CONSIDERATION OF ARTWORK (SCULPTURE) FOR WINFIELD BOULEVARD ROUNDABOUT

BACKGROUND: Construction of improvements on Winfield Boulevard, including a roundabout, is slated to begin in the near future. The Board has previously expressed interest in including artwork or other hardscape features in this, and other upcoming projects.

There are many possibilities for sculptures on Winfield Boulevard. Due to the presence of the Winfield Park boat ramps, and the overall character of the neighborhood, a “children fishing” theme has been proposed for the Board’s initial consideration. Several options with pricing are presented for this theme. Board input and direction is requested.

RECOMMENDATION: Board input and direction

FISCAL IMPACT: TBD based on artwork selected. Options range from \$2k-\$11k plus installation. Adequate funding exists in Winfield Blvd. budget (340-0510-512.68-56).
