**TO:** Chair and Members of the Board

**FROM:** Cale Curtis, Interim Executive Director

**DATE:** May 13, 2020

APPROVING A LICENSE AGREEMENT WITH THE CITY OF MARGATE FOR THE USE OF THE PROPERTY LOCATED ADJACENT TO U.S. 441, AS MORE PARTICULARLY DESCRIBED IN THE LICENSE AGREEMENT FOR DEBRIS STAGING

**BACKGROUND:** On September 24, 2019, the MCRA Board passed resolution 609 ratifying and approving a license agreement with the City of Margate for the use of MCRA property for debris staging through December 31, 2019. (The License Agreement was initially signed on August 29, 2019 on an emergency basis due to the impending approach of Hurricane Dorian.) The purpose of this item is to approve a similar license agreement prior to the upcoming hurricane season

The agreement allows for use of two vacant MCRA parcels to be utilized by the City for debris staging:

- Parcel 1 - property on the east side of State Road 7 & Margate Boulevard
- Parcel 2 - property at the northwest intersection of State Road 7 & Margate Boulevard

Parcel 2 is to be used by the City as the primary staging site and the agreement allows for the City to stage construction and demolition debris on the concreted area with vegetative debris allowed on the grassy areas of the parcel. Parcel 1 is to be used only as a secondary site and only for the staging of vegetative debris.

The reason for the separation in staging is to insure no debris is placed on either parcel in a method that could be environmentally detrimental so as to not violate any provisions of the current Developer Agreement between the MCRA and New Urban Communities, LLC.

The agreement is designed so that there is no liability on the part of the CRA and that the City will return the property to its pre-use condition if it is required for debris staging.

**RECOMMENDATION:** Approval

**FISCAL IMPACT:** None
