The ICSC (International Conference of Shopping Centers) national conference and exhibition will take place this year in Las Vegas Nevada on May 17th - 20th. The preliminary conference program is included for the Board's review, to see if there is interest in attending. In the past, Board members and staff have attended for the purpose of marketing the CRA properties and the City in general to potential retailers/developers. This year the CRA properties may be under negotiation at the time of the conference.
