY AND DEPARTMENT OF COMMUNITY SERVICES OSCAR LLERENA explained that regional communications provided service to all the public safety responders in the County which fell under his Department. He introduced Broward County's Director of Regional Emergency Services & Communications, Tracy Jackson. He highlighted their main objectives which included the regional communications of fire rescue response. He indicated that there had been a reduction of call transfers between the Public Safety Answering Points (PSAP) and that they had three of these. He said

that they processed approximately 2,500,000 calls per year and that they just became eligible for emergency fire dispatch and emergency police dispatch accreditation. He said that one of the benefits of a regional system was full awareness in the County and explained that by the end of March 2020, they were getting ready to launch the closest unit response which was one of the County's goals. He said that he wanted to focus on open communication and partnership which was his personal goal. He continued with his presentation and highlighted complaint tickets, outside resources and an E911 system for photo and video submittals.

Discussion ensued during a question and answer session.

MAYOR TOMMY RUZZANO advised that the City had a time restraint and were given a deadline to respond back to Coconut Creek or that they would move forward without Margate. He explained that they would need to obtain further communication with the City's Chiefs, the City Manager and Broward County.

BROWARD COUNTY SHERIFF TONY spoke further on this presentation. He thanked the City and said that they would return and answer tough questions to give them sound confidence in Broward County.

INTERIM DEVELOPMENT SERVICES DIRECTOR PLANNER ANDREW PINNEY explained that the Mayor was referring to initial TOC Regulations where buildings had to be up on a front property line and occupy a specific percentage. He explained that when there was a phased development, from the time when the Certificate of Occupancy (CO) was issued, they had until one year to obtain a permit for the next phase in order to maintain the valid site plan but if the one year elapsed, there were a few extensions in either the Code or Statute. He indicated that once it expired, they would have to return for a new site plan approval.
