RECOGNITION OF MARGATE RESIDENTS ARIANNA ROSARIO AND ETHAN LAWRIE FOR THEIR CERTIFICATION FROM THE NATIONAL WILDLIFE FEDERATION AND NATURESCAPE BROWARD

### BACKGROUND:

The National Wildlife Federation, America's largest and most trusted conservation organization, works across the country to unite Americans from all walks of life in giving wildlife a voice. They have been on the front lines for wildlife since 1936.

NatureScapes are Florida-Friendly landscapes that provide habitat for native and migratory wildlife, conserve water and minimize the use of common pollutants such as fertilizers and pesticides. Residents, business owners, schools and communities of all types can create their own "island of green." These "islands of green" link together to make a chain of healthy corridors in our urban environment.
